Morning Murli Om Shanti

BapDada

Madhuban

Essence: Sweet children, the *most beloved* Father, the Innocent Lord, is sitting personally in front of you. Remember Him with love and that love will increase and all obstacles will finish.

Question: What should you Brahmin children always remember so that you never perform sinful actions?

Answer: Whatever actions I perform, others who see me will do the same. When you remember this, you won't perform sinful actions. Anyone who performs sinful actions secretly cannot remain hidden from Dharamraj; he would instantly receive punishment for that. As you make further progress, there will be *martial law*. No impure being can secretly sit in this Court of Indra.

Song: No one is unique like the Innocent Lord.

Om shanti. You sweetest, spiritual children know that the spiritual Father is now giving you the knowledge of the beginning, the middle and the end of the world. His name is the Innocent Lord. A father is very innocent. He endures a lot of difficulty simply to educate and take care of his children. Then, when they grow up, he gives everything to them and goes into retirement. He believes that he has completed his responsibilities and that it is now up to the children. So a father is innocent. The Father now explains to you because He, Himself, is the Innocent Lord. He also explains to you how limited fathers are innocent. That is limited innocence. That One is the unlimited Father, the Innocent Lord. He comes from the supreme region into the old world and into an old body. People don't understand how He can enter the old world and an old body and, because of not understanding this, they have put the name of Krishna who has a pure body. That Gita, the Vedas and scriptures will be created again. Look how innocent Shiv Baba is! When He comes, He gives such a feeling that it is as though the Father is sitting here. This physical Baba is also innocent. He doesn't have a holy sash (chuni) or tilak etc., because this ordinary Baba is simply Baba. You children know how only Shiv Baba gives all this *knowledge*. No one else has the power to give it. Day by day, the love of the children will increase. The more you remember the Father, the more your *love* will increase. The Father is the *most beloved*; not just at this time, but even on the path of devotion you used to consider Him to be the *most beloved*. You used to say: Baba, when You come, we will break our *love* away from everyone else and *love* You alone. You now understand this, but Maya doesn't let you have that much *love*. Maya doesn't want you to ignore her and remember the Father instead of her. She wants you to be body conscious and *love* her. That is what Maya wants and that is why she creates so many obstacles. You have to go beyond obstacles. You children have to make some effort at least. Only by making effort do you receive your reward. You know how much effort you need to make in order to claim a high status. Firstly, donate the vices and secondly, donate the jewels of the imperishable wealth of knowledge that you receive from the Father. It is with this imperishable wealth that you become so wealthy. *Knowledge* is your *source of income*. That is the *philosophy* of the scriptures, whereas this is *spiritual knowledge*. People earn a lot by reading the scriptures etc. They would place a Granth in a small alcove, read a little of it and that would bring them an *income*. That is not correct knowledge. Only the one Father gives you correct knowledge. Until they receive this *spiritual knowledge*, they only have the *philosophy* of the scriptures in their intellects. They don't listen to you. There are very few of you. It is 100% *certain* that you children receive this *spiritual knowledge* from the spiritual Father. *Knowledge* is your *source of income*. You receive a lot of wealth. Yoga is your *source of health*, that is, you receive a body that is free from disease. Through knowledge you receive *wealth*. These are the two main *subjects*. Some imbibe knowledge very well and others imbibe it less. So, less *wealth* is also received, numberwise. They would experience punishment and then receive their status. By them not staying in remembrance fully, their sins are not absolved. Punishment then has to be experienced and the

status is also destroyed, as in a *school*. This is unlimited *knowledge*. Your boat goes across through this knowledge. In that *knowledge*, people study to become *barristers*, *doctors* or *engineers*. Here, there is just the one study. By having yoga and knowledge you become *ever healthy* and *wealthy*; you become *princes*. There, in the golden age, there are no *barristers* or *judges* etc. There is even no need for Dharamraj there. There is no punishment of either the *jail* of a womb or in the land of Dharamraj. You remain very happy in the palace of a womb. Here, in the *jail* of a womb, punishment has to be experienced. Only you children now understand all of these things. It was human beings who created the Sanskrit verses etc. in the scriptures. Some ask: What will the language of the golden age be? The Father says: Whatever the language of the deities is, that will be used there. The language of that place cannot exist anywhere else. It is not possible that the Sanskrit language would be there. Deities and impure human beings cannot have the same language. Whatever the language of that place is, that will be used there. There is no need to ask about this. First of all, at least claim your inheritance from the Father. Whatever happened in the previous cycle, it will happen again. First claim your inheritance. Don't ask about anything else! Achcha, if there are not 84 births but only 80 or 82 births, it doesn't matter. Just put those things aside. The Father says: Remember Alpha! You definitely receive the sovereignty of heaven, do you not? You have claimed the sovereignty of heaven innumerable times. You also have to descend from the top. You are now becoming *master* oceans of knowledge and *master* oceans of happiness. You are making effort. Baba is *complete*. Whatever *knowledge* the Father has, you children also have that, but you wouldn't be called oceans. There is only the one Ocean but they have given Him many names. You are rivers that have emerged from the Ocean of Knowledge. You are Mansarovar, the river. There are names given to rivers. The River Brahmaputra is very big. In Calcutta, there is the confluence of the rivers and the ocean. That is called *Diamond Harbour*. You mouth-born creation of Brahma become like diamonds. A huge meeting takes place. Baba enters the body of Brahma and meets the children. All of these matters have to be understood. Nevertheless, Baba says: Manmanabhav! Continue to remember Baba! He is the *most beloved*, the *Saccharine* of all relationships. All other relationships are based on vices. Sorrow is received through them. Baba is giving you the return of everything. He gives you the *love* of all relationships. He gives you so much happiness. No one else can give you as much happiness. Even if someone does give that, it would only be for a temporary period. Sannyasis refer to happiness as the droppings of a crow. In the land of sorrow, there would definitely only be sorrow. However, you children know that you have played those *parts* innumerable times. There should also be the concern of how you can claim a high status. Make a lot of effort so that you don't *fail*. If you *pass* with a good *number* you can claim a high status and also experience happiness. Not everyone can be the same; it depends on how much yoga each one has. There are many gopikas who have never even met the Father; they are so desperate to meet the Father. There is no question of such desperation in meeting sages or holy men. Here, you come to meet Shiv Baba. This is a *wonderful* thing. You sit at home and remember the Father: Shiv Baba, I am Your child. The soul remembers everything. You children know that you claim the inheritance from Shiv Baba every cycle. That same Father has come again after a cycle. Therefore, you cannot stay without seeing Him. The soul knows that Baba has come. People celebrate the birthday of Shiva but they don't understand anything. They don't understand anything about how Shiv Baba comes and teaches. They simply celebrate the birthday of Shiva for the sake of it. They don't even have a holiday for it; they give no importance to the One who gave you your inheritance. Instead, they have glorified the name of the one who received the inheritance (Krishna). He especially came and made Bharat into *heaven*. Everyone else receives liberation. Everyone wants that. You know that, after liberation, you will receive liberation-in-life. The Father comes and liberates you from the bondage of Maya. The Father is called the Bestower of Salvation for All. Everyone receives liberation-in-life, numberwise, according to the efforts they make. The Father says: This world is impure, the land of sorrow. In the golden, age you receive so much happiness. That is called Bahist (heaven). Why did Allah create Bahist? Did He only create it for those of Islam? Depending on their own language, some call it Bahist and others call it heaven. You know that there is only

Bharat in *heaven*. All of these things sit in the intellects of you children according to the effort you make. A Muslim used to say that he went to the *garden* of Allah. All of those were visions. They are all fixed in the *drama* in advance. Whatever happens in the *drama*, as soon as a *second* passes, it is said that it also happened in the previous cycle. You don't know what is going to happen tomorrow. There has to be faith in the *drama* so that there is nothing to worry about. Baba has ordered us: Constantly remember Me alone and remember the inheritance. Everyone has to die. No one will remain behind for anyone to cry. Death comes and the soul leaves; there will be no time to cry. No sound will emerge. Nowadays, people carry out rituals with the ashes of a dead body; they have faith in that. It is all a *waste of time*. What is there in that? Dust returns to dust. Will Bharat become pure through that? Whatever people do in the impure world will only make them impure. People have been donating a lot and performing a lot of charity etc. but did Bharat become pure? You had to descend the ladder. In the golden age you became the sun dynasty and then you had to descend the ladder. You gradually come down the ladder. Whatever sacrificial fires and tapasya etc. people do, they receive temporary fruit of that in their next birth. Anyone who performs wrong actions also receives the return of that. The unlimited Father knows that He has to come to teach the children. He has taken an ordinary body. There is no need to apply a tilak etc. Devotees apply a big tilak, but they cheat so much. Baba has said that He enters an ordinary body and teaches the children. He is in the stage of retirement. Why did people put Krishna's name? They don't have the intellects to *judge* this. Baba has now given you intellects with which to *judge* between *right* and *wrong*. The Father says: You have been creating sacrificial fires, doing tapasya, making donations, performing charity and also reading the scriptures. Is there anything in those scriptures? Did I teach you Raja Yoga and give you the sovereignty of the world or did Krishna give you that? *Judge* this! You say: Baba, You speak this knowledge. Krishna is a young *prince*; how could he speak this knowledge? Baba, it is through Your Raja Yoga that we become that. The Father says: There is no guarantee for the body. A lot of effort has to be made. Sometimes, Baba hears news that so-and-so has a very good and faithful intellect. I say: He doesn't have the slightest faith at all. Those who were given a lot of love are no longer here today. Baba interacts with everyone with a lot of love. Whatever actions I perform, others who see me will do the same. Some people indulge in vice and then secretly come and sit here. Baba quickly tells the trance messenger. Those who perform such actions will continue to become very sensitive. They will not be able to continue in the future. In the delicate times at the end, when someone does something wrong, there will be *martial law* for them. As you make further progress, you will see a lot of what Baba does. Baba does not punish anyone Himself. He does it through Dharamraj. There is no question of inspiration in knowledge. All human beings say to God: O Purifier, come and purify us! All souls call out through their *organs*. The Father is the Ocean of Knowledge. He has a great variety of stock. No one else can have such stock. The praise of Krishna is completely different. How did they become those (Lakshmi and Narayan)? Through the Father's teachings. It is the Father who makes you into those. The Father comes and explains to you the philosophy of action, sinful action and neutral action. Your third eyes have now opened. You know that it is a matter of 5000 years. You now have to return home. You have to play your *parts*. This is the discus of self-realisation. Your name is, "Spinners of the discus of self-realisation, Prajapita Brahma Kumars and Kumaris, the decoration of the Brahmin clan". Hundreds of thousands of you will become spinners of the discus of self-realisation. You are studying so much *knowledge*. Achcha.

To the sweetest, beloved, long-lost and now-found children, love, remembrance and *good morning* from the Mother, the Father, BapDada. The spiritual Father says namaste to the spiritual children.

Essence for dharna:

1. These times are very delicate and you must therefore not perform any wrong actions. Keep the philosophy of action, neutral action and sinful action in your awareness and constantly perform

elevated actions.

2. Make your body free from disease for all time with yoga. Remember the *most beloved* Father. Donate the imperishable wealth of knowledge that you receive from the Father.

Blessing: May you become free from body consciousness and receive respect from the whole world by remaining stable in your self-respect.

The main aim of this study is to be detached from body consciousness and to become soul conscious and the method to be detached and be free from body consciousness is to remain constantly stable in your self-respect. By remaining stable in any of the many types of self-respect of the confluence age and the future, your body consciousness will continue to finish. Those who remain stable in their self-respect automatically receive respect from everyone. Those who remain constantly stable in their self-respect become world emperors and they receive respect from the whole world.

Slogan: To be able to *mould* yourself according to the time is to become *real gold*.
