Morning Murli Om Shanti

BapDada

Madhuban

Essence: Sweet children, the Father has come from the faraway land in order to establish a new kingdom for you children. You are now becoming worthy of heaven.

Question: What is the sign of children who have unbreakable faith in Shiv Baba?

Answer: They continue to follow Baba's shrimat with their eyes closed, no matter what directions they receive. They would never think that there might perhaps be some damage caused through that because they know that the Father is *responsible* for the children who have such faith in their intellects. They receive strength from their faith and their stage becomes unshakeable and immovable.

Song: You are the Mother and You are the Father.

Om shanti. Whose praise did you hear? The One whom no one in the world, except you children, knows. This is the praise of the highest-on-high Father. The praise of anyone else is useless. There is only the one Father who is the Highest on High. However, who would give you the recognition of the Father? He Himself comes and gives the recognition of souls and of Himself. No human being has the recognition of souls even though they speak of great souls and embodied souls. When a body is shed, they say that the soul has left. The body becomes a corpse. A soul is imperishable; it never dies. A soul is like a *star* and is extremely subtle. A soul cannot be seen with these eyes. It is souls that do everything but, because you become body conscious again and again, you say, "I am so-and-so" or "I am doing this." In fact, it is the soul that does everything. The body is just *organs*. Even sages etc. understand that a soul is extremely subtle and resides in the centre of the forehead. However, they don't have the knowledge that souls have sanskars to play their *parts*. Some say that souls don't have sanskars because souls are immune to the effect of action. Others say that a birth is received according to sanskars. There are many conflicting opinions! No one knows which souls take 84 births. You know that only souls of the sun dynasty have to go round the cycle of 84 births. It is souls that go round the cycle of 84 births and become impure. Now, who can make souls pure? Only the one highest-on-high Father is the Purifier. His praise is the highest of all. Not everyone takes 84 births. Those who come later cannot take 84 births. Not everyone comes down together. The sun-dynasty kings and subjects, who come at the beginning of the golden age, take 84 births. Later on, the number of human beings increases a great deal. Some take 83 births and some take 80 births. In the golden age they have full lifespans of 150 years; there no one can die before his time. Only the Father sits here and explains all of these things. Now no one knows the Supreme Father, the Supreme Soul. The Father says: Just as you are souls, so I too am a soul. It is just that you enter the cycle of birth and death, whereas I don't. It is when you become impure that you call out to Me. You call out to Me when you experience a lot of sorrow. It is at this time that Shiv Baba teaches you children. Some ask: How can we believe that the Supreme Soul comes? Therefore, explain to them: Everyone calls out: O Purifier, come! He is incorporeal. He doesn't have a body of His own. He has to enter the impure world. He would not come in the pure world. Explain in this way. Also explain that the Supreme Soul is just as tiny as a soul, but that He is the Seed of the human world tree, the *knowledge-full* One. The Father says: You call Me the Supreme Father, the Supreme Soul. You call out to Me and so I definitely come. It is also sung that the Resident of the faraway land came to the foreign land. You have now come to know from the Father how you came into the foreign land, that is, into the land of Ravan. In the golden and silver ages, we are in God's land, that is, in our own land and then, from the copper age onwards, we enter a foreign land and a foreign kingdom; we go on to the path of sin. Then devotion begins. At first we begin to worship Shiv Baba. Those people create such a big lingam of Shiv Baba, but He is not that big. You have now understood what the difference is between a soul and the Supreme Soul. He is the *knowledge-full* One, the One who is constantly pure, the Ocean of Happiness and the Ocean of Bliss. This is the praise of the

Supreme Soul. People call out: O Purifier, come! He is the Supreme Soul who comes every cycle. People call out to the Traveller from the faraway land and sing His praise. They don't call out to Brahma or Saraswati. They call out to the incorporeal Supreme Soul. Souls call out: O Resident of the faraway land, now come to the foreign land, because everyone has become impure. I only come when the kingdom of Ravan is about to end. I come at the confluence age. No one knows this. It is said that He is the Supreme Soul, a tiny point. Nowadays, they say that each soul is the Supreme Soul and that the Supreme Soul is each soul. Souls cannot be the Supreme Soul. Souls and the Supreme Soul are distinct, although the form of each is the same. Souls become impure. They have to play their *parts* of 84 births. The Supreme Soul is beyond rebirth. If each soul is the Supreme Soul, like they say, does that mean that the satopradhan Supreme Soul becomes tamopradhan? No, that is not possible. The Father says: I come to *serve* all souls. They cannot speak of My birth. I come to change residents of hell into residents of heaven. He has come to the foreign land in order to establish His heaven. Only the Father comes and makes us worthy of heaven. It is also explained that all other souls have their own *parts* to play. The Supreme Soul is beyond birth and death. He definitely does come which is why Shiv Ratri is celebrated. However, no one knows when He comes; they have been celebrating the birthday of Shiva just like that. He must definitely have come at the confluence age to establish heaven. He would definitely have to come at the confluence age to purify the impure. The pure world is heaven. They say: O Purifier, come! Therefore, it must definitely be at the time of the destruction of the old world that He establishes the pure world. He doesn't come in every age. The Father says: I have to come at the confluence age to purify the impure world. This is the foreign land; it is Ravan's land. However, no human beings understand that this kingdom that is continuing is Ravan's. They don't know anything about when this kingdom of Ravan began. First of all, explain the main thing which is the secret of souls and the Supreme Soul. Then explain that He comes at the confluence age of the cycle to purify everyone. This is only His task, not Shri Krishna's. Shri Krishna himself takes 84 births and comes down. All of those who belong to the sun dynasty come down. A tree would not be half fresh and half old. Everything has a stage of decay. Human beings don't even know about the duration of the cycle. They have given it a long duration in the scriptures. Only the Father sits here and explains all of this. There cannot be any more questions about it. The Creator Father only speaks the truth. There are so many of us Brahma Kumars and Kumaris. We all believe this, and it is because He exists that so many believe in Him. As you make further progress and you have faith, you will be able to understand everything. First of all, explain to human beings that the incorporeal Supreme Father, the Supreme Soul, has come from the faraway land. However, which body has He entered? What could He do by coming in the subtle region? He definitely has to come here. Prajapita Brahma is also needed here. The Father sits here and also explains who Brahma is. Neither did the one whom I entered know of his own births nor did you children know. You become the children when I *adopt* you. I ask all of you children, including this one: Have you forgotten your own births? The world cycle has now come to an end and it will then *repeat*. I have come to purify you and teach you Raja Yoga. There is no other way to become pure. If people were to understand this secret, they wouldn't go to bathe in the Ganges or to the melas etc. People have always continued to bathe in the water of the rivers. They have been doing that from the copper age. They believe that their sins will be absolved by taking a dip in the Ganges. However, none of their sins are absolved. First of all, tell them the secret of souls and the Supreme Soul. Souls call out to the Father, the Supreme Soul. He is incorporeal. Souls are also incorporeal. Souls call out through their *organs*. God has to come after devotion. This is also *part* of the *drama*. The Father says: I have to come to establish the new world. It is mentioned in the scriptures that God had a thought. Therefore, He must surely have had that thought according to the *drama plan*. Previously, you didn't understand these things. Day by day, you continue to understand more. The Father says: I tell you the newest and deepest things of all. As you listen to them, you also understand them. Previously, you didn't say that Shiv Baba was teaching you. You now understand this very clearly. There is still a lot more to understand. He continues to tell you every day how to explain to others. First of all, they should have the faith that, since it is the unlimited Father who

is explaining to you, He definitely only speaks the truth. There is no question of being confused about this. Some children are strong and others are weak. Anyone who is weak is unable to explain to others. It is also numberwise in a *school*. Many have doubts and question how they can possibly believe that the Supreme Father, the Supreme Soul, comes to teach, because their intellects believe that Shri Krishna related knowledge. However, Krishna cannot enter the impure world. Prove to them that only the Supreme Soul has to come into the impure world and into an impure body. The Father understands that each one's intellect is individual. Some are able to understand very quickly. Explain as much as possible. Not all Brahmins are the same, but some children have a lot of body consciousness. This Baba also understands that everyone is numberwise. You children do have to follow *directions*. You have to accept what the Senior Baba tells you. You have been accepting what gurus have been telling you. You should now accept with your eyes closed what the Father, who sends you to heaven, tells you. However, children's intellects don't have such faith. Whether there is a loss or a profit in that, you should accept it. You may even think that there would be a loss through that. Nevertheless, because Baba is telling you, you must always consider it to be Shiv Baba who is telling you. Don't think that it is Brahma who is telling you. Shiv Baba will be *responsible*. This is His chariot and so He will put everything right. He says: I am sitting here. Always consider it to be Shiv Baba who is saying everything; this one doesn't know anything. Always think like this. There should be this faith. Shiv Baba says: Continue to listen to Me and you will continue to benefit. Even if this Brahma says something, I am still *responsible*. You children should not worry about it. By remembering Shiv Baba your stage will become even stronger. Your sins will still be absolved with this faith and you will receive strength. The more you remember Baba, the more strength you will receive. Those who follow shrimat and do *service* claim a high status. Many have a lot of body consciousness. Just see how Baba interacts with all the children with so much love. He continues to talk to everyone. He asks the children: Are you sitting comfortably? There isn't any difficulty, is there? He has that *love* for the children. The unlimited Father *loves* you children so much! To the extent that you do *service* according to shrimat, you accordingly receive *love*. Only in *service* is there benefit. Give your bones for *service*. When children continue to serve all the time, they are seated in the heart and known as *first-class* children. However, while they are moving along, there can be bad omens over anyone; there is opposition from Maya. Because of bad omens, they are unable to take knowledge. Some continue to do physical service tirelessly. Your duty is to make everyone into a master of the land of happiness. Don't cause anyone sorrow. When some don't have knowledge, they cause a lot of sorrow. Then, no matter how much you explain to them, they just don't understand. First of all, give the explanation of souls and the Supreme Soul and how souls have imperishable *parts* of 84 births recorded in them. They will never change. This is fixed in the *drama*. Those who have this faith will never fluctuate. Many fluctuate. At the end, when the haystack is set on fire, you will become unshakeable. You now have to explain very tactfully. Very good children continue to be on *service*. They remain seated in the heart. Many continue to go ahead very fast; they make a lot of effort. They have a lot of interest in doing *service*. Baba speaks of whatever virtues you have. Achcha.

To the sweetest, beloved, long-lost and now-found children, love, remembrance and *good morning* from the Mother, the Father, BapDada. The spiritual Father says namaste to the spiritual children.

Essence for dharna:

1. Give your bones for *service*. Don't have doubts about anything. Give everyone happiness, not sorrow, by doing *service*.
2. Make your stage unshakeable with the power of faith. Benefit is merged in whatever shrimat you receive because the Father is *responsible*. Therefore, don't worry.

Blessing: May you be *perfect* in every *subject* and make easy yoga *natural* your *nature*.

Just as you are the Father's children and there is no *percentage* in that, in the same way, let all *percentage* of yoga finish in your *stage* of a constant and easy yogi. Let it become *natural* and your *nature*. Some people have a particular *nature* and they continue to move along according to that *nature* even against their conscious wish. In the same way, let this also become your *nature*. "What can I do? How can I have yoga?" Finish all of those things and you will become *perfect* in every *subject*. *Perfect* means to be free from *effect* and *defect*.

Slogan: If you want to tolerate something, then tolerate it happily, not out of compulsion.
