Morning Murli Om Shanti

BapDada

Madhuban

Essence: Sweet children, only with yoga will the alloy in you souls be removed. You will then receive your full inheritance from the Father. Therefore, increase your power of yoga as much as possible.

Question: The actions of the deities were elevated. Why have everyone's actions now become corrupt?

Answer: Because they have forgotten their original religion; because of forgetting their religion (dharma), the actions (karma) they perform are corrupt. The Father gives you the understanding of your true religion. Together with that, He also tells you the *history* and *geography* of the whole *world* which you have to relate to everyone else. Give everyone the true introduction of the Father.

Song: Look at your face in the mirror of your heart, o soul.

Om shanti. Who said this and to whom? The Father said this to the children whom He is making pure from impure. You children know that the people of Bharat who were deities have now completed the cycle of 84 births and, having gone through the stages of satopradhan, sato, rajo and tamo, have now become tamopradhan. The Father, who now purifies the impure, says: Ask your hearts to what extent you have become charitable souls. At first, when you were called deities, you were pure and satopradhan souls. That was called the original eternal deity religion. None of the people of Bharat call themselves those of the deity religion now. There is no Hindu religion, and, because they have become impure, they cannot call themselves deities. In the golden age, the deities were pure; it was the pure family path. Just as the king and queen were pure, so, too, were the subjects. The Father reminds the people of Bharat: You, who belonged to the pure family path, belonged to the original, eternal, deity religion. That was called heaven. There was just one religion there. The *number* one empress and emperor were Lakshmi and Narayan. There, it was their *dynasty* and Bharat was very wealthy. That was the golden age, and they then went into the silver age. Even at that time they were called worthy-of-worship deities, warriors. First was the kingdom of Lakshmi and Narayan and then there was the kingdom of Rama and Sita. There was that *dynasty* too. Just as among the *Christians*, there were *Edward the First*, *Edward the Second*, so it was the same in Bharat. It is a matter of 5000 years; that is, it used to be the kingdom of Lakshmi and Narayan 5000 years ago in Bharat. However, no one knows how or when they attained their kingdom. That same sun-dynasty kingdom then became the moon dynasty. This was because, while taking rebirth, they had to come down the ladder. No one knows this *history* and *geography* of Bharat. The Father is the Creator and so He must definitely be the Creator of the golden-aged, new world. The Father says: Children, 5000 years ago you were in heaven. This Bharat was heaven and then you went to hell. The world doesn't know the *history* and *geography* of this *world*. They only know the incomplete *history* of the end. No one knows the *history* and *geography* of the golden and silver ages. Even the rishis and munis used to say: We do not know the Creator or the beginning, the middle and the end of creation. How could anyone else know? The Father sits here and explains to only you. Only in Bharat does Shiv Baba take a divine birth. Only in Bharat do they celebrate the birthday of Shiva. After the birthday of Shiva, there has to be the birthday of the Gita. Then, together with that, there has to be the birthday of Krishna. However, the people of Bharat don't know the significance of this birthday or when the birthday of Shiva was. Those of other religions will very quickly tell you when the birthday of Buddha or *Christ* was. Ask the people of Bharat when the birthday of Shiva was and no one will be able to tell you. Shiva came in Bharat. No one knows what He did when He came. Shiva is the Father of all souls. All souls are imperishable. A soul sheds a body and takes another. This is the cycle of 84 births. In the scriptures, they have written tall stories about 8.4 million births. The Father comes and tells you the *right* things. However, apart from the Father, all the things they say about the Creator and creation are lies because this is the

kingdom of Maya. First of all, when Bharat was the land of divinity, you had divine intellects. There were golden palaces studded with diamonds. The Father sits here and tells you the secrets of the Creator and the beginning, the middle and the end of creation, that is, He tells you the *history* and *geography* of the world. The people of Bharat don't know that they were deities at first. They have now become impure, poverty-stricken and *irreligious*; they have forgotten their own religion. This had to happen according to the *drama*. The *history* and *geography* of the *world* has to enter your intellect. The Highest on High is the Father of all souls who resides in the soul world. Then there is the subtle region. This is the corporeal world. Only Brahma, Vishnu and Shankar reside in the subtle region. There is no other *history* or *geography* relating to them. There are these three floors. *God is One* and His creation is only one and this cycle continues to turn. You have to go from the golden age to the silver age and then to the copper and iron ages. There has to be the calculation of 84 births which no one knows. This is not mentioned in any of the scriptures either. Only you children play *parts* of 84 births. The Father doesn't enter this cycle. Only the children become impure from pure. This is why they cry out: Baba, come and purify us once again! Everyone calls out to the One: We have all become unhappy in the kingdom of Ravan. Come and *liberate* us! Take us to the kingdom of Rama! For half the cycle it is the kingdom of Rama and for half the cycle it is the kingdom of Ravan. The people of Bharat are first pure and then they become impure. They begin to become impure when they go on to the path of sin. That is when the path of devotion begins. You children are now given this knowledge. Through this, you claim your inheritance of happiness for half the cycle, for 21 births. The reward of knowledge continues for half the cycle. Then, there is the kingdom of Ravan and you continue to come down. You were in the divine kingdom and you then went into the devilish kingdom. This is also called *hell*. You were in *heaven* and then, having taken 84 births, you have now ended up in *hell*. That was the land of happiness and this is the land of sorrow. It is *100% insolvent*. You have been around the cycle of 84 births. From being worthy of worship, the same people of Bharat became worshippers. This is called the *history* and *geography* of the *world*. This whole cycle is of you people of Bharat. Those of other religions don't take 84 births. They don't exist in the golden age. There was just Bharat in the golden and silver ages. There were those of the sun dynasty and then the moon dynasty, then the merchant dynasty and then the shudra dynasty. You have now become part of the dynasty of Brahmins in order to become those of the deity dynasty. These are the clans of Bharat. By becoming Brahmins you now claim your inheritance from Shiv Baba. The Father is teaching you exactly as He did 5000 years ago. You become pure and then impure cycle after cycle. You go to the land of happiness and then come into the land of sorrow. Then you have to go to the land of peace. That is also called the incorporeal world. No human being knows what a soul is or what the Supreme Soul is. A soul is a *star*, a point. It is said that a tiny point sparkles in the centre of the forehead. It is a tiny point that can only be seen with divine vision. In fact, it cannot be called a *star* because a *star* is very big. It is just that they appear to be tiny because they are far away. This is just an example that is given. A soul is as tiny as the *stars* that are visible in the sky. The soul of the Father is also a point. He is called the *Supreme* Soul. His praise is separate. Because He is the Sentient Seed of the human world tree, He has all the knowledge. You souls are also now receiving *knowledge*. The soul imbibes *knowledge*. A *part* of 84 births is recorded in such a tiny point! It is also imperishable. You have continued to go around the cycle of 84 births. There cannot be an *end* to this. There were deities, they became devils and they have to become deities once again. This cycle has to continue to turn. All the rest are "*by-plots*". The Islamists and the Buddhists etc. don't take 84 births. This golden age was *righteous* and *solvent* in Bharat. Then, having gone through 84 births, they have become *vicious*. This is the *vicious world*. There was *purity*, *peace* and *prosperity* 5000 years ago. The Father reminds you children that the main thing is *purity*. That is why they call out: O One who makes *vicious* ones *viceless*, come! Only He can grant salvation and that is why only He is the Satguru. You are now being changed from *beggars* to *princes* by the Father, that is, you are changing from an ordinary man into Narayan and from an ordinary woman into Lakshmi. This is your Raja Yoga. Bharat is now receiving the kingdom from the Father. This soul takes 84 births. The soul studies through the body; the body doesn't study. The

soul carries those sanskars. I, this soul, study through this body. This is known as being soul conscious. When a soul separates from his body, the body is of no use. The soul says: I am now becoming a charitable soul. People become body conscious and say: I am doing this. You now understand that you are souls and that your bodies are large. I, the soul, am studying with God, the Father. The Father says: Constantly remember Me alone. You were satopradhan in the *golden age* and *alloy* was then mixed into you. Because alloy was mixed into you, from being pure, you have now become impure. You now have to become pure once again. That is why it is said: O Purifier, come! Come and purify us! The Father advises you: O impure souls! Remember Me, your Father and your alloy will be removed and you will become pure. This is called ancient yoga. The alloy will be burnt away with this remembrance, that is, with this fire of yoga. The main thing is to become pure from impure. Sages and holy men etc. are all impure. Only the Father shows you the way to become pure: Constantly remember Me alone! Become pure in this last birth. While eating, walking and moving around, constantly remember Me alone because I am the Beloved of all of you souls. I made you pure and you then became impure. All devotees are lovers. The Beloved says: You may perform actions, but make your intellect continue to remember Me and your sins will be absolved. This is the effort you have to make. Therefore, you should remember the Father in order to claim your inheritance. Those who remember Him a great deal will receive a greater inheritance. This is the pilgrimage of remembrance. Those who remember Me more will become pure and then become the garland around My neck. There is a genealogical tree of all souls created in the incorporeal world. That is called the *incorporeal tree*. This is the *corporeal tree*. Everyone has to come down from the incorporeal world, numberwise, and continue to descend. The tree is so large! Souls come here to play their *parts*. All souls are *actors* in this *drama*. Souls are imperishable and their *parts* are also imperishable. You cannot ask when the *drama* was created; it continues eternally. The people of Bharat first have happiness and then they have sorrow and then they have to go to the land of peace. The Father will then send you to the land of happiness. Whatever effort each of you makes, you receive a status accordingly. The Father is establishing a *kingdom*. You will all claim a status in the kingdom according to the efforts you make now. In the golden age, there will definitely be fewer human beings. The tree of the original, eternal, deity religion is small. All the rest will have been destroyed. The original, eternal, deity religion is being established, that is, the *gates* to heaven are being opened. Five thousand years ago, too, heaven was established after this war. All the innumerable religions were destroyed. That was called the benevolent war. Now the *gates* of hell are open, whereas the *gates* to heaven will then open. The Father opens the gates to heaven and Ravan opens the gates to hell. The Father gives you the inheritance and Ravan curses you. The world does not know these things. I explain these things to you children. Even the *Education Minister* wants the unlimited *knowledge* that only you can give. However, you are incognito; no one recognises you. You are claiming your kingdom with the power of yoga. You know how Lakshmi and Narayan claimed their kingdom. This is called the *auspicious*, benevolent age when the Father comes and purifies everyone. Not everyone would call Krishna “Father”. Only the incorporeal One is called the Father. Remember that one Father and also become pure. You definitely have to renounce the vices. Bharat was the *viceless* land of happiness. It is now the *vicious* land of sorrow and *worth not a penny*. This is the play of the *drama* which your intellects have to imbibe and also help others imbibe. Achcha.

To the sweetest, beloved, long-lost and now-found children, love, remembrance and *good morning* from the Mother, the Father, BapDada. The spiritual Father says namaste to the spiritual children.

Essence for dharna:

1. Become pure by having remembrance and become the garland around the Father's neck. Even while performing actions, stay in remembrance of the Father and become a conqueror of sinful actions.
2. Make full effort to become a charitable soul. Renounce body consciousness and become soul conscious.

Blessing: May you receives a *passport* of contentment from everyone by *passing with honours* as a jewel of contentment.

The children who are always content with themselves, with their efforts, their *service* and their connections with the Brahmin family are called jewels of contentment. Those who are victorious in keeping themselves and others content while in connection with all souls are the ones who become part of the rosary of victory. In order to *pass with honours*, you need to have a *passport* of contentment from everyone. In order to claim this *passport*, simply imbibe the powers to tolerate and accommodate.

Slogan: Be merciful and by serving disheartened and tired souls, give them support.

***** Om Shanti *****
