Morning Murli Om Shanti

BapDada

Madhuban

**Essence:** Sweet children, just as Baba is the Ocean of Love and no one in the world can love you as much as He does, so you children also have to become the same as the Father. Don't upset anyone.

**Question:** With which thoughts would the mercury of your happiness remain high?

**Answer:** 1) We are now filling our aprons with the jewels of knowledge and then all of those mines will become full. There, in the golden age, we will build golden palaces. 2) This Brahmin clan of ours is the most elevated. We are listening to the true story of the true Narayan, the story of immortality and relating it to others. If you continue to have such thoughts, the mercury of your happiness will remain high.

Om shanti. You children are sitting in remembrance of the Father. You receive this shrimat, that is, these most elevated directions. The pilgrimage of remembrance is very sweet. You children understand, numberwise, according to the efforts you make, that the more you remember the Father, the *sweeter* you will find Him, because He is the *Saccharine*. Only that one Father loves you, whereas all the rest beat you. All over the whole world people continue to reject one another. The Father loves you, for only you children know Him. The Father says: Whatever I am, however I am, I am so great! Tell me: How great is your Father? You say that He is just a point and that no one knows Him. You children also repeatedly forget Him. You say that, on the path of devotion, you used to worship big images. Now, how can we remember a point? Only a point would remember a point. You souls know that we are points and that our Father is the same. A soul becomes a *president* or a soul becomes a servant. So, it is the soul that plays a *part*. The Father is the *sweetest* of all. Everyone remembers Him: "O Purifier, Remover of Sorrow and Bestower of Happiness, come!" You children now have the faith that the One whom you call a point is very subtle but that His praise is so great. Although people sing praise of Him being the Ocean of Knowledge and the Ocean of Peace, they don't understand how He comes and gives happiness. Each of you sweetest *children* can understand who follows shrimat and to what extent. You receive shrimat to do *service*. Many people are ill and diseased. There are many who are *healthy*. You people of Bharat know that everyone in the golden age has an *average* lifespan of 125 to 150 years. They all live life in *full*. This is a completely dirty world and it will only last for a short time longer. Even now, people continue to build huge pilgrim rest houses (dharamshalas). They don't know for how much longer this world will continue. They spend hundreds of thousands of rupees on building temples. How much longer will they remain? You know that they are about to be demolished. Baba never forbids you to build buildings, etc. You can open a *hospital-cum-university* in one of the rooms in your own home. You can receive *health, wealth and happiness* for 21 births through this *knowledge* without any expense. It has also been explained to you that you receive a lot of happiness. When you become tamopradhan you experience more sorrow. The more tamopradhan people become, the more that peacelessness and sorrow will increase in the world. People will experience a lot of sorrow and there will then be cries of victory. Later, you children will see in a *practical* way the destruction that you have seen in divine visions. Many have also had visions of establishment. Little daughters used to have many visions; they didn't have any knowledge at all. The old world is definitely going to be destroyed. You children know that only the Father comes and gives you your inheritance of heaven. However, you children then need to make effort to claim a high status. The Father sits here and explains all of these things to you children. Those people don't know that only a short time now remains. The Father says: I am the Bestower and I have come to bestow on you. People say: "Purifier come! Come and purify us!" The Father says: At first, you were so sensible and satopradhan! You have now become tamopradhan. It has now entered your intellects that you used to rule the world. Previously, you didn't know that you were the masters of the world. You will definitely become that again. *History and geography will repeat*. The Father has explained that He came

5000 years ago and made you into the masters of heaven and that you then came down the ladder of 84 births. These details are not mentioned in any of the scriptures. Has Shiv Baba studied any scriptures? He is called the *Authority* of Knowledge. Those people study scriptures and become *authorities* of the scriptures. They sing: O Purifier, come! They go to bathe in the Ganges. In fact, that devotion is for householders. The Father sits here and explains to you that they don't know who the Bestower of Salvation is. The Father explains: You call out to Me: O Purifier, come! I purify you. I come here to teach you. It isn't that you have to ask for blessings or mercy. I am the *Teacher*. Why do you ask for mercy or blessings? You have been receiving blessings for many births. Now come and become the masters of the property of the Mother and Father. What other blessings could you receive? As soon as a child is born, he becomes a master of his father's property. Would you ask your physical father to have mercy? Here, it is not a question of mercy. You just have to remember the Father. No one knows that the Father is a point. The Father has now told you this. Everyone calls out: "Supreme Father, *Supreme Soul, God, the Father!*" Therefore, He is the Supreme Soul, is He not? He is the *Supreme*. All the rest are souls. The *Supreme* Father comes and makes you equal to Himself. There is nothing else. Would it be in anyone's intellect that the unlimited Father, who is the Creator of heaven, has come to make you into the masters of heaven? You now understand why Krishna is shown holding a globe of heaven. A person's lifespan begins the moment he comes out of his mother's womb as a baby. Shri Krishna takes the full 84 births. His 84 births are counted from the moment he comes out of the womb. It takes them 30 to 35 years to become Lakshmi and Narayan. Therefore, those 30 to 35 years have to be deducted from 5000 years. You cannot calculate anything for Shiv Baba. There is no *time* given for the moment Shiv Baba came. From the beginning there have been visions. A Muslim too used to see gardens, etc. No one had done that intense devotion. They would go into trance on their own accord while just sitting at home. Other people do so much intense devotion! The Father sits here and personally explains to you. You children know that Baba has come from the faraway land. He enters this one and teaches us. However, when you go outside, your intoxication reduces. If you were to remember these things, the mercury of your happiness would remain high and you would also reach your karmateet stage. However, that takes *time*. Now, look, the Shri Krishna soul has *full* knowledge in his last birth. Then, when he comes out of the womb, he won't have even a pennyworth of knowledge. The Father comes and explains to you that Krishna didn't play a flute; he didn't have knowledge. If the masters of the world, Lakshmi and Narayan, don't have knowledge, how could the sages, holy men and sannyasis, etc. have knowledge? They show him coming floating on a pipal leaf in the ocean and doing this and that. All of those things are just tall stories that they have written. "When he put his foot in the River Ganges, the Ganges went down below." Just think what people make up with their imagination! The Father now explains: Don't believe any wrong things that people say. So many people study the scriptures, etc. The Father says: Forget everything you have studied! Even forget that body of yours. A soul sheds a body and takes another to play his *part* with different names, forms, lands and costumes. The Father says: This is a dirty costume. Both the soul and the body are impure. The soul is said to be ugly and beautiful. When the soul was pure, it was beautiful. Then, by sitting on the pyre of lust, it became ugly. It is now being made to sit on the pyre of knowledge by the Father. The Purifier Father says: Remember Me and the alloy will be removed. Alloy is mixed in the soul. At the end of the iron age, you are poor. Then, in the golden age, you will build golden palaces. It is a *wonder* how much value diamonds have here. There, they are like stones. You are now filling your aprons with the jewels of knowledge from the Father. It is written that platefuls of jewels were brought out of the ocean. Take as many as you want from the Ocean! Even the mines become full. You have had visions. They show a play about Maya, the Genie. He saw bricks of gold lying there (in the subtle region) and thought he would bring some back with him. However, when he came down, there was nothing there. There, you will build palaces with gold bricks. Have thoughts like this, so that your mercury of happiness rises. Give the Father's introduction. No one knows that Shiv Baba also came 5000 years ago; you know that He came 5000 years ago and taught you Raja Yoga. Every cycle, He only teaches you alone. Those who come and become Brahmins will then

become deities. They create a variety-form image. They have made the topknot of the Brahmins disappear from that. The Brahmin clan is remembered as the most elevated clan. However, they are physical brahmins, whereas you are spiritual. You relate the true story. This is the story of the true Narayan, the story of immortality. Baba is telling you the story of immortality and making you immortal. This land of death is to be destroyed. Shiv Baba says: I have come to take you back. There will be so many souls! When souls return home, there is no sound there. When there is a swarm of bees, they make so much noise! All the bees fly behind the queen bee. There is such great unity among them. The example of the buzzing moth is also taken from here. You change human beings into deities. You buzz knowledge to impure ones and they become the masters of the pure world. Yours is the family path and, in this too, the *majority* is of mothers. Therefore, it is said "Salutations to the mothers." A Brahma Kumari is one who enables others to receive the inheritance for 21 births from the Father. The Father gives the inheritance of constant happiness. Those who do *service* and study well will become the masters. Is it better to become a king or a servant? At the end, you will come to know everything about what you are to become. There will then be repentance: Why did I not follow shrimat? The Father says: *Follow* shrimat! Not that you accept a room from someone who offers it for you to open a *centre* but, at the same time, continues to eat *meat*, etc. One would be a charitable soul, whereas the other would be a sinful soul. Therefore, that place would not become an ashram. If you are creating heaven in your home, you also have to be in heaven. Don't just rely on blessings. Remember the Father! He will purify you and take you back home with Him. You should have a lot of happiness that you are winning such a big *lottery*! The more you remember the Father, the more your sins will be absolved. No one in the world can love you as much as the Father does. He is called the Ocean of Love. You also have to become like Him. If you cause anyone sorrow or upset anyone, you will die in sorrow. Baba is not cursing you by saying this but merely explaining to you. Give happiness and you will remain happy! Love everyone! Baba is also the Ocean of Love. Achcha.

To the sweetest, beloved, long-lost and now-found children, love, remembrance and *good morning* from the Mother, the Father, BapDada. The spiritual Father says namaste to the spiritual children.

#### **Essence for dharna:**

1. Don't trust any wrong things said by others. Forget whatever wrong things you have studied and now practise becoming bodiless.
2. Don't just rely on blessings. Also make yourself pure. *Follow* the Father at every step. Never cause anyone sorrow. Don't upset anyone.

**Blessing:** May you become an image of perfection by achieving success in your every thought and action.

Success in your thoughts is achieved when the thoughts you create are powerful. Those who create a lot of thoughts are unable to sustain them and this is why the bigger your creation, the more powerless you are. So, first of all, stop the creation of waste and you will then achieve success. The way to achieve success in your actions is to know the beginning, middle and end of the action before you perform that action. By doing this you will become an image of perfection.

**Slogan:** Those who protect themselves from sorrow and deception at the appropriate time are knowledgeable (ones with understanding).

\*\*\* Om Shanti \*\*\*
