Morning Murli Om Shanti

BapDada

Madhuban

**Essence:** Sweet children, up to now, you have continued to move along on the basis of things you have heard from others. The Father now gives you knowledge *directly* and makes you as *knowledge-full* as He is.

**Question:** What are the signs and the praise of the stage of good effort-makers?

**Answer:** Good effort-making children *follow* the *mother* and *father* fully. They have mercy for their lives and pay full *attention*. They definitely make even a little time to sit in remembrance of Baba. Their stage is remembered as unshakeable, immovable and stable. They are called mahavirs.

**Song:** No one is unique like the Innocent Lord!

Om shanti. On the path of devotion, the world just sings songs. You children now understand that you too used to sing praise of the Innocent Lord on the path of devotion and that, now, that same Innocent Lord is personally in front of you. The words "Innocent Lord" belong to the path of devotion, whereas the words "Shiv Baba" belong to the path of knowledge. You understand that, according to the eternally predestined *drama plan*, the Father has to come at the confluence age to inspire us to make effort. He has been inspiring you to make effort cycle after cycle. He also tells you children for how long you have been performing devotion. Those who started performing devotion in the beginning will come and take knowledge and then become part of the sun dynasty. In the golden age, there won't be just one Lakshmi and Narayan; there will also be their *dynasty*. That is called the deity clan. There used to be the deity clan in Bharat whereas there is now the devilish clan. This is the confluence age. You now have to go from the devilish clan to the deity clan. This is truly the same Mahabharat War that has been remembered. It is just that they have put Krishna's name there instead of Shiva's. By the one Gita being falsified, all the scriptures were falsified. The main thing is the Gita. There are so many Gita study places (Pathshalas) and Gita houses (bhavans). A Gita Pathshala is where they relate the knowledge of the Gita. The ones who spoke the Gita are no longer there, but the praise of those who existed continues. The Father explains to you children every day with a lot of love. You children know that Baba is the Ocean of Love. He teaches everyone with a lot of love. Baba never gets angry. He always explains to everyone with love: Children, you were satopradhan and you then continued to take rebirth. He also tells you people of Bharat that you originally belonged to the deity religion. Who would come to claim the inheritance first? It would be those who claimed it in the previous cycle who say: Baba, we have no support apart from You. Only when it is the confluence age does the Father forgive you. You children know that the kingdom of Ravan and the kingdom of Rama exist here. It is now the kingdom of Ravan and this is why people want the kingdom of Rama. When you speak of Shiv Baba, your intellects go to the incorporeal One. It is the incorporeal One that you remember. It is souls who call out to the Father. It isn't that God is waiting to hear the cries of souls. The Father explains: According to the *drama plan*, I enter a body in order to purify the impure. It isn't that I come, on hearing your call. I have to come when devotion comes to an end. These matters have to be understood. The time comes when you children begin to call out. When He is to come is not written anywhere. They have written an incorrect duration of the cycle. Every home should have this picture so that they can look at it every day and remember that this is Baba, this is Dada and this is the inheritance. The Father says: Children, in order to become satopradhan, remember Me and the alloy will be removed. Only the Father explains this method. This father also says: I too am making effort. Children, caution one another and make progress. The explanation in these pictures is very good. Shiv Baba is carrying out establishment through Brahma. The great Mahabharat War is just ahead of you. All of those innumerable religions will be destroyed. Therefore, there surely has to be a war for that. You children should not forget these things. Truly, the iron age is now in

the extreme depths of hell. There are so many human beings, and so destruction definitely has to take place. There will only be one religion in the golden age. They will be those who have gone around the cycle of 84 births. This is very easy, but all of those religions will definitely be destroyed. Establishment of the one religion is now truly taking place. The Bestower of Salvation for All is the Father. You children receive the inheritance from the Father. You children know that the study you are now studying is for your future 21 births. God speaks: I teach you and make you into the masters of heaven for 21 births. The sun-dynasty and moon-dynasty clans are truly being established. Whatever effort each of you makes, you will accordingly claim a high status. Shiv Baba says: *Follow this mother and father!* You can see them and Vaikunth (Paradise) in the subtle region. You even see yourselves too; you also become emperors and empresses. You also have visions of Vaikunth. They believe that Bharat truly was Vaikunth. At that time it was the land of Krishna, whereas today it is the land of Kans, the devil. Tomorrow, it will be the land of Krishna. Night has to change into day. There is the unlimited day for half the cycle and then unlimited night for half the cycle. People continue to stumble around in darkness. The night of Brahma is the night of you Brahmins. You Brahmins will then become deities. In the golden age there are no Brahmins, only deities. You children know that Bharat was the land of pure kings (Rajasthan) and that it then became the land of impure kings. Bharat has always been the land of kings. The kingdom has continued here all the time. Those of other religions do not have a kingdom from the start. Only God establishes this kingdom. Only God comes and teaches you Raja Yoga. He is the incorporeal Ocean of Knowledge, the Ocean of Happiness. You know that you are receiving the inheritance from Baba. Definitely, your efforts are still taking time. The more effort you make, the more you are able to show the path to others. The Father says: Remember Me and you will become pure from impure; you will become the masters of the pure world. It is so easy! If physical parents are in knowledge, they should make their children equal to themselves. If parents earn a true income, they should inspire their children to do the same. Some children are very good and say: I will study this spiritual study and continue to give this *message* to every home. The Father says: I am the *Messenger*. I give you the *message*: Return home! Founders of other religions simply come and establish their own religions. I give everyone the *message* that they now have to return home. This world is no longer worth living in. Remember Me and you will become pure. You were pure and then Ravan made you impure. I have now come to purify you once again. All of those *bombs* will be released in just a short time and everyone will understand that that is the same Mahabharat War. God will definitely be present too. However, they believe that the God of the Gita is Krishna. There is so much confusion! If there weren't this confusion, what need would there be for God to come? The path of devotion is called a maze. The Father says: By remembering Me, you will stop making mistakes. Previously, you used to consider yourselves to be bodies. You now consider yourselves to be souls. Only the Father cautions you: Children, become soul conscious! You sit here personally in front of the Father. There, at the *centres*, the sisters explain what Shiv Baba says. Here, the Father tells you *directly*: I sit and talk to you souls. You children know that Baba is explaining to you through this one. This is a beneficial meeting. The Father says: Constantly remember Me alone! We have to claim our inheritance of heaven from Baba. Remember the Father and heaven. Don't perform any sinful actions. If you perform any sinful actions, one hundredfold sin will accumulate. It is Maya that makes you perform sinful actions. You have to conquer her. This is why there is the story of Hanuman, Mahavir (courageous warrior). You are Hanuman, mahavirs. We now belong to Baba. We cannot be defeated by Maya. By remembering Baba you will become satopradhan conquerors of sinful actions. If you don't become this, you destroy your status. Good effort-making children have mercy for their lives. No matter what happens, they stay on the pilgrimage of remembrance. They remain unshakeable and immovable. Destruction has to take place. Everyone's maternal and paternal uncles etc. and gurus etc. will all be destroyed. The Satguru says: I will take you back home with Me. People are in absolute darkness. You know that Shiv Baba will take us back with Him. People say: Death has eaten that one. However, I take you to the land of peace. A soul sheds a body and departs. It isn't death that takes that soul away. The soul has to leave. I Myself have come to take you back

home. Has Baba come to kill you? No; you have to shed your old bodies. You souls have to become satopradhan from tamopradhan. Even the elements are tamopradhan now. This is why the bodies are also made like that. There, your bodies will be beautiful because they will be made out of satopradhan elements. The Father says: I am once again establishing the golden-aged deity religion. You are those who have taken 84 births. You have forgotten your religion. No others forget their religion. You now know how you, who originally belonged to the deity religion, were so elevated and how you have now become so degraded! The Father sits here and explains to you every cycle. You then continue to explain to others. The cycle of 84 births is now coming to an end and destruction is just ahead. Make yourself worthy of becoming the masters of heaven. You have to become that by having remembrance. Wake up early in the morning and remember Baba. Baba, it is a *wonder* how You come! They have mentioned the name of Krishna in the Gita, but you now understand that the Father speaks to you personally. Those things related by others belong to the path of devotion. We souls have now found You, our Father. When souls find the Father, they come to meet Him with that love. Children meet their father with a lot of love. Here, the incorporeal Father is incognito. This is why Baba always says: When you meet this one, meet him while remembering Shiv Baba. People don't understand anything. Among you too, some who know Me, belong to Me and then forget Me; they become body conscious. They even promise: Baba, I now belong to You. Whether *male* or *female*, the souls of both say this. However, when they are in bodies, they use the *male* or *female* term in saying: I now belong to You. Baba, I will claim my full inheritance from You. I will remember You fully. The rust cannot be removed, you cannot become satopradhan from tamopradhan except by having remembrance. In the golden age you receive an unshakeable and strong kingdom that is full of happiness, peace and prosperity for 21 births. The Father, the Creator of heaven, would definitely give you His inheritance. It is sung: We were concerned to find the Supreme Father, the Supreme Soul, who lives beyond in the element of brahm. He only comes here once. These too are matters that have to be understood. Some don't understand at all. Later, when the great war takes place, their eyes will open. In fact, this is the sacrificial fire of knowledge that has been created. It is also a war. No one knows this sacrificial fire. The sacrificial fire of the knowledge of Rudra was created for destruction. Those people create sacrificial fires so that destruction doesn't take place and there can be peace instead. This sacrificial fire (of knowledge) will be created again. Those people don't know what will happen after destruction takes place. You children now know the beginning, the middle and the end of the whole world. You know the unlimited life story of everyone. There is no one else who can say: We can tell you the life story of the Supreme Father, the Supreme Soul. Everyone calls out to God. They repeatedly remember Him. They say: God gave this child and did this and that. Some understand: He only took back what belonged to Him. There are some people who have that kind of understanding. There are many kinds of human beings. You have now found the Father. Therefore, remember Him alone! It is by having remembrance that you earn an income. You will then become the masters of the land of Vishnu. You now know the whole cycle from the golden age to the end of the iron age. Everything is in your intellects exactly as it is in the Father's intellect. This is why He is called the Ocean of Knowledge, the *knowledge-full* One. You are now claiming your inheritance from the Father. You children have to remain unshakeable and stable. It shouldn't be that Maya comes and shakes you again and again. You mustn't become like a "Touch-me-not" plant. By not remembering the Father, you wilt. You are making effort to remember the Father. As the time comes close, you will see that your efforts have come to an end and that the end has come. Achcha.

To the sweetest, beloved, long-lost and now-found children, love, remembrance and *good morning* from the Mother, the Father, BapDada. The spiritual Father says namaste to the spiritual children.

### **Essence for dharna:**

1. Study the spiritual study and earn a true income and inspire others to do the same. Give everyone the *message* to return home. Don't now perform any more sinful actions.

2. Wake up early in the morning and remember the Father with a lot of love. Don't become like a “Touch-me-not” plant over trivial matters. Make your stage unshakeable and immovable.

**Blessing:** May you make the speciality of *checking* a deep sanskars of yours your own and become a great soul.

Whatever thoughts you have, words you speak, actions you perform and connections and relationships you come into, simply *check*: Are these equal to those of the Father? First of all, compare them and then make them *practical*. Generally, some souls also first of all have the sanskar of *checking* everything before accepting it. In the same way, you are pure and great souls, and so intensify your *machinery* of *checking*. Make this a deep sanskar of yours your own, this is greatness.

**Slogan:** To become completely pure and yogi is to give the *return* of love.
