

14/07/21 **Morning Murli Om Shanti** **BapDada** **Madhuban**

Essence: Sweet children, it is the task of the one Father alone to give peace to the whole world and this is why people say: O Bestower of Peace! Therefore, it is the Father who should receive the *prize*.

Question: Which children can *follow* the Father fully?

Answer: The children who become as pure as the Father can *follow* Him fully. Those who become true lovers can *follow* Me, the Beloved. Only such lovers do I take back with Me. It is portrayed in the scriptures that you can go across by holding on to the tail of a cow. However, there is no question here of a cow or a cow's tail.

Song: You are the Ocean of Love. We thirst for one drop.

Om shanti. Here, there are both Bap and Dada. You children now know that the Father of souls is Shiv Baba. You know He is the Purifier and He is incorporeal. You too are incorporeal embodiments of peace. The incorporeal Father is an embodiment of peace and souls too are embodiments of peace. The original religion of souls is peace. Your residence is the land of peace. When they create a sacrificial fire, they call out to the Bestower of Peace because God is the Ocean of Peace. It is the Father who gives peace to the whole world. There are many who receive peace *prizes*. When someone receives a *prize*, they say he became instrumental in establishing peace. They mention the names of great people. However, peace is required throughout the whole world. Otherwise, those who remain peaceless make others peaceless. This is the kingdom of Ravan. Ravan is the enemy, whereas Rama is not called an enemy. People never burn an *effigy* of Rama, neither the Rama of the silver age nor the Supreme Father, the Supreme Soul. Everyone wants there to be the kingdom of Rama, but no one knows what the kingdom of Rama is. They simply say there should be a new world and there should be the kingdom of Rama in New Delhi. They speak of New Delhi; it has been given many names. Delhi is the *capital* and it was the land of angels. Radhe and Krishna are also shown to exist there. The two of them are the main *prince* and *princess*. There aren't just the two of them, there must definitely be others too. A dynasty of eight is remembered. You have to use your intellects for everything. There must be other dynasties too in the golden age. Look how many dynasties there are here! These dynasties keep growing until there are many. One even hears of a maharaja of such-and-such a village. There are so many small villages. There aren't so many in the golden age. There, the names of Lakshmi and Narayan are very well known. Their kingdom continued for 2500 years. People say it existed hundreds of thousands of years ago. This is something to think about. This is food for souls. The Father gives spiritual food to you souls, to your intellects. The locks on your intellects have now opened. Rishis and munis etc. all say that they don't know the Creator or creation. You children do not say this now. You know the Creator and the beginning, middle and end of creation. You now know your cycle of 84 births. In the beginning, you were deities, and then, in the middle, when Ravan came into existence, you became vicious. It is now the end. You know that there will be the destruction of the old world and there will then be the beginning. In the beginning, there will be the kingdom of Rama. Then the kingdom of Ravan begins in the middle. The kingdom of Ravan is now to end and the kingdom of Rama will begin. You have to change from an ordinary human into Narayan. This is the story of the true Narayan. You know that the Shrimad Gita is the main jewel of all the scriptures. You receive shrimat in order to become elevated. Those who are elevated are called Shri. You children know it is only the Gita scripture that is called the religious scripture of the deity religion. It is through this that the deity religion is established at the confluence age. None of them in the golden age are impure that someone would have to come and purify them. The Father now explains to you: The Gita cannot be called the Purifier. You cannot become pure through the Gita. The God of the Gita is called the Purifier. Remember this very well. The Gita is the scripture of the original eternal deity religion. The Mahabharat War, in which

innumerable religions were destroyed and the one religion established, took place at the time of the episode of the Gita. They say that the Gita is the scripture of the deity religion. It is not called the scripture of Brahmins. There is no mention of Brahmins in the Gita. The Supreme Father, the Supreme Soul, comes and tells you the essence of the Vedas and scriptures through Brahma. You now understand that there are no Brahmins in the golden age. Lakshmi and Narayan and the deities exist there. After Brahma, there is Vishnu. In the pictures, it is portrayed that the land of Vishnu is established through Brahma. Brahma and Vishnu don't exist at the same time. The deity religion is established through Brahma. These matters have to be understood in *detail*. You children are now receiving your inheritance of heaven from Shiv Baba. You are those who have a right to it. There are four main religious scriptures. The Shrimad Bhagawad Gita is the *number one* religious scripture through which the *number one* religion is established. Then, there are those of Islam and the Buddhists. Only in the Gita is it written, "Shrimad Bhagawad Gita". None of the other scriptures mention *shrimat*. There isn't a scripture remembered as "Shrimat Islam" or "Shrimat Buddhist". There is only one Shrimad Bhagawad Gita. Which religion was established through it? The original eternal deity religion was established. Establishment takes place at the end. This is something that has to be understood. Baba is now teaching us as the *Teacher*. This should remain in your intellects. Baba is our Father and also our *Teacher*. Baba grants salvation to everyone through the study and He is therefore also the Satguru. Everyone remembers the Father. They have put Krishna's name in the Gita; he is not the Ocean of Knowledge. The Father, the Ocean of Knowledge, made him become like that and so He is also the *Teacher*. You listen to new things here. You have been listening to and reading many scriptures etc. You are now listening *directly* to the Father. Previously, you were listening to bodily beings. You souls now understand that you were originally bodiless and you then adopted bodies. Baba is also bodiless. People create a Shivalingam. Souls worship Him through their bodies. You call out: O Supreme Father, Supreme Soul, come and purify us impure ones! They worship a lingam, but they don't understand that He is the Purifier Father, the One they have been calling out to. Shiva is God, He is Ishwar (God). They continue to remember Him in this way. When you call Him Baba, it enters your intellects that you will receive the inheritance from the Father. We did receive the inheritance, for this is why we worship Him. The people of Bharat definitely received the inheritance. It is just that they have forgotten when they received it! You children now understand this. You children say to Baba that you have come to Him. Shiv Baba enters the body of Brahma and explains to you. The name "Trimurti" is very well known. They have the name "Trimurti Road". There is a lot of praise of the Father. You also heard in the song that He is the Ocean of Love, that He is the Bestower of Salvation for All. He is the One who gives peace and happiness to everyone. He is the Remover of Sorrow and the Bestower of Happiness to All. He is very lovely. There is no one as lovely as He is. The Father, who makes you into the masters of heaven, would definitely be lovely. He is the unlimited Father. He says: Children, you receive the sovereignty of heaven from Me. You souls are brothers. You are now listening to the Father. All souls remember the Father: Baba, come and purify us! Souls say: Baba has come to purify us. He says: Children, I came to purify you 5000 years ago. Now remember Me, your Father, and all your sins will be absolved and all your sorrow will be removed. People call out: O Purifier, come! They continue to clap and cry out loudly: Purifier Rama who belongs to Sita. Therefore, this means they are impure. This is hell. It is called the extreme depths of hell. In the Garuda Purana they have written many fearsome stories about what you will become by doing such and such. They then say you can go to heaven by holding on to a cow's tail. Something like that has been written in it. There is no question of animals; you mothers are those cows. Until someone catches hold of your tail, that is, your back, they cannot find the path. You don't have tails. They say: We will go across by holding on to your tail. You do not hold on to anyone's tail here, but you do have to *follow*. Sannyasis have many *followers*, but to *follow* means to become pure. You are true *followers*. Shiv Baba says: I have come to take all of you back home. Remember Me and your sins will be burnt! Without becoming pure you cannot *follow*. *Follow* Shiv Baba fully! You are sitting here in order to *follow* Him. You have been remembering Me on the path of devotion. You know that souls are

lovers of the Supreme Soul, the Beloved. All souls remember Him and He has come to take you back. He says: *Follow Me* and I will take you back with Me. He also explains how you have to *follow* Him: I am pure and you are impure, and you definitely have to become pure. You definitely have to *follow* Him. Those who are vicious cannot *follow* Him. In order to *follow Me* you have to become as pure as I am. Would I take impure ones back to the land of peace with Me? So many human beings perform devotion, do tapasya or make donations and perform charity in order to receive liberation. This is because they experience sorrow here and want to return home. The Father says: You definitely do have to become pure. I am pure and this is why I purify you. I enter the body of Brahma. I am the Creator and I enter the body of this Brahma. It is portrayed that the Father establishes the deity religion through Brahma. You are Brahma Kumars and Kumaris. You know you have to *follow* Shiv Baba. The Father says: Remember Me and I promise you that I will take you to the pure world. There is no other way. When they say “O Purifier!” their vision either goes upwards or they look at water. The Ganges is not the Purifier. That is just a river that has emerged from the ocean. It is your tail that they should hold on to. The Father says: You have to become pure and *follow Me*, for only then will you be able to go back with Me. The Father says: You used to reside with Me and then you went around the cycle of 84 births and have now become impure. Now, remember Me once again and you will become pure! Sannyasis tell householders: If you want to *follow me*, renounce your home and family. The Father says: I reside in the supreme abode. Will you also go back there with Me or do you prefer to stay here in the ocean of poison? You have been calling out: O Purifier, come! The Father has now come and will take you back with Him. I come every cycle and take you back with Me. Then, in the golden age, you remain very happy. Lakshmi and Narayan were the masters of heaven. Who gave them so much happiness? *Heavenly God, the Father*. The Father reminds you: You celebrate My birthday. All the people of Bharat celebrate the birthday of the Supreme Father, the Supreme Soul. This is My *birthplace*. *Christians* do not accept this. They only believe in *Christ*. The people of Bharat celebrate the birthday of Shiva. This is the *birthplace* of the Father, the Purifier of All. The Father grants happiness to everyone. He is the One who *liberates* everyone. Therefore, Bharat is so elevated. The Father knows that, according to the *drama*, when all My children have become unhappy, I come and give them their inheritance. The Father is the Ocean of Knowledge and the Ocean of Happiness. He is giving you children your inheritance. He says: *Follow Me!* You souls know you are vicious and this is why your bodies are also vicious. You souls are pure in the golden age, and so you receive pure bodies too. The Father now says: Children, become pure! It is only by having remembrance that you will become satopradhan from tamopradhan. Achcha.

To the sweetest, beloved, long-lost and now-found children, love, remembrance and *good morning* from the Mother, the Father, BapDada. The spiritual Father says namaste to the spiritual children.

Essence for dharna:

1. In order to claim the inheritance of heaven from the Father, make it firm that all of you souls are brothers. Live with one another with a lot of love. Just as the Father is the loveliest of all, so you, too, have to become just as lovely.
2. Become as pure as the Father is and *follow* Him completely. In order to go back home to the land of peace with the Father, you must definitely become pure.

Blessing: May you stay away from the rubbish of Maya on the basis of having remembrance and become constantly *cheerful*.

No matter what type of situation comes in front of you, just leave it to the Father. Say from your heart “Baba” and the situation will finish. To say the word “Baba” from your heart is magic. Maya first of all makes you forget the Father and so simply pay *attention* to this aspect and you will experience yourself to be like a lotus. On the basis of having

remembrance, you will remain constantly beyond the rubbish of the situations of Maya. You will never come into upheaval about anything and will constantly have one type of *mood – cheerful*.

Slogan: Those who imbibe the religion of purity in their lives are great souls.
