Morning Murli Om Shanti

BapDada

Madhuban

Essence: Sweet children, ask yourself every day: How pure have I, this soul, become? The purer you become, the happier you will feel and the more enthusiasm you will have for serving others.

Question: What effort must you make to become as elevated as a diamond?

Answer: Become soul conscious. There shouldn't be the slightest attachment to your body. Stay beyond all worries and stay in remembrance of one Baba alone. This elevated effort will make you become like a diamond. If there is body consciousness, you should understand that your stage is weak and that you are distant from Baba. You have to look after your body because you have to attain your karmateet stage while in that body.

Song: Look at your face in the mirror of your heart!

Om shanti. The Father explains to you children: The mercury of happiness rises in those who cut their sins away with the power of yoga. You children can know your own stage for yourselves. When your stage is good, you are very interested in doing *service*. The purer you become, the more enthusiasm you have for making others pure and yogi because you are Raja Yogis and Raj Rishis. Hatha yoga rishis consider the elements to be God. Raja Yoga rishis consider God to be their Father; their sins are not cut away by remembering the elements. They don't receive power by having yoga with the elements. No one of any of the religions knows about yoga. This is why none of them can become a true yogi and return home. Now, you children can know your stage for yourselves. There will be happiness according to how much you souls remember your Father. You have to check yourselves. You children can know one another's stage as well as your own stage. Check that you yourself don't have body consciousness. If there is body consciousness, you should understand that you are very weak and that you are very distant from Baba. The Father orders you: Children, you now have to become like diamonds. The Father makes you soul conscious. The Father doesn't have any body consciousness. It is the children who become body conscious. You become soul conscious by having remembrance of the Father. Continue to check yourself: How long do I stay in remembrance? The more you remember Baba, the higher your mercury of happiness will rise and the more worthy you will make yourself. Don't think that any of the children have reached their karmateet stage. No, the *race* is still going on. The *final result* will be announced when the *race* has been completed. Then, destruction will begin. *Rehearsals* will continue to take place until you reach your karmateet stage. We cannot speak ill of anyone. Everyone's result will be known at the end. There is now still some *time* left. This Dada also says: Sweet children, there is now a short time left. At this time, not a single one can reach his karmateet stage. Any illness, etc. is called the suffering of karma. No one else can know about that suffering. That pain is internal. No one has created a constant and stable stage as yet. The more you try to achieve this, the more sinful the thoughts and storms that come will be. You children should experience so much happiness! Is it a small thing to become a master of the world? Wealthy people remain very happy because they have huge mansions and all comforts. You are now receiving infinite happiness from the Father. You know that you will claim your kingdom from Baba. They don't experience as much happiness with peace as they do with their wealth. Sannyasis used to leave their homes and families and go and live in the forests. They would never accept money, but only chapattis. They have now become so wealthy! Everyone worries a lot about money. In fact, a king is concerned about his people and this is why he keeps all the materials for war. In the golden age, there is no question of war. You children now have the happiness that you are going to your own kingdom! There is no question of fear there. There is no question of *tax* etc. It is here that there are concerns of the body. It is remembered: The Swami, the Lord, took you beyond all your worries. You know how much effort you are now making in order to go beyond all worries. Then, there won't be any worries for 21 births. By remembering Baba, you will remain unshakeable. The story of the Ramayana is based on you. You are

the ones who become mahavirs. The soul says: Ravan cannot shake us. That will be your stage at the end. At present, anyone can shake. There will be worries. When the world war begins, you will understand that the *time* has now come. The more effort you make to remember the Father, the more you will benefit. Now is the only time to make effort. Later on, there will be a lot of upheaval of destruction. Now, there is attachment even to your bodies. Baba Himself says: Look after your bodies! Those are your final bodies and it is through those bodies that you have to make effort to reach your karmateet stage. For as long as you live, you must continue to remember the Father. The Father says: Children, may you have a long life! The longer you live, the more you will remember the Father and the more elevated will be the inheritance you claim. You are now continuing to earn an income. Keep your bodies healthy and free from illness. Don't be careless about this. If you take precautions with your food and drink, nothing will happen. By keeping your behaviour constant (disciplined about everything), your body will remain healthy. Those are invaluable bodies. It is with those bodies that you make effort and become deities. Therefore, the greatness is of this time. You should have this happiness. The more you remember the Father and the inheritance, the greater the intoxication of becoming Narayan there will be. It is only by having remembrance of the Father that you will be able to claim a high status. Check to see how much happiness and intoxication you maintain. The poor should have even greater happiness. The wealthy worry about their wealth. The kumaris among you have no worries at all. Yes, if someone's friends or relatives are poor, they have to be looked after. Continue to awaken everyone. If they don't awaken, for how long are you going to continue to help them? Baba says: Become *serviceable* yourself and allow your wife to engage herself in spiritual *service*. You are Baba's helpers. Everyone needs help. What could the Father do on his own? How many could He give the mantra to by Himself? I give you the mantra and you then have to give it to others. Continue to plant the sapling. He continues to tell you children: As much as possible, continue to become a helper and give the mantra. Tell people: It says in your scriptures that everyone was given the message that the Father has come. Therefore, remember Him in order to claim your inheritance. Don't remember bodily beings! If you consider yourselves to be souls and remember the Father, your sins will be absolved and you will claim your inheritance. Many have been listening to and relating the Gita. The well-known term in that is 'Manmanabhav'. Remember the Father and you will receive liberation. Sannyasis also like this. 'Madhyajibhav' means liberation-in-life. When you children belong to the Father, He says: Children, you souls have become impure. You will not be able to return while you are impure. This is something to be understood. You people of Bharat were satopradhan. You have become tamopradhan and you now have to become satopradhan again. Therefore, the Father says: Make effort and you will claim an elevated status. You have been performing devotion for birth after birth. You know that at first there was unadulterated devotion. Devotion is now so adulterated! They even worship bodies and that is the worship of the elements. Deities are at least pure! However, at this time, all are tamopradhan. Therefore worshipping also continues to become tamopradhan. You now have to remember the Father. You mustn't speak any words of devotion. To say "O Rama!" (O God!) is also an expression of devotion. You mustn't call out in that way. Here, there is no need to say anything. You mustn't even say "Om shanti" again and again. 'Shanti' means I, the soul, am an embodiment of peace. The soul is that in any case. There is no need to say it. If you say "Om shanti" to other people, they won't understand the meaning of it at all. They sing great praise of the word "Om". You understand the meaning and so it is useless to keep on saying "Om shanti". Yes, you can ask one another: Are you in remembrance of Shiv Baba? I also ask the daughter: Whom are you decorating? And she replies: Shiv Baba's chariot. Just as there is the chariot of Hussein, so this is Shiv Baba's chariot. They decorate a horse. They don't understand the meaning of the horse. The souls of the founders that come to establish religions are pure. Old impure souls cannot establish a religion. You do not establish a religion. Shiv Baba does that through you and He makes you pure. Those people do a lot of decoration etc. on the path of devotion. Here, you don't like decoration. The Father is so egoless! He Himself says: I come at the end of the last of this one's many births. At first, there will be Shri Narayan in the golden age. Shri Narayan will come even before Shri Lakshmi; he would be

older. This is why Krishna's name is praised. People praise Krishna a lot more than they do Narayan. They celebrate the birthday of Krishna. They don't celebrate the *birthday* of Narayan. No one knows that Krishna becomes Narayan. The childhood name would continue. So-and-so took birth and so they celebrate his *birthday*. This is why they only celebrate the birthday of Krishna. No one knows about the birthday of Narayan. First of all, there is Shiva's birthday and then Krishna's birthday and then Rama's birthday, etc. As well as Shiva, there is also the birth of the Gita. Shiv Baba only comes at the end of this one's many births. He only enters a mature experienced body. Everything is explained so clearly and yet nothing enters anyone's intellect. The Father says: This knowledge disappears. Only when I come and give you this knowledge can you relate it. You children now know that you will become this (deities) *accurately* in the future. Baba had two or three types of vision. I will become this; I will become one with a crown. I will become one with a turban. He had visions of the kingdoms of two to four births. You can now understand these things. No one else in the world can understand these things. Yes, they understand that, if they perform good actions, they receive a good birth. You are now making effort for the future to become Narayan from an ordinary man. You know that you will claim that status. Those who continue to make effort to attain their karmateet stage will experience greater happiness. You say: Baba, we will *follow* Mama and Baba for only then will we be able to sit on the throne. You also need to understand how much *service* you do and how much happiness you maintain. When you remain happy yourself you will be able to make others happy. If there is anything bad inside you, your conscience will continue to bite. Some come and tell Baba that they have a lot of anger inside. "I have this evil spirit in me." This is something to be concerned about. Do not allow any evil spirit to remain. Why should you become angry? Explain with love. Baba doesn't get angry with anyone. There is praise of Shiv Baba. Many sing useless false praise. What do I do? I am told: "Come and purify the impure!", just as a *doctor* is told to come and remove someone's illness. He gives medicine or an *injection*, because that is his job. That is not a big thing. They study in order to be able to do *service*. If they study more they are able to earn more. The Father doesn't have to earn an income. He inspires you to earn an income. Baba says: You even call Me the eternal *Surgeon*. You have given Me greater praise. The Purifier cannot be a *surgeon*, like they say. That is just praise given to Me. The Father simply says: Remember Me and your sins will be absolved! That is all! My *part* is to explain this to you: Constantly remember Me alone. The more you remember Me, the higher the status you will claim. This is the knowledge of Raja Yoga. This is easy to explain to those who have studied the Gita. You are becoming worthy-of-worship kings of kings. Then you will become worshippers. You have to make effort. You are making the world pure. The status is so high! Each of you is giving your finger to lift the iron-aged mountain. It isn't that there really is a mountain. You now understand that the new world is to come and you must therefore definitely study Raja Yoga. The Father comes and teaches you this. Become satopradhan! When you explain to those who understood in the previous cycle, they like it and say: What you are saying is right. Truly, the Father said: Manmanabhav! This is a Sanskrit term. The Father speaks in Hindi: Remember Me! You now understand that you belonged to an elevated religion and that your actions were also elevated. This is why there is the praise: 16 celestial degrees full. You now have to become like that again. Check yourself to see to what extent you have become satopradhan and pure. How much service do you do to change residents of hell into residents of heaven? Achcha.

To the sweetest, beloved, long-lost and now-found children, love, remembrance and *good morning* from the Mother, the Father, BapDada. The spiritual Father says namaste to the spiritual children.

Essence for dharna:

1. Become as egoless as the Father. While looking after your body, stay in remembrance of Shiv Baba. Become a helper of the Father in this spiritual *service*.

2. Don't allow any evil spirit to remain inside you. Never be angry with anyone. Interact with everyone with a lot of love. *Follow* the mother and father and claim the throne.

Blessing: May you have determination in your thoughts and with the speciality of the power of tolerance, transform the sanskars of others.

Just as Father Brahma tolerated *insults* from gyani and non-gyani souls and transformed them, in the same way, *follow the father*. For that, simply have determination in your thoughts. Do not ask yourself how much longer you can do that. Initially, you may feel, "How is it going to happen and how much longer am I going to tolerate?" Even if someone says something about you, just stay quiet, tolerate it and that person will change. Don't get disheartened.

Slogan: To tolerate and bow down at the confluence age is the greatness of the highest order.

***** Om Shanti *****
