

27/04/22 **Morning Murli Om Shanti** **BapDada** **Madhuban**

Essence: Sweet children, follow shrimat, reform your behaviour and burn your sins away. In order to become a bead of the rosary, remember no one but the one Father.

Question: Which children does the Father automatically protect?

Answer: Those who are very clean and honest and are constantly true to the Father are automatically protected. Those who have falsehood in them cannot be protected. Maya continues to pull them a great deal. Punishment also becomes fixed for them.

Question: Why do some children hide their illness from the spiritual *Surgeon*?

Answer: Because they are afraid of losing their honour. They know they have been deceived by Maya and their eyes have become *criminal*, so they hide this from the Father. Baba says: Children, the more you hide something, the lower you will continue to fall. Maya will eat you and you will then stop studying. This is why you have to remain very cautious. Don't follow the dictates of your own minds or devilish dictates.

Om shanti. The spiritual Father explains to you spiritual children. You children have developed the faith that only the spiritual Father teaches you souls. This is why it is sung: Souls remained separated from the Supreme Soul for a long time. In the incorporeal world, all souls stay together; they don't stay separately. Souls then separate; they come from there to play their own *parts*. From being satopradhan, they come down and become tamopradhan. People call out, "O Purifier, come! Come and purify us!" The Father explains to you children that He comes every 5000 years. This world cycle is 5000 years. The incorporeal Father also definitely has to speak to you through a body. He doesn't give inspiration from up above. Just as you souls adopt bodies and speak, so the Father too says: I speak to you through this body. I give *directions* to you children. To the extent that someone follows His *directions*, so he benefits himself. The Father explains that it is then up to you whether you follow shrimat or not and whether you listen to the *Teacher* or not; you benefit yourselves or incur a loss for yourselves. If you don't listen to Him you will *fail*. Shiv Baba explains very clearly. You children learn from Shiv Baba and you then have to teach others. *Son shows Father*. This is not a question of a physical father; this refers to the spiritual Father. You children understand that you claim your inheritance to the extent that you follow shrimat. The Father says: Remember Me and your sins of many births will be cut away. In the kingdom of Ravan, although sinful souls bow their heads to the charitable souls (idols), they don't know that those charitable souls then become sinful souls. They think they are always charitable souls. The Father explains: While taking rebirth, they change from charitable souls to sinful souls. They take 84 births and therefore, from being satopradhan, they become tamopradhan; they become sinful souls and so they remember the Father. When they are charitable souls, there is no need to remember the Father. The Father doesn't sit and explain all of these things to everyone. You children do *service*. At this time, human beings have become devils and, because of this, it doesn't sit in their intellects that God is not omnipresent. Everything depends on this. Krishna is a bodily being; he is called a deity. The *Father* of souls is the incorporeal Father. He has to be remembered. Although you speak of the Father of People, he is a corporeal being. All of these things are explained to you very clearly, but some children don't understand them; they take the wrong path and end up in the forest. Baba shows you the path to the city, that is, to go to heaven but, because of not understanding, some end up in the forest. When they go into the forest they become thorns. Even while staying here, they don't follow the path properly; they remain in-between. Then they come at the end there, too. You have come here to go to heaven. In fact, the silver age cannot be called heaven because it has decreased by 25%. You are now at the confluence age. The Father says: Renounce the old world and remember the new world. He doesn't say: Forget the old world and remember the silver age. The silver age can hardly be called the new world. Because of not following the path properly,

they continue to fluctuate. According to the *drama*, those who fully *passed* the exam in the previous cycle will do so again. Those who go into the silver age will have failed. Those who are to become residents of heaven will *pass* fully. For cycle after cycle and birth after birth, you will *pass* the same exam at the confluence age as you are doing now. Those who are not going to become flowers will not become flowers no matter how hard one pulls them. An uck is also a flower; thorns would still prick you. Everything depends on how you study. Maya makes even good children into thorns; they become *traitors*. Those who leave their homeland and go to the other side are called *traitors*. The Father has come to liberate you from Maya. Children say: Baba, Maya is very powerful. She pulls us to her. Maya is no less a magnet. Nowadays, look how much superficial beauty has increased and this is why people have become so *fashionable*. Look at what they show in films. Earlier, there were no films. Everything has been invented in the last 100 years. The secrets of the *drama* have to be understood. It is as though heaven has been created in 100 years. There, even *science* will give a lot of happiness. There, they have no arrogance of *science*. *Science* gives so much happiness. However, destruction of the old world has to take place so that that happiness can become permanent. Look how the Father makes so much effort to make you children elevated, but some children don't believe at all that Baba is teaching us. Even good children are caught in the claws of Maya. Maya then completely controls them. However, once those who have even heard this knowledge, they will definitely go to heaven, but won't claim a high status. You all say that you will become Narayan. Therefore, you also have to make that much effort. However, everything is a game in the *drama*. Some climb, others fall. You continue to fluctuate. Everything depends on the pilgrimage of remembrance. The Father gives us limitless treasures. There is no question of them suffering for their karma there. Those who accumulate here at this time will claim the full inheritance. You mustn't think that because you climb you will also fall. You have fallen very low and so you can now only go up. According to the *drama* you continue to make effort. Look how both of them are worshipped so much. Shiva is worshipped the most, but then they say He is in the pebbles and stones. There is so much ignorance! You children now know you were that and you are becoming so once again. Although they worship Shiva and offer Him sacrifices, no one knows how Shiva, the Father, the Ocean of Knowledge, comes and teaches us. You now have to study, make effort and claim a high status. Maya also doesn't leave anyone alone. She catches hold of them completely. Baba says: Children, write your *chart* honestly. Some children don't tell the truth and so they accumulate punishment. Then, at the time of punishment, they cry out in distress. "Forgive me! I will not do the same thing again." When a small child does something wrong, his father scolds him, and so he cries in distress. This is the unlimited Father. Such a great Father does everything with such humility. He is so gentle, just as little children are so soft and gentle. When something happens to them, you say: OK, it doesn't matter. This is because they are following the path of the *drama*. It's OK. It was destined. He then explains: Make sure it doesn't happen again in the future. There is shrimat and there are devilish directions. This Brahma is the alokik father; there is then also the unlimited Father. Some may not listen to their limited father, but the unlimited Father has made this one (Brahma) an instrument and so you should listen to him. This is why this Baba says: Maya is no less. She makes you do wrong things. You should understand that these are God's directions. The Father says: If you receive a wrong direction from this one, I will still put it right. Baba has chosen an experienced chariot. He has taken so many insults. You should remain very clean and honest with Baba. The more honest and clean you are with Baba, the more you will be protected. Those whose behaviour is false cannot be protected; punishment becomes fixed for them. Maya catches each of them by his nose. Children know when Maya has eaten them, for this is why they stopped studying. Baba says: No matter what happens, never stop studying. Whatever each one does, he will receive accordingly. When will he receive the reward? In the future, because this world is now going to *change*. No one, apart from you, knows this. Among you too, many children forget. If you stay in remembrance you also remain happy. However, Maya makes you completely forget. This war with Maya will continue till the end. Even good children know when they have done something wrong, and they don't tell Baba because they are afraid of losing their honour. They then continue

to choke. Yes, if you are a couple and one of you has told the truth, then the other one would feel that he or she should also tell. If they don't have a high status in their fortune, they hide it from the *Surgeon*. The more you hide, the lower you will continue to fall. The eyes of some are such that they don't stop being *criminal*. Some children are very good and they never remember anyone else, just as a faithful wife's vision never goes to any other man. The Father explains: If you want to become a bead of the rosary, your stage has to be like that. It is not a small thing to become a master of the world! The unlimited Father is teaching you and so what more do you want? Baba tells you *practically* that so-and-so has this speciality and that so-and-so has that speciality. This is why He gives you numberwise love and remembrance. While sitting here, Baba's vision is on the *serviceable* children. On the path of ignorance too, there is love for obedient children. Baba knows which of His children are doing good *service*. You are Brahma Kumars and Kumaris, grandchildren of Shiv Baba, and so you should definitely receive your inheritance from your Grandfather. Brahma doesn't have the inheritance. The Father Himself says: I am the unlimited Father of you souls. I give you the unlimited inheritance; therefore, now follow My shrimat. I have come to make you children bodiless, the same as I am, and to take you back. Your lights are now being ignited with knowledge and yoga. If you don't follow knowledge and yoga very well, there will have to be punishment from Dharamraj. This is why you must first have your sins burnt away. Although some human beings think that they are in heaven at this time, it is temporary happiness. The unlimited Father doesn't give them the inheritance. The Father says: I am the Lord of the Poor. I make wealthy those who are absolutely poor, impure and have stone intellects. Although someone still impure might come to you, he would attain a low status; he would not be able to become part of the rosary of victory. Here, you make a bargain with the unlimited Father. Baba, all of this is going to turn to dust. This is why I surrender myself to You. Take all of this and make me into a master of heaven. The Father says: I am the Bestower. There is no expense in establishing a kingdom and becoming a master of the world. There, they spend so much in battling. What expenses do you have here? Here, you don't have any expenses because you don't have any weapons etc. Through the power of yoga, you become the masters of the world. Those people fight so much with physical power and yet they cannot become the masters of the world. That isn't in their *parts* in the *drama*. Only the unlimited Father teaches you true Raja Yoga. You know that the Supreme Father, the Supreme Soul, established heaven through Raja Yoga. You are now studying at the confluence age and you will receive a status, numberwise, according to how much you study. Achcha.

To the sweetest, beloved, long-lost and now-found children, love, remembrance and *good morning* from the Mother, the Father, BapDada. The spiritual Father says namaste to the spiritual children.

Essence for dharna:

1. Imbibe the virtue of humility, the same as the Father. Don't prick anyone. Become a flower and spread fragrance.
2. Imbibe the virtue of honesty and don't hide anything from the *Surgeon*. Never stop studying under any circumstances. Become obedient.

Blessing:

May you use the blessings you receive from the Father at the appropriate time and, by making them fruitful, become an image that is blessed.

Use all the blessings you receive from BapDada at the appropriate time and these blessings will stay with you for all time. In order to make the seed of blessings fruitful, repeatedly give it the water of remembrance and the sunshine of your stabilising in the form of the blessing. Each blessing will bring many blessings with it and, as a result, you will become an image that is blessed. The more you use your blessings at the appropriate time, the more elevated the blessings will be seen to be.

Slogan: When you pay *natural attention*, *tension* will automatically finish.
