01/11/26 Madhuban Avyakt BapDada Om Shanti 05/03/2012

Sorrow and peacelessness are increasing everywhere now. Therefore, reveal your

World benefactor form. Increase doing service with your mind.

Become *double holy* (pure) with the colour of the Father's company.

Today, BapDada is seeing the lines of fortune of each child. He is seeing the line of the sparkling star on the forehead, the line of love and power in the eyes, the line of the smile on the lips and the line of multimillions at every step on the feet. All of you are also happy to see the lines of your fortune, are you not? In your heart, you are singing the song, "Wah my fortune!" Seeing the divine star on each one's forehead sparkling, BapDada is pleased and is singing the song in His heart: Wah children! wah! What is the song He is hearing in the hearts of the children? "Wah Baba! Wah!" So, children are wah and the Father is also wah! So, what does that make this whole gathering? Wah! wah! wah! So, seeing your fortune, remain constantly just as happy as you are now. Only now, at the confluence age, do you receive this fortune. Every moment of the confluence age has great *value*. Each moment of the confluence age becomes imperishable, because every moment is connected with 21 births. One moment of the present time is connected with 21 births. So *check*: if one moment is wasted, it is not a matter of just one birth, but it is a matter of 21 births, and this is why BapDada draws the *attention* of you children from time to time to this: Do not waste a single moment or a single thought of the confluence age, because it is not that you have wasted one birth, but you have wasted 21 births. Remember the importance of the confluence age at every moment.

BapDada gave everyone the *homework* of not wasting time or thoughts. So, did all of you do your *homework*? Those of you who feel that you paid *attention* and also attained a lot of success, and that you gained the qualifications of your aim, raise your hands! Achcha. Are the Pandavas raising their hands? Raise your hands high. Now, not everyone has done this work. If you constantly keep the importance of the confluence age in your intellect, that you have received this task from the imperishable Father, and that every moment is to become imperishable, it will happen easily, because it is the imperishable Father who has given you this blessing.

The Father has told you that every Brahmin has a line of multimillions at every step. Just think: if you have a line of multimillions at every step, then of how many multimillions do you have a *golden chance* at the confluence age? Each one of you has to keep this fortune of yours in your awareness. Some children wonder what BapDada wants. BapDada wants each child to become a *double* king: a master of the self at the present time and a ruler of the world in the future. Let no child be any less in becoming a *double* king. Each of you children has a right to *double* sovereignty, do you not? Nod your heads! Does every child have a right to the *double* sovereignty? The Father is then so happy.

BapDada sees the *record* of every child every day. What does He see? Each one of you must know this in your heart. You have become the masters of the kingdom, but, at present, you only have self-sovereignty. Self-sovereignty means that you are able to keep your mind, intellect and sanskars under your *control*. They should stay under your *control* as and when you want. For instance, the physical limbs, the hands and feet stay under your *control*. In the same way, have *ruling power* and *controlling power* over your mind, intellect and sanskars. At present, it is visible that many are numberwise in this. These too are "mine." I am not the mind, it is "mine"; the sanskars are "mine"; the intellect is "mine". Therefore, the *controlling power* and *ruling power* are numberwise. From time to time, BapDada continues to warn you of the time. According to this time, the self-respect of each one of you is that of a world benefactor. Now, according to the time, it is

time for each one of you children to reveal your world benefactor form. Sorrow and peacelessness are increasing everywhere. Your brothers, your sisters, your family, are all experiencing sorrow, so do you not feel mercy for your family?

BapDada is now giving this signal: As well as with self-service, also do world service in the same way that you are doing service with words very well with a lot of splendour at present. BapDada is pleased. The 75th Platinum Jubilee has brought about a lot of enthusiasm for doing service in the minds of the *majority* of you. Seeing this, BapDada is pleased, but service with your minds is now also needed, because you have to become world benefactors in all ways. Service with thoughts, words and deeds, that is, with your face and activity, all three types of service are now necessary. *Check* daily: What *percentage* of service did you do with all three types of service? BapDada has already given you a *certificate* for serving with words, but now, with the subtle *vibrations* of your minds, you have to become a support for souls in their sorrow and peacelessness. Do you not feel mercy? BapDada feels mercy for the children, because no matter what they are like, they are still children. So, every child now has to become not just a benefactor of the centre, or a benefactor of the *zone*, but a world benefactor. BapDada is now drawing your *attention*: Become a benefactor for your devotees, because this confluence age is very important. Now, at the confluence age, you can receive as much co-operation as you want from the Father. So, did you hear what you have to do now? Increase doing service with your the minds. According to your own duties, just as you have *fixed* the *times* for *traffic control*, in the same way, each one of you also has to *fix* a *time* for doing service with your mind. When sorrow increases, everyone's *attention* at that time will be on that upheaval, but it is now the time for serving with your minds and this is why all of you children have to make your world benefactor form *emerge*. Benefit for oneself is automatically and easily included in doing world benefit, because waste will come if your mind is *free*. However, if your mind is *busy*, waste will then easily finish. So, when BapDada tours around everywhere in this land and abroad and sees the children who do not have this knowledge, He feels mercy and this is why all of you now have to become removers of sorrow and bestowers of happiness.

Look, your Holi is so different from the Holi of the people of the world. However, BapDada has told you earlier too that your devotees are clever in *copying* whatever you have done, because all of these rituals have been created by souls who have come from the copper age. It was their first birth and that was why their intellects were also satopradhan. It is the law that everything is at first satopradhan and then goes through the stages of rajo and tamo. So, at that time, in their own way, their intellects were sato and that was why they copied your every speciality. You constantly stay in happiness with enthusiasm and so they began to celebrate that as a festival. You were told on Shiv Ratri how they are very clever in *copying*. In the same way, now, at the confluence age, you have constant enthusiasm and so they have created a memorial of your enthusiasm in the form of a festival of enthusiasm. So, what do they do at Holi? You too have coloured your lives, but what is your colour? The colour that all of you have is that of the Father's company. You stay in the colour of the Father's company all the time, do you not? So, they have also created colour, but, because they are *body conscious*, they have taken this colour to be physical. However, all of you constantly stay in this colour at this benevolent confluence age. You remain coloured with the company, do you not? You have coloured yourselves, have you not? You have been coloured by the colour of the company; in *English* '*holy*' is said to be pure. So, you become *holy*, that is, pure in the colour of the company. You have become pure, have you not? All of you are observing the vow of purity, are you not? Is this firm? You may be numberwise, but to be a Brahmin means to make a vow of purity, because the Father is ever pure. He is the form of purity. He does not have to become that. His form is that of purity. So, do you know what the speciality of Holi is? You become pure but, in the colour of the company, you become *double* pure.

Founders of religions and righteous souls become pure, but they only make their souls pure. You become pure in body and mind in the future. From the beginning, all of those who have come from the copper age

can make effort to become pure, but no one has become *double* pure: pure body and pure soul. When you have a right to the kingdom in the future, then both you souls and your bodies will be pure. Go around the whole cycle. Those who have come from the copper age, from the copper age till now, has anyone become *double* pure? So, how did you become *double* pure and so great? What colour are you coloured with? You are coloured with the colour of God's company. So, just as the Supreme Soul is pure, so you also remain *double* pure for 21 births. Even the founders of religions who came are not *double* pure. This is your fortune, because you stay in God's company. You stay in the colour of the company so strongly that you become *double* pure. Another meaning of Holi is "ho li" (it has happened). It has happened, the past is the past; it is the past. Do you know how to let the past be the past? Whatever has happened has happened. What is the meaning of the words "ho li"? The past is the past. Through that, you remain *double holy* for 21 births, not just for one birth, because every *second* of the confluence age has a *connection* with 21 births. If you use one *second* or one *minute* in a worthwhile way here, then your 21 births will be worthwhile. That is a *guarantee*. So, did you celebrate such a Holi? Do you know how to let the past be the past? Whatever has happened in the past has happened. So, what is the third thing that they do? First, they burn something and then they celebrate. So what did you do? You burnt your weaknesses and sanskars, which had been wrong sanskars for many births in the fire of yoga, did you not? Have you already burnt them or are you still burning them? Have you burnt them? Those of you who think that you have burnt your sanskars in the fire of yoga and that they are now burnt, raise your hands! Have they been burnt or do they still come back? Do they come back a little? When you send your *chart* to BapDada, you say that the majority of them are gone. You are clever in saying this. You say that the majority have finished, but that they sometimes *emerge* a little. However, to burn means to burn, because after something is burnt, no name or trace of it remains. After something is killed, there is still the memorial in the form of the body that is visible, but, after it is burnt, it is completely finished. For instance, look at Ravan, he was not just killed but also burnt, so that all name and trace was completely finished. So, all of you have to also *note* down whether you have just killed your sanskars or whether you have burnt them. Have you burnt them? If you have not burnt your old sanskars, they will *emerge* every now and then. However, the devotees have *copied* everything. You burnt them and so they also burn everything and then celebrate. They do not celebrate anything without first burning it. You have become *holy* by burning your sanskars. Some are becoming that and some have already become that. So, did you celebrate Holi? That of the colour of the Father's company? You are now sitting in His company and so you celebrated the Holi of the colour of His company, did you not? Did you celebrate it? Raise your hands! You celebrated it. To celebrate Holi means to become *holy*, to become pure. As is the Father, so are the children. If, for instance, a sanskar that is not burnt *emerges* again, would you like it? You have the thought that you definitely do have to burn it with intense effort. You do not just have to kill it. In some cases, you have just killed that sanskar, and that which is killed sometimes takes a new life. However, if you burn it, it will never emerge again.

So, today, are you going to burn them or is it fine just to kill them? Do you have the power to burn them? Do you have this power? Can you have this thought? Some say that they have heart-to-heart conversations with BapDada. They have very sweet heart-to-heart conversations. They say: Baba, I tried a lot, but they emerge again. I don't want them to, but they emerge again. Do you know what the reason is for this? You burn them, and BapDada sees this. You make a lot of effort, but, along with that effort, you also need to have determined thoughts. Determination is the key to success. Whatever determined thought you have, "determined" means that it does not come back again. Then, you know, you say very sweet things. Do you know what you say when they come again? All of you have this heart-to-heart conversation, do you not? You have a very sweet heart-to-heart conversation. You say: "I don't want it to come, but it comes." So, this means that you don't have that much power or determination. Become one who has determined thoughts: "I have to do this." Then *check* daily that determined thought and see what the reason is for your weakness in that determination, and

continue to pay special *attention* to that *circumstance*, so that it does not emerge again. Sit on the *seat* of a *master* almighty authority and have the thought to finish that sanskar and then finish it! Some children say that they sometimes experience a particular power not coming at the time they want it. They do have the powers, but sometimes, when they want to make a particular power emerge at a certain time, it doesn't come. You are *master* almighty authorities. What is your *title*? *Master* almighty authorities. However, what do you say? That that power does not appear at that time. What is the reason for that? You are not seated on the *seat* of a *master* almighty authority, one with all powers. Even now, when you go to your office, you have to obey those who issue orders with that *authority*, do you not? Would you obey someone else who might give you those orders? Your *seat* is that of a *master* almighty authority. When you are not seated on that seat, then, even if you invoke a power, it would not come at that time. For this, BapDada has repeatedly told you to keep your mind *busy*. Throughout the day, make one power *emerge* and then sometimes make another power *emerge* and see what its strength is. If you continue to experience this and remain seated on your seat, the powers will then be constantly present in front of you. They are your powers, are they not? So, did you celebrate Holi? You always continue to celebrate Holi. You always colour yourself with the colour of the Father's company. You are coloured with that colour, are you not? Achcha.

Today, BapDada is giving each of you children this self-respect: Each child has to become a special soul with this determined thought. You have a thought and it happens: this is known as a determined thought. Some of you say that you had a determined thought. However, determination means success. If you do not have success, it cannot be said to be determination. So, now, may you have determination! Take this special self-respect into your awareness every day at amrit vela and continue to move forward in this way. The time of the confluence age is very lovely. A *second* is not just a *second*, but one *second* has the attainment of a year. This is why BapDada continues to say that not a single *second* should go to waste. Not a single thought should go to waste. Become powerful and make others powerful. Is this all right?

To you *holiest* children everywhere who say "My Baba, my Baba" at every step and are flying, to those who are moving forward with their intense efforts and continue to make others move forward, to the jewels of light merged in BapDada's heart, Baba is giving lots, lots, lots and lots of love from His heart. Along with this, Baba is also giving congratulations for Holi, because you are the ones who are holy, in fact no one else becomes *double* holy. Only you become *double holy;* therefore, multimillion times congratulations, congratulations.

Blessing: May you become an embodiment of renunciation whose intellect has faith and make BapDada surrender Himself to you.

"Having found the Father, I found everything". When those who have this intoxication renounce everything, when such children whose intellects have faith experience joy, peace, power and happiness from the Father, they do not worry about people's opinions, but constantly continue to move forward at every step. They experience everything of the world to be tasteless and without any essence (strength). BapDada surrenders Himself with all His wealth to such children, who are embodiments of renunciation and whose intellects have faith. Just as you children have the thought, "Baba, I am Yours", so Baba also says, "Whatever belongs to the Father is yours."

Slogan: An easy yogi is one who spreads *vibrations* of the Father's love with his every thought and action.

***** Om Shanti *****

Avyakt signal: Experience the complete and perfect stage, the same as Father Brahma. All of you Brahmin souls took an oath at the time that you took birth to become complete and perfect, the same as

Father Brahma. Just as you use the word “*ever-ready*”, in the same way, now also be *ever-ready* in being complete and perfect. Let there not be any carelessness in this.
