

Become an angel and experience

BapDada's canopy of protection and His love.

Today, the One who makes the world sparkle like a real *diamond*, the One who makes matter sparkle like a *diamond*, the One who, out of all the souls of the entire world, makes His *direct* children become like *diamonds*, and the Father who establishes the new world, as well as seeing the New Year and the new age, is seeing His children who are to become *diamonds*. So many *diamonds* are sparkling in their corporeal forms in front of BapDada, and Baba is also seeing in every corner of the world sparkling *diamonds* in all directions. Each soul, the *diamond* sparkling in the centre of each one's forehead, looks so beautiful. The souls, the sparkling *diamonds* in front of Baba, and the scene of all the *diamonds* in all directions sparkling all together is such a lovely scene. So, what is this a gathering of? It is of *diamonds*, is it not? Even though you may be numberwise, you are still sparkling. A gathering of sparkling *diamonds* is in front of the Father. What are all of you seeing? You are seeing *diamonds*, are you not? Or, are you seeing the bodies? For 63 births you have been seeing the bodies, but can you now see the sparkling *diamond* within each body? Or, is it hidden? Therefore, you can sometimes see it and sometimes it is hidden.

This is the *Diamond Jubilee*; so what happens in a *jubilee*? What do you decorate in a *jubilee*? Nowadays, there is mostly the decoration of colourful *lights*. All of you also decorate the trees with *lights* everywhere, don't you? Those people would celebrate a *jubilee* for one day or celebrate *Christmas* or some other festival, but what are you celebrating? Do you call it a *Diamond Day* or a *Diamond Year*? (*Diamond Year*.) Are you sure you are celebrating the *Diamond Year*? If it is everyone's determined thought to celebrate the *Diamond Year*, then, may there be a gulab jamun (sweet ball in syrup) in your mouth! So, to celebrate means to become. Therefore, would you become a *diamond* throughout the year or would there sometimes be a flaw? Seeing the children's zeal and enthusiasm, BapDada is giving *double* multimillion-fold congratulations. Today, it is a *double* celebration: one is for the New Year and the other is for the *Diamond Jubilee*. It is a gathering for both of these. So, in the *Diamond Year*, BapDada wishes to see this speciality: that whoever anyone sees is seen as a sparkling *diamond*: not a dusty *diamond*, but a sparkling *diamond*. So, have you become such *diamonds* for the whole year? Because, each of you has to have the thought today that you will become a *diamond* and see others as diamonds. Even if the other soul is like charcoal, even if that soul is completely impure, what would you see? Would you see coal or a *diamond*? You will see *diamonds*. Achcha. As soon as your vision falls on that soul, that soul's darkness would decrease. This is the service you have to do in the *Diamond Jubilee*, is it not? However many you come into contact and relationship with, from amrit vela until night time, you have to be a *diamond* and see others as *diamonds*. Have you made this firm? Or, is it because you have to celebrate the *Diamond Jubilee*, that you will have two or three *functions* at every place and think that that's the *Diamond Jubilee* done? Have *functions*, give invitations, awaken others. You have to do all of those anyway and you are doing so, but you must not just have *functions*. In this *Diamond Jubilee*, every day's *function* is to become a *diamond*, to see others as *diamonds* and to make them into *diamonds*. So, will you have a *function* every day or a *function* every two or four days or every week?

This year, BapDada's special hope or elevated shrimat for all the children is that you must not become anything except a *diamond*. No matter what happens, you must not allow there to be a flaw in the *diamond*. If you are influenced by any obstacle or by anyone's nature, that would then be a flaw. There have to be obstacles. Should obstacles come or not? Since you have the *title* of being destroyers of obstacles, only when the obstacles come will you be able to destroy them. If a victorious person says that an enemy should not

come, but he is victorious anyway, would anyone believe him? No. So, although the obstacles will come, whether from the elements, from other souls or from the many situations, you are such *powerful diamonds* that you cannot be influenced by any flaws. Is this possible?

Therefore, the *Diamond Jubilee* Year is a great year. Just as a special month is celebrated, so this *Diamond Jubilee* Year is also a great year. This year, BapDada wishes to see everyone as walking, moving angels. Many say that souls are points and, because they are so tiny, they are only able to see the bodies. A point is so tiny! BapDada agrees that the point may slip away, but the angelic form is still a physical form of a body, not the form of a point. An angel means a form of *light*. So, perform every action while stable in the angelic form. It isn't that you are not able to perform actions in your angelic form. Are you able to do that or do you need to have a corporeal form? You have had love for physical bodies for many births. So, even though you wish to forget them, you are not able to do so. So the Father says: OK, since you have the habit of seeing bodies, it doesn't matter; now simply look at the bodies of *light*. Since you need a body, an angel is also a bodily form, and all of you say that you have a lot of love for Shiv Baba and Brahma Baba. So, love means to become equal. So, just as Brahma Baba is an angelic form, in the same way, stabilise yourself in your angelic form, the same as Father Brahma, when you perform actions. Since you are celebrating the *Diamond Jubilee* – 60 years of establishment have been completed – and although Father Shiva is of course instrumental for establishment, Brahma Baba became the instrument. You don't call yourselves Shiva Kumars or Shiva Kumaris. You call yourselves Brahma Kumars and Brahma Kumaris. So, you are celebrating the *jubilee* of the task of establishment by Brahma Baba. Therefore, what would you give to the person whose *jubilee* you are celebrating? (A gift.) Will all of you give *gifts*? Or, will you bring a rose and say that this *gift* is sufficient? Someone would bring an elephant, someone would bring a horse, but those *gifts* are just for entertainment. This entertainment is also good. Everyone is happy to see them. Today a horse is dancing, today a person is dancing; everyone is happy to see the toys. You may bring them, but what *gift* would you give to Father Brahma that he would like? Whenever you give a *gift* to someone, you first see what that person likes. You first find out if that person would like it or not. So, what does Father Brahma love? What *gift* does he like? The *gift* that the father would like is the walking, moving angelic form. So become like an angel. No type of obstacle would influence you in your angelic form. Your thoughts, attitude and vision will all become *double light*. So, are you ready to give this *gift*? (Ha ji.) Just be careful, because all of this is being recorded. It is good that you will become angels to bring about the *golden* world. So, just as you diamonds are sparkling, in the same way, your angelic form will also sparkle. Continue to practise this very well.

As soon as you wake up at amrit vela, become aware of this: Who am I? I am an angel. You have the thought that you are an angel and you wish to become that. However, when you see your own *result*, or when you write to Baba, the *majority* of you say that you weren't able to do it to the extent that you wished to do it. You were able to achieve it by 50 *per cent* or 60 *per cent*. So, will you have such a *percentage* in the *Diamond Jubilee* Year too, or will you achieve it *fully*? What will it be? *Double foreigners* speak! Will there be a *percentage*? Say yes or no! Should you be allowed a little freedom? Shaktis, would you have a *percentage*? You are not saying 'yes' with enthusiasm. You are replying after thinking about it. *Double foreigners* and people of Bharat, if you *pass fully*, not to a *percentage*, then do you know what Brahma Baba would do? He would pat you on the back and say, "Well done!" What else would he do? Every day at amrit vela, he would enfold you in his arms. You would feel that you are swinging in supersensuous joy in Brahma Baba's arms. You would receive a big hug from him. Brahma Baba has a lot of love for you children, and so, at amrit vela, you would receive a hug from him; and what would you receive throughout the day? It is shown in a picture of Shri Krishna that a storm came and there was a flood, so a snake became a canopy of protection. They have shown a physical aspect about Shri Krishna, but, in fact, it is a spiritual aspect. So, if any situation

arises or any obstacle comes in front of those who become angels, then the Father Himself would become your canopy of protection. Just try it and see. BapDada is not just saying this for the sake of it. Achcha.

The children who are celebrating their *Diamond Jubilee*, raise your hands! BapDada is now speaking to those who are celebrating their *Diamond Jubilee*. You did yoga and tapasya for 14 years, and how many obstacles came in that? However, did anything happen to you in that? So, BapDada became your canopy of protection, did He not? So many big things came in front of you. The whole world, the heads, the rulers, the gurus, etc. all became *anti*, whereas you Brahma Kumaris remained so firm that you also experienced a *beggary life* in a *practical* way. At the time of tapasya, you also witnessed different obstacles. There were guns as well as swords. Everything came in front of you, but there was always the canopy of protection. Was there any damage? The people of the world left everything behind and ran away during the upheaval. When there was the *partition* of Bharat, what happened then? Everyone ran away and your *tennis court* was filled with so many things that it became full. How could they leave the things they loved? They had a lot of love for those things. At that time, the Sindhi community was *anti* towards you and they insulted you, but they also gave you their belongings. Whatever beautiful things they had, they begged you to *use* their things. For the people of the world, it was upheaval, whereas the Brahma Kumaris would obtain a whole bullock-cart of vegetables for five rupees. All of those vegetables for just five rupees! You used to eat those vegetables with so much pleasure. So the people of the world were afraid and you were dancing. You saw *practically* how both Brahma Baba and Dada, carried out the task of establishment as your canopy of protection with so much *safety*. Therefore, since they had this experience, can you also not experience this? You first! To whatever extent you want, you can have a *practical* experience of Brahma Baba's love and the canopy of protection in this year of the *Diamond Jubilee*. This year has this blessing and easy attainment. You will not have to make a lot of effort. You get tired of making effort. When someone gets tired of making effort, BapDada also notices that one's face and has a lot of compassion for that one. So, what will you now do? What will you become? Angels! To move and walk in your angelic form is to become a *diamond*. What is a sign of a most expensive, invaluable, flawless *diamond*? When you place it in front of a *light*, it would sparkle brightly and rays would emanate from it. Rays of many colours would be visible from it. So, when you become *real diamonds*, when you become angels, the eight powers will be visible from your angelic forms. Just as those rays of colours are visible, in the same way, you have to become *diamonds*, that is, forms of angels. So, as you walk and move, others will experience the rays of the eight powers. Some will have a *feeling* of the power of tolerance from you, others will have the *feeling* of a power of decision making. Some will have one *feeling*, others will have another *feeling* of power. The more you practise this - for instance, the New Year begins tomorrow and the *Diamond Jubilee* also begins tomorrow. So, from tomorrow, that is, in the month of January, if you practise the angelic form in the first month, your practise will increase further in the second month and further still in the third month. The more you practise this, the more others will have this feeling from you. Do you understand? So this is your *gift* to Father Brahma. Will all of you give this gift or will only some of you give it?

Achcha, those of you from Madhuban will also give this *gift*, will you not? Those from Madhuban are clever at saying "Ha ji". (They are listening to the murli in Gyan Sarovar too.) Those from Gyan Sarovar will become angels, and all of those sitting in the cabins who are *translating* and providing *light* and sound – everyone has to become a *double light* angel. You do not find it difficult, do you? You have had love for bodies for 63 births, so will it not be difficult? For those who have determined faith, the victory from determined faith cannot be prevented. Even if the five elements or however many souls oppose you – they will oppose you – but because you have firm faith, you will be able to face their opposition with the power to accommodate. This has been the wonder of Father Brahma and the special children from the beginning in the

60 years of establishment. You never had any fluctuation in your faith. Brahma Baba's words were always: Victory is guaranteed.

So, today, Father Brahma especially gave a lot of love and congratulations to all the children. No matter how many of you there are, whether you are 400,000 or 1.4 million, Brahma Baba's arms are so large that all of you 1.4 million (14 lakhs) can be enfolded merge in his arms at the same time. This is why, on the path of devotion, they show a variety-form image of God in which everyone is merged. So, all of you are enfolded in Brahma Baba's arms. No matter what happens, what does a little child do when someone tells him something or when something happens to him? He goes and hides in his mother's or father's arms. It is like that, is it not? So, you should also do the same. You are still children, are you not? Or, have you grown up? In front of the Father, someone who is 100 years old is also still a little child. So, no matter what happens to you, just go and merge in Brahma Baba's arms, that's all. This is easy, is it not? Achcha.

To all the real, sparkling *diamonds* in all directions, to those who make themselves into real *diamonds* and make others into real *diamonds* with faith and determination thought, to the elevated souls who stabilise themselves in their *double-light* angelic forms, the same as BapDada, to the conquerors of Maya and so the conquerors of the fortune of the world who remain *busy* in having remembrance of the Father and doing service, to such confluence-aged *diamonds*, love, remembrance and namaste from BapDada.

Blessing: May you constantly be in a place of *safety* by being seated on BapDada's heart throne and remain fearless and carefree.

BapDada's heart throne is the most elevated place. Those who are constantly seated on BapDada's heart throne remain constantly *safe*. Maya cannot come to them. Such souls seated on the heart throne are fearless and carefree. This is fixed and firm. So, just be seated on the heart throne. Maintain the intoxication: I am now seated on BapDada's heart throne and will be seated on the throne of the kingdom for many births. When you have this spiritual intoxication, no waves of sorrow can come to you.

Slogan: When there is no type of burden on your intellect, you will then be called *double-light* angels.

***** Om Shanti *****

All the murlis of this month (God's elevated versions) were spoken by the Incorporeal Supreme Soul, Shiva, through the lotus mouth of Brahma in front of His Brahmin children, the Brahma Kumars and Kumaris, before the 18th January 1969. These are especially for authorised teachers to read to the regular BK students.
