02/11/26 Morning Murli Om Shanti BapDada Madhuban

Essence: Sweet children, you have come here to make your fortune of the kingdom. The more you stay in remembrance and pay attention to this study, the more elevated your fortune will continue to become.

Question: By following which shrimat at the confluence age do you make your fortune elevated for 21 births?

Answer: At the confluence age, the Father's shrimat is: Sweet children, become viceless. Make full effort to become soul conscious. If you never perform any sinful actions your fortune will become elevated for 21 births.

Song: I have come having awakened my fortune...

Om shanti. You sweetest, spiritual children, heard the song. Those who understood the meaning of these two *lines* should raise their hands. Who said, "I have come having my fortune awakened?" A soul. The soul of each of you says: "I have come with my fortune awakened", but which fortune? The fortune of going to the new world. The new world is heaven, whereas the old world is hell. All souls say this. A soul definitely needs a body, for only then can he speak. You soul in living beings say: I have come to *school* to make my fortune. Who is teaching you? Shiv Baba, the Ocean of Knowledge. It is only the one Father who makes human beings into deities, impure beings into pure beings and residents of hell into residents of heaven. This hell has to be set on fire. There is no other *school* in the world where children would say that they have come to the unlimited Father, nor is there anyone else who says: I am the Father, the *Teacher* and the Guru. Even this Brahma cannot say this. Only Shiv Baba says: I am the Father, the *Teacher* and the Guru of everyone. He sits here and teaches you. So, you children should now make your fortune. You children say: We have come to make our fortune for the kingdom of the new world. We know that this old world is to be destroyed. The Father comes and establishes the new world. You are studying to claim your fortune of the kingdom for 21 births, that is, you have come here to make your fortune for the kingdom. You are studying Raja Yoga here. Although this song was composed by film-makers, its meaning is now being explained to you again, just as the Father sits here and explains to you the essence of all the Vedas and scriptures. At this time, there is devotion throughout the whole world. In the golden age, there is no devotion or temples, etc. You performed devotion for half the cycle and have now found God. At first, there was the kingdom of those deities in Bharat. Then, while taking 84 births, their fortune became spoilt. Your fortune is now being made once again. The Father has come to make your fortune. He says: "Children, remember Me." You have become very sinful souls. At first, there is devotion of Shiv Baba alone. It is unadulterated devotion, but then devotion becomes adulterated. Therefore, you children should first of all have the faith that the One who is called God is teaching us. He doesn't have a body of His own, but He sits in this body and speaks just as you souls begin to speak when you enter your bodies. Sometimes, a person dies, but then, half way to the cremation ground he starts to move. Is it that the soul went away and then came back? No, the soul is very subtle and was hiding somewhere. It would be said that the person became *unconscious* and that no one was aware of that. It sometimes happens like that. Sometimes, someone even wakes up on the pyre and so he is lifted off the pyre. So, what was that? The soul was hiding somewhere and then came back to its own place. When a body has no soul in it, it is a total corpse. The land of souls is the supreme abode. You know that we were residents of that home. First of all, we souls came down from our home to the golden age. The people of Bharat, who were deities, must have come down first. In fact, those who establish a religion remain until the end. The Buddhist religion exists all the time and the *Christian* religion also exists all the time (after they have been established). It is only those of the deity dharma, those who used to rule the kingdom, whose name has disappeared. There isn't anyone who says that they belong to the deity dharma. The Father explains that

the people of Bharat have forgotten their dharma. Our household religion was pure. It was a completely viceless kingdom of emperors and empresses. They are called Goddess Lakshmi and God Narayan. In fact, there is only the one God and He alone is called the Ocean of Knowledge. Lakshmi and Narayan have none of this knowledge at all. Only Shiv Baba is the Ocean of Knowledge. He sits here and gives this knowledge to you children. You are now studying, but you will have forgotten this study when you go there. Now, each of you souls understand that you have a record of 84 *parts recorded* in you. You souls are now receiving this *knowledge*. You will then go and rule your kingdom in the golden age. You say that you have been around the cycle of 84 births and are now claiming the sovereignty of heaven from Baba. Each of you claims your inheritance from the Grandfather, but it is according to your own efforts. It is not a question of being given a share. On the path of ignorance, it is shared. The unlimited Father says: I am establishing Paradise. To claim a high status depends on the efforts you make. The more you remember the Father, the more your sins will be absolved and the purer you will become. Gold is put in a furnace for the alloy to be removed from it and it then becomes guineas (gold coin). This soul was also real gold and came here to play his *part*. First of all, the soul is *golden aged* and then the alloy of silver is mixed in. As a soul becomes a little *impure*, his power gradually decreases. A building too is at first new, and it then gradually continues to become old. After a hundred years, you would say that it is old. The world also becomes old and new. It was new 5000 years ago. Where did the deities who existed in that kingdom go? Having taken 84 births, they have now become old. The soul has become dirty and so the body has also become dirty. He became ugly from beautiful. Shri Krishna is portrayed as the ugly and beautiful one. He is shown with his feet towards hell and face towards heaven. You too belong to that clan. Your feet are also towards hell and your face is towards heaven. You will first go to the land beyond sound and then to heaven. The iron age will be set on fire. There will be torrential rainfall, fires and *earthquakes,* etc. Impure souls will settle all their karmic accounts and return home and only a few will be left. Pure souls will continue to come. Now, all are thorns. To use the sword of lust is to prick someone. Here, the Father says: You have to become completely viceless. The Father says: Remember Me and I will give you the inheritance of heaven and you will become pure. When you were pure, your household activity was pure. Now that you have become impure, the household activity is also impure and full of vices. In the golden age, your business activities are honest. There is no need to tell lies there. You only tell lies when there is greed to earn a lot of money. There, you have plenty of wealth. Grain, etc. doesn't cost anything. There, no one is poor. Those who make effort well will become emperors and receive palaces studded with diamonds and jewels. Those who don't make full effort will become subjects. There are the king, the queen, the *princes* and *princesses* and the whole dynasty. Then, there will be numberwise subjects, the wealthy and the poor. There, everyone will be pure. There will be the king, the queen and one advisor. There are not many advisors there; the king has the power to rule the kingdom. Therefore, you children should explain in the same way as the Father is explaining to you: We people of Bharat were deities. It used to be our kingdom in the golden age. When we were residents of heaven, we were pure in our household activity. Then, while gradually becoming impure, we became residents of hell and we are now once again becoming residents of heaven. This play is predestined. It takes one birth to become residents of heaven and 84 births to become residents of hell. This is shown very *clearly* in the picture of the ladder. It has now entered your intellects that you will go and rule in heaven. You are now claiming the inheritance from the Father. Only the Father tells you the truth and changes you from ordinary humans into Narayan. Those people who listen to the story of the true Narayan don't really change from ordinary humans into Narayan. Therefore, the story is false. You are sitting here to change from ordinary humans into Narayan. They do not ask you to become pure and to remember the One alone constantly. They relate the story of the true Narayan on the day of the full moon. Now, when the moon is full, it is said to be sixteen celestial degrees full. At the end, there is just a very thin crescent of the moon left, and they call this "Amavas" the night of total darkness. The golden and silver ages are called the day and the copper and iron ages are called the night. All of these *points* have to be understood. Shiv Baba sits here and teaches you. He

is the Father, the *Teacher* and the Guru. He enters this one and teaches you souls. The Father says: Just as this one's soul is sitting in the middle of the forehead, so I too come and sit here. I sit and explain to you. At first, you were pure but you have now become impure. Now remember Me, the Father. No one can go back home without becoming pure. When you become pure, you will fly. Everyone calls out: "O Purifier, come! Come and purify us so that we can fly back to our home in the land of liberation; it is the home of us souls." Impure ones cannot go back home. Those who imbibe these teachings very well will go to heaven very quickly. Otherwise, they will come later. One should go into a new house, because there is more enjoyment in a new house. You should first come down in the golden age. Mama and Baba go to heaven, and so why should you go any later? You can also *follow* Brahma. Continue to remember the Father. If there is any difficulty about anything, you can ask Shiv Baba. Only by following shrimat will you become elevated. In the old world, you have continued to follow the directions of Ravan, the five vices. The number one vice is body consciousness. You children now have to become soul conscious. I, a soul, am a resident of the supreme abode, which is also called the land of peace. No one else can explain such things. Only the Father explains and you souls are listening to Him through your *organs*. No one's body becomes spoilt in the golden age. Here, there is untimely death while just sitting somewhere. Such things do not exist in the golden age. It is called *heaven*, Swarg, *Paradise*. We go around the cycle taking rebirth and have now completed our 84 births. Then, the Father comes and makes you children worthy of heaven. You have now become worthy of the new world. This is now hell. You have now come here to make your fortune of changing from residents of hell into residents of heaven. You say that you have come to Shiv Baba to make your fortune. You make your fortune every cycle: every 5000 years, we become residents of heaven. Then, as soon as it becomes the kingdom of Ravan, we become full of vices. All are now impure and full of vices and it is now that the Father comes and establishes the new world. There will just be you children in the new world. All the rest will go to the land of peace. Up above is the tree of souls. They will then go down at their own time. When it is our kingdom, no one of any other religion will be there. Then, in the copper age, the kingdom of Ravan will start. Imbibe all these things very well. Here, you have to change from residents of hell into residents of heaven. The human beings who are residents of hell are called devils and the human beings who are residents of heaven are called deities. Now, everyone has a devilish nature. The Father now sits here and helps you to make effort. He says: Become pure! Continue to ask Baba in every situation. Some ask Baba: "Baba, I have to lie in my business; will I accumulate sin by telling lies?" If they continue to remember the Father, their sins will be cut away. In today's world, everyone continues to commit sin. They take so many bribes. The pictures at the exhibitions are *maps*. Such *maps* do not exist anywhere else. Even if someone were to *copy* them when he sees them, he wouldn't understand the meaning of them. Many people come to the exhibitions and fairs. It is said: Come and understand this knowledge for seven days and you will become worthy of becoming residents of heaven. You are now residents of hell. This is so *clear* in the picture of the ladder. This is the impure world and the pure world is just above. You children now *promise* Shiv Baba: Baba, I will definitely become a resident of heaven from a resident of hell. You are now making preparations to go to the Temple of Shiva. This is why you must never indulge in vice. Many storms of Maya will come, but you mustn't allow yourself to be stripped (to become impure). If you become impure, you would make a great mistake and you would then have to experience great punishment from Dharamraj. Achcha.

To you sweetest, beloved, long-lost and now-found children, love, remembrance and *good morning* from the Mother, the Father, BapDada. The spiritual Father says namaste to you spiritual children.

Essence for dharna:

1. In order to change from a human being into a deity, renounce your devilish nature and the habit of telling lies. Imbibe a divine nature.

2. In order to return home you must definitely become pure. Even when storms of Maya come, never perform any sinful actions with your physical organs.

Blessing: May you become constantly victorious by having the stage of having all rights and thereby making the Father your Companion.

The easy way to make the Father your Companion is to have the stage of having all rights. When you remain stable in the stage of having all rights, your intellect will not fluctuate over wasteful or impure thoughts or in the sweetness of many other things. By concentrating your intellect, you will develop the powers to face, to discern and to decide. These will easily make you victorious over the many types of attacks from Maya.

Slogan: A Raja Yogi is one who practises going from the essence to the expansion and from the expansion to the essence in a *second*.

***** Om Shanti *****

Avyakt signal: Experience the complete and perfect stage, the same as Father Brahma.

In order to become complete, Father Brahma used all his treasures in a worthwhile way from the beginning to the last day, and you saw that the practical result of that was that he became a perfect angel. So, have the aim of definitely becoming complete and perfect, the same as the Father. No matter what effort you have to make, it is fixed that you definitely do have to become the same as the Father.
