Morning Murli Om Shanti

BapDada

Madhuban

Essence: Sweet, beloved children, the Father has come to create the new world of heaven for you. Therefore, do not attach your hearts to this hell, but continue to forget it.

Question: In which form does the merciful Father have mercy for you children?

Answer: The Father says: In the form of the Father, I become as sweet as *saccharine* and give you children much more love than any human being could ever give you. I make you into the masters of a world of pure love. In the form of the *Teacher*, I give you such an education that you become queens of Paradise. This study is for becoming deities from human beings. The jewels of this knowledge make you into the masters of the world.

Song: Who is the Mother and who is the Father?

Om shanti. The meaning of “Om shanti” has been explained to you children. The meaning of “Om” is: *I am* a soul. I, the soul, am a child of the incorporeal Supreme Soul. The *father* of a body is the one who gave it a birth. He is called the *father* who gives birth to a body, whereas Shiv Baba is the Father of souls. He is constantly the Father. Millions and billions of souls reside in the incorporeal world where they are constantly viceless. Impure souls cannot reside in the supreme abode. First of all, you have to make the aspect of your being souls firm and that your Father is the Supreme Soul. In the relationship of souls, all are brothers. The father of this body is called its physical father. The Father of this soul is called the Father from beyond. He is the one Father of everyone. People call out: “O God the *Father*! O Purifier! Merciful One!” It is souls that call out to the Father. Souls together with their bodies are unhappy. Then, in the golden age, souls experience happiness in their bodies, which is why that is called the land of happiness, heaven. This is hell. It is sung that everyone remembers God at times of sorrow.... They remember the Purifier. They understand that the Father, the Purifier, resides up above in the supreme abode. The Ganges cannot be the Purifier. The Ganges can be seen with your physical eyes. It is not possible to see the incorporeal Father or a soul. The Supreme Father, the Supreme Soul, who is the Bestower of Life and also the Bestower of Divine vision, is called *God*, the *Father*, the *Creator*. Achcha, so where did the *Mother* come from? How could the Father create the world without the *Mother*? The *Mother* is definitely needed. *God*, the *Father*, the Creator of the human world, is the Father of all. Since there is the *Father*, there must also be the *Mother*. The Father comes and explains: I am the incorporeal One. It is only when I come and get married that I can have children. However, I am not going to get married. Children have to be created without My getting married; therefore, I *adopt* you children. For instance, when a man wants an heir to leave his property to, but doesn’t have a wife, he would *adopt* someone; he himself becomes the mother and the father. Therefore, the unlimited Father says: I too am your *Father*. How I create children is a matter to be understood. The Father Himself comes and explains: I need a body. Therefore, I take the support of this one. You say that you are the children of God. Everyone is a child of God, but it is at this time that God appears personally in front of you children. He comes and adopts you. You understand that you have become Baba’s children. The Father is the Creator of heaven. He teaches you Raj Yoga in order to make you into the masters of heaven. He Himself sits here and explains: I am incorporeal *God*, the *Father*. How does the incorporeal One become the Creator of the human world? He *adopts* you children and He sits and explains to you: I am Shiva, the incorporeal One. You souls are also incorporeal. You go into the *jail* of wombs, whereas I do not go into the *jail* of a womb. For half a cycle, each womb is like a palace for you, and for the other half, it is like a *jail*, because for half a cycle Maya, Ravan makes you commit sin. Maya doesn’t exist in the golden age to make you impure and unhappy. I give you your inheritance of heaven for 21 births. The new world is called heaven. When a house grows old, you leave it and go to a new one. This world is also old. That is the new world, the *golden age*, the pure world. Therefore, the Father says: Beloved children, I am establishing heaven for you, and so why do you attach

your hearts to this hell? Now, forget this hell. Remember Me, your Father, and heaven; continue to forget the old world. This is unlimited renunciation. Remove all your attachment from everything you see, including your old bodies. Just think that you have given everything to God. Your bodies, wealth, property and children are all to be destroyed. This is the same great Mahabharat War, through which the *gates* to liberation and liberation-in-life will be opened. It is called Haridwar (Gateway to God). Shri Krishna is called Hari (Remover of Sorrow) and his gateway leads to Paradise. The Father comes and opens the *gates* to Paradise. No one impure can go there. This is why He purifies the impure and He *liberates* everyone from sorrow. No one else can *liberate* you. Only the Father is the Remover of Sorrow and the Bestower of Happiness. He says: I teach you Raj Yoga. I have come to give you constant happiness. I have brought Paradise on the palm of My hand for you. You become deities from human beings by studying Raj Yoga. The intellect also says that this is a matter to be understood. Consider this world to be old and that it has to become new again. Only the one Father is the Almighty Authority who uses His power to make you into the masters of heaven. People want to have one kingdom, one *Almighty Authority* kingdom. That was there in the golden and silver ages, when there was the unshakeable, undivided, peaceful and happy kingdom of deities. There were no obstacles then. It was called an undivided kingdom. There was no other religion through which you could become unhappy. Just look, at present, although all the *Christians* belong to the one religion, there is a lot of conflict amongst them because this is the kingdom of Maya. Maya doesn't exist in the golden age. Now, they call out: O *God, the Father*, have mercy on us! The Father says: I have mercy on everyone. I liberate all of you children from sin, that is, I *liberate* you from this impure world. I take all of you souls back to the incorporeal world, but your bodies will be burnt here. *Natural calamities* have been remembered. You can see signs of them. There will definitely be *famine*. Now, the Father says: Remove your attachment from this dirty world. The unlimited Father is the *Saccharine*. He says: No one can love you as much as I love you. I am now making you into the masters of the pure world. You are now studying for a kingdom. Your *aim and objective* is in your intellects. No one new can understand anything until someone sits and explains to him. He has to sit over a period of one week and understand that he has to become a deity from a human being. This is why the Father is called the Magician. Use the jewels of this knowledge to make human beings into deities. He is also called the Jeweller, the Businessman and the Traveller. He comes and makes you into the emperors and empresses of heaven. He is such a beautiful Traveller. You were of no use. I now teach you and make you into the queens of Paradise. You understand that you are studying in order to become part of the sun and moon dynasties. The Supreme Soul is teaching you. What are you studying here? You would say: We are studying to become deities from human beings, because this world of human beings with devilish traits is to be destroyed. People even sing that they are virtueless, that they have no virtues. Therefore, the merciful Father sits here and teaches you. People of all religions will accept the one incorporeal Father as God. Although human beings say: "*God, the Father*", they don't know who He is or where He comes. You now know that He comes into this old impure world, because He establishes a pure world. He makes this old world new. There is nothing but happiness in a new world. Baba says: I have to come every cycle in order to establish a new world. The intellect understands that, after the night, there is the day. There is the iron age in the cycle. After the iron age, the golden age will definitely come. You children are called spinners of the discus of self-realisation. The soul understands how he takes 84 births. No human being can grant salvation to another human being. It is I who come and explain to you. I enable you to become pure and gain victory over the world with the power of yoga. The Father is the Almighty Authority. You receive the unlimited inheritance from the Father. The earth, sky and sea etc. will all belong to you. Just look, here, they put boundaries in the sky and the water. They say that you mustn't enter their waters. There, you rule over the whole world. Just imagine what heaven will be like! You cannot forget heaven. When someone dies, they say that he has gone to heaven, but where is heaven? This must surely be hell. This is *hell* itself. All human beings are impure and unhappy. This is the kingdom of Ravan. They continue to burn his effigy but he doesn't die. They make an effigy of Ravan 100 feet tall; they continue to increase its size. Day by day, they

continue to make him taller, but they don't understand anything. These things have to be understood. Just see, while this murli is being conducted, it is also being recorded on a *tape* for the gopikas because they cannot live without murlis. Therefore, this arrangement has been made. Without a murli, they become desperate, because this murli is such that it makes your lives as valuable as diamonds. Baba teaches you here and then this murli goes to London and America etc. Children become very happy while listening to it. It has been sung that the gopikas weren't able to live without the murli (flute of Krishna). Only *God*, the *Father*, speaks this *knowledge* to you. One main aspect has to be explained: That One is our unlimited Father from whom we receive our inheritance of heaven. The soul says: My Father is the Supreme Soul and He is teaching us souls. No one else can say, "I, the Supreme Soul, am teaching you souls", or "I, the Supreme Soul, am *knowledge-full*". Everything has been explained to you children very clearly, but not everyone's intellect is the same. Some have satopradhan intellects, some sato intellects, some rajo intellects and some tamo intellects, and so what can the *Teacher* do? The *Teacher* would say that you didn't pay full *attention* to your studies. *God*, the *Father*, is *knowledge-full*. Just as a *teacher* is *knowledge-full* and teaches *students* and makes them similar to himself, in the same way, it is only *God*, the *Father*, who has the *knowledge* of this world cycle. No one else has it. Only the Father teaches you this *knowledge* and makes you *knowledge-full*. The Father, the Highest on High is *knowledge-full*. His name is the highest and His abode is the highest. Brahma, Vishnu and Shankar are residents of the subtle region. Then, human beings are in the *third grade*. There are still *grades* amongst human beings. The *grades* of human beings in the *golden age* remain high. You go to the *golden age*; the *iron age* will be destroyed. When it is the *golden age*, the *silver age* doesn't exist, and when it is the *copper age*, the *iron age* doesn't exist. All of these things have to be kept in your intellects, and this is why these pictures have been made. There are very few human beings in the golden age, whereas there are countless human beings in the iron age. Children ask: Baba, when will destruction take place? Destruction will take place when this play comes to an end and everyone will then return home. Baba is the *Guide* to liberation and liberation-in-life. He resides in the supreme abode. You also reside there, but you come here to play your *parts*. The Father says: Children, you have to gain victory over Maya. There is no question of violence in this. There is no violence in the golden age. Only totally viceless deities exist there. Achcha.

To the sweetest, beloved, long-lost and now-found children, love, remembrance and *good morning* from the Mother, the Father, BapDada. The spiritual Father says namaste to the spiritual children.

Essence for dharna:

1. Make your intellect have unlimited renunciation. Remove your attachment from all the old things you can see with your physical eyes, including your body, and remember the Father and heaven.
2. Imbibe this study very well and make your intellect satopradhan. Each murli is for you to study, and so you have to pay a lot of attention to the murli.

Blessing: May your mind remain healthy by experiencing entertainment in your efforts with new types of awareness of your fortune.

In Brahmin life, because of this being your *last* birth, no matter how weak or ill you are physically, your mind stays healthy. It flies with zeal and enthusiasm. The sign of a *powerful* mind is that it can reach wherever it wants to go in a *second*. For this, continue to praise your fortune and keep flying. From amrit vela onwards, bring into your awareness new types of fortune. Sometimes, keep one form of attainment in front of you and, at other times, another form of attainment. There will then be entertainment in your efforts. You will not get *bored* but will experience newness.

Slogan: Perform every action after thinking about it and you will continue to have success.

***** Om Shanti *****
