Morning Murli Om Shanti

BapDada

Madhuban

Essence: Sweet children, forget whatever you have studied up to now and remember the one Father.

Question: What power is required to establish the golden-aged self-sovereignty of Bharat?

Answer: The power of purity. You have yoga with the Almighty Authority Father and become pure. It is with the power of purity that the golden-aged self-sovereignty is established. There is no question of war for this. It is the powers of knowledge and yoga that make you into the masters of that pure world. One direction is established with this power.

Song: At last the day for which we had been waiting has come.

Om shanti. You children heard the song. This song was not composed by us. Just as the essence of all the Vedas and scriptures is explained to you, so the essence of these songs that have been composed is also explained to you. You children know that the Boatman, the Master of the Garden and the Bestower of Salvation is the one Father alone. People perform devotion in order to receive liberation-in-life, but only God is the Bestower of Liberation-in-Life or Salvation. Only you children understand the meaning of this; other people don't understand it. Salvation means that He liberates you from sorrow and enables you to receive peace. You children, who are residents of Bharat, know that when it was the kingdom of Lakshmi and Narayan, there was purity, happiness and peace. You wouldn't say that it was the kingdom of Radhe and Krishna. In fact, you mothers are the equals of Radhe. They should love Radhe more, but, in fact, they love Krishna a lot more; they rock him in a cradle. They even celebrate the birthday of Krishna. They don't celebrate the birthday of Radhe. In fact, they should celebrate the birthday of both of them. They don't understand anything. No one knows their life stories. The Father comes and tells you His own life story and the life story of everyone else. People say: Salutations to the Supreme Soul, Shiva. However, they don't know His life story. The life stories of human beings are called *history* and *geography*. The *history* and *geography* of the world is remembered. They used to rule over such a large area, they ruled over so much land. No one knows how they ruled or where they then went. This is explained to you children very well. The *knowledge* of the Creator and creation is explained to you children. You children know that it really is now the end of the iron age and the beginning of the golden age. The Supreme Father, the Supreme Soul, only comes at this confluence age and changes impure human beings into pure deities. He makes them into the most elevated beings of all. Human beings at this time are not elevated, they are the lowest. There are the elevated, mediocre and lowest levels of people; there are the sato, rajo and tamo stages. Those who listen to this knowledge very well are said to be satoguni. Those who listen to only a little are called rajoguni and those who don't listen to it at all are called tamoguni. It is the same in a study. You children need this satopradhan study. This is why you are given this knowledge to become like the satopradhan Lakshmi and Narayan. You have to change from an ordinary man into Narayan and an ordinary woman into Lakshmi. You say of the Gita that this is the true Gita. You can write that this is the true Gita Pathshala, where you hear the story of becoming the true Narayan, the true story of immortality, the true story of the third eye. There is all of this knowledge in all the pictures you have. You children now promise that you Prajapita Brahma Kumars and Kumaris will definitely make Bharat into satopradhan heaven. You have to inform to everyone. Gandhiji also wanted a pure kingdom and so this must definitely be an impure kingdom. None of them can understand that they themselves are impure. Ravan means the five vices. They say that they want the kingdom of Rama. Therefore, they must definitely be of a devilish community. However, this doesn't sit in anyone's intellect. So many big gurus, etc. do not understand this. You children inform them that you will establish the deity kingdom exactly as you did 5000 years ago by following the shrimat given through Brahma. This is the most auspicious confluence age, when the most degraded beings are now becoming satopradhan, the most elevated beings. The original, eternal deity dharma is that of the highest code of conduct. Just the one deity

dharma is being established. Then, there won't be any other religions. You children can prove and explain to them that there was one dharma and one kingdom in the golden age. Although you change from the sun dynasty into the moon dynasty of the silver age, there will only be one language. Now, there are innumerable languages in Bharat. You children know that there was one language in their kingdom. Nowadays, you see many things. When you come close to your homeland after a long journey, you feel very happy that you have come home and that you will now go and meet everyone. You will continue to have visions of your kingdom. You will also have visions of the efforts you made. You will be able to see why Baba tells you so much to make effort. Otherwise, you will cry out in distress and your status will be reduced. Continue to explain the pilgrimage of yoga to everyone. It is very easy to explain. The picture of the ladder is so easy to explain. Those who come later receive this knowledge easily day by day. By listening for only one week, they will easily be able to understand it. The pictures have been created with *accurate* explanations. The picture of the cycle of 84 births is absolutely accurate; it is for the people of Bharat. You children have all of this knowledge in your intellects. You children know that you are once again making Bharat into heaven with your own bodies, minds and wealth and with the power of easy Raja Yoga by following the directions of the Purifier, Shiv Baba, the Bestower of Salvation. We don't use anything of anyone else. We serve with our own bodies, minds and wealth. Whatever each one does, he is creating his future. You are members of one family. Baba is establishing that golden-aged self-sovereignty through you. You are the ones who will provide for the expenses. You don't have a lot of expenses. You just have to remember Shiv Baba. What expenses do kumaris have? Do they have anything? What *fees* would Baba take from you children? None at all. In *schools*, they first ask for the *fees*. They have to spend so much for their studies. How could Shiv Baba ask you children for any money? Shiv Baba does not have to build a home for Himself that He would take any money. You children have to go to heaven in the future and build palaces studded with diamonds. This is why you receive palaces in the future in *return* for everything you do here. These matters have to be understood. Whatever you receive there depends on how much you serve here with your bodies, minds and wealth. When someone builds a *college* or *hospital*, he has to use one to two million. Here, you don't have to spend that much. You can build a spiritual *college-cum-hospital* in a small building. Who was the Lord of the Pandavas? They have written Shri Krishna's name. In fact, it was incorporeal God. God is the one who gives you shrmat. Everyone else is following the dictates of Ravan in the kingdom of Ravan. They have become so *dirty* by following the dictates of Ravan. This world is old and it will now become new again. There was just Bharat in the world. Bharat is said to be old and new. New Bharat was heaven and now that it is old, it is hell; it is called the extreme depths of hell. This refers to human beings. Here, there is no trace of happiness. This is not real happiness. Sannyasis also say that the happiness of this time is like the droppings of a crow. This is why they renounce their households and families. They cannot establish heaven or the golden age. Only the Supreme Soul establishes the land of Shri Krishna. Both the soul and body of Shri Krishna were satopradhan. It was because he was pure that people have a lot of love for Shri Krishna. It is said that a small child is like a brahm gyani. Small children are not aware of the vices. Sannyasis are aware of those things. Babies are great souls at birth. Babies are said to be pure flowers. The *number one* flower is Shri Krishna. He is the first *prince* of heaven, the new world. As soon as he takes birth, he is called the *first prince*. Everyone remembers Shri Krishna and wants to have a child like Shri Krishna. The Father says: Become what you want! There isn't just one Shri Krishna. How many become the *Prince of Wales*? There was the first, the *second*, the *third*, etc. There is a *dynasty* here too. After the father, the second one would sit on the throne. Just as there are other dynasties, so there is this dynasty too. You have a *connection* with *Christians*. Shri Krishna and *Christian* sound similar and there is a lot of exchange between them. They took so much wealth from Bharat. They are now returning that. They are doing *return service*. The Europeans will fight among themselves and completely destroy themselves. There is the story of two cats fighting and the monkey taking the butter from between them. That matter refers to this time. They will fight among themselves and you will receive the kingdom. You children now have a lot of this knowledge. It is in the intellects of you children

that you are all Brahma Kumars and Kumaris. It isn't that you are Gujaratis or Bengalis. There shouldn't be any of that discrimination. All of you are the children of the one Father. We are once again establishing our sovereignty by following the directions of Shiv Baba who gives them through Brahma Baba. We are doing this with the powers of this knowledge and yoga. We become pure with the power of yoga. The Father is the Almighty Authority and we receive power from Him. You claim the kingdom of the world. There is no battling, etc. in this. Everything is a matter of the power of purity. They say: "Come and make us impure ones pure." All of this comes with the power of remembrance. It shouldn't be that you go outside and become busy doing mundane business and forget everything. Here, you continue to listen to the waves of the Ocean of Knowledge personally in front of you. There are no waves in rivers. Even one wave of an ocean can cause so much damage. When *earthquakes* come, even oceans overflow. People have reclaimed land by draining the sea from it and then selling it at a high price. You know that Bombay will not remain. Previously, there was no Bombay; it was just a small village. Mothers are very innocent; they aren't educated that much. Here, you have to forget everything you have studied. It is better when you haven't studied anything. When you explain to someone who is educated, he asks so many questions. Here, you just have to remember the one Father. There is no question of remembering bodily beings. There is praise of just the one unlimited Father. You know that God is the Highest on High. Then, Brahma is the *second number*. There is no one higher than Him. There is no greater personality than Him but look how He interacts in an ordinary way. For example, He sits here with you children in such an ordinary way. When this one travels by *train*, no one knows who he is. God comes and gives you this knowledge. He would definitely enter someone to give this knowledge. If it were Shri Krishna who did this, there would be such a crowd that he wouldn't be able to teach. People would just have a darshan (glimpse) of him. Here, the Father Himself educates you children in an ordinary, incognito way. You are an *incognito* army. You souls know that you are once again establishing your own kingdom with the power of yoga. You will shed your old bodies and adopt new, beautiful bodies. It is now the devil's community and there will then be the deity community. The soul says: I will adopt a divine body in that new world and rule that kingdom. The soul is *male* and the body is made of the elements. Souls are always *male*, but a *male* or *female* body is made accordingly to karmic accounts. However, I am an imperishable soul. This cycle continues to turn. There will definitely be destruction of the iron age. You can see the signs of destruction in front of you. There will be the same Mahabharat War and, so there would definitely be God too. No one, apart from you children, knows in what form and in whose body He entered. He says: I enter a very ordinary body. I do not enter the body of Shri Krishna who takes the full 84 births. I come at the end of the last of this one's many births. Only those who belong to the sun dynasty take 84 births. They are the ones who claim the first *number*. You have all this knowledge of both the corporeal tree and the incorporeal tree. Souls come down, numberwise, from the incorporeal world. Souls of the deity religion come first, and then all other souls come down, numberwise. The explanations in the pictures are very elevated. You children are told that kumaris have to become very alert. It would be a great wonder if you daughters explained such things. You would glorify the name so much; you would glorify both the worldly and the spiritual fathers' names.

To you sweetest, beloved, long-lost and now-found children, love, remembrance and *good morning* from the Mother, the Father, BapDada. The spiritual Father says namaste to you spiritual children.

Essence for dharna:

1. Perform elevated actions at the confluence age and become the most elevated beings. Don't perform any such action that it would make you a degraded being.
2. Become a helper of the Father in an incognito way and serve Bharat to make it into heaven. Make Bharat into heaven with your own body, mind and wealth. Accumulate the powers of remembrance and purity.

Blessing: May you finish all types of dependency with your complete and perfect *stage* and become a conqueror of matter.

When you remain stable in your complete and perfect *stage*, you will experience victory, that is, you will have a right over matter. There cannot be any type of dependency in the complete and perfect *stage*. However, in order for you to make your *stage* complete and perfect, there have to be three things at the same time: 1) spirituality, 2) spiritual intoxication, 3) the virtue of being merciful. When these three things are visible in your form, in your stage, on your face and in your actions, you would then be said to be a soul who has all rights and is a conqueror of matter.

Slogan: When the reins of *shrimat* are held firmly, then the horse, the mind, cannot run free.

***** Om Shanti *****

Avyakt Signal: Finish the seed of impurity and become completely clean (pure).

If you have any impurity in your attitude, awareness or thoughts, you cannot remain stable in your Brahmin stage. Therefore, you have to remain cautious at every step. You may have specialities, but if you have even one weakness, that one weakness would then finish your many specialities.
