

08/10/26 Morning Murli Om Shanti BapDada Madhuban

- Essence:** Sweet children, you now have to go beyond sound. So there is therefore no need to say "Shiva, Shiva" with your mouth.
- Question:** Why is only the one Father, and no one else, called the Almighty Authority, the Ocean of Knowledge?
- Answer:** Because it is by remembering the one Father that souls become pure from impure. It is the Father alone who makes impure ones pure. No bodily beings can make human beings pure. The Father liberates you from the kingdom of Ravan. You receive power from Shiv Baba. The more you remember Him, the more power you will receive and the more the alloy will continue to be removed.
- Song:** Salutations to Shiva.

Om shanti. You sweetest, long-lost and now-found children heard the praise of devotion. You too used to sing praise, but you no longer do so. There is also no need for you to be praised. You children cannot do that which devotees do. You were devotees but you have now found God. Not everyone can meet Him at the same time. How would the Father teach everyone at the same time? That would not be possible. Not all devotees can come together at the same time. Yes, the Father definitely has to come to teach you because this is Raja Yoga. The sun and moon dynasty kingdoms have to be established. You children have to explain at exhibitions. It is when you have these festivals that you can do *service*. You have to establish a kingdom for yourself. You are Shiv Shaktis, the Maharathi Army. You don't learn any other *drill* etc. You only learn spiritual *drill*. This *drill* of Bharat is very well known. This is the *drill* of yoga. Souls have to have yoga with the Supreme Father, the Supreme Soul, and claim their inheritance from Him. There is no question of a war in this. You are claiming your inheritance from the Father and there is no *connection* with war. You are heirs of the unlimited Father. Therefore, you must belong to the Father and follow His *shrimat*. The Father's directions are not for fighting. The Father simply says: Sweetest children, you were satopradhan. You used to rule the kingdom and you have now remembered that. The Father says: You don't know your own births. It is remembered that human beings take 84 births. To speak of 8.4 million births is a lie. People on the path of devotion continue to study whatever comes in front of them. According to the *drama*, that is the paraphernalia of the path of devotion. There is no devotion in the golden and silver ages. Devotion is different from this knowledge. Apart from you children, no one, not even the rishis and munis, has this knowledge in his intellect. They don't know that happiness is different from sorrow. The Father gives happiness and Ravan causes sorrow. You, who belonged to the sun and moon dynasties, went around the cycle of 84 births and became part of the shudra dynasty. The Father reminds you that you were the masters of the world. You experienced 84 births as you came down; your intellects became degraded and tamopradhan. Those who are satopradhan are said to have clean and elevated intellects. Those who are tamopradhan are said to have degraded intellects. Those who have degraded intellects salute those who have elevated intellects. You also did not know that you used to be elevated and that you have now become degraded. Baba has explained: The one who took the *number* one birth will become satopradhan again. Only those who belong to the sun dynasty will take 84 births. You now understand that when you were the masters of the world, you were pure and satopradhan. Those who remain impure cannot become the masters of the world. Look how elevated their praise is: Complete with all celestial degrees. You wouldn't say that those of the silver age are complete with all celestial degrees. Only those who belong to the sun dynasty are said to be 16 celestial degrees full. You cannot use the word "full" for those who are only 14 celestial degrees. You can only write the word "full" for those who are 16 celestial degrees. You children are now becoming 16 celestial degrees full. It has been explained to you children that this knowledge is extremely easy. There isn't anything

easier than this. Baba is merciful. Baba knows that you children must have become tired from stumbling along the path of devotion. This is why it is shown that God massaged the feet of Draupadi. Many old mothers also come to Baba. Baba says: You have become tired from stumbling along the path of devotion and this is why Baba is now removing all your tiredness. On the path of devotion, they chant the name of Rama and turn the beads of a rosary. Baba has also had contact with Christian priests. Priests sit and explain the Bible and so many become *Christians*. Here, there is no question of turning the beads of a rosary. The Father says: Consider yourselves to be souls and remember Baba. There is no need to say, "Shiva, Shiva", with your mouth. We are going beyond sound. Baba shows you a very easy method: Remember Me and the alloy will be removed. While living at home, you also have to become pure. The lotus flower is very well known. Although it has a very big family, it remains very loving and detached. You too should remain loving and detached while living in the ocean of poison. This is the ocean of poison; it cannot be called a river. You children are now becoming so sensible. It is with this understanding that you become princes. You should have a lot of happiness. Make effort! The souls of both sons and daughters have to make effort. In worldly relationships, it is only sons, not daughters, who receive their father's inheritance. Here, all souls receive the inheritance. The Father explains: You can claim a high status through the pilgrimage of remembrance. At the exhibitions, first of all, give the Father's introduction and then explain the Father's inheritance. First of all, instil the faith in them that He is your unlimited Father. Explain to them: God is only One. Neither Brahma, nor Vishnu, nor Shankar is God; they are deities. The Purifier, the incorporeal Father, is God. His praise is different. Nowadays, at the exhibitions, you also have to explain the Trimurti. That One is the Father and this one is Dada. The inheritance is received from that One. That One is incorporeal and so how do you receive your inheritance from Him? He is the Creator of all. Brahma, Vishnu and Shankar are also the creation. The creation can only receive the inheritance from the Creator. The incorporeal Father gives you the inheritance through this one. The Creator of all is One. This is why it is remembered that the Bestower of Salvation for All is One. He is called the Ocean of Knowledge. All the rest are *authorities* of the scriptures. That One, the Ocean of Knowledge, is Himself the *Authority*. The *World Almighty Authority*, Himself, says: I know the Vedas and scriptures and explain the essence of them to you. All of those are the paraphernalia of the path of devotion. They don't exist in the golden and silver ages. It was by doing devotion that you had to descend the ladder. Only the one Father is remembered as the Almighty Authority. It is by having yoga with Him that we become pure. Therefore, He is the Almighty Authority, is He not? He makes all of us pure from impure. He liberates us from the kingdom of Ravan. You are now taking power from Shiv Baba. The more you remember Him, the more power you will receive and the more the alloy will be removed too. Day and night, you should just be concerned about how to become pure from impure and satopradhan from tamopradhan. Storms of Maya will come. Baba says: You should be aware of her. Your war is with Maya. Many useless, sinful thoughts will come. Thoughts that you never had before this knowledge will also come. You are now on a battlefield. All the effort is in the pilgrimage of remembrance. The yoga of Bharat is very well known. It is for yoga that Baba says: Consider yourselves to be souls and remember the Father. No human being can explain in this way. They say that everything is a form of God, "Wherever I look, I only see God!" The Father explains: You are a soul and you take 84 births. If all are God, then does God enter into the cycle of birth and death? A soul sheds a body and takes another. Souls have good and bad sanskars. Praise is sung of those who have good sanskars. Those who have bad sanskars are said to be sinful and degraded. Baba shows you a very easy way to become pure. Never cause anyone sorrow with your thoughts, words or actions. Don't cause yourself sorrow either. Don't perform any sinful actions or steal anything. If you sometimes have to tell a lie, then take advice from the Father. The greatest sin is to use the sword of lust. Don't use it. The Father says: Children, while doing everything with your hands, connect your intellects in yoga with Me. Baba is also the *Surgeon*. Neither does everyone have the same illness nor can their actions be the same. Therefore, you should ask at every step. The destination is very high. When people go on a pilgrimage to Amarnath (Lord of Immortality), they say: Victory to the Lord of Immortality, Victory to the Lord of

Badrinath. O Badrinath, protect me! You don't now have to go on any pilgrimages etc. Only the Father explains the things of this knowledge. He alone has this *part*. You too are actors with Baba. The more you study, the higher the status you will receive. It is not a matter of anyone's greatness. The greatness is of the One who grants salvation to all human beings. He makes all of you children pure from impure. I too have received a *part* in the *drama*. The five elements have also received their own *parts* that they have to play: the earth has to overturn and destruction has to take place. You too have *parts* in the *drama*. What is the greatness in that? You have become impure while ruling your kingdom. What were you previously? *Worth not a penny*. You are now becoming the masters of the world. This is in your *parts*. You have to become that again. There is no question of greatness or praise in this. This *drama* is predestined. Baba too comes and plays His own *part*. Devotees sing about the greatness and praise, but we cannot do that. Here, we have to remember the Father. "Baba, the secret of this *drama* is very *wonderful*. No one knows about this. Baba, we will forget all of this in the golden age. The *drama* is so unique!" Talk to yourself in this way. When actors play their *parts* well, they are applauded very loudly. We too say: Sweet Baba, Shiv Baba, has a very good *part*. We too play very good *parts* with Baba. Baba explains everything so clearly. Nevertheless, some are unable to understand and so we understand that they're not going to come into our kingdom. We also know that those who became Brahmins previously will become Brahmins and then become deities. Amongst you deities, there will also be subjects etc. Everyone has received his own eternal *part*. There is just the one world which continues all the time. *God is One, creation is one*. The same cycle continues to turn. People explore to see what is on the *moon* and what is beyond that. Beyond that is the subtle region. What would they be able to see there? Nothing but *light*. They try so hard for all of that. *Science* has limitations. There is also a lot of *pomp* of Maya. Here, *science* causes sorrow as well as happiness. There, *aeroplanes* will never crash. There won't be anything to do with sorrow there. Here, there is nothing but sorrow. Thieves come and loot everything; fire burns everything. There, they have very grand buildings. Each king would have as much land as the whole of Abu. You have come here to become residents of heaven. Remember Baba and the alloy will be removed. All of you are lovers. The Beloved now tells you: Remember Me alone and you will become the masters of the land of immortality. Untimely death doesn't take place there. The golden age is an elevated world whereas this is a degraded world. So many *BKs* are claiming their inheritance from the Father. You too can claim your inheritance. If you don't follow *shrimat*, you won't be able to claim a high status. Baba comes to create heaven every 5000 years. There are so many human beings in the iron age, whereas there are very few in the golden age. Destruction will definitely take place. This is why the Mahabharat War is just ahead of you. Achcha.

To you sweetest, beloved, long-lost and now-found children, love, remembrance and *good morning* from the Mother, the Father, BapDada. The spiritual Father says namaste to you spiritual children.

Essence for dharna:

1. Never cause anyone sorrow with your thoughts, words or deeds. Remove all bad sanskars and imbibe good sanskars now. Make sure that you don't perform any sinful actions.
2. While seeing your elevated fortune in this unique *drama*, tell yourself that you are an actor with God and that your *part* is very good.

Blessing:

May you become full of all powers and experience equality as a *return* of your love.

The children who remain constantly merged in love for the Father receive the blessing of becoming equal to the Father as a *response* to their love. Those who are constantly loving and accurate in yoga automatically become full of all powers. When you have all the powers with you, victory is guaranteed. Those who are aware that the Almighty Authority Father is their Companion cannot be disturbed by any situation.

Slogan: Those who remain content and happy in their effort-making lives have the fortune of happiness.

***** Om Shanti *****

Avyakt Signal: Embrace the spirit of uplifting others and uplift those who have defamed you.

At this time, a group of those who uplift others, those who are bestowers who give to others, is needed. Just as kings who are full always give to their subjects; the hands of kings who are full are never hands that take, but hands that give, so you children are those who play the parts of bestower, as emperors in heaven, and so let that sanskar be filled in you from now.
