Morning Murli Om Shanti

BapDada

Madhuban

Essence: Sweet children, although the Father is called Janijananhar, the One who knows everything about everyone, each of you definitely has to give your news to Him. When you give your news, you will be cautioned.

Question: Since the unlimited world has to be made into heaven, what is the duty of *sensible* children?

Answer: Each of you has to give your news accurately to the Father. If you give the Father your news accurately, He will give you guidance about the particular evil spirit you have in you and why *disservice* is being done. Now reform your behaviour! Renounce your desires of body consciousness. The unlimited world has to be made into heaven and, therefore, the vision the Father has for you all is that you have to give knowledge to everyone. He is especially concerned about the poor.

Song: The heart says thanks to the One who has given it support.

Om shanti. Good, effort-making children, whose intellects have faith understand that that praise is of the Supreme Father, the Supreme Soul, to whom people pray. Praise is sung of those who have existed in the past because of the tasks they performed. They know the praise of some and they don't know the praise of others. You children know the praise of everyone. Baba is called Janijananhar, but you children don't fully understand the meaning of Janijananhar. Many children think, "The Father must know what is inside our hearts anyway. What should we write to Him about?" However, that is *wrong*. The Father is only One. Would He *read* the thoughts of so many children? The Father comes here as the *Teacher* and teaches you. He understands how each of you studies. He understands whether your intellects have faith or not. It isn't that He has these thoughts while sitting there in the supreme region. To believe this is the children's mistake. Some write: Baba, what news can we give? You know everything anyway. But, no! You have to give the news of your activities and how you study to the One who teaches you *through* Brahma. You have to ask through the *Post Office*. Don't think that He knows everything, that we cannot remain hidden from Baba; no. That is called blind faith. Give your news to Baba through Brahma. There are many types of children. Each one of you has to give your news. This is why Baba asks every *centre* to send the yearly *register* of everyone together with their *occupations*. If Baba already knew this, why would He ask? Whatever that One has to know, this one also has to know. He comes *through* this one, does He not? A *trunk call* is made *through* someone. If the *operator* wants to, she can listen in, but she is forbidden to do so. She can listen in if she wants to. The operator receives the sound very clearly. So, here, too, each one of you has to give your news. No one in between knows anything, and so *BK* teachers are appointed to give your news. It is the duty of the special children who are strong in knowledge to give the full news. Each one of you has to give the news of your factory. The *sensible* children write their news and then Baba gives them guidance. Otherwise, their behaviour cannot be reformed. Some don't imbibe virtues fully because they have a lot of body consciousness. Some have many desires of body consciousness. *Sensible* children would quickly give their news: These are the reasons why there is *disservice*. Baba would caution you: That is an evil spirit; remove it, otherwise your status will be destroyed. Baba is the One who makes the unlimited world into heaven. He has the same vision for everyone, that this one should be uplifted. He pays special attention to the poor. Donations are always made to the poor. It is the poor who have become instruments. A kingdom is being established. There are many subjects. When there was the *British Government*, then, in places like Baroda and Gwalior etc. they had one king, one queen, an adviser and subjects. Some had two million subjects and others had three million; they were numberwise. So, all the kings were called to the court. The courts were held, numberwise. The *line* of emperors was separate from that of kings. There are many with different numberwise *titles* such as Rai Saheb, Rai Bahadur. It is like that here. The Father is the Highest on High and

everyone has to have *regard* for Him. Only the Father comes and makes Bharat into *heaven* cycle after cycle. The people of Bharat begin to insult the Father. Everyone definitely has to fall from the satopradhan stage through to the sato, rajo and tamo stages. So, God is the Highest on High, and then there are those who stay in connection with Him, the residents of the subtle region, Brahma, Vishnu and Shankar. You have to know about the tree. The Father is said to be *knowledge-full* of this tree. No one else has *knowledge*. The Father is the Highest on High, then there are Brahma, Vishnu and Shankar, and then there are Brahma, the Father of People, and the Mother of People. The mother and father are very well known. The World Mother Saraswati is the daughter of Brahma. She should just have one name. Some call her Amba, some call her Kali and others call her Saraswati; she has been given many names. This one is Brahma, the Father of People, and then there is also *B.K.* Saraswati. They have portrayed Saraswati with a sitar. She is the main one, the *goddess of knowledge*. Just as this one (Brahma) has been given the flute of knowledge, so she has been given a sitar. The first, main one is Saraswati, the World Mother, the *goddess of knowledge*. Which *knowledge* does she have? That of Raja Yoga. Who gave it to her? The Ocean of Knowledge. This Brahma and the children learnt it from the Father, the Ocean of Knowledge. Then, from being the goddess of knowledge, she becomes an empress. The same applies to you. Brahma and Saraswati are the god and goddess of knowledge. They attained the knowledge of easy Raja Yoga from God and attained their kingdom. The same applies to you. Lakshmi and Narayan would not be alone: a kingdom is being established. So many Brahmins are now studying. They will then become worthy-of-worship kings and queens. Then, when there are two degrees less, they become sato from satopradhan and then they go through the stages of rajo and tamo and, from being worthy of worship, they become worshippers. You were worthy of worship and you have become worshippers. You would not say this of God. How could He be a worshipper? We became worshippers by going into the stages of rajo and tamo. Baba has explained that there are in fact only four religious scriptures and the main one is the mother and father, the Shrimad Bhagawad Gita. All the rest, those of the Islamic and Buddhist religions, are its children. The Gita is the highest on high and then there is the scripture of those of Islam. Those are the main scriptures of the establishment of religions. First is the deity religion and its scripture is the Gita. The *Sermoniser* of this is the Supreme Father, the Supreme Soul. He is the Ocean of Knowledge, and so He must definitely be placed the highest. All the rest are part of the genealogical tree. The main part of the genealogical tree is that of the deities. Then, there are the genealogical trees of those of Islam and the Buddhists. The Highest on High is the one Father. In a *religious conference*, there first of all has to be the highest on high. That religion has disappeared and it is now being established once again. It is the Supreme Father, the Supreme Soul, who establishes it. He is incorporeal. He is establishing it through Brahma. It is remembered that the Supreme Father, the Supreme Soul, created Brahmins through Brahma. It would not be said that Krishna created Brahmins through Brahma. The Supreme Father, the Supreme Soul, created Brahmins through Brahma and then those Brahmins became part of the sun and moon dynasties. So the sun and moon dynasties are being established. You are the genealogical tree of the deity religion. You know that, after you, the *second* genealogical tree is of those of Islam, then it will be that of the Buddhists. There will be growth in this way. All of this has to be imbibed by your intellects. They write scriptures of those who existed in the *past*. The *drama* is being *shot* (recorded) of whatever happens now. It will then *repeat* after a cycle. The *actions* of the whole world are being *shot* and these *acts* of yours will then be *enacted* after 5000 years. These are matters to be very clearly understood. The Highest on High is Shiv Baba and then there are the World Mother and Brahma, the Father of People, and his children. There are the three brothers, but the eldest brother which is the deity religion, isn't there; he has disappeared. It is definitely when that religion no longer remains that it is established once again so all the others can end. When the deity religion exists, the other brothers are not there; they come later. Only the one Father is the Creator and there is just one creation. The Father says: I have come once again to teach you Raja Yoga. You know this Mahabharat War is here for destruction. You children know the *drama* very well. All of these are matters of the study. There is nothing here such as gold etc. that thieves

would come and *loot*. This is a school. A school has books and maps. This too is a school and this is a map. There is no question of fear. What would thieves do? You don't have anything anyway. However, it is remembered: Some people's wealth remained buried underground... The Father is explaining to you. No matter how wealthy, how much of a *millionaire* or billionaire someone may be, all of that wealth is to turn to dust. Yours is a true income. You are the greatest *multimillionaires*. You will take this income with you. You know that you are *transferring* everything to heaven. You say to Baba: Baba, give this to us in heaven. Give us diamonds in return for shells, together with interest. These matters have to be understood and you also have to follow *shrimat*. You have to look after your households, but you also have to follow *shrimat*. People spend a lot of money; they take loans and go on pilgrimages. All of it is the paraphernalia of the path of devotion. All of this is eternal. There have to be things to make you fall as well. Everyone has to go into the *tamopradhan* stage, for it is only then that I come and explain to you how much you have defamed Me and how degraded you have become. You will continue with the same activity as you have done cycle after cycle. There is knowledge and devotion. When there is total degradation, the Father has to come to grant everyone salvation. While you have been chanting etc., the degrees continued to decrease. When you have become totally impure, then, after the night, comes the day. This whole *drama* should remain in your intellects. People who don't take this knowledge simply see everything here and sing its praise. As soon as they go outside, everything is finished. So many exhibitions have been held, and not a single person has emerged whose intellect has faith. Although they come here to understand, not a single one intellect has faith. Maya doesn't allow them to have full faith. The *gopikas* who are in bondage sit at home and write: Baba, I belong to You. I now know You. I belong to You alone. I may die but I will never marry but, because of being in bondage, I cannot come. When she has a little taste of this, look how she becomes free and comes away from that! With others, even if you have been beating your head with them for 10 or 20 years (making effort on them), they don't understand. Here, Baba gives you the donation of life for 21 births. He enables you to conquer death. There is never untimely death there. So, you should follow Baba's *shrimat*. Make donations! Make the lives of others like diamonds. Although all of you have your own fortune, you definitely do have to study each *murlis*. You can receive *murlis* anywhere. One day, the *murlis* will be printed in many languages. Achcha.

To the sweetest, beloved, long-lost and now-found children, love, remembrance and *good morning* from the Mother, the Father, BapDada. The spiritual Father says *namaste* to the spiritual children.

Essence for dharna:

1. In order to make progress, give true news of how you study and of your behaviour to the Father. Make your life and the lives of others like diamonds.
2. Whilst looking after your household, follow *shrimat* completely. Become sensible and *transfer* everything you have to heaven.

Blessing: May you become free from all attractions and constantly experience *safety* under the Father's canopy of protection.

In the world, people take the support of an umbrella to protect themselves from the sun and rain. That is physical protection whereas this is the Father's canopy of protection. It keeps souls *safe* at all times. With this, nothing can attract you towards itself. You say "Baba" from your heart and you are *safe*. No matter what type of situation comes, those under the canopy of protection experience *safety* at all times. Maya cannot influence them even slightly.

Slogan: Become a master of yourself so that all dependency finishes.

***** Om Shanti *****
