

10/10/22 Morning Murli Om Shanti BapDada Madhuban

Essence: Sweet children, remain in the service of making this impure Bharat pure. Overcome all obstacles. Never become disheartened.

Question: While living at home with your families, which awareness is it necessary for you to have?

Answer: While living at home with your families stay aware that you are *Godly students*. *Students* always remember their studies and their *teachers*. They never *waste* their *time* making mistakes. They value time a great deal.

Question: What is the greatest ignorance that people have?

Answer: They call the One whom they worship, “The One who is beyond name and form”. This is the greatest ignorance. They call out to Him, they build temples to Him and worship Him. Therefore, how could He be beyond name and form? You have to give everyone God's true introduction.

Song: Do not forget the days of your childhood!

Om shanti. The unlimited Father has given you children teachings, that is, He has cautioned you: Since you belong to Rama, you must never forget this childhood, that is, this Godly childhood. Let it not be that you move away from your childhood with Rama and go towards childhood with Ravan. There would then have to be great repentance. It has also been explained that if you want to see the greatest fools, see them here – those who leave this study. So, you can understand what their condition would be. Maharathis here are like elephants and yet Maya, the alligator, eats them up. The Father personally sits here and tells you: Sweetest long-lost and now-found children, Maya is very powerful. Let it not be that you let go of the unlimited Father's hand. That One is the Supreme Father, the Father who lives beyond, the Purifier. Never let go of the hand of such a Father. Otherwise, you will have to cry a great deal. Many very good children, to whom Baba gave very big *titles*, also let go of Baba's hand. Baba gives more love to some children so that they don't fall. There is the song: Let it not be that Maya drags you away, because you would then have to repent a great deal. In fact, your war is a true one; you are conquering Maya. You are now to become pure from impure. You are making pure places from the impure. There are no pure places here. At this time the whole world is an impure place. Deities were pure. You are making impure Bharat pure. The exhibitions etc. that you hold are for making impure ones pure. You are now doing the true service of Bharat. Yes, you also have to remove obstacles. You mustn't have *heart failure* or become lazy in this. Under all circumstances, you must definitely do the *service* of making impure ones pure. This is your business. You have no connection with anything else. You have to see how many you make pure from impure. When this Bharat was heaven, it was the pure world. At this time, no one know about the impure and the pure. The new world is the pure place and when it becomes old, it is impure and tamopradhan. The spiritual Father personally sits here and explains to you spiritual children. It is now in your intellects that you truly are establishing the pure land. Bharat was the pure land and it has now become the impure land. A building is at first new and it then definitely becomes old. You don't have this understanding in the new world. You children have now received understanding. Although they speak of hundreds of thousands of years, it will eventually become old. The old name is of the iron age. Only you know about the new age and the old age. The new age is now coming. We are once again receiving this *knowledge* from the Father in order to become pure and attain self-sovereignty. Can *students* forget their studies or their *teachers*? You too are *students*. While living at home with your families, remember that you are studying. This study takes a lot of *time*. Some fall in between and some are defeated. Some say this and also put it in writing: Shiv Baba c/o Brahma. They write letters to the Father with a lot of love. I, the soul of this body, am writing a letter to the Supreme Father, the Supreme Soul. They call out: O Supreme Soul, protect me! Give me peace! No one, apart from the Father, can give

peace. Baba has to come. The Protector of the Devotees is also remembered: Give me liberation-in-life! Give me peace! Liberate me! I want to be liberated while alive. That only happens in the golden age. Here, there are lives of bondage. You understand these things very well. The Father Himself is explaining to you. No one else has the secrets of the *drama* in his intellect. No one knows the three aspects of time: the beginning, the middle and the end. You know everything, but you are ordinary and incognito. Those people go outside and learn physical *drill* etc. Your *drill* is spiritual. No one knows that you are *warriors* who are battling. They show the Mahabharat War, but how did that happen? They say that God started the Mahabharat War. Now, how could God be violent and start a war? God taught you how to battle to conquer Ravan. He explains that you were 16 celestial degrees full. You came bodiless from the incorporeal world and then adopted a costume here and first of all ruled in the golden age. Do you remember that? You say: Yes Baba. We have now remembered that we truly were the masters of the deity kingdom. We then lost it. We are now on a battlefield. We will definitely conquer Maya. When people climb onto the pyre of lust, their faces become ugly. The word ugly is very strong. They show Krishna and Narayan as dark blue, but there are no human beings like that. People are ugly or beautiful. Those who are *iron aged* are said to be ugly. A physical father would say: You have dirtied your face and defamed the name of the clan. The unlimited Father also says: You followed devilish dictates and defamed the deity clan and this is why you have become ugly. It takes half a cycle to become completely ugly and one *second* to become beautiful. You children have now remembered the beginning, the middle and the end of the *drama*. People of other religions do not remember it. You are the ones who forgot and you are the ones who now remember. You were the masters of the land of the deity kingdom. There were many kings here. That is why it is called Rajasthan, the land of kings. This is now the rule of people by people. You are now making effort to become emperors and empresses. It happened like that according to the *drama plan*. While you are going around the cycle, heaven becomes hell. You are now making effort to go from the impure land to the pure land and rule. Your study is *simple*: remember Alpha and beta. Baba says: Constantly remember Me alone and your sins will be absolved. Remember the kingdom and you will receive the kingdom. Those people say: Repeat, "I am a buffalo. I am a buffalo." However, that is not true. Your souls say that you will become Vishnu. How do you become that? He says: Remember Me and also remember the kingdom of the land of Vishnu. Because this is a family path, the name of Vishnu is mentioned. There, behind the throne of Lakshmi and Narayan, they also have the symbol of the image of Vishnu. They have made pictures like that. Baba has explained the significance to you. The custom and system there is like that. Then Lakshmi and Narayan go around the cycle and become Brahma and Saraswati, the World Father and World Mother. Brahma is called the *great-great-grandfather*. Shiva is called the *Father*. All souls are *brothers*. It is a human being who becomes the *great-great-grandfather*. Therefore, you now have to remove body consciousness and become soul conscious. The Supreme Soul, the Father, makes you soul conscious. Here, you have *double light*; you have *knowledge*. You become soul conscious and you also remember the Father because you have to claim your inheritance. The deities made effort in their previous birth and claimed their inheritance from the Father. They don't need to remember Him. The intellects of you children have to imbibe these new *points*. You continue to receive many methods. First of all, make it sit in your intellects which place is the highest of all: the land of nirvana. We souls are residents of the land of nirvana. The Supreme Father, the Supreme Soul, is the Highest on High. His place is the highest of all. His name is also the highest. His praise too is the highest on high. He came into Bharat and that is why His memorial has been created here. Where could someone who doesn't have a name or form come from so that people could worship him? Therefore, that is a mistake. To say that God is beyond name and form is ignorance. They celebrate the birthday of Shiva in Bharat. Bharat was in the ancient golden age, but it is no longer in that. Therefore, the Father must surely have established the golden age. So, who causes you sorrow? When does it begin? No one knows. The Father sits here and explains. I have now come once again to give you the unlimited inheritance for 21 generations. You have been making this effort every cycle. You claimed your inheritance of unlimited happiness from the unlimited Father. Since

this is the final birth, why should you not become pure and claim your full inheritance for the future? Devotees remember God and so that must surely be to claim the inheritance. God is the Purifier, the Bestower of Salvation. He is the One who changes you from ordinary humans into Narayan. No one else can make you that. In the golden age, it quickly becomes the kingdom of Lakshmi and Narayan, and so it would definitely be said that they made effort in their previous birth. Therefore, the Father is now inspiring you to make effort so that you can claim such a status in the future. He comes at the end of the impure world and makes you pure, does He not? That is a *viceless world*. The degrees then continue to decrease. It is now a *vicious world*. The Father says: Donate those five vices and become pure. Remember Me and also become pure. *Be holy, be Raja Yogi*. While living at home, remember Shiv Baba alone. If you remember anyone else, that is adulteration. On the path of devotion, while living at home, they sometimes remember one and sometimes another. So, that is adulterated remembrance, and they don't even stay pure. Therefore, the Father says: While living at home with your families, remember Me, the Father, alone. In this final birth, become as pure as a lotus flower for My sake and simply continue to remember Me alone. Become My helpers in this one birth. Those who help Me will receive the fruit. You are God's helpers. The Father Himself serves Bharat. The Father says: Children, you have to become worthy. You definitely need virtues. You have to become virtuous here. You will then become deities and rule for 21 births. Baba has explained that the picture of Krishna is very good. He is kicking hell away and holding heaven on his palm. This system is only in Bharat. When a person dies, they turn his head towards the town and his feet towards the cremation ground. Then, when they come close to the cremation ground, they turn him around so that the head is towards the cremation ground. Now, having died alive, you are ready to go back home. Therefore, your faces should be towards the new world. You have to go to the land of happiness *via* the land of peace. This is an unlimited matter. You are kicking the old world away and going to the new world and this is why you have to forget this land of sorrow. Remember the land of happiness and the land of peace. Although you are living in this land of sorrow, you have to remember the other lands. There has to be unadulterated yoga. Belong to the one Father and none other! You receive very good understanding very easily. Arjuna studied many scriptures and so he was told to forget all of those and also to forget the ones who were teaching him. The Father too says this. Forget everything you have heard until now! I am explaining to you the essence of all the scriptures. He is making us into the masters of the land of truth. Those people make you into masters of the land of falsehood. The Father says: Now *judge* whether I am *right* or whether your maternal uncle, paternal uncle and scholars of the scriptures are *right*. That war is a limited one whereas this is an unlimited war through which you claim the unlimited kingdom. The Father says: Give those vices in donation. If you don't make effort now, you will have to repent a great deal. Therefore, stop making mistakes! Occupy yourselves in doing *service*! Become benevolent! There is great sorrow in this iron age. Now, mountains of sorrow are yet to fall. Then, in the golden age, mountains of gold will come up. Achcha.

To the sweetest, beloved, long-lost and now-found children, love, remembrance and *good morning* from the Mother, the Father, BapDada. The spiritual Father says namaste to the spiritual children.

Essence for dharna:

1. Study the *simple* study of remembering Alpha and beta and also teach it to others. Stay in unadulterated remembrance. Remove this land of falsehood from your intellect.
2. Become God's helpers and do the service of making Bharat pure from impure. Become complete helpers of the Father.

Blessing: May you be an intense effort-maker and stay constantly *ever-ready* by considering every moment to be the final moment.

The children who are intense effort-makers consider every moment to be the final moment

and they stay *ever-ready*. They do not think that there is still some *time* before destruction takes place and that they will be ready by then. Instead of waiting for that final moment, think there is no guarantee of when your final moment will be. Therefore, be *ever-ready*. Let your stage constantly be beyond. Be detached from everything and loving to the Father, a conqueror of attachment. Be constantly free from attachment, free from sinful and waste thoughts. When there is no waste, you will be said to be *ever-ready*.

Slogan: In order to *pass with honours* in delicate times, increase your power to *adjust*.

***** Om Shanti *****
