

11/01/24 **Morning Murli Om Shanti** **BapDada** **Madhuban**

Essence: Sweet children, always maintain the intoxication that God is teaching you. This *student life* of yours is *the best*. You have the omens of Jupiter over you.

Question: Which children receive a lot of love from everyone?

Answer: Those who become instruments to benefit many. Those who benefit others would be told: You are my mother. So, check yourself to see to how many you bring benefit. To how many souls do you give the Father's *message*? The Father is the Messenger. You children also have to give the Father's message. Tell everyone that they have two fathers. Remember the unlimited Father and the inheritance.

Song: You are the Ocean of Love. We thirst for one drop!

Om shanti. The spiritual Father sits here and explains to you children every day: Children, sit here in soul consciousness. It should not be that your intellects continue to wander outside. You have to remember the one Father alone. He alone is the Ocean of Knowledge and the Ocean of Love. It is said: Even one drop of knowledge is enough. The Father says: Sweetest children, remember the spiritual Father and you will receive your inheritance. You will then go to the land of immortality, to Paradise. However, you now have to remove the burdens of sin that are on your heads. Everything is explained to you children systematically and logically. The one who was the highest of all is now doing tapasya down below at the end. Only the one Father teaches you the tapasya of Raja Yoga. Hatha yoga is completely different. That is limited and this is unlimited. That is the path of isolation and this is the family path. The Father says: You were the masters of the world. As were the king and queen, so were the subjects. There were the pure deities of the family path and they then went on to the path of sin. There are images of that too. They make such dirty images that you would be ashamed even to look at them. Their intellects are completely finished. The praise "You are the Ocean of Love" belongs to only the one Father. It cannot be a drop of love; it refers to this knowledge. You recognise the Father and come here to claim your inheritance. The Father only gives you knowledge for salvation. You listen to just a little and you receive salvation. From here, you children have to go to the new world. You know that you become the masters of Paradise. At this time there is the kingdom of Ravan over the whole world. The Father has come to give you the kingdom of the world. All of you were the masters of the world. There are pictures of that even now. However, it isn't a matter of hundreds of thousands of years; that is *wrong*. Only the Father is said to be constantly *righteous*. The whole world becomes *righteous* through the Father. It is now *unrighteous*. You children are now claiming your inheritance from the Father. However, it is also fixed in the *drama* that those who listened to this knowledge and became amazed by listening to it then related it to others, but they then also ran away. Oh Maya! You are so powerful that you turn them away from the Father. Why would she not be powerful, since she has ruled this kingdom for half a cycle? You now know what Ravan is. Here, too, some children are sensible and some are senseless. You know that you now have the omens of Jupiter over you. This is why you make effort to go to heaven. Those who are dying do not make effort to go to heaven. People simply say for the sake of saying it that so-and-so has gone to heaven. You know that you are truly making effort to go to heaven, that is, you are making effort to become the masters of heaven. No one else would say that they are going to heaven. They would say: What are you saying? Keep quiet! People tell you limited things whereas the Father tells you unlimited things. You children have to make a lot of effort. You should have a lot of intoxication. Whoever made effort in the previous cycle and whoever claimed a status will do so again. You have been made to conquer Maya many times. Then, you were also defeated by her. This *drama* is predestined. Therefore, you children should be very happy that you are to go to the land of immortality from the land of death. *Student life is the best*. At this time, your life is the *best life*. No human beings know this. God Himself comes and teaches you. This is

the best student life. It is souls that study, and then it is said: This one's name is so-and-so. It is a soul that is a *teacher*. It is souls that listen and imbibe. It is souls that listen but, because they have body consciousness, they don't understand. In the golden age, you would also understand that you, a soul, have received that body and that you have now reached old age. You would quickly have a vision that you now have to shed that old costume and take a new one. The example of the buzzing moth (brahmari) is also about the present time. You now know that you are Brahmin teachers (Brahmnis). According to the *drama*, you buzz this knowledge to whoever comes to you. Then, among them, too, some are weak and they decay. Sannyasis cannot give this example. They would not make others the same as themselves. You have an *aim* and *objective*. This is the story of the true Narayan, the story of immortality. All of those stories are yours. Only the one Father tells you the truth. All the rest are false. In the world, people relate the story of the true Narayan and then distribute prasad (holy food). There is such a vast difference between those limited things and these unlimited things. The Father is giving you *directions*. You *note* them down. However, all the books and scriptures etc. will be destroyed. None of the old things will remain. People think that 40,000 years of the iron age still remain and this is why they continue to build huge buildings and spend money. Will the ocean leave anything alone? It will swallow everything up with one tidal wave. Bombay didn't exist previously and it will not remain. Look at all the things that have emerged in the last 100 years. Earlier, the *Viceroy* used to travel in a four-horse carriage. Look what has happened in the last few years! Heaven is very small. Your palaces will be by the river banks. There are now the omens of Jupiter over you children. You children should have the happiness that you are becoming so wealthy. When someone goes bankrupt, there are said to be bad omens over him. You are now happy with the omens over you. God, the Father, is teaching you. Would God be teaching anyone? You children know that this *student life* of yours is *the best*. We are becoming Narayan from ordinary men; we are becoming the masters of the world. We came here and then became trapped in the kingdom of Ravan. We will now go to the land of happiness. You are Brahmins of the confluence age. Establishment takes place through Brahma. There wouldn't be just one; there would be many. You have become God's helpers. God is doing the service of establishing heaven and you help Him do that. Those who help Him the most will receive a higher status. No one can starve to death. Here, when the Government people investigated the beggars, they found that they had thousands of rupees. No one can starve to death. Here, too, you belong to the Father. Although a father may be poor, he too would not eat anything until his children had something to eat because children are the heirs. He has *love* for them. There, there is no question of anyone being poor; they have plenty of food. There is unlimited wealth there. Look at their way of dressing; it is so beautiful. This is why Baba says: When you have time, go and sit in front of the picture of Lakshmi and Narayan. You can also sit in front of it at night. Go to sleep while looking at the picture of Lakshmi and Narayan. Oho! Baba is making us become like them! Practise this and see how much you enjoy yourself. Then, wake up in the morning and share your experience. Everyone should have the pictures of Lakshmi and Narayan and the ladder. You *students* know who is teaching you. There is His picture too. Everything depends on how you study. You will become the masters of heaven, but your status depends on how you study. Baba says: Make this effort: I am a soul, not a body. I am claiming my inheritance from Baba. There is no difficulty in this. It is very easy for the mothers. Men go to their businesses etc. You can do a lot of *service* using the picture of this *aim* and *objective*. You will benefit many and they will love you a lot. They would say: You are our mother. You mothers have become instruments to benefit the world. Check yourselves to see how many you bring benefit to. To how many did you give the Father's message? The Father is the Messenger. No one else would be called the Messenger. The Father is giving you a *message* that you then have to give to others: Remember the unlimited Father and the inheritance. Also remember the cycle of 84 births. You are the children of the Father, the Messenger, and you give everyone the message. Tell everyone that they have two fathers. The unlimited Father gave you the inheritance of happiness and peace. We were in the land of happiness and all the rest were in the land of peace. We went into liberation-in-life. We now have to return home and we will then become the masters of

the world there. There is a song: Baba, we receive the sovereignty of the world from You. The earth, sea and sky are all in our hands. At this time, we are claiming our unlimited inheritance from the Father. You are incognito *warriors*, the Shiv Shakti Army. This is the sword of knowledge and the arrows of knowledge. Those people have shown goddesses with physical weapons. There are so many temples on the path of devotion. There are so many pictures etc. This is why the Father says: You used up all of that wealth on the path of devotion. All of them are going to be destroyed. All will be drowned. You have been given visions of how you will bring diamonds and jewels from the mines because they will all be buried at this time. Great kings have treasure stores underground. All of them will be buried. Then, your craftsmen will bring them up again. Where else would they bring all of that gold from? You can see a model *scene* of heaven in Ajmer. Baba has told you to make a *museum* similar to that. You should create a *first-class model* of heaven. You children know that you are now establishing your own kingdom. Previously, you didn't know anything. You now continue to learn everything. It isn't that I know what is inside each one. Even some vicious ones used to come here. They were asked: Why have you come here? They would reply: Only when I come here can I become free from the vices. I am a very sinful soul. The Father would say: OK, may you benefit! Maya is very powerful. The Father says: Children, you have to conquer those vices because only then will you become conquerors of the world. Maya is no less. You are now making effort and becoming like Lakshmi and Narayan. No one else can have the *beauty* they have. That is *natural beauty*. Heaven is established every 5000 years and you then go around the cycle of 84 births. You can write: This is a *university-cum-hospital*. One is for *health* and the other is for *wealth*. Come and attain *health, wealth and happiness* for 21 births. Businessmen also put up their own *boards*. They even put up *boards* outside their homes. Only those who have this intoxication would write these things. Explain to anyone who comes: You claimed your inheritance from the unlimited Father and you then took 84 births and became impure. Now become pure. Consider yourselves to be souls. Remember the Father. Baba also does the same. He is the number one effort-maker. Some children write: Baba, storms come. This happens. I write back: All the storms come to me first. Only when I first become experienced can I then explain to you about them. They are Maya's business. The Father now says: Sweet, beloved children, you now have the omens of Jupiter over you. You don't need anyone to show you your horoscope; Baba tells you everything. There, you have long lifespans. Krishna is also called Yogeshwar. Yogeshwar taught him yoga and so he became that. No human being or sannyasi etc. can be called Yogeshwar. Ishwar (God) is teaching you yoga. This is why the names 'Yogeshwar' and 'Yogeshwari' are given. It is at this time that you are also 'Gyaneshwar' and 'Gyaneshwari'. You will then go and become Raj Rajeshwari (princes and princesses). Achcha.

To the sweetest, beloved, long-lost and now-found children, love, remembrance and *good morning* from the Mother, the Father, BapDada. The spiritual Father says namaste to the spiritual children.

Essence for dharna:

1. Make effort while keeping your *aim* and *objective* in front of you. Look at the picture of Lakshmi and Narayan in front of you and talk to yourself: Oho Baba! You are making me become like them. We now have the omens of Jupiter over us.
2. In order to make others the same as yourself, continue to buzz knowledge like a buzzing moth. Become a helper of God and help the Father establish heaven.

Blessing: May you experience God's love by being detached from body consciousness and seated on a lotus seat.

A lotus seat is a symbol of the elevated stage of Brahmin souls. Souls who are seated on such a lotus seat automatically remain detached from body consciousness. The consciousness of bodies does not attract them. While walking and moving around, Father

Brahma was constantly aware of either the angelic form or the deity form. Let you always have such a stage of *natural* soul consciousness. This is known as being detached from any consciousness of your body. Those who remain detached from any consciousness of their bodies in this way are loved by God.

Slogan: Your specialities and virtues are Prabhu Prasad (holy offering from God). To think that they belong to you is to have body consciousness.

***** Om Shanti *****

With avyakt silence, experience the double light angelic stage

If you love Father Brahma, then become an angel like Father Brahma. Let your angelic form of light be constantly visible in front of you: This is what I have to become. Then, let your future form also be visible. Let go of your present form and adopt that form. Now, have such an experience. It will then be understood that you are close to perfection.
