

11/09/23      Morning Murli Om Shanti      BapDada      Madhuban

**Essence:** Sweet children, the play is now coming to an end and you have to return home. Therefore, continue to forget the costumes of your bodies. Consider yourselves to be bodiless souls.

**Question:** Which *wonderful* game only takes place at the confluence age and not in any other age?

**Answer:** That of divorcing. Rama divorces you from Ravan. Ravan then divorces you from Rama. This is a very *wonderful* game. By forgetting the Father, you are shot by Maya. This is why the Father gives you the teachings: Children, stabilise in the religion of the self. Continue to forget your body and all bodily religions. Continue to make a lot of effort to have remembrance. Become soul conscious.

**Song:** The rain of knowledge is on those who are with the Beloved.

Om shanti. You sweetest children heard the song, numberwise, according to your efforts. It is said to be numberwise in every situation because this is a *college* or *university*. Together with that, it is a true satsang, the company of the Truth. Only the One is called the Truth. He only comes here once. At this time, you truly say that you are in the company of the Truth. Only you Brahmins personally sit in front of the Truth who is called the Ocean of Knowledge. It is sung: The rain of knowledge is on those who are with the Beloved. The Father is called the Beloved. The rain of knowledge comes from the Beloved who is in front of you children. You children know that the Ocean of Knowledge, the Purifier, is now truly personally in front of you. We are becoming pure from impure, flowers from thorns. When we have become flowers, our bodies will not remain. Buds also open gradually; they don't open instantly. They open gradually and become *complete* flowers. Now, no one has yet become a *complete* flower. That would be the karmateet stage. Only at the end will you become soul conscious. All of you are now continuing to make effort. The Father is the parlokik Father. These two are the alokik mother and father of the confluence age. Some are thorns and others are buds. It takes *time* for buds to open. All of you are numberwise buds who are to become flowers. Some are in full bloom and some have only half opened. One day, they will definitely open up *completely*. This is a garden. You know that you have become buds from thorns and are becoming flowers; you are now making effort. Some buds just die. Some bloom a little and then die. There are very strong storms of Maya. Even when *centres* open, some are finished quickly; they fall. Maya is very powerful. This is a tug of war between Rama and Ravan. It is said: Rama, Rama. It isn't the Rama of the silver age that they remember; they say "Rama, Rama" for God. Ravan is compared against Rama. Rama is the Father and Ravan is Maya, the enemy. Maya too is very powerful. This is a game of divorcing one another. Rama makes you renounce Maya, Ravan. Maya then makes you renounce the Father, Rama. The Father says: Make your intellects renounce your bodies and all your bodily relations. Renounce all bodily religions. Forget, "I am So-and-so and I belong to this religion", and stabilise yourselves in the religion of the self. Renounce all bodily religions and consider yourselves to be alone. You are made to renounce everything of this world. Become bodiless. Belong to Me and remember Me. When you forget the Father, you are shot by Maya. Continue to make a lot of effort to remember the Father. Maya is also very powerful. After you belong to the Father, Maya makes you renounce everything and takes you away from the Father. No one should divorce the Father. For half a cycle, you have been remembering Me. Only you are complete devotees. You are the ones who started devotion. The Father comes and makes you renounce Maya. He says: Consider yourselves to be souls. Continue to forget those costume (bodies). That's all! We now have to return home. There are *actors* in those plays too. They too are aware that in just five to ten *minutes* their play will come to an end and that they will then return home. This is in their intellects when the play is about to end, not at the beginning. You also understand that your 84 births have now come to an end. How much time now remains? You ask: When will we go to heaven or the land of happiness? However, the Father says: This is said to be an *invaluable life*.

You are doing very important *service* by following *shrimat*. Only you Pandavas follow *shrimat*. These things are not mentioned in the Gita etc. This Baba has studied many scriptures and adopted many gurus. You know the *activities* of all the *actors*. It is later that they sit and write the scriptures. What do they know? This play is predestined in the *drama*. The Gita and the Bhagawad will *repeat* at their own time. The Gita is the mother and father. The Gita is said to be the mother. No other religious book would be called a mother. This is called the Mother Gita. Achcha, who created it? First of all, a husband *adopts* a wife. When a man gets married, he says: This is my wife. So, he is a creator. Then, when they have children, he says: These are my children. The children would say: This is our father. You are the mouth-born creation of Baba. You say: Baba, we belong to You. For so long, we have continued to follow Maya's directions and we will now follow Your directions. Maya doesn't give you directions in words. Maya just makes you *act* in that way. The Father sits here and explains to you in words. All of you are residents of Bharat. You know that your Bharat was the crown. There are now neither of the crowns - neither the *holy* one nor the *unholy* one. It is said: *Her Holiness, His Holiness*. This is said to both men and women. '*His Holiness*' is said to sannyasis. However, that is not a family path. On a family path, both husband and wife remain pure. In the golden age, both are pure anyway and that is called *completely* pure. Both the souls and their bodies remain pure. Here, in the impure world, neither can be pure. So, you are now personally listening to the Father and this is called the rain of knowledge. That is the rain of poison and this is the rain of the nectar of knowledge. It is sung: Why should we renounce nectar and drink poison? You are now receiving the nectar of knowledge. On the path of devotion, they simply continue to sing this. You are now receiving the nectar of knowledge in a *practical* way. It is because of this that there is the name Amritsar (lake of nectar). However, there are many such lakes. There is also the Mansarovar lake - that is not a lake of human beings. This one is a lake of the nectar of knowledge and he is also called the Mansarovar of knowledge. There is also the Ocean of Knowledge. Some are rivers, some are *canals* and some are little ponds: it is numberwise. You children understand that the Father explained in the previous cycle and that He is now also explaining once again. You have the faith that you are studying Raj Yoga from Baba through which you became the masters of heaven in the previous cycle too. The subjects too would say that they are masters. The people of Bharat say that their Bharat was the highest of all. Our Bharat is now the lowest of all. Our Bharat used to be very elevated but our Bharat has now become very degraded. This would not be said of any other land. Those of all religions know that Bharat is an ancient land and that they didn't exist at that time. In the golden age, there would definitely be just the people of Bharat. It is remembered that 3000 years before *Christ*, there was just Bharat and no other religion. There was new Bharat in the new world. Bharat is now old. Bharat was *heaven*, but this doesn't sit in anyone's intellect fully. This is something that is very easy to understand. The Father is explaining to you. You perform this task in a *practical* way. You become the true Vyas, numberwise, according to your efforts. You have to relate the true Gita. You don't have to hold any religious books in your hands. You are Rup and Basant. You souls are listening to the knowledge of the Gita from the Father. You have just the one Father in your intellects. You don't have any other gurus or sages or holy men in your intellects. You would say that you listen to the Ocean of Knowledge, the Supreme Father, the Supreme Soul, who is also called Sat Shri Akal. These words are so sweet. Akali people (Sikhs) say very loudly: Sat Shri Akal. Here, you children perform the *dance* of knowledge. This is why it is said: Those who have the truth dance in happiness. Later, you will go there and dance in happiness. Meera used to dance in trance, but she was performing devotion. You do not perform devotion. The Father, the Bestower of Divine Vision, Himself, is teaching you. Many children continue to have visions and so people think: This is magic; children continue to wander around (in trance) while studying. That is just a game for you; that is not a *subject*. There are no *marks* in that. There are no *marks* for playing games. Here, too, those who continue to play games don't receive *marks* in knowledge. Those are games; they are called subtle games. Others are gross games whereas those are subtle games. Those who perform dances etc. don't receive *marks*. This is why Baba says: This knowledge is better than trance. It is elevated. In trance, there is just the vision of the *aim and objective*. This is Raj Yoga. You have

your *aim and objective* in your intellects. They see with their eyes that they will become so-and-so. Here, this is your future *aim and objective*. You have to become *princes and princesses*. You then become emperors and empresses. What would someone who sits in a *college* without any *aim or objective* be called? No other spiritual gatherings in Bharat have an *aim or objective*. This can be called a *university* and also a school. A spiritual gathering (satsang) can never be called a school. You children know that you are studying at this *Godfatherly University* of the Purifier. You are making the whole *universe* into pure heaven. You are making this *universe* into heaven for yourselves. Those who make it like that will then rule there. It isn't that everyone will become a master of heaven. Those who have become complete residents of hell, who have performed devotion from the copper age, are the only ones who will become residents of heaven. All other human beings will be crushed like mustard seeds and destroyed and those souls will return home to the Father. Such a big destruction has to take place. There are now so many people. How many are you going to sit and count? No one can count this *accurately*. There are so many human beings in the world. All of them will be destroyed. The example of the banyan *tree* has been shown to you children. There is a very big tree in Calcutta; it has no *foundation*, but the rest of the tree is standing. The deity religion exists now but its name has disappeared. You wouldn't say that it has no *foundation*. There would at least be some name or trace of it, even if it is decayed. 'Disappeared' means that only a little of it remains. There are its images. Lakshmi and Narayan used to rule in Bharat. This is very easy, but Maya, Ravan, has locked their intellects. The Supreme Father, the Supreme Soul, is the Intellect of the Wise. Human beings have intellects, but they are locked. They have become those with stone intellects. Baba is now once again making you into those with divine intellects. He is making souls this. An intellect is in each soul. It is said: You have a stone intellect, you have a buffalo intellect. It is the same here. Whatever you explain, they don't understand. They don't follow shrimat. Shrimat always says: Children, become sticks for the blind. You have to listen to this and then relate it to others. This is why you have to travel far to serve others. You mustn't just sit down in one place. You are now studying knowledge and yoga. Here, you are personally sitting in front of Shiv Baba. You are studying easy Raj Yoga in order to claim your inheritance. You have come here to claim the kingdom of the land of Vishnu. The rosary of victory of Vishnu will be created. You have now understood the secrets of the *drama* very clearly. You know that there truly was the *deity sovereignty*. There were the king and queen at the beginning of the golden age. Now, at the end of the iron age, no one can be called a king or queen. However, when someone helps the *Government*, he receives the *title* of Maharaja. That *Government* used to give *titles* such as Rai Sahib, Rai Bahadur etc. You are now receiving great *titles* in a *practical* way. You will become *Her Holiness, His Holiness, Emperor and Empress*. You will have *double* crowns. First, there is the *holy* kingdom and then *unholy* kingdoms. Now it is *unholy*; there is *no* kingdom. It is the rule of the people by the people. The *drama* has to be understood. Achcha.

To the sweetest, beloved, long-lost and now-found children, love, remembrance and *good morning* from the Mother, the Father, BapDada. The spiritual Father says namaste to the spiritual children.

### **Essence for dharna:**

1. Bathe daily in the Mansarovar lake of the nectar of knowledge and make both the soul and body pure. Renounce following the dictates of Maya and follow the directions of the Father.
2. This is the invaluable time of the confluence age. It is at this time that you follow shrimat and do *service*. Become the true Vyas, listen to the true Gita and relate it to others. Become Rup and Basant.

**Blessing:** May you be truly merciful and save yourself and everyone else from the many types of fire. Today's human beings are burning in many types of fire, many types of sorrows, worries, problems, different types of injuries - these fires give the experience of burning alive. However, you have come away from such a life and are leading an elevated life. You are

sitting on the shores of the cool Ocean. You are merged in the attainment of supersensuous joy and peace. So, be merciful and save other souls too from the many types of fire. Create places of knowledge in every street and show everyone their destination.

**Slogan:** Those who have true love for the one Father find it easy to become bodiless.
