Morning Murli Om Shanti

BapDada

Madhuban

Essence: Sweet children, to cause sorrow for one another is the work of *ghosts*. You mustn't cause anyone sorrow. These *ghosts* don't exist in the kingdom of Rama.

Question: In which aspect should you children not become unconscious but remain in happiness?

Answer: When any illness etc. comes, don't become unconscious. If you are dangling in body consciousness, if you don't consider yourselves to be souls, if your attention is on your bodies throughout the day, it is as though you are dead. Baba says: Children, stay in yoga and your pain will reduce. Your sorrow is removed with the power of yoga; you remain very happy. It is said: When you grind your own ingredients, your intoxication rises. Remove the suffering of karma with yoga.

Song: You wasted the night in sleeping and the day in eating!

Om shanti. These things are also in the scriptures. They also explain them to one another but, nevertheless, they don't stop wasting their *time*. Gurus give many types of direction. Very good devotees go and sit in a small room, keep their hand in a small bag called a gaumukh (cow's mouth) and turn the beads of a rosary in that. That is also a *fashion*. The Father says: Now renounce all of that. The soul has to remember his Father. There is no question of turning the beads of a rosary in this. The best song is: Salutations to Shiva. It is in this song that it is sung: You are the Mother and the Father. God alone is called the Creator. What does He create? Those people think that He creates a new world. They sing: You are the Mother and Father, but they simply sing it; they don't understand anything. God is the *Father* and so a *mother* is needed. He cannot *create* without a *mother*. They just don't know how He *creates*. Since you call Him the Mother and Father, you must be brothers and sisters. Therefore, there can be no vision of vice and the question of remaining pure doesn't arise when you are soul conscious. It is not a question of brother or sister; you are then all brothers. Very good *points* are explained to you but Maya is such that she instantly makes you fall. When storms come, trees fall right over. Only banyan trees never fall in a storm. It is easy to explain this. Everyone sings: You are the Mother and Father. They sing of the *past* path of devotion. The Mother and Father creates the world. Since you become His children, He must definitely give you a lot of happiness. No one knows that He is the Mother and Father, the *Teacher* and also the Guru. People sing the praise: You are the Mother and Father. Therefore, you are brothers and sisters. So why do you indulge in vice? We have become His children once again and we know that, although we live at home, we remember Him alone. We children of Brahma are brothers and sisters. We are even called Brahma Kumars and Kumaris. He is the One who also created Brahma. The Mother and Father comes and gives us happiness. We are now studying Raja Yoga in order to attain a lot of happiness from the Mother and Father. It is only in the golden age that there is a lot of happiness. We receive a lot of happiness from the Father who establishes the golden age. When we are in sorrow we receive teachings for going into happiness. That same Mother and Father comes and gives us happiness. Adam and Eve are very well known. They are definitely children of *God*. So, who then is *God*? This is the kingdom of Ravan, the *ghost*, but they don't know what Ravan is. The *ghost* (vices) is in everyone. It is his kingdom now. It isn't just the ghost of anger; there are ghosts of all the vices. When those people have something printed, Baba draws your *attention* to the fact that this is the kingdom of the devilish *ghost*. Similarly, you children should also pay *attention* and create methods with which to explain. You know that the *knowledge* Baba is giving is for those of all religions. However, the intellect's yoga of everyone has broken away from the Father. *Ghosts* don't allow your intellects to connect to Him in yoga. Instead, they break your intellects' yoga away even more. The Father comes and inspires you to conquer the *ghost*. Nowadays, there are many people in the world who have occult powers. They continue to cause one another sorrow. This is the world of *ghosts*. When they have the vice of lust, they continue to cause one another

sorrow from the beginning of it, through the middle to the end. It is the work of *ghosts* to cause sorrow for one another. *Ghosts* don't exist in the golden age. The name '*ghost*' is mentioned in the *Bible*. Ravan means a *ghost*. *Ghosts* don't exist in the kingdom of Rama. There are cries of victory. There is a lot of happiness there. The song "Salutations to Shiva" is very good. Shiva is the Mother and Father. Brahma, Vishnu and Shankar cannot be called the Mother and Father. Shiva alone is called the *Father*. Adam and Eve, Brahma and Saraswati exist here. There, they simply pray to *God, the Father*. *O God, the Father!* Bharat is the village of the Mother and Father. His birth takes place here. Therefore explain to them: You sing, "You are the Mother and Father", and so you are brothers and sisters. Prajapita Brahma has *adopted* you. All the many children who have become Brahma Kumars and Kumaris, Shiv Baba has them *adopted* by him. The new world is created through Brahma. There are many methods with which to explain, but you don't explain fully. Baba has told you many times to play the song "Salutations to Shiva" and explain it to people everywhere: He sits here and explains to us how we are the children of the Mother and Father. The new world was established through Brahma. It is now the end of the iron age and establishment is once again taking place. Your intellects have to imbibe these things. This *knowledge* is very easy. Storms of Maya do not allow you to sit in yoga; your intellects go into a spin. Otherwise, it is very good to explain. First of all, you should explain that there is one Creator and everyone calls Him the *Father*. He is incorporeal, beyond birth and death. Brahma, Vishnu and Shankar have their subtle costumes. Human beings take 84 births. They do not experience them in the subtle region. You know that you are the Mother and Father's new children whom Baba has *adopted*. Brahma has many arms. They don't understand the meaning of this at all. All the pictures and scriptures etc. that have been created are based on the *drama*. There was the day of Brahma and then the path of devotion began. That is now continuing. Only Baba comes and teaches this Raja Yoga. This should remain in your awareness. It is said: Grind your own ingredients and you will feel the intoxication. However, your intellects have to be connected in yoga to the Father. Here, the intellects of many are caught up in yoga elsewhere. They are either caught up with friends and relatives of the old world or they remain trapped in body consciousness. When a slight illness comes, they die. However, if you stayed in yoga, your pain would reduce. If you don't have any yoga, how could your illness be removed? You should think about this: The mother and father who become pure are the first ones to become impure. They have to suffer a lot too but their illnesses are removed by them staying in yoga. Otherwise, their suffering would be the most. However, their pain is removed with the power of yoga and they remain in a lot of happiness. We are to receive a lot of happiness of heaven from Baba. Many children become completely unconscious when they have an illness; they don't become conscious at all, and so it is understood that that person is caught up in body consciousness, that he doesn't consider himself to be a soul and that his attention is on his body the whole day. It is as though he is dead. Baba comes and revive you from the grave and teaches you how to sweetly chirp knowledge. You have to become nightingales of knowledge. The young daughters have become very active. Outside, young children reveal their parents. They glorify both the parents of this world and the Parent of the world beyond. You can also see how young daughters give knowledge to their parents. Kumaris are respected. All bow down to kumaris. In the Shiv Shakti Army, all are kumaris. Although there are also mothers, they too are called kumaris. Young daughters *show* the older ones. Some are very good daughters, but they have attachment and that destroys all truth. Attachment is very bad; it makes you like a monkey. You know how much attachment a monkey has. That attachment too is an evil spirit; it turns you away from the Father. The words "Mother and Father" emerge from here. In fact, although they show Radhe and Krishna in the temples, Radhe's name is not mentioned with Krishna in the Gita. The praise of Krishna is separate: he is full of all virtues, 16 celestial degrees full. The praise of God is separate. They sing a lot of praise of Shiva in aarti (special form of worship with lamps), but they don't understand the meaning of it. They have become tired from carrying out worship. You know that Mama and Baba and you Brahmins became worshippers and carried out the most worship. You have now come and become Brahmins once again. In that too, it is numberwise. There is the suffering of karma which has to be removed with yoga.

Body consciousness has to be broken. Remember Baba and maintain a lot of happiness. We receive a lot of happiness from the Mother and Father. We receive the inheritance from Baba. Baba has taken my chariot on *loan*. Baba would offer special hospitality to this chariot. At first, this one used to think: I, soul, am feeding this chariot. Now, he says: It is that One who is feeding me. Baba is feeding us and we feed Baba. Baba Himself says: I come and enter this one at the end of the last of his many births. He does not know his own births. I know them. You say that Baba is giving you knowledge once again. He is giving you your inheritance through this one. You receive your inheritance in the golden age. In the golden age, there are kings and subjects. You have to make effort to claim your full inheritance from the Father. If you don't claim it now you will *miss* it every cycle. You will then not be able to claim such a high status. This is a deal for birth after birth. Therefore, you should follow shrimat so much! This study is for cycle after cycle. You have to pay a lot of attention to this. You can take the aim (course) for seven days and then you can even study murlis at home. Even if you are going to America etc., you can still claim your inheritance from the Father. Simply imbibe this knowledge in a week and then go. There are difficulties with food and drink. However, there are many things you can take: you can eat bread with mango *jam*. You will then develop that habit. You will then not like anything else. All of you are the children of God. You are brothers and sisters. Even the children of Brahma are brothers and sisters. While living at home with your family, if you live as brothers and sisters you will remain pure. It is so easy! Achcha.

To the sweetest, beloved, long-lost and now-found children, love, remembrance and *good morning* from the Mother, the Father, BapDada. The spiritual Father says namaste to the spiritual children.

Essence for dharna:

1. Become nightingales of knowledge and sweetly chirp knowledge to everyone to revive them from the grave. Reveal the Mother and Father.
2. Don't allow any ghosts to enter you. Even the ghost of attachment destroys all truth. So, protect yourself from ghosts. Connect your intellects in yoga to the one Father.

Blessing: May you be constantly carefree and stay in infinite happiness by staying aware of your unlimited rights.

In today's world, when people receive a right, they receive it after making so much effort, whereas you receive all rights without making any effort. To be a child means to claim a right. When something is "mine" it means that I have received a right. So, it is a wonder of myself, an elevated soul. Stay in the happiness of this unlimited right. This eternal right is guaranteed, and where something is guaranteed, you remain carefree.

Slogan: Fly high at a fast speed with everyone's blessings and you will easily be able to *cross* a mountain of problems.

***** Om Shanti *****
