Morning Murli Om Shanti

BapDada

Madhuban

Essence: Sweet children, the festival of the birthday of Shiva is the greatest festival of all. You children have to celebrate it with so much pomp and splendour that the whole world can come to know about the incarnation of the Father.

Question: What should you children not be lazy about? If there is laziness, what is the reason for it?

Answer: You mustn't have the slightest laziness in studying or in yoga. However, some children think that not everyone will become part of the rosary of victory, that not everyone will become a king and they therefore become lazy. They don't pay attention to studying, whereas those who have full *love* for the Father will study *accurately*; they cannot be lazy.

Question: Why does the stage of some children fluctuate while they are moving along?

Answer: Because they forget the Father and become body conscious. Because of body consciousness, they cause a lot of distress to one another. It seems from their behaviour that they are not going to become deities; they are influenced by lust and anger.

Om shanti. All Brahmins know that Shiva Jayanti is the main festival. Nowadays, people celebrate everyone's *birthday*, but no one knows about the period of Shiva Jayanti. They have been remembering the periods of human beings. If you ask them about the period of *Christ*, they would quickly tell you about that; they even celebrate his *birthday*. Previously, you didn't celebrate the birthday of Shiva with as much pomp and splendour. You children should now think about how the world can come to know this because Shiva Jayanti is now about to come. Therefore, celebrate the birthday with such pomp and splendour that the whole world comes to know about it. You have to make effort. How can all the children know that it is the birthday of the One who is the *Creator* of the whole world and that He is here at this time? How can the children know? Many newspapers are printed. That is called *advertising* through which your name can become well known. There is a lot of expense involved with newspapers, but everyone should now know about Shiv Jayanti. You have to be concerned about the whole world. Give everyone the Father's introduction. It is remembered that children gave the Father's message to every home saying that the Father had come: Those who want to claim their inheritance should come and do so. However, only those who claimed it in the previous cycle will do so again. The soul knows that. Now, everyone will come to know this and so they will come, because they have been *converted* into other religions. You too didn't consider yourselves to be deities. You were in the shudra religion. The Father has now explained to you. You can now understand who is teaching you. In spite of that, some repeatedly forget this and, due to this, their stage also remains like it is. It is as though they don't even become worthy of becoming deities. Because of an evil spirit of lust or body consciousness, they're unable to remember the Father. Only when they become soul conscious can they remember the Father. Have *love* for the Father and also remain *accurate* in how you study. These are very *valuable* jewels of knowledge and you should have a lot of intoxication of it. A *register* is kept in a worldly education too. They also note down *manners* in that: *Good, better, best*. It is the same here. Some don't know anything at all even though they have become children and are staying with the Father. The behaviour of some who live at home is better than those who are here. At least they are doing *service*! The main thing is *service*. They will be threaded in the rosary of victory. The rest will become subjects. Many become subjects. When someone is born into a grand family, everyone sends them congratulations. However, so many continue to take birth in the world. You are becoming the Father's heirs. So, you should celebrate the birthday of the unlimited Father. Celebrate Trimurti Shiva Jayanti with a lot of pomp and splendour. What should you do so that many can come to know about this? You have this concern, do you not? What type of *service* should we do so that the decoration of the Brahmin clan of the previous cycle can come again? Methods have to be created. The Father says: It is difficult to do this without newspapers. Newspapers are

distributed everywhere. You have to take two to four *pages* of a newspaper. When a *silver jubilee* is celebrated, they take two to four *pages*. They celebrate a *common silver jubilee* worth only a few pennies. This *golden jubilee* of yours is completely unique. People always celebrate their *golden* and *silver jubilees*. They don't celebrate *copper* and *iron jubilees*. When it is 50 years it is called a *golden jubilee*. You now have to celebrate the Father's birthday so that everyone can come to know. If you print this in two *pages* of the newspapers, that is fine. Many people should know. Delicate times are coming. It will then be too late! You have to make preparations for Shiva Jayanti in advance. Take two *pages* of a newspaper in which you can write about the Trimurti, the Tree and some *points* from recent murlis. There cannot be salvation through the water of the Ganges. You also have some *four-paged literature*. You can write on the front and on the back too. Write about the picture that shows the stages of ascent and descent and the other main pictures. Think about from which main pictures people can understand that there truly is degradation now. Baba is drawing the attention of you children. You should churn the ocean of knowledge. There are very few children who think about these things. If it costs four or five thousand, it doesn't matter. There are many children. A lake is created from every drop. You know that the Aga Khan was weighed against diamonds; that is nothing. This is the Benefactor Father. All of that money goes into vices. You children have been liberated from those vices. You are being made into deities from human beings. You have neither the violence of lust nor the violence of anger. You should definitely take four or five *pages* of a newspaper. All the *serviceable* children understand that they are doing *service*. They are making pictures for the exhibitions and *projectors*. Baba is explaining to those whose intellects work on these things. The Father says: When children have courage, the Father is sitting here to help. The intelligent, educated children will quickly write some *matter* for the newspapers. When things are to be printed in a newspaper, you also have to give them *drishti*. There are now two to two and a half months until Shiva Jayanti. You can do a lot of work. You should have it printed in two to four newspapers. Hindi and English are the main languages. You should have it printed in both of these. It would be good to celebrate Shiva Jayanti in this way. It is the *birthday* of the Father of the whole world. Everyone should know this. Newspapers are distributed over a wide area. *Sensible editors* who are religious minded would not take money. All of this is for the benefit of everyone. It would perhaps cost a little. Children who have courage receive help from the Father. You should have such thoughts. People don't know what benefit is and what is not benefit or who can give directions for benefit; they don't understand anything at all. You children know. Among you, too, there are very few who will become part of the rosary of victory. The rest will become subjects. This Raja Yoga is for attaining sovereignty. By being lazy in studying or in yoga, you won't be able to claim a kingdom. There is a *limit* as to how many kings there will be; there cannot be any more than that. Those who have good thoughts will quickly know whether they will become part of the royal family or not. They are now making suggestions at the *centres*. Baba has many big shops. Not all the *centres* (shops) can function in the same way. Some *managers* are good and so they run that shop very well. Some have bad omens over them and so even good ones *fail*. The Father says: The days are now coming close. Preparations for war continue to be made. There will also be calamities. There is very little time left. To have yoga requires a lot of effort. Only by having yoga will your sins be absolved. If you don't stay in yoga and reach the *golden age*, you cannot become part of the *royal* family. You will end up among the subjects. Good effort-makers would never say: Whatever is in my fortune! According to the *drama*, those who have such thoughts will become servants of the subjects. If you want to claim a high status, you have to *advertise*. Otherwise, there will be complaints. This is why it has to be printed in the newspapers. You have to print the pictures and the main points. You also have to include the Trimurti and the cycle. Also include the picture of the stages of ascent and descent. *Bharat heaven and Bharat hell*. For how long do you stay in *heaven* and for how long do you stay in *hell*? Baba is now giving you *directions*. Anyone who *misses* a murli would not know about the *directions*. In that case, such ones cannot become helpers. Baba continues to ask if you have prepared the *matter*. *Sensible* children are praised everywhere. Some cause a lot of distress; they become body conscious. If, after becoming the *head* of a *centre*, you become body conscious, you die. The

Father can never have arrogance. Baba says: I am the *Obedient Servant*. Look, so many eminent people come here. They see that we all wash our own plates, and so they also begin to wash their own plates. However, some have body consciousness; they cannot even wash their own plates and bowls. Those who have such body consciousness fall; they cause themselves a loss. Baba never takes any *service*. Shiv Baba doesn't have a body that He would take *service*. He does *service*. Baba teaches you how to become soul conscious. Children would never *allow* their parents to wash the dishes. However, you mustn't compete with the mother and father. First of all, you should become like the mother and father. They too study with you but, according to the law, people have visions that they are the ones who *pass* with the first *number*. You have to have a keen interest in doing *service*. Open a Gita pathshala in every home so that growth continues to take place. You should write: Come and we will give you the introduction of our Father from beyond. Come and understand how you can receive the unlimited inheritance from the unlimited Father, how you can receive liberation-in-life in a *second*. No one is that intelligent that he could understand this. Among you too, there are very few who have deep knowledge. Those who are intoxicated by knowledge continue to give their own opinions. You also have to write an explanation of the *slogans* you use. There are many sensible children in Delhi and Bombay who are in contact with many others and who can do this work. You should explain to the *editors*; they have a lot of control in their hands. They should give it to you at *half* cost or *quarter* cost. They can even print *religious* matter *free* of charge. Baba advises that this Shiva Jayanti should be celebrated with a lot of pomp and splendour. He has had such inspiration. The cost doesn't matter! Print the pictures! The coloured *weekly* magazines are smaller. Very *clear* pictures should be printed in them. Baba advises the *serviceable* children and the *serviceable* children would *respond*; they would write their *ideas* and prepare the *matter*. You can also have separate sheets printed and distributed with the newspapers. You can arrange that with the newspaper people. They will insert the leaflet in the newspaper. Earlier, they used to have a separate printed sheet of someone else's *advertising* inserted in each newspaper. Perhaps they have now stopped doing that. However, by your making effort, it is possible. Otherwise, how would everyone come to know about Trimurti Shiva Jayanti? The exhibitions continue for seven days; Shiva Jayanti is only for one day. Therefore, celebrate it with a lot of pomp and splendour. Achcha.

To the sweetest, beloved, long-lost and now-found children, love, remembrance and *good morning* from the Mother, the Father, BapDada. The spiritual Father says namaste to the spiritual children.

Essence for dharna:

1. Become a helper of the Father and create methods to give the Father's introduction. Churn the ocean of knowledge. Maintain the intoxication of knowledge.
2. Renounce body consciousness and become soul conscious. Don't take service from others. Don't compete with the mother and father; become equal to them.

Blessing: May you be loving to God and with that power of love, become free from having to work hard.

The power of love makes hard work easy. Where there is love, there is no hard work. Hard work becomes a form of entertainment. Souls who are tied in various bondages have to work hard, but souls who love God easily become free from having to work hard. Let this blessing of love be constantly in your awareness and then, no matter how big a situation may be, with love, a situation as big as a mountain will be transformed and becomes light like water.

Slogan: To be constantly free from obstacles and to make others free is real service.

*** Om Shanti ***
