15/10/26 Morning Murli Om Shanti BapDada Madhuban

Essence: Sweet children, make your impure and dirty souls and bodies pure by having remembrance of the Father because you now have to go to the pure world.

Question: Which children does God meet? What account has the Father shown you?

Answer: Those who have performed devotion from the beginning find God. Baba has shown you the account of how you are the first ones to perform devotion. This is why you are the ones who receive this knowledge from God first and it is through this that you then rule the kingdom in the new world. The Father says: You have been remembering Me for half a cycle. I have now come to give you the fruit of your devotion.

Song: To live in Your lane and to die in Your lane.

Om shanti. You children heard the song. When someone dies, he takes birth to a father. You know that you are souls; the other father relates to your bodies. You shed your bodies and then go to another father. You have had so many physical fathers. In fact, originally, you are children of the incorporeal Father. You souls are the children of the Supreme Father, the Supreme Soul. You are residents of the place that is called the land of Nirvana, the land of peace. The Father too resides there. You come down here and become children of physical fathers and you forget that Father. In the golden age, you remain very happy and you therefore forget the Father from beyond this world. You don't remember Him at times of happiness. You remember Him when in sorrow and it is souls who remember Him. When you remember your physical father, your intellect goes to his body. When you remember that, you say, "Oh Baba!" Both are Babas, but the *right* word is "Father". That One is the *Father* and this one is also a *father*. The soul remembers the spiritual Father and so the intellect goes up there. That Father sits here and explains to you children. You now know that Baba has come and made us belong to Him. The Father says: First of all, I sent you to heaven. You were very wealthy and then you took 84 births and, according to the *drama plan*, you have now become unhappy. According to this *drama*, this old world has to end. You souls and the costumes of your bodies were satopradhan. Then, from the *golden age*, you souls went into the *silver age* with your bodies and then into the *copper age*. You souls have now become completely impure and your bodies too have become impure. Just as no one likes 14 *carat* gold because it becomes tarnished, so you souls too have become ugly and *iron aged*. Now, how can you souls and your bodies that have become so dirty become pure again? When souls become pure, they can receive pure bodies. How can that happen? Is it by bathing in the Ganges? No. People call out: “O Purifier, come!” Souls say this and so the intellects go to the Father from beyond. Oh Baba! Look how sweet the term "Baba" is! It is only in Bharat that they say "Baba, Baba!" You have now become soul conscious and you belong to Baba. Baba says: I sent you to heaven and you took new bodies. What have you now become? You should constantly have these things inside you. You should only remember Baba. Everyone remembers Him: “O Baba, we souls have become impure! Now, come and purify us.” This is also *part* of the *drama* and this is why they call out. According to the *drama plan*, He can only come when the old world has to become new. Therefore, He definitely comes at the confluence age. You children have the faith that Baba is the *most beloved*. It is said: *Sweet, sweeter, sweetest*. Now, who is *sweet*? In worldly relationships, it is the *father* who gives you a birth who is sweet. Then it is the *teacher* with whom you study and through whom you claim a status. It is said that *knowledge* is the *source of income*. Gyan is this *knowledge* and yoga is remembrance. No one knows the unlimited Father. It is *clearly* shown in the pictures that Shiv Baba carries out establishment through Brahma. How could Shri Krishna teach Raja Yoga? Raja Yoga is only taught for the golden age and so the Father must definitely have taught it at the confluence age. It is Baba who establishes the golden age. He carries it out through Brahma. He is Karankaravanhar (the One who acts Himself and acts through others). Those people speak of Trimurti Brahma. However, Shiva is the

Highest on High. This one is corporeal and that One is incorporeal. There is just this world. The cycle of this world continues to turn and *repeat*. No world cycle of the subtle region is remembered. The *history* and *geography* of the *world repeat*. It is remembered that there are the golden, silver, copper and iron ages. The confluence age is definitely needed in between. Otherwise, who would change the iron age into the golden age? The Father only comes at the confluence age to change residents of hell into residents of heaven. The older the world becomes, the greater the sorrow there is. The more tamopradhan a soul is, the more sorrow he experiences. Deities are satopradhan. That One is the *Highest Authority Godfatherly Government* and Dharamraj is also with Him. The Father says: You were residents of the Temple of Shiva and it is now a brothel. You were pure and have now become impure and call yourselves sinners. Souls say: I am without virtue; I do not have any virtues. Whenever they go to a temple to any of the deities, they sing this in front of them. They should say this in front of the Father. They put Him aside and say this to their *brothers*. Those deities are your *brothers*. You are not going to receive anything from your *brothers*. You have continued to come down while worshipping brothers. You children now know that the Father has come and that we receive the inheritance from Him. However, human beings don't know the Father at all. They say that He is omnipresent. Some then say that He is the element of infinite light. Some say that He is beyond name and form. They say that He has the form of eternal light, and so how can He be said to be beyond name and form? Because of not knowing the Father, they have become impure. Souls had to become tamopradhan. It is only when the Father comes that He can purify everyone. All souls reside with the Father in the incorporeal world. They then come down here and play their *parts* of sato, rajo and tamo. It is souls who remember the Father. The Father comes and says that He takes the support of the body of Brahma. This one is the Lucky Chariot. There cannot be a chariot without a soul. They say that Bhagirath (the Lucky Chariot) brought the Ganges. That is not possible. However, they understand nothing at all about what they say. It has been explained to you children that this is the rain of knowledge. What will happen through this? You will become pure from impure. The River Ganges and the River Jamuna also exist in the golden age. They say that Shri Krishna used to play on the banks of the River Jamuna. No such things happened. He is a *prince* of the golden age and he would therefore be sustained with a lot of care because he is a flower. Flowers are so beautiful. Everyone comes and takes fragrance from flowers. They would not take fragrance from thorns. This is now a world of thorns. The Father comes and changes this forest into a *garden of flowers* and this is why He is also called Babulnath, the One who changes thorns into flowers. They sing His praise: Baba, who changes thorns into flowers. You children should have so much *love* for the Father. You now know that you belong to the unlimited Father. You now have a relationship with Him and also with your physical father. When you remember the Father from beyond, you will become pure. You souls know that those are your worldly fathers, whereas this One is your Father from beyond this world. On the path of devotion too, souls know that those are their worldly fathers and that this One is *God, the Father*. Souls remember the imperishable Father. No one knows when the Father comes and establishes *heaven*. The Father comes to purify the impure. Therefore, He would definitely come at the confluence age. In the scriptures, they have written that the duration of each cycle is hundreds of thousands of years which has put people into total darkness. They say that those who do a lot of devotion find God. Therefore, those who do the maximum devotion should surely find Him first. Baba has told you about the account. You are the first ones to perform devotion. You are the ones who should receive this knowledge from God first so that you can then rule the kingdom in the new world. The unlimited Father is giving you children this knowledge. There is no question of difficulty in this. The Father says: You have been remembering Me for half a cycle. No one remembers Me in happiness. At the end, when you have become unhappy, I come and make you happy. You are now becoming very great people. The *bungalows* of the *Chief Ministers* and *Prime Ministers* are *first-class*. All their *furniture* would be *first-class*. You are becoming such great people; (you are becoming deities) you are becoming deities with divine virtues, the masters of heaven. There, you will have palaces studded with diamonds and jewels. There, your *furniture* will be *first-class,* inlaid with gold. This sacrificial fire is of the

knowledge of Rudra. Shiva is also called Rudra. When devotion ends, God creates this sacrificial fire of Rudra. In the golden age, there is no question of sacrificial fires or devotion. It is only now that the Father creates the imperishable sacrificial fire of this knowledge of Rudra which is then remembered later. Devotion does not continue all the time. There is devotion and knowledge. Devotion is the night and this knowledge is the day. The Father comes and brings the day. Therefore, you children have to have so much *love* for the Father. The Father is making us into the masters of the world. Baba is the *most beloved*. There is nothing lovelier than Him. You have been remembering Him for half the cycle and saying: "Baba, come and remove our sorrow." The Father has now come and He explains: Children, you have to stay at home with your families. For how long would you stay here with Baba? You can only stay with Him in the supreme abode; you cannot stay with Him here. Here, you have to study this *knowledge*. There are very few who study this *knowledge*. Does a study take place through a *loudspeaker*? How would the *teacher* ask *questions*? How would you be able to *respond* to a *loudspeaker*? This is why only a few *students* are taught at a time. There are many *colleges* and everyone has examinations and the *results* are announced. Here, only the one Father teaches you. You should also explain that everyone has two fathers: a physical one and the One from beyond this world. People remember the Father from beyond at times of sorrow. That Father has now come here. The Mahabharat War is in front of you. Those people think that Shri Krishna came at the time of the Mahabharat War, but that is not possible. However, that One is incorporeal and this one is corporeal. The incorporeal Father is the Father of all souls. Both are *most beloved*. Shri Krishna is also a master of the world. You can now *judge* who is lovelier. Only Shiv Baba makes you so worthy. What does Shri Krishna do? It is the Father who makes him become that. Therefore, there should be greater praise for that Father. The Father has explained that all of you are Parvatis. Shiva, the Lord of Immortality, is telling you this story. All of you are Arjunas and all of you are Draupadis. This *vicious* world is called the kingdom of Ravan. That is the *viceless world*. There is no question of vice there. Would the incorporeal Father create a world full of vices? There is sorrow in vice. Sannyasis have hatha yoga, the path of isolation. There can never be renunciation of action. That can only be possible when a soul separates from his body. All the accounts of action begin in the *jail* of a womb. However, to speak of renunciation of action is *wrong*. Many people study hatha yoga, etc. They go and sit in caves and even walk on fire. They have many occult powers. They make many things emerge through magic. God is even called the Magician, the Jewel Merchant and the Businessman. However, no one can receive liberation or salvation through them. Only the one true Satguru comes and grants liberation and salvation to everyone. Achcha.

To you sweetest, beloved, long-lost and now-found children, love, remembrance and *good morning* from the Mother, the Father, BapDada. The spiritual Father says namaste to you spiritual children.

Essence for dharna:

1. There is only the one *most beloved* Father who changes thorns into flowers. Remember Him with a lot of *love*. Become pure, fragrant flowers and give everyone happiness.
2. This *knowledge* (study) is your *source of income*. Through this, you become very great people for 21 births. Therefore, study it well and also teach others. Become soul conscious.

Blessing: May you become an image that grants visions by practising the subtle and the incorporeal stages while looking after your responsibilities.

While having so many responsibilities, the sakar form continued to give the experience of the subtle and the incorporeal stages. *Follow the father* in the same way. While in your corporeal form, give the experience of the angelic stage. No matter how peaceless, restless or afraid a person who comes in front of you is, let your look, your attitude and the power of your awareness make that one completely peaceful. Some may come with gross feelings, so

enable them to experience the avyakt stage. You would then be said to be an image that grants visions.

Slogan: Those who are truly merciful cannot be attracted by bodies or body consciousness.

***** Om Shanti *****

Avyakt Signal: Embrace the spirit of uplifting others and uplift those who have defamed you.

An enlightened soul is constantly an ocean of love for every soul. Such a soul has nothing but love. He would only treat with love anyone who comes to him. Nowadays, the need of love is greater than the need of wealth. With the power of love, you can change an enemy into a friend. You can even uplift those who defame you.
