Morning Murli Om Shanti

BapDada

Madhuban

Essence: Sweet children, pour the oil of yoga into the lamp of the soul and the soul will become powerful.

Question: What is the basis of the soul's *battery* being filled with *power*?

Answer: In order to fill the soul's *battery* with *power*, you need the power of your intellect's yoga. When you remember the Almighty Authority Father with the power of your intellect's yoga, the *battery* becomes charged. Unless there is *power* in the *battery*, you cannot imbibe knowledge. It takes *time* for there to be *complete* light in the soul. By continuing to remember Baba you will then have *full* light.

Song: O traveller of the night, do not become weary!

Om shanti. You children understood the meaning of the song; you children are now making effort to go into the day. There is nothing but light in the new world, whereas there is nothing but darkness in the old world. This is the extremely dark night of Brahma. You are now going into the day. The Father says to you children: By keeping your intellects in yoga with the Father, you will not become tired. The more yoga you have, the lighter you become. The lights of your souls that were extinguished begin to light up. With other lights, the *current* comes immediately, but it takes *time* for there to be *complete* light in souls. You will become *full* by the end. You have to continue to have yoga. The *battery* of a *motor* (car) is charged all night. In the same way this, too, is a *motor*. The oil in it has finished, and so the *power* has reduced. Baba is called the *Powerful* One, the Almighty Authority. This *battery* cannot be charged without the *power* of your intellect's yoga. Only by your having yoga with the Almighty Authority Father is the *battery* charged. If the *battery* is not charged, you can't imbibe *knowledge*. The Father repeatedly says: Remember Me and claim the inheritance. It is such an easy thing! Be "Manmanabhav"! People continue to chant Rama's name and want the kingdom of Rama, but the kingdom of Rama will not come simply by chanting Rama's name. Many have been doing that for many births on the banks of the River Ganges. No one knows what the kingdom of Rama (God) is. It must definitely be Rama (God) who creates the kingdom of Rama. They just have the kingdom of Rama and Sita in their intellects, but even Rama himself didn't have any comfort in that kingdom of Rama. If the wife of King Rama was abducted, what would be the state of the people? The wives of kings here would never be abducted, but they have said this about Rama and Sita. These are matters that have to be understood. In fact, the Supreme Father, the Supreme Soul, is called Rama. It is sung: You are the Mother and Father. Who are the Mother and Father to whom they sing this? One is worldly parents, but this praise wouldn't be sung to them. There is the Supreme Father, and so there definitely has to be a mother too. Therefore, it is sung to the Mother and Father from beyond this world. When you ask *who* the *Creator* is, they would instantly say it is *God*, the *Father*. This proves that there are the Mother and Father. At present, there are two mothers and fathers. In the golden age, you only have one mother and father. Even though people here have worldly parents, they sing: You are the Mother and Father. At present, we children are receiving limitless happiness from the Father, and later we will only have one mother and father. You receive the reward of limitless happiness of the golden age from the Mother and Father from beyond this world. There is praise of that Mother and Father. Nevertheless children, you forget to remember such a Father. You children have to give everyone the Father's introduction by saying that Baba has come. You always speak of Shiv Baba and Brahma Baba. The name 'Father of People' is well known. There are Shiv Baba and Brahma Baba. There are worldly parents; so how does the Supreme Father, the Supreme Soul, become the Mother and Father? These are very deep things. When people come, ask them: What is the Supreme Father, the Supreme Soul, to you? What is the Father of People to you? The World Mother is incognito and this Brahma is also incognito. This Brahma is the senior mother. Everyone knows the name, form, place and time of their worldly parents. You

must now tell them the name, form, place, time and *occupation* of the Mother and Father from beyond this world. This one is the senior mother who is even senior to Mama. Baba adopts you through the senior mother, and so they become the *combined* mother and Father. They can be called mother and Father or BapDada. You need to explain this in a very good way. You should write on a big *board*: Everyone remembers the incorporeal Supreme Father, the Supreme Soul, but they do not know how He becomes the Mother and Father. People's intellects do not function even this much! These things are unique and only the Father comes and tells you them. The soul says: O Supreme Father! So, He too is a soul, but He is the *Supreme Soul*. *Supreme* means the Supreme, the One who resides in the supreme abode, the land beyond. He Himself doesn't enter birth and rebirth. He comes and liberates us children from having impure births and rebirths. He does not liberate us from taking pure births and rebirths. He makes impure souls pure. This is why He is called the Purifier. People do not understand the meaning of "Rama and Sita". In fact, all devotees are Sitas. They remember the one Bridegroom, the Supreme Father, the Supreme Soul. The Father says: Children, at present, there is the kingdom of Ravan over the whole world, not just Lanka. People burn an effigy of Ravan here. Lanka is not even in Hindustan; that is the land of Buddhists. So, at present, the whole world is in bondage to Ravan. Ravan's kingdom exists over the whole world. For half the cycle it is the kingdom of Rama and for the other half it is the kingdom of Ravan. Half the cycle is the day and half the cycle is the night. All of these things have to be kept in your intellects. At present you are conquering Ravan. Those who gain full victory will become the masters. There used to be the kingdom of Lakshmi and Narayan at the beginning of the golden age. How and from whom did they attain the reward of heaven? In the golden age, there will be very few human beings; approximately a few hundred thousand. They will have their kingdom on the banks of the River Jamuna. There is no vice there; it is called the completely viceless world. Children are born through the power of yoga. There is no crying and no one is beaten there. You should not speak of these things first. First, take up the aspect of how the incorporeal Supreme Soul and we souls come from the world beyond. So, what is your relationship with the Supreme Father, the Supreme Soul, the Father from beyond this world? This is a *number one* aspect. First of all, take up the relationship of the Father, then the relationship of the Mother and the inheritance will then also emerge. By forgetting the one Alpha, people have forgotten everything. First of all, Ravan made you forget Alpha. Then, with the help of Alpha, you conquer Ravan. You have many *points* with which to explain. The main point to explain in the exhibition is that of Alpha. Only after Alpha can you go on to beta and theta etc. If they haven't understood about Alpha, they will not understand anything, no matter how much you beat your heads with them. Since there is the Supreme Father, you receive the inheritance from Him. Once you receive Baba's inheritance; you automatically have a right to the inheritance. It is so easy to explain the picture of the Trimurti. At the top is the Father, then Lakshmi and Narayan; the inheritance, Vishnu, is standing there. Baba says: Remember Me and you will claim this inheritance. Children say: Baba, You are incorporeal; how will You give the inheritance? Baba says: I give it to you through Brahma. Explain this aspect to whoever comes. A main aspect is the Trimurti. There is no sense in the expression 'Trimurti Brahma'. You have to explain that this is incorporeal Shiv Baba, that He is called the Ocean of Knowledge, and this is the inheritance. The Father is incorporeal, so how did Lakshmi and Narayan receive the inheritance? Where did they come from? Here, you do not call yourselves Vishnu Kumars; you are Brahma Kumars and Kumaris. The land of Brahma is one of human beings where Brahmins are especially created. In Sindh, there used to be the land of Brahma. Who explained all of this? (Shiv Baba). You must always say that it is BapDada *combined*. Sometimes, Baba speaks and sometimes, Dada speaks. The mouth of both souls is only one. Either one can *use* it when they want. There is no restriction to that. Therefore, first of all, explain that the Ocean of Knowledge, the God of the Gita, is the Father and He says: Brahma, Vishnu and Shankar are the deities who are residents of the subtle region. This Brahma is a human being. He will be called a deity when he becomes complete and perfect. He becomes a deity after doing tapasya. God teaches these Brahma Kumars and Kumaris through Brahma. You have to explain clearly using the pictures. The explanation is very easy. This is Shiv Baba and

this is the inheritance. Shiv Baba is incorporeal, and He therefore gives it through Brahma. Heaven is established through Brahma. You must definitely have studied Raja Yoga at this time in order to become that (a deity). This is the land of Shiva and that is the land of Vishnu. Achcha.

To the sweetest, beloved, long-lost and now-found children, love, remembrance and *good morning* from the Mother, the Father, BapDada. The spiritual Father says namaste to the spiritual children.

Essence for dharna:

1. Conquer Maya, Ravan, with remembrance of Alpha. Give everyone the introduction to Alpha.
2. Don't become tired of the pilgrimage of remembrance. In order to charge your *battery*, remember the Almighty Authority Father.

Blessing: May you experience a constant and stable stage by having remembrance of the one Father and become an embodiment of the essence.

The easy way to have a constant and stable stage is to have remembrance of the One. One Baba and none other. Everything is merged in a seed. In the same way, the Father is the Seed in whom the essence of all relationships and all attainments is merged. To remember the one Father means to become an embodiment of the essence. So, the one Father and none other: this remembrance of One will make your stage constant and stable. Those who stay in remembrance of the one Bestower of Happiness cannot experience any waves of sorrow. They would dream only of happiness, joy, doing service and of celebrating a meeting.

Slogan: Those who ignite the lamp of elevated hopes are true lamps of the clan.

***** Om Shanti *****

Invaluable versions of Mateshwari

Why not win the first lottery from God?

Look, many people think that by making just a little effort, they will at least go to heaven. However, they should believe that since God has come, in order for them to claim the full inheritance, it is duty of the students to make full effort and claim a scholarship. So, why should you not win the first number lottery? This means to be threaded in the rosary of victory. However, if you don't, you are sitting and holding the cake and wanting to eat it... You want to experience limited happiness here and also claim some happiness in heaven. Those who think in this way are said to be effort-makers of a mediocre or low level, not those who are making elevated efforts. Since the Father is not quibbling about giving, then why do those who are to take hesitate? This is why Guru Nanak said: God is the Bestower, the Almighty, but souls do not have the power to take from Him. The One who is gives continuously gives, but those who take become tired in taking. Perhaps you have a desire in your heart to claim a status, but just see how much effort Baba makes, even though Maya causes so many obstacles. Why? The kingdom of Maya is not to finish. It is when Maya has taken away all your strength, that God, in whom there is the sweetness of everything, comes. You receive the sweetness of all relationships from Him and this is why it is sung: You are the Mother and Father! This is praise of God, and so the greatness is of this time when we can have this relationship with Him. Achcha.
