Morning Murli Om Shanti

BapDada

Madhuban

**Essence:** Sweet children, you are now sitting personally in front of the Father, *Teacher* and Satguru. The mercy of the Father is that He becomes your *Teacher* and teaches you and He then becomes the Satguru and takes you back with Him.

**Question:** What have you promised the Father? What is your duty?

**Answer:** You made this promise: Baba, whatever we hear from You, we will definitely tell that to others and make them equal to ourselves. Our duty is to teach everyone in the same way as the Father teaches us because the locks on our intellects have now opened. Just as we are claiming our inheritance, in the same way, we have to be merciful and enable others to claim their inheritance.

**Song:** Take blessings from the Mother and Father.

Om shanti. You children are now sitting personally in front of the Mother and Father, that is, you children are sitting in a *school* with your *Teacher*. You children know that you are also sitting with the Satguru in order to listen to knowledge. To listen to whom? Only the Father is the Ocean of Knowledge. You know that He has come here from the supreme abode in order to give us teachings. Your intellects are connected to the supreme abode, the *sweet home*. Although He teaches you here, and the Mother and Father are personally sitting in front of you, your intellects' yoga or remembrance is still directed to the land of nirvana. We have to return home with the Father. Then we will go to the home of Vishnu. That is a home and this is also a home. We have to go to the land of Shri Krishna, the in-laws' home. First of all, you have to remember the Father who makes you worthy. Parents make their daughter worthy, when she goes to her in-laws' home, she would glorify her parents. The in-laws would say that the girl has very good qualities. You know that you are now sitting personally in front of the Supreme Father, the Supreme Soul, and that you are studying. The Father makes a lot of effort on you children. This is His mercy. If a son becomes a *barrister*, it would be said that his parents sustained him and educated him well. The mother and father are *creators* and also the *directors*. Sons would be attached to their father, whereas daughters would be attached to their mother because the sons are to receive an inheritance from their father. A kumari would go and become a mother. You are now the decoration of the Brahmin clan. Brahmins are remembered. There are many children of Prajapita Brahma. You can even ask those brahmin priests: Are you the mouth-born creation or are you the mouth-born children of Brahma? Physical children take birth to their physical parents. When were you born through the mouth of Brahma? They wouldn't be able to tell you. You know that you have been *adopted* through the lotus lips of Brahma *practically*. Shiv Baba has *adopted* you. You understand that you are personally sitting here in front of all three: the Father, *Teacher* and Guru. The Father teaches you *manners*. It is here that you have to become virtuous, full of all virtues like Shri Krishna by making effort. People don't know who Radhe and Krishna were in their previous birth. Only you children know this. Those who were worthy of worship have become worshippers and will then become worthy of worship. Devotees are called worshippers. No one, apart from the Father, can give you the inheritance of changing from an ordinary human into Narayan or from a *beggar* to a *prince*. When someone asks you what you are doing, tell that person: I am studying with *God*, the *Father*. Each of you has this *aim* and *objective* in your intellect. We are claiming our unlimited inheritance from Baba. The inheritance of heaven is to become Lakshmi and Narayan or *princes* and *princesses*. You become *princes* and *princesses* here in this *college*. You know that you are studying to become the *princes* and *princesses* in the future new world. The new world is called the golden age. Those in the golden age and those in the iron age would be human beings anyway. It is human beings who receive *knowledge*; it would not be given to animals. Human beings had divine virtues and they became those with devilish traits and are now becoming those with divine virtues. You children have this in your

intellects. This is an easy thing to understand. The cycle of 84 births is for Bharat. The secret of the cycle of 84 births will not sit in anyone else's intellect. Shri Krishna was the one who had the discus of self-realisation. Vishnu is the *combined* form of Lakshmi and Narayan. In their childhood, they were Radhe and Krishna. However, the discus is given to Shri Krishna alone. They never show Radhe with a discus. They don't even show Lakshmi with it. They show Narayan and Vishnu with it. Lakshmi is included in that. In fact, you are the spinners of the discus of self-realisation. You know that you are studying this *wonderful* study with *God*, the *Father*. He is the Ocean of Knowledge, the Seed of the human world, the Truth and the Living Being. A soul is said to be the truth and a living being. A body cannot be called the truth and a living being. Even though a baby in a womb is non-living for five months, it still continues to grow. Everything grows, but it is the soul of a human being that is great. Human beings are praised and they are defamed. It was printed in the newspaper that when the *Prime Minister of England* went to *church* he took his cat with him. Look how much respect the cat was given! You cannot even go there without a *permit* and yet the cat received a *permit*! Many people say that even dogs remember God. They bark, don't they? Those people also simply speak of *God*, but they don't know anything. So, what is the difference between human beings and animals? You are now becoming so elevated. You will now be praised a lot. When your influence spreads in a *practical* way, they will say: That's it! We have to go to the Brahma Kumaris. Brahma Kumars and Kumaris are the grandsons and granddaughters of Shiv Baba. There is only one Baba. There is one Mama and one Baba through whom you are created. You know that you are the grandsons and granddaughters of Shiv Baba. There is no question of being young or old here. You are the grandchildren of Shiv Baba and the children and grandchildren of Brahma. This is something so easy. This is the Brahmin clan. The Father is the *Creator*. You know that you children of Shiv Baba are the initial *founders* of this tree. This Brahma is sitting under the trunk, at the confluence age. You are the grandchildren of highest-on-high Shiv Baba. You are claiming your inheritance of heaven from Him. You should never forget this. You have to forget whatever you have, including your bodies, and become bodiless. We now have to return to our Grandfather and to our *sweet home*. We are grandsons and granddaughters of Shiv Baba. The father is also needed. We are truly Brahma Kumars and Kumaris. We are the grandchildren of Shiva and we receive our Grandfather's inheritance. Only the sovereignty of the world is called the true self-sovereignty. You become the masters of the whole world. You are not afraid of anyone. That is called the undivided kingdom. There is no one else there. You become those who are full of all virtues, those who follow the supreme religion of non-violence. Baba has explained that there are two types of violence. One is *violence* and the other type is to use the sword of lust. We are *doubly* non-violent. There is no question of violence in the golden age; there is neither physical violence nor that of vice. It is said that there is the supreme deity religion of non-violence. We become members of that. We will become deities from Brahmins. Our name 'human beings' is then removed. We change from human beings to deities just as they become *barristers* or *engineers* etc. They themselves know how they become that. You know that you are becoming deities through this study. It is very easy. You have the knowledge of the beginning, the middle and the end of this tree of the *variety* of religions. No one else has this knowledge. You know that your Father and *Teacher* has come from the supreme abode to teach you. The supreme abode is so high up that even *aeroplanes* cannot go there. Look how Baba comes without wings in order to teach us! So there should be that much happiness. Our Baba is also our *Teacher*. He resides in the supreme abode and comes from there to teach us. He has to do a lot of *service*. He also has to do the *service* of making the devotees happy. Devotees do not know Me. I serve them so much. I also fulfil the desires of those who do intense devotion; children have had visions of that. They sit there doing intense devotion and say: Shri Krishna, just give me a vision! They have tears streaming down their faces. When they perform such intense devotion, I grant them a vision. That belongs to the path of devotion. So, at this time, I also please them. I sit here and speak to you personally; I teach you. There truly are the versions of God. There is no doubt about this. It is also written in the Gita: O child, I am teaching you Raj Yoga to change you from an ordinary man into Narayan. However, they have inserted Shri Krishna's

name. The Shri Krishna soul is in his last birth at this time. He sits here and studies. You children know that the sun and moon dynasty kingdoms are being established. We will definitely make effort and claim the inheritance. Baba is so merciful. He comes and adopts us children. Children say: Baba, You are the same One and we are the same ones who have met once again. You are that same Baba and we are those same children of Yours. You have now come to give us our fortune of the kingdom. Baba is once again teaching us. We are the grandchildren of Shiva. The name 'Prajapita Brahma' is also glorified. You know that the Creator of heaven is only the Supreme Father, the Supreme Soul, and that the inheritance will be received from Him. Brahma also received it from Him. That Father is speaking to you Brahmins. He explains to you so clearly! So, why do you forget Him? You are sitting in Baba's home. Baba Himself becomes the *Teacher* and teaches you. We are studying Raj Yoga. We will go to the land of peace and then go to the land of happiness. This iron-aged world is to be destroyed. We have to observe everything as detached observers as we did in the previous cycle. Just continue to see how you *passed* the examination and how destruction took place. See how you will take birth where there is victory. See how you will build your palaces. Your intellects are aware that there isn't a golden Dwaraka down below which comes up above. They say that there was the golden Lanka of Ravan. There wasn't really anything like that. It was the deities who had golden palaces. They don't exist now. The boat of Bharat has now sunk. You children now *salvage* everyone from the ocean of poison, hell. There's no question of *steamers* etc. You children of the Ocean were burnt to death. You became ugly by sitting on the pyre of lust. You were beautiful and then became ugly. You were such beautiful deities of Bharat. All of you are Shyam-Sundar (ugly and beautiful ones). You children know who it is you are sitting in front of. There is no other spiritual gathering where *God*, the *Father*, sits and teaches you Raj Yoga. The incorporeal Father must have entered someone's body. How could He come as Shri Krishna? Yes, his soul is here, is it not? The locks on our intellects have now opened. You know that you become the masters of the world through Baba. You claim your inheritance. You are the ones who say "Mama, Baba", and so you have to *follow* them in studying. This is why it is said: *Follow Father*. The real *Father* is needed, not an *artificial* one. Gandhiji too was called Bapuji (father), but no inheritance was received from him. That was a limited inheritance from a limited Bapuji; he would not be called unlimited. This unlimited Bapuji has come from the supreme abode. He makes you into the masters of heaven. You have now become knowers of the three aspects of time and you are the ones who become the masters of Paradise. You should have so much *love* for the unlimited Father. "I break away from everyone else and connect myself to You alone." This is your promise to the Father. The Father sits here and explains to you children with so much love. What would anyone know about when Shiv Baba came, when it was Raksha Bandhan or how the divine virtues were imbibed? People study the Gita and the scriptures and yet no one understands anything. You explain everything *orally*. There is no question of the scriptures in this. God sits here and teaches you. He taught you at the confluence age. You now listen to Him personally and so your intoxication rises. That intoxication should not decrease. It is not a human being who is teaching you this. The Supreme Father, the Supreme Soul, who is the Ocean of Knowledge, is teaching you. All of you Brahma Kumars and Kumaris are listening to Him. You listen to Him and then relate it to others. Your *agreement* is that you will listen to Baba and definitely relate that to others. Otherwise, why do you listen? You have now become children of the unlimited Father. The Father says: Constantly remember Me alone. Renounce all your relationships including those with your own bodies. The Father is Shiva and you are saligrams: the Father and the children. The Father says: I am incorporeal. You too were incorporeal. You have come here to play your *parts*. You now have to go back home. Baba is the Master of Brahmand. You too were masters of Brahmand. That is also called the supreme abode (Paramdham), the land of nirvana, the incorporeal world. All of those are its names. The incorporeal world, the subtle region, the corporeal world: this cycle continues to turn in front of you. Achcha.

To the sweetest, beloved, long-lost and now-found children, love, remembrance and *good morning* from the Mother, the Father, BapDada. The spiritual Father says namaste to the spiritual children.

**Essence for dharna:**

1. *Follow* the Mother and Father in this study. Stay in the happiness that God has come from the highest-on-high land to teach us.
2. You now have to return to your *sweet home*, so practise being bodiless. Forget everything including your body.

**Blessing:** May you experience the power of silence by stabilising in the elevated stage beyond sound as a *master* seed.

The elevated stage of being beyond sound is a lovely and unique, powerful stage that is beyond all physical attractions. When you stabilise in this elevated stage for even a *second*, the impact of that is that even, while doing everything throughout the day, you will especially experience the power of silence in yourself. This stage is called the karmateet stage, the full stage of being equal to the Father. This is the *master* seed stage, the stage of a *master* almighty authority. By having this stage you will experience success in every task.

**Slogan:** A great soul is one whose every word is an elevated version.
