Morning Murli Om Shanti

BapDada

Madhuban

Essence: Sweet children, the Father gives you news of the unlimited. You have now become spinners of the discus of self-realization. Remain aware of your 84 births and also make everyone else aware of them.

Question: Why is Brahma, and not Vishnu, said to be the first child of Shiv Baba?

Answer: Because Shiv Baba creates the Brahmin community through Brahma. If Vishnu were said to be His child, there should then be a community created through him. However, neither is there a community created through Vishnu nor does anyone call him the Mother and Father. When he is the emperor in the form of Narayan with the empress Lakshmi, only their children call them mother and father. The Brahmin community is created through Brahma.

Song: You are the Mother and Father.

Om shanti. The Father sits here and explains to you children. No guru or guide can ever say that the Father sits and explains to the children. What does the Father explain to the children? He explains who the Father is. Only you know this. This cannot be said in any other spiritual gathering. Although they are called 'Sai Baba' or 'Meher Baba' (names of gurus), they do not understand anything; they are unable to say this. You know that that One is the unlimited Father and that He gives you news of the unlimited. One is news of the unlimited and the other is news of the limited. No one else in this world knows this. (News of limited and unlimited). The Father says: I give you news of the unlimited and your intellects therefore have the knowledge of the beginning, the middle and the end of the world. You know that the Father truly has given His introduction and accurately explained how the world cycle turns. We understand this and explain to others. The Seed is called the Supreme Father, the Supreme Soul and the Father. We are His children, souls. It is in the intellects of you children that you souls are the children of God. The Supreme Father, the Supreme Soul, is the Resident of the supreme abode. He gives the news of the incorporeal world and how the whole rosary is created. The first thing He explains is: I am your Father and I reside in the supreme abode. I am called the *Knowledge-full* and *Blissful* One. I come and give you souls your inheritance of purity, peace and happiness. This continues to turn in the intellects of you children. Where do we originally reside? All of us souls have to play our *parts*. No one can understand the secret of the *parts*. They simply continue to say, for the sake of saying it, that they will take rebirth and that a soul takes this many births. Some say 8.4 million births. When you explain to some people, they understand that 84 births is accurate. You should have it in your intellects how you take 84 births. We definitely were satopradhan and we then went through the stages of sato, rajo and tamo. Now, at the confluence age, we are becoming satopradhan again. Surely, this must be in the intellects of you children. This is why you are called the ones who spin the discus of self-realization. These things are so simple that even the old mothers can explain that we, not the people of other religions, are the ones who take 84 births. It also has to be explained that we are now Brahmins and that we then become deities, warriors, merchants and shudras. Shiv Baba is the Highest on High. It is now in your intellects that you take rebirth. You definitely have to believe in rebirth. You have now received the awareness of your *parts* of 84 births. This explanation is very easy for the old mothers. There is no need for you to read any books etc. The Father has explained how you take 84 births. You were deities and you took eight births in the golden age, 12 births in the silver age and 63 births in the copper and iron ages. Then, this one birth is the most elevated of all. You easily understand this, don't you? You old mothers of Kurukshetra (small town where the Mahabharat War was supposed to have taken place) understand this, don't you? The name Kurukshetra is very famous. In fact, this (the whole world) is the Karmashetra (field of action). That Kurukshetra is just a small town. This world is the field where all actions are performed. The war has not yet begun here. You know this entire Kurukshetra (battlefield). You just have to sit in one place. Baba has told

you: It is now Ravan's kingdom over the whole field of action (Karmashetra). It is here that they burn Ravan. Ravan's birth takes place here and the birth of Shiv Baba also takes place here. It is here that deities used to exist and it is here that they started to follow the path of sin. Baba also enters Bharat here. There is great praise of Bharat. The Father sits in Bharat and explains: Children, 5000 years ago, you belonged to the original eternal deity religion; you used to rule. Among you, Lakshmi and Narayan were the *number one* rulers of the world. That was 5000 years ago. They were called the world empress and world emperor. There was no other religion there. All the kings there would be called emperors of the world. Later, it is said: This one is the emperor of such-and-such a town and that one the emperor (maharaja) of such-and-such a town. You know that you claim the kingdom of the world. The Father has explained that you rule by the banks of the River Jamuna. Therefore, keep it in your intellects that there are four ages and four castes. The fifth one is this *leap* age, which no one knows about. The main religion is the Brahmin religion. "Mouth-born creation of Brahma" is remembered. When did Brahma come? When the Father created the world, Brahmins are definitely needed first. They are the *direct* mouth-born creation of Brahma. Brahma is the first child of Shiv Baba. Would you also call Vishnu His child? No, because if you were to call him His child, there would be a community created through him. However, neither is there a community created through him nor can he be called the "Mother and Father". The emperor and empress would only have one son of their own. This is the land where actions are performed. Even the Supreme Father, the Supreme Soul, has to come here in order to act. Otherwise, what does He do that there is so much praise of Him? You can see that they also remember the birth of Shiva. Although they have written the Shiva Purana (a scripture), nothing can be understood from it. The Gita is the main scripture. You have understood very clearly how Shiv Baba comes. Brahma is definitely needed, but where does he come from? There is the perfect form of Brahma in the subtle region. People get stuck in this aspect. What is Brahma's task? What does he do in the subtle region? The Father explains: When he is in his corporeal form, I give knowledge through him. By imbibing this knowledge he becomes an angel and that is his perfect form. It is the same for Mama. Your perfect forms are also formed in the same way. You old mothers simply have to imbibe the point of how you take 84 births. It has also been explained that Baba sends you onto the Karmashetra (field of action) to play your *parts*. He doesn't say anything through His mouth. This is the *drama* that is predestined. According to the *drama*, all have to come at their own time. The Father sits here and explains who exists at the beginning of the world and who exists at the end. At the end, the whole clan reaches the state of total decay. However, it isn't that there is total annihilation and that Krishna then comes, sucking his thumb. The Father establishes the new community through Brahma. You know how the Supreme Father, the Supreme Soul, creates the divine world. They think Krishna creates it. You know that only the Father is the Purifier. Only at the end does He come to purify you. Only those who became pure a cycle ago will come here. They become the mouth-born creation of Brahma and make effort to claim their inheritance from Shiv Baba. He is the Creator, the *knowledge-full* One. The inheritance is only received from the Father; even Dada (Brahma Baba) receives it from Him. Only His praise is sung: You are the Mother and Father. He truly is the One who gives true happiness. Only you know this; the world doesn't know it. Sorrow begins when Ravan's kingdom begins. Ravan makes you senseless. For as long as a child is free from the vices, he is considered to be a mahatma (a great soul). When he becomes an adolescent, his worldly relations show him the path to sorrow. The first path he is shown is: You have to get married; didn't Lakshmi and Narayan, and Rama and Sita get married? However, they do not understand that their path was a pure family life, whereas this is the path of an impure family life. They were the masters of pure heaven, whereas we are the masters of impure hell. However, these thoughts do not enter their intellects. You speak of the praise of Bharat. Have you forgotten that Bharat was heaven? There used to be the original eternal deity religion and they were pure. This is why impure ones go and bow their heads in front of the idols of deities. Only the Purifier Father establishes the pure world. Bharat truly was pure. At the moment, they say: We are impure. If there is a war etc. they create a sacrificial fire to bring peace and they also chant mantras. However, they don't know the meaning of peace. It is very easy. If they call out, "God,

the Father", they must be His children. He is our Father, and so we are all *brothers*. You are called brothers and sisters because you are the true mouth-born creation of Brahma. There is no mouth-born creation in the golden age. It is only because there is the mouth-born creation at the confluence age that you are called brothers and sisters. The Father says: I enter an ordinary old body at the confluence age of every cycle and name him Brahma. He then imbibes this knowledge and becomes the avyakt, perfect Brahma. He is the same one; he isn't a different one. A Brahmin becomes a deity and then, after going around the cycle, finally becomes a shudra. Then Brahmins are created again through Brahma. You teachers have to make effort on the old mothers and explain to them: We have now completed our 84 births. They can at least understand this much. Baba says: Remember Me. Only through this fire of yoga will your sins be burnt away. He says to all souls: Constantly remember Me alone. Shiv Baba says: You *lucky* stars, o saligrams, I am giving this knowledge to the intellects of you souls. The Father, the Supreme Soul, speaks through Brahma's mouth and you souls listen. It is said: Establishment is carried out through Brahma. Therefore, he would definitely be a human being and he would also be old. They always show Brahma as elderly and believe Krishna to be young. They never call Brahma a small child; they don't show a young form of him. Just as they don't show a younger form of Lakshmi and Narayan, in the same way, they don't show a younger form of Brahma. The Father Himself says: I enter an old body. You children have to continue to relate this great mantra to others: Shiv Baba says: Constantly remember Me alone. We call Shiva and Brahma 'Baba', but we never call Shankar 'Baba'. They have simply mixed Shiva and Shankar together. Also sit it in their intellects that the Father of all souls, the Supreme Father, the Supreme Soul, has now come. All of these easy points should be explained to the old mothers. Baba asks you the question: What did I make you previously? At least they should be able to reply: We became those who spin the discus of self-realization. By remembering the Father and the cycle, you go to the spiritual, foreign land. That foreign land is the faraway land, is it not? We souls reside in the place which is the faraway land. Just look where our home is: beyond the sun and the moon, where there is no sorrow. We souls now remember our home. We stayed bodiless there; we didn't have bodies. You should have the happiness that you are now returning to your home. The Father's home is also your home. Baba has said: Remember Me and also remember your home, the land of liberation. Those who have the arrogance of *science* don't know the Supreme Soul at all. The Father feels compassion for them: a little knowledge should fall into their ears so that they would be able to remember Shiv Baba and that their body consciousness can be broken. This is the true story of becoming Narayan from a human being. Remember the true Father and you'll become masters of the land of truth. Only the true Father establishes heaven. He says: Remove your intellects' yoga from everyone else. This income is still greater than the eight hours of Government jobs you do. Wherever you go, continue to keep this in your intellects. You are karma yogis. Everything is explained so easily to you. I am very pleased to see the old mothers because, after all, they are my equals. If I become a master and my equals do not, then that is not very good. The Father is the imperishable *Surgeon* of Knowledge. When the Satguru gives the *injection* of knowledge your darkness of ignorance is dispelled. Your ignorance is now being removed. Your intellects now have this knowledge. You now know everything! Achcha.

To the sweetest, beloved, long-lost and now-found, children, love, remembrance and *good morning* from the Mother, the Father, BapDada. The spiritual Father says namaste to the spiritual children.

Essence for dharna:

1. In order to earn the highest income, remove your intellects' yoga from everyone else and connect it to the one Father. Remember the true Father and become the masters of the land of truth.
2. Just as Father Brahma imbibes knowledge and becomes perfect, so you have to become as perfect as him.

Blessing: May you be constantly cheerful and carefree and experience victory on the basis of having unbreakable faith.

The sign of having faith is to become victorious easily in every situation with your thoughts, words, actions, relationships and connections. Where there is unbroken faith, the destiny of victory cannot be prevented. Only those whose intellects have such faith can be constantly cheerful and carefree. To ask the questions of “Why?”, “What?”, “How?” for any situation is a sign of worry. The *slogan* of a soul whose intellect has faith and is carefree is, “Whatever happened was good, is good and will be good.” They will experience goodness in even something bad. They will be ignorant of the word “worry”.

Slogan: In order for your heart to be constantly happy, put a *full stop* in the *computer* of your intellect.
