Morning Murli Om Shanti

BapDada

Madhuban

Essence: Sweet children, you have come into the lap of the unlimited Father while alive. You have become His children and so you definitely have to follow His shrimat. You have to put every *direction* into practice.

Question: When does the age of retirement for the world begin and why?

Answer: When Shiv Baba enters the body of Brahma, the age of retirement for the whole world begins, because the Father comes to take you back. At this time, it is the age of retirement for everyone, young and old. Everyone has to go back to the sweet home, the land of liberation, and then go into liberation-in-life. In any case, when the Father enters Brahma's body, Brahma's age is 60 years. It is his age of retirement too.

Song: To live in Your lane and to die in Your lane.

Om shanti. In whose lane are you going to die? People want to go to the land of liberation and to be threaded in the rosary of victory of the Supreme Father, the Supreme Soul, Shiv Baba. You children know that all the souls of human beings are definitely the rosary around the Father's neck, just as the physical creation of a worldly father is definitely the garland around that physical father. Children remember their father and a father remembers his children. In the same way, all souls in fact remember the Father, the Supreme Father, the Supreme Soul. Those are limited fathers whereas this One is the unlimited Father. Every human being wants to attain liberation, because to be the garland around the neck of the Incorporeal means liberation and to be the garland around the neck of Vishnu means liberation-in-life. The Father gives you liberation and liberation-in-life. If you become the children of the unlimited Father, you will become the garland around His neck. Children are the garland around the necks of their physical parents. Those parents are themselves children of other people. People sing: You are the Mother and the Father. When we become the garland around Your neck, we will remain constantly happy. People remember the unlimited Father and they also want to know how to become the garland around His neck. It is only when Trimurti Shiv Baba comes and creates all three - Brahma, Vishnu and Shankar - that you can become the garland around the neck of the unlimited Father through Brahma. At first, you are the garland of your physical parents. It is only when you die alive from them and come to the Mother and Father from beyond that you can receive your inheritance. When wealthy people *adopt* a poor child, he goes into the lap of those wealthy parents while alive and the poor parents are also still alive. The child remembers both. You too remember both your worldly and your other worldly relationships. You have meetings with both. You have taken the lap of the Parent from beyond in order to receive infinite happiness from Him. Those laps are limited whereas this is the unlimited lap. You have taken this lap while alive. You know that by going into His lap, you will receive a lot of happiness in the deity clan. Therefore, you definitely have to remember the Mother and Father whose children you have become. Shrimat has been remembered. You now have to follow His directions in a *practical* way. It isn't that everyone is *adopted* instantly; no. You belong to Him gradually. The deity religion is now being established; the tree grows gradually. *Christ* is the first of the *Christians* to come. Then that grows to 10, to 20, to 50. This tree grows here in front of Him. *Christ* leaves, but he (that soul) remains till to the end. This One is the unlimited Father. Many have to become the garland around the neck of Shiv Baba, only then will they become the garland around the neck of Vishnu. Shiv Baba is incorporeal. He creates the mouth-born creation through Brahma. "Trimurti Shiva" has a meaning. There is no meaning to saying "Trimurti Brahma". Baba continues to give you *corrections*. Beneath the picture of the cycle, you have to write: Discus of self-realisation (not spinning wheel). That *Government* has a spinning wheel. Here, you have the discus of self-realisation. Day by day, you continue to receive *corrections*. Baba has explained that you always have to say, "Trimurti Shiv Jayanti". Shiva Baba gives you the inheritance through Brahma. Shiva is the Father, so

He definitely has the inheritance to give. Therefore, Vishnu is the inheritance. "Destruction through Shankar" is remembered. This is why the picture of the Trimurti is a main one. The picture of the Trimurti has continued to exist. When you rule there, there will be a picture of Vishnu behind the throne. That is like your *Coat of Arms*. People don't understand the meaning of that. The Father has explained it to you. You receive this knowledge at this time. Deities don't have this knowledge. It is the third eyes of you Brahmins that open. The Father explains everything to you so easily: Manmanabhav! Remember the Father and the inheritance! You are mouth-born creations of Brahma. You are also the Ganges of knowledge. You are mouth-born creations, who have emerged from the Ocean of Knowledge through the lotus-lips of Brahma. You are knowledgeable kumars and kumaris. Therefore, you are children of the Ocean of Knowledge. In fact, this is the real pilgrimage. This is the true sangam (confluence) of souls with the Supreme Soul: the Ocean of Knowledge and the Ganges of knowledge. These matters are very incognito and have to be understood. Those with gross intellects will not be able to understand these things. An easy way for them is to remember Shiv Baba and the inheritance through this one. By having this in your intellects, your mercury of happiness will rise. This is your *Godly student life*. The unlimited Father is teaching you. Your intellects have the knowledge of Raja Yoga through which you receive your reward. There is no need for this *knowledge* there; it is needed here. The Father says: I come and teach you Raja Yoga every cycle. I explain to you the secrets of the beginning, the middle and the end of creation and how the cycle turns. All the praise is of the confluence age, when the Purifier Father comes and takes you from the old world to the new world. Preparations are taking place for the destruction of the old world. You can see what is happening in the world nowadays. Today, someone may be an emperor and tomorrow the *military* would oppose the emperor and put him in jail; they would kill anyone. There continues to be many such *cases*. Nowadays, you can't trust anything. There is nothing but sorrow everywhere. Today, someone has a child and becomes happy and tomorrow the child dies and there is sorrow. This is a world of sorrow. The Father is now making you worthy of the new world of happiness. The Father explains to you: Children, you were deities and have now become like devils. Yesterday, you would sing praise of the deities and call yourselves degraded sinners. You used to sing: We are without virtue and have no virtues. Therefore, God would definitely have had mercy on some. Who made those deities virtuous? You now know this. No one, apart from the Supreme Father, the Supreme Soul, can create deities. People have become completely vicious and impure. Even when they grow old, they don't renounce the vices. Otherwise, it is the system that, at the age of 60, they should go into the stage of retirement. They used to do that in earlier days; they would settle all their responsibilities by the time they reached the age of 60 and give everything to their children. Nowadays, they have children themselves even at the age of 60. The Father says: When this one was 60 years old in the last of his many births, when it was his stage of retirement, I entered him and that was when he renounced everything. When the Father comes, it is the stage of retirement for the whole world, because everyone has to go back. This is why the Father says: Constantly remember Me alone. Neither young nor old, no one will remain. The Father comes and makes everyone sweet. Both the lands of liberation and liberation-in-life are sweet lands. Everything has to be destroyed. Everyone's karmic accounts have to be settled. It doesn't take long to experience punishment. When a person sacrifices himself at Kashi, he becomes liberated from his sins. His accounts then begin again. However, not a single one goes into liberation. They think that by sacrificing themselves to Shiva, they will go to the land of nirvana. The Father says: No one can go back; everyone has to take rebirth. This *number* one soul takes the full number of rebirths. Therefore, surely those who come after him will also take rebirth. You have taken 84 births. Your *parts* continue from the beginning. This is your benevolent *leap* birth. In this birth, that is, in this age of charity, you become righteous souls. All of those things are limited. That is the month of charity, or the year of charity whereas this is the age of charity. Only for you Brahmins is this the *leap* birth. You Brahmins are topknots and you then become deities. You know that Baba is now making you the garland around His neck. We souls reside in the incorporeal world. The Father Himself says: When you were bodiless, you used to live with Me. You have now understood that you will first go to the golden

age. There, there is the deity religion. There is no need to make effort there. Only at the confluence age is effort made. This is the confluence age. You don't count the duration of the other confluences that take place. This confluence age has a duration. This is a very short age. It is only at this confluence age that the Father comes and changes it. Nothing happens in other ages. When there are two degrees less, the kingdom changes. You have had visions of how the kingdom is handed over. The Father comes at the confluence age and makes impure ones pure. That is why the duration of this age is counted from the time that the Father comes. Therefore, He definitely has come and He alone is the Ocean of Knowledge. His mouth-born creations are rivers of knowledge, the Brahma Kumars and Kumaris. You have to receive knowledge through them. Baba has said: Create something new with which it will be easy for you to explain to others. Write 'Trimurti Shiv Jayanti' on that. Baba gives you *directions*, but those who create these things have to be clever. This sacrificial fire of knowledge has many types of obstacle that cause *service* to become slack. Shiv Jayanti is now about to come. You have to celebrate it with great splendour. In Delhi, there can be a lot of splendour. The *Coat of Arms* of both should be shown. Everything of ours would be spiritual. The Father is benevolent. You children also have to continue to benefit others. The Father is pleased when He sees you doing this. It is said "*Charity begins at home.*" You also have to explain to your friends and relatives. Otherwise, they will complain afterwards. You receive very good *points*. There are also very good pictures. The rosary too is so good. The rosary of Rudra is created and then the rosary of Vishnu is created. You Brahmins are those who relate the true Gita. You explain the secrets of the true pilgrimage. While sitting here, you have to remain on the pilgrimage of remembrance and your sins will then be burnt away. There is no other way to become satopradhan from tamopradhan. There is a lot of praise of yoga. It is this that requires effort. Many storms also come. It is easy and also difficult. There are the images of your yoga tapasya and also of your kingdom. You become deities by studying Raja Yoga. You are Raj Rishis. Those people are hatha yoga rishis. You have *natural* locks of hair. We are now the garland around the neck of Shiv Baba. We are all brothers. You will receive the inheritance from the Father. Prajapita Brahma is also remembered. That One is the incorporeal Father and this one is the corporeal father. They portray Shankar opening his eye and destruction taking place. They have shown Shankar with Parvati and Ganesh and made him into a householder. There is a lot of blind faith. The Father says: I made you so wealthy! You built temples, wrote scriptures, gave donations and incurred so much useless expense and thereby reached degradation. That too is fixed in the *drama* and this is why the Father sits here and explains to you. Baba makes you trikaldarshi. Your intellects have the knowledge of all three aspects of time. Achcha.

To the sweetest, beloved, long-lost and now-found children, love, remembrance and *good morning* from the Mother, the Father, BapDada. The spiritual Father says namaste to the spiritual children.

Essence for dharna:

1. This is the age of charity. You have to become a righteous soul at this time. You have to benefit everyone. Show everyone the way to go to liberation and liberation-in-life.
2. This is your *Godly student life*. Maintain the happiness that the unlimited Father is teaching you.

Blessing:

May you be a protector of the yagya and make the fortress strong with the *current* of yoga vibrations.

Just as you make *plans* to increase the Brahmin family, in the same way, also *plan* to make sure no soul leaves from the Brahmin family. Make the fortress so strong that no one can leave. Just as people put a wire of electric *current* all around, so you should also put a wire of the *current* of yoga vibrations all around. When the thought has *emerged* in you to make the fortress of this yagya strong with your *powerful vibrations*, you will be called a protector of the yagya.

Slogan: A knowledgeable soul is one whose stage is most elevated even while he is performing ordinary actions.
