

Essence: Sweet children, to forget your original religion is the biggest mistake of all. You now have to become free from making mistakes. Remember your home and your kingdom.

Question: What stage of you children indicates that this time is coming to an end?

Answer: When you children remain constantly intoxicated on the pilgrimage of remembrance and when the wandering of your intellects comes to an end, when you have the power of remembrance in your words and you stay in infinite happiness, when the scenes of your golden-aged world repeatedly appear in front of you, you can understand that that time is close. Destruction will not take a long *time*. Therefore, increase your *chart* of remembrance.

Song: Having found You, we have found the whole world; the earth and the sky all belong to us.

Om shanti. You spiritual children understand the meaning of this song. You have now attained the unlimited Father. You receive your inheritance of heaven from the unlimited Father. No one can snatch this inheritance away from you. The intoxication of the inheritance disappears when Ravan's kingdom begins. This too is predestined in the *drama*. You children have this knowledge of the world *drama*. How the world cycle turns can be called a play and also a *drama*. You children understand that the Father truly does come and explain the world cycle to you. He only explains to those who belong to the Brahmin clan. You children do not know your own births, and so I explain them to you. Previously, you used to hear that you would receive one human birth after taking 8.4 million births. It is not like that. Souls come down, numberwise. It is in your intellects that you were previously the worthy-of-worship souls of the original eternal deity religion and that you then became worshippers. It is remembered: You yourself are worthy-of-worship and you then become a worshipper. Human beings believe that it refers to God; that He becomes worthy-of-worship and a worshipper, that all of those are His forms. There are innumerable ideas and opinions. You are now following shrimat. You understand that you are *students*, that you didn't know anything at first and that, by studying, you are now *passing* an important examination. Those *students* too don't know anything at first. Then, when they have *passed* their examination, they understand that they have *passed* the examination to become a *barrister*. You too now understand that you are studying and changing from ordinary humans into deities and, in that, you are also becoming the masters of the world. There, there is just the one religion and one kingdom. No one can snatch your kingdom away from you. There, you have purity, peace, happiness and prosperity; you have everything. You just heard the song. You didn't compose those songs. They have been composed by chance, according to the *drama*, for this particular time. The Father sits here and explains to you the meaning of the songs composed by human beings. You are now sitting here peacefully and claiming your inheritance from the Father. No one can snatch that away from you. For half a cycle you have the inheritance of happiness. The Father explains: Sweetest children, you experience happiness for more than half of each cycle. Then the kingdom of Ravan begins. In the temples, there are images where they show how the deities fell on to the path of sin. The costumes are the same; they change later on. Each king has his own costume, crown, etc. You children now know that you are claiming your inheritance from Shiv Baba through Brahma. The Father says: Children, children. Children, you do not know your own births. It is souls who listen to this. I am a soul and not a body. All human beings take pride in the names of their bodies because they are body conscious; they don't know at all that they are souls. They say that each soul is the Supreme Soul and that the Supreme Soul is each soul. The Father has explained to you souls that you are now becoming deities, the masters of the world. At this time you are given this knowledge of your becoming deities and then going into the warrior dynasty. There has to be the account of 84 births. Not everyone will take 84 births; souls do not come down all together. You know which religions come and when they come. The old *history* then becomes new. This is now an impure world. There, that is a pure world. Then the other

religions come into existence. Here, on this field of action, there is just the one play. There are four main religions. The Father comes at this confluence age to establish the community of Brahma. They too have created a variety-form image, but there is a mistake in that one. The Father comes and explains everything and makes you free from making mistakes. The Father does not have a body of His own to take nor does He make mistakes. He comes here for a short time and enters this one's chariot in order to show you children the path to the land of peace and your home. Not only does He show you the path, but He also makes a *life* for each one. You go home every cycle and you then come and play your *parts* of happiness. You children had forgotten that the original religion of us souls is peace. How can there be peace in this world of sorrow? You have now come to know all of these things. You also explain to everyone. Gradually, everyone will continue to come here. Those from abroad will come to know how the world cycle turns and how long its duration is. *Foreigners* will come to you and children will go there and explain the secrets of the world cycle. They believe that *Christ* went to *God*. They consider *Christ* to be the son of *God*. Some also believe that, having taken rebirth, *Christ* is now in a *beggar* form, just as you too are *beggars*. To be a *beggar* means to be tamopradhan. They believe that *Christ* is here, but they don't know when he will come again. You can explain to them that the founder of that religion will come to establish his religion at his own time. He cannot be called a guru; he comes to establish a religion. The Bestower of Salvation is only the One. All of those who come to establish a religion have been taking rebirth and have now become tamopradhan. At the end, the whole tree reaches the state of total decay. You now understand how the whole tree is standing here and that there is no *foundation* of the deity religion. (There is the example of the huge banyan tree). Only the Father sits here and explains these things to you children. You children should have a lot of happiness. You have come to know that you were deities and that you are now becoming those once again. You come here to listen to the story of the true Narayan through which you change from ordinary humans into Narayan. If someone becomes Narayan, there must definitely also be Lakshmi. If there are Lakshmi and Narayan, there must definitely be their kingdom too. They would not become Lakshmi and Narayan by themselves and be alone. There isn't a separate story of becoming Lakshmi. Along with Narayan, there is also Lakshmi. Sometimes, Lakshmi becomes Narayan and sometimes Narayan becomes Lakshmi. Some songs are very good. When Maya chokes you, listen to those songs and you will become very cheerful. When someone is learning to swim, he begins to choke at first, so they then have to catch hold of him. Here, too, many are choked by Maya. There are many who swim; they *race*. You are also *racing* to go to the other side. Constantly remember Me alone. When you don't have remembrance, you choke. The Father says: It is only by staying on this pilgrimage of remembrance that your boats will go across. Some swimmers are very clever and some less so. It is the same here. Some send their *charts* to Baba. Baba checks whether they have understood about the *chart* of remembrance accurately or not. Some say that they stayed in remembrance for the whole of five hours throughout the day. I don't believe it. There must definitely have been some mistake. Some think that for all the time they are studying here, their *charts* are also good for that length of time, but that is not so. The intellects of many who sit here to study are diverted outside somewhere or other. They don't listen carefully. Such things also happen on the path of devotion. When a sannyasi relates a story, he stops and asks a listener what he was speaking about. When he sees that someone is sitting there like a crazy person (without concentration), he asks him. However, because the intellect of that person is wandering elsewhere, he is unable to reply to the sannyasi. They don't listen to even one word. It is the same here. Baba continues to observe everything. He understands when the intellects of some are also wandering outside; they just continue to look here and there. Some new ones who come here are like that. Baba understands that they haven't understood fully. This is why Baba says: Don't give new ones permission to come here to this *class* too soon. Otherwise, they will spoil the atmosphere. As you progress further, you will see that good children will go to Paradise whilst sitting here. They will have great happiness. They will go to (Paradise) over and over again. The *time* is now very close. Your stage will become like that, numberwise, according to your efforts. You will repeatedly see your palaces of heaven. Whatever you have to be shown, you will

continue to have visions of those things. You can see that the time is now close. Just look how all the preparations are now being made. The Father says: Just see how all the human beings of the world are to be turned to dust in a *second*. As soon as a *bomb* is dropped, everything is destroyed. You children know that your kingdom is now being established. You now have to remain very intoxicated on the pilgrimage of remembrance. You have to fill yourselves with such power that you can strike the target of anyone with your drishti. At the end, you will be the ones who shoot the arrows of this knowledge at Bhishampitamay etc. They will quickly understand that you are telling the truth. Only the Ocean of Knowledge, the Purifier, is the one incorporeal God. Shri Krishna cannot be this. His birth has been shown. Shri Krishna cannot receive those same *features* again. He will receive those same *features* again in the golden age. Everyone's *features* are different in their different births. This *part* of the *drama* has been created in this way. Everyone there will have *naturally beautiful features*. Now, day by day, bodies too continue to become tamopradhan. At first, they are satopradhan, and then they go through the stages of sato, rajo and tamo. Just look what type of babies continue to be born. Some don't have legs; some remain midgets. Just look how so many different things happen. Such things do not exist in the golden age. Deities there do not have beards etc.; they are all *clean-shaven*. You can tell whether they are *male* or *female* from their eyes and features. As you progress further, you will have many visions. You children should have so much happiness. Baba comes every cycle to teach you Raja Yoga and to change you from ordinary humans into deities. You children also know that those of all the other religions will all go into their own *sections*. The tree of souls is shown. There will be many *corrections* made to the pictures. The pictures continue to be changed; for instance, the explanation given by Baba of the subtle region. Those with doubtful intellects say: What is this? Previously, you used to say this and you are now saying something else. The two forms of Lakshmi and Narayan have been combined and called Vishnu. However, there are no human beings with four arms. They show Ravan with ten heads. There are no such human beings. They burn an effigy of Ravan every year, just like a game of dolls. Human beings say that they cannot live without the scriptures, that the scriptures are their life. Look how much regard there is for the Gita. Here, you have a huge mountain of murlis. What are you going to do by keeping them? Day by day, you continue to listen to new *points*. Yes, it is good to *note* down the *points*. At the time of giving a lecture, you revise the various *points* that you are going to speak about. You should have a *list of topics*. Today, I will explain on this *topic*. Who is Ravan and who is Rama? What is the truth? I will explain all of this to you. At this time, Ravan's kingdom covers the whole world; the five vices are in everyone. The Father comes and establishes the kingdom of Rama once again. This is a play about victory and defeat. Look how you are defeated by Ravan, the five vices. Previously, the family path was pure, but that has now become impure. Lakshmi and Narayan then become Saraswati and Brahma. The Father says: I enter this one's body in the last of his many births. You say: I too am taking this knowledge from the Father after many births. All of these things have to be understood. Some are *dullheaded* and have intellects that don't understand anything. A kingdom is being established. Many came and then left; they will come again. They will claim a status among the subjects worth a few pennies. They too are needed. Achcha.

To you sweetest, beloved, long-lost, now-found children, love, remembrance and *good morning* from the Mother, the Father, BapDada. The spiritual Father says namaste to you spiritual children.

Essence for dharna:

1. Constantly maintain the intoxication that you will complete this study and change from ordinary humans into deities, the masters of the world. There will be everything in your kingdom, purity, peace and happiness. No one can snatch that away from you.
2. In order to go across from this side to that side, become a good swimmer on the pilgrimage of remembrance. Don't allow Maya to choke you. Check yourself and write your *chart* of remembrance by first understanding it correctly.

Blessing: May you become *knowledge-full* and know the account of making effort and receiving the reward of it and move forward with speed.

This is the time for creating your reward by making effort over a long period. Therefore, become *knowledge-full* and move forward with speed. Do not think in this that if not today, tomorrow, you will change. That is called carelessness. Until now, BapDada has been the Ocean of Love with the love of all relationships. While seeing and hearing about the children's carelessness and ordinary efforts, He has been giving *extra marks* and making you move forward. So, become *knowledge-full* and take the benefit of that special blessing. By maintaining courage, you thereby receive help.

Slogan: Those who become the servants of matter are unhappy. Therefore, become conquerors of matter.

***** Om Shanti *****

Avyakt Signals: In order to be an easy yogi, become experienced in God's love.

At the time when someone is deep in an ocean, he cannot see anything but the ocean. To become merged in the Father, that is, in the Ocean of all virtues, is known as the stage of being merged in love. So, you don't have to merge in the Father, but be merged in remembrance and love for the Father.
