

02/01/23 Morning Murli Om Shanti BapDada Madhuban

Essence: Sweet children, you are Raja Rishis. The Father is teaching you to renounce the whole of the old world. By doing this you become able to claim a royal status.

Question: Why can none of the acts that human beings perform at this time be neutral?

Answer: Because Maya's kingdom is over the whole world, the five vices have entered everyone and this is why the acts they perform are sinful. Maya doesn't exist in the golden age, and so the acts that human beings perform there are neutral.

Question: Which children receive a very good *prize*?

Answer: Those who become pure on the basis of shrimat and become sticks for the blind, and those who are never influenced by the five vices and do not defame the clan's name receive a very good *prize*. The *passports* of those who are repeatedly defeated by Maya are *cancelled*.

Song: Salutations to Shiva

Om shanti. The highest of all is God, the Supreme Father, the Supreme Soul. He is the Creator. He first creates Brahma, Vishnu and Shankar. Then, when you come down into the land of immortality, there is the kingdom of Lakshmi and Narayan. It is the sun-dynasty kingdom, not the moon dynasty. Who explains this? The Ocean of Knowledge. Human beings cannot explain this to other human beings. The Father is the highest of all. He is the One whom the people of Bharat call the Mother and Father. Therefore, the Mother and Father are definitely needed in a *practical way*. This is remembered, and so He must have been this at some time. First of all, there is the Highest on High, the incorporeal Supreme Father, the Supreme Soul. There is a soul in each one. It is when a soul is in a body that he becomes happy or unhappy. These matters have to be understood. These are not tall stories. Everything that the gurus and saints etc. relate are tall stories. At present Bharat is hell. In the golden age it will be called heaven. Lakshmi and Narayan used to rule there. Everyone there was very fortunate; no one there was unfortunate, there was no sorrow or disease. This is the world of sinful souls. The people of Bharat were residents of heaven. It used to be the kingdom of Lakshmi and Narayan. Everyone believes in Krishna. Just see, he has been given two globes. The Krishna soul says: I am now kicking hell away and have heaven in my hands. Previously, there was the land of Krishna. Now it is the land of Kans (devil). Krishna is also included in this. This is his last of 84 births, but Krishna doesn't have that form now. The Father sits here and explains. The Father comes and makes Bharat into heaven. The Father has now come to make hell into heaven once again. This is the old world. The world that was new has now become old. Buildings still become old from new. Eventually, they become ready for demolition. The Father says: I teach you children Raja Yoga in order to make you into the residents of heaven. You are Raj Rishis. You renounce the vices in order to claim a kingdom. Those sannyasis renounce their homes and go into a *jungle*. However, they still remain in the old world. The unlimited Father inspires you to renounce hell by granting you a vision of heaven. The Father says: I have come to take all of you back. The Father tells you all that you do not know your own births. It is definite that whatever actions people perform, good or bad, they take birth according to those sanskars. Some become wealthy, some become poor, some become diseased and others become healthy. Those are their karmic accounts of their previous birth. Those who are healthy must definitely have built a *hospital* etc. in their previous birth. Those who give a lot of donations and perform a lot of charity become wealthy. Whatever actions human beings perform in hell definitely become sinful because the five vices are present in everyone. Now, sannyasis adopt purity and stop committing sin. Although they go and live in a *jungle*, their actions do not become neutral. The Father explains: At present, it is Maya's kingdom. Therefore, the actions human beings perform would only be sinful. Maya doesn't exist in the golden or silver age; this is why people's actions never become sinful and why there is no sorrow there. At present, there are first the chains of Ravan and then the chains of

the path of devotion. You have been stumbling around in every birth. The Father says: I also told you earlier that you cannot meet Me by doing penance or intense meditation etc. I only come when it is the end of the path of devotion. Devotion begins in the copper age. When people experience sorrow, they remember God. In the golden and silver ages, everyone is one hundred-fold fortunate, whereas here all are unfortunate; they continue to weep and wail, there continues to be untimely death. The Father says: I come when hell has to change into heaven. Bharat is an ancient land. Those who come at the beginning have to remain till the end. The cycle of 84 births has been remembered. The Trimurti that the *Government* creates should include Brahma, Vishnu and Shankar, but they have instead portrayed a lion. There is no image of the Father, the Creator, but they have put an image of the cycle below. They think that it is a spinning wheel, but it is in fact the cycle of the *drama*. They have given it the name 'Wheel free from sorrow'. You now become free from sorrow by knowing this cycle. In fact, this is right but they have turned everything upside-down. By remembering the cycle of 84 births, you become rulers of the globe for 21 births. This Dada is completing his 84th birth. This is the final birth of Krishna. The Father sits here and explains to him. In fact, this is the final birth of all of you. The people of Bharat, who belonged to the deity religion, have experienced the full 84 births. The cycle is now coming to an end for everyone. Those bodies of yours have become dirty. This world is very dirty; that is why you are inspired to renounce it. You should not attach your hearts to this graveyard. Attach your hearts to the Father and your inheritance. You souls are imperishable and your bodies are perishable. Now remember Me and your final thoughts will lead you to your destination. It is remembered that those who remember their wife at the end attain a status accordingly. The Father says: Now, those who remember Shiv Baba at the end can attain the status of Narayan. You receive the status of Narayan in the golden age. No one except the Father can enable you to receive that status. This school is for changing from human beings into deities. The One who is teaching is the Father whose praise you heard: Salutations to Shiva. You know that you have become His children and that you are now claiming your inheritance. You no longer follow the dictates of human beings. By following the dictates of human beings, all have become residents of hell. All the scriptures that are remembered are created by human beings. The whole of Bharat has now become corrupt in their religion and actions. Deities were pure. The Father now says: If you want to become one hundred times fortunate, become pure. Promise Baba that you will definitely become pure and claim your full inheritance from Him. This old, impure world has to end. There is so much battling and fighting. There is so much anger. People have created such huge *bombs*. They have so much anger and greed. Some children have had visions of how Shri Krishna emerges from the palace of a womb. Here, a womb is a *jail* and, as soon as you are released, Maya makes you commit sin. There, when the child emerges from the palace of a womb, there is light everywhere. He lives in great comfort. When he emerges from the womb, maids pick him up and bugles begin to sound everywhere. There is so much difference between here and there! The three worlds have been explained to you children. Souls come from the land of peace. A soul is like a *star* and resides in the centre of the forehead. The imperishable *recording* of 84 is in the soul. The *drama* is never destroyed, and no one's *act* can be changed. It is a *wonder*! A *part* of 84 births is recorded so *accurately* in this tiny soul. It never becomes old; it is constantly new. The soul begins his identical *part* once again. Now, you children would not say: Each soul is the Supreme Soul. The Father explains the accurate meaning of 'hum so' to you. The meaning that those people have created is wrong. Either they say that they are brahm or that they are God, the Creator of Maya. In fact, Maya cannot be created. Maya is the five vices. The Father doesn't create Maya. The Father creates the new world. No one else can say that they are creating a world. There is only the one unlimited Father. The meaning of 'Om' has also been explained to you children. A soul is an embodiment of peace, he resides in the land of peace. The Father is the Ocean of Knowledge and the Ocean of Bliss. You couldn't sing this praise for a soul. Yes, souls do have *knowledge*. The Father says: I only come once. I definitely have to give you your inheritance. Bharat becomes heaven through the inheritance I give you. There is purity, peace and happiness there. This inheritance is of constant happiness and is given by the unlimited Father. When there was purity, there was also peace and happiness.

Now, there is impurity and there is therefore sorrow and peacelessness. The Father sits here and explains: At first, you souls were in the incorporeal world. Then you souls went into the deity religion and then the warrior religion. You were satopradhan for eight births. Then, for 12 births, you had the sato stage. Then, for 21 births, you were in the copper age and then you took 42 births in the iron age. You became shudras here and you have now come into the Brahmin clan again. You will then go into the deity clan. You are now in the lap of God. The Father explains to you very clearly. By knowing the 84 births, you come to know everything. You have the knowledge of the whole cycle in your intellects. You also know that there is only one religion in the golden age: the *world almighty authority* kingdom. You are now claiming the status of Lakshmi and Narayan. The golden age is the pure world and there are very few there. All the rest of the souls are in the land of liberation. The Bestower of Salvation for all is the one Father. No one knows Him. They say that God is omnipresent. The Father asks: Who told you that? They say: It is written in the Gita. Who created the Gita? God speaks: I take the support of this ordinary body of Brahma. How could God sit and give knowledge to one Arjuna alone on a battlefield? You are not taught to wage war or to gamble. God is the One who changes human beings into deities. How could He tell you to gamble or to wage war? Then, they say that Draupadi had five husbands. How could that be possible? Baba created heaven a cycle ago. He is now creating it once again. Krishna is now completing his 84th birth. The king, the queen and all the subjects, everyone, are now completing their 84 births. You have now changed from shudras into Brahmins. Those who come into the Brahmin religion say “Mama and Baba”. However, whether they believe it or not is up to them. Some think that the destination is too high for them. Nevertheless, they have heard a little, and so they will definitely go to heaven but they will claim a low status. There, as are the rulers, so the subjects; all are very happy; the very name is *heaven*. *Heavenly God, the Father*, establishes *heaven*. This is *hell*. Ravan has put all the Sitas in *jail*. All of them are sitting in the cottage of sorrow and remembering God in order to be liberated from Ravan. The golden age is the cottage free from sorrow. Destruction cannot take place until your sun-dynasty kingdom has been established. Only when the kingdom is established and the children have reached their karmateet stage will the *final* war take place. Until then, *rehearsals* will continue. Through this war, the *gates* to heaven will open. You children have to become worthy of going to heaven. Baba issues your *passports*. The purer you become and the more you become sticks for the blind, the *prize* you receive will accordingly be good. You have to promise Baba: Sweet Baba, we will definitely stay in remembrance of You. The main thing is purity. You definitely have to donate the five vices. Some become defeated and are then able to stand up again. If you are knocked down by Maya two to four times you fail and your *passport* is *cancelled*. The Father says: Children, do not become those who defame the clan’s name. If you renounce the vices, I will definitely make you into the masters of heaven. Achcha.

To the sweetest, beloved, long-lost and now-found children, love, remembrance and *good morning* from the Mother, the Father, BapDada. The spiritual Father says namaste to the spiritual children.

Essence for dharna:

1. In order to become one hundred times fortunate, promise the Father that you will remain pure. Do not attach your heart to this dirty, impure world.
2. Never be defeated by Maya. You must not become those who defame the clan's name. Become worthy of claiming your *passport* to heaven from the Father.

Blessing: May you constantly be an embodiment of power and practice the art of keeping your mind *busy* and free from any waste.

In today’s world, people in top *positions*, *set* their daily timetable according to their time. In the same way, all of you who are the images of support for world renewal, those who are the *hero actors* in this unlimited *drama*, the ones who have lives as valuable as a diamond, also

have to stabilise your minds and intellects in a powerful stage and *set* a *programme* for them. *Use* the art of keeping your mind *busy* and you will become free from all waste. You will never get *upset*.

Slogan:

Remain happy on seeing every scene of the *drama* and you will never be caught up in the attraction of anything good or bad.

***** Om Shanti *****
