Morning Murli Om Shanti

BapDada

Madhuban

Essence: Sweet children, each one of you has a burden of the sins of many births on your head and the suffering of those karmic accounts definitely has to be settled with the power of yoga.

Question: In which aspect do you have to become a detached observer like the Father?

Answer: The Father doesn't have any regrets about anything. Even if a child falls ill or something else happens to him, the Father observes it as the detached Observer. You children also have to become detached observers in the same way. Remove your attachment from this old world. Each one's suffering of karma is his or her own. Souls have to suffer for the wrong actions they have performed. Therefore, continue to watch as detached observers.

Song: Time is passing by.

Om shanti. The unlimited Father explains to the children who are to claim the inheritance that the time continues to come closer; it doesn't wait for anyone. This journey which you have to go on is that of the intellect's yoga. You don't have to go on pilgrimages or to weddings, etc. any more. The Father's final *direction* is: Sweetest children, you now have to go to the supreme abode. You can now explain the things that are written in the Gita, the Bhagawad, the Ramayana and the Mahabharata. Baba is now teaching us the easy Raj Yoga that He taught us before. There is the difference of day and night between what there is in the scriptures of the path of devotion and the *practical* matters now. The Father Himself comes and teaches you Raj Yoga. He gives you children the *direction*: Renounce all your bodily relations, including those with your own bodies and continue to remember the one Father. You children now understand in a *practical* way whether the things in the scriptures are *right* or whether the things that the Father explains to you at this time are *right*. You children now know the secrets of the *drama*. Everything is satopradhan at first and it then goes through the stages of sato, rajo and tamo. Just as a new home then becomes old, in the same way, this unlimited world was heaven. Everything sparkles in your intellects as to who used to reside there. How did the deities receive their fortune of the kingdom, which they are receiving now? You children are making effort according to your own fortune. The Father explains: Children, end your attachment to the old world. Become soul conscious. This requires a lot of effort. You constantly have to remember that Father and the land of happiness. The Father never feels sorrow about anything. He sees everything as the detached Observer. When children fall ill or have a disease, does Shiv Baba feel any kind of sorrow at that time? Not at all. He would say: According to the *drama*, each one has to settle his accounts with the suffering of karma. Just as He observes everything as the detached Observer, you children too have to observe as detached observers. The unlimited Father is the Supreme Father, the Supreme Soul. He has a lot of *love* for the children. God *loves* souls. The Father says: I know that everyone receives happiness and sorrow according to their own karma. He observes everything as the detached Observer. You children also have to observe with detachment. Whatever wrong actions an embodied soul performs, he has to suffer for those through his body. It is the souls that experience happiness or sorrow. Sanskars are in the souls. The Father says: I come and liberate you from sorrow. I am now giving teachings to you children. Human beings cannot receive teachings from the Gita scripture, etc. The Father personally sits here and explains to you. The Father says: You remember Me so much on the path of devotion. Even if someone believes in *science* or *nature*, at some point in time he would definitely say: O! Supreme Father, Supreme Soul! O! God, the Father! All devotees definitely remember the Father. The Father does everything, makes you children happy and hides Himself away. The Father only comes once. He says: According to the *drama*, I have a thought that I should now go. I definitely have to take the support of a body, because a soul cannot speak without a body. A child is formed in a womb and then, as he grows older, he learns to speak. The Father enters a mature body. I too have a *part*. I only come once and *liberate* everyone from the sorrow of Maya. People everywhere are now unhappy; they

continue to cry out in distress. There is weeping and wailing, fighting and quarrelling in every home. These things don't exist in the golden age. The very name is heaven. They have written many things in the scriptures. You children know how much sorrow and how many religions there are in this world. There weren't so many religions in the golden age. It is a matter of 5000 years. Because hundreds of thousands of years are mentioned, the name of the golden age has disappeared from people's intellects. I came 5000 years ago. I came and destroyed the many religions and established the one original, eternal religion. All of these human beings are to be destroyed. That is why there is to be the great war. It is remembered that destruction took place in the great Mahabharat War. All of these religions are to be destroyed. I come and teach those who belong to the deity religion. This is in My *part*. People know that there is a lot of sorrow at this time. I too know that people have a lot of sorrow. There is weeping and wailing in every home. Children don't hesitate to kill their father for his money. The world is so dirty! The Father comes and gives you children a vision of heaven. Shiv Baba says: I have come to make you children into the masters of heaven and of the world. I don't make you make any effort. You simply have to burn your sins away with the power of yoga. There is a big burden of sins on your heads. When there is an illness or a cough, etc., that is the suffering of the karmic accounts of many births. The names of Jagadamba and Jagadpita are glorified so much; they are worshipped. People don't know who Jagadamba was in her last birth. The *parts* of Jagadamba and Jagadpita are being enacted in a practical way. So, look how this one also has to settle all the karmic accounts of all his births. He has so much yoga and does so much *service*, and yet he still had to have an *operation*, etc. because of the suffering of karma. There is a lot of difference between that renunciation and this renunciation. Those people leave their homes and families, put on saffron robes and become sannyasis. We continue to make effort. When the end comes, we will have renounced everything completely. At this time we are effort-makers. You would not say of those sannyasis that they are effort-makers. They simply renounce their homes and families and are called sannyasis. We are making so much effort through Baba for renunciation. There is the burden of many births on your heads. You stay in yoga so much. You give happiness to others. You receive blessings for that, and yet the suffering of karma emerges. The karmateet stage hasn't been reached yet. That will be at the end. These are the karmic accounts of the actions of many births. As yet, you have not become complete renunciates. There is the difference of day and night between their renunciation and our renunciation. They leave their homes and families and go and sit in forests. People who indulge in vices then serve them. It isn't that all of them have become pure. They too continue to make spiritual endeavour. They also have the suffering of karma. There is a burden of the sins of many births on their heads. It is only with yoga that the burden of sin will be burnt away. Until the Father comes, no one can teach you yoga. Their yoga is not with the Almighty Authority Father and so their sins cannot be absolved. The brahm element cannot be called the Almighty Authority. The Almighty Authority is the one Supreme Father, the Supreme Soul, Shiva. It is the Supreme Soul who comes here. The brahm element would not come here. You children too have a big burden of sin on your heads. You have to make a lot of effort to have your sins absolved. You have to become the masters of the world. No one except the Father can make you that. The Father makes you that with the power of yoga. You receive power from the Father, the Almighty Authority. He is the *World Almighty Authority*. You children now know that this whole world is unhappy. All the happiness that there may be is temporary, like the droppings of a crow. True happiness only exists in heaven. Maya who causes sorrow doesn't exist there. Many don't believe these things. They ask: How can this be? When they don't believe it, you can understand that they don't belong to your deity clan. Those who belong to the deity clan will definitely believe it. They believed it in the previous cycle too. The Father is now telling it to you. The unlimited Father remembers the children at all the *centres*. No sannyasi could say that he is speaking to all the children. There, all of those people would become his *followers*. They are not sent the murlis like you are that they would all listen to them. Here, you are all sent murlis through which you can follow shrimat and become elevated. God is called Shri Shri, the most elevated of all. The Father says: I am the most elevated of all and I make everyone elevated. How can there be elevated beings in the impure world? The rosary of Shri

Shri 108 is identical to Shiv Baba's rosary of Rudra. He alone is called Shri Shri. The most elevated One of all establishes heaven and makes you into the most elevated beings in the human world so that you become the masters of heaven. Therefore, you understand that, in the rosary of Shri Shri 108 that is created, there is incorporeal Shiv Baba at the top and that He is making us just as elevated. This is the Godly World University. God is teaching you Brahma Kumars and Kumaris. The Godly World University is that of the Supreme Father, the Supreme Soul. This is the World University to give *knowledge* to the world. Anyone who wants to can become a master of the world. If you want, you can go and sit in the *sweet home*. The Father has come to make you constantly peaceful and happy. I come every cycle and make the children of Bharat into the masters of the world. All the rest of the souls reside in the land of peace. There are just the souls of the deities in the golden age. You know that Baba truly teaches you and makes you into the masters of heaven, according to how much yoga you have and how much effort you make. All the other souls settle their karmic accounts and return home. All the bodies are destroyed. There is the end of the iron age and the beginning of the golden age. So you children know how much time remains. There are now five or six billion souls. In the golden age there will only be 900,000. At the beginning, there are a few and then expansion takes place. Therefore, the living beings in all of those bodies will settle their karmic accounts and return home. It is the time of settlement for everyone. Maya has buried everyone in a graveyard. They are all in a graveyard; they are of no use. You now understand that the unlimited Father teaches all of you souls and makes you into the masters of the world. This is the only Godly World University where you become the masters of the world. The Father's property is heaven. If we have this faith, why shouldn't we follow His directions and claim our inheritance of heaven? There is no question of renouncing anything. We just have to renounce the vices. However, that is good, is it not? Baba, why should we not remain pure? Why would we not renounce the vices? It is only by renouncing the five vices that we will become the rulers of the globe. The Father says: You now have to die. You definitely have to go to the land of nirvana and so why should you not earn an income? Those of other religions will also come here and take their aim. Children have had visions of how the souls of Abraham, *Christ*, etc. come to salute the Father and take their aim. However, they will not take *knowledge*. Yes, those who are the decoration of the Brahmin clan will take to this quickly. Without becoming a decoration of the Brahmin clan, you cannot become a decoration of the deity clan. Only after you become Brahmins do you become deities. Deities then become warriors, merchants and then shudras. These clans continue to go around the cycle. Shri Lakshmi and Narayan who were *worth a pound* also have to go around the cycle of 84 births. If you have the faith that you definitely have to claim your inheritance from the unlimited Father from whom you receive happiness for half a cycle, why would you not make effort? There is no question of renouncing anything. That was in your *parts* in Sindh. It is written that Krishna abducted queens and that he used to graze cows. Did he abduct them so that he could be insulted? He abducted them to make them into queens. The furnace had to be created. You all had to do tapasya and become worthy of doing *service*. Now, scarcely a few become worthy of doing *service*. You have experienced this in a *practical* way. You understand that Shiv Baba is making you into the masters of the world. He too works. The Supreme Father, the Supreme Soul, is the Creator of heaven and so He definitely will come here. He says: Even now, I am establishing heaven. I am teaching you. He explains to you children. Achcha.

To the sweetest, beloved, long-lost and now-found children, love, remembrance and *good morning* from the Mother, the Father, BapDada. The spiritual Father says namaste to the spiritual children.

Essence for dharna:

1. In order to have the burden of sins of many births removed from your head, remember the Almighty Authority Father and take power from Him.

2. Give happiness to everyone and receive blessings. Follow the elevated directions of Shri Shri and renounce everything completely. At this time of settlement, remove your intellect's yoga from everyone else.

Blessing: May you be a spinner of the discus of self-realisation and by becoming *master knowledge-full*, know your horoscope of 5000 years.

Those who become spinners of the discus of self-realisation at this time become rulers of the globe and have a right to the fortune of the kingdom in the future. To be a spinner of the discus of self-realisation means to know all the different *parts* you play in the whole cycle. At this time, you children especially come to know your horoscopes of 5000 years and have become “*master knowledge-full*”. All of you have now understood this special aspect: By making your lives like a diamond in this final birth, you become those who play *hero parts* for the whole cycle.

Slogan: Colour your companions with the colour of the Father's company and you will not be coloured by their company.

***** Om Shanti *****
