Morning Murli Om Shanti

BapDada

Madhuban

Essence: Sweet children, Bharat cannot become heaven without your purity. You have received the shrimat to become pure while living at home with your families. Fulfil your responsibilities to both sides.

Question: What system here is completely different from other spiritual gatherings and ashrams?

Answer: People go and live in those ashrams and believe that they have good company there and that there wouldn't be any upheaval of their homes and families. However, they don't have any *aim* or *objective* there whereas, here, you have to die alive. You are not told to leave your homes and families. You live at home and you drink the nectar of knowledge and do spiritual service. They don't have this system at other spiritual gatherings.

Om shanti. The Father sits here and explains to you children because you children know that it is only the Father who explains to you here. This is why it doesn't seem right to say repeatedly, "God Shiva speaks." Those who relate the Gita would say: "God Krishna speaks." However, he has been and gone. They say that Krishna spoke the Gita and that he taught Raja Yoga. You children understand that Shiv Baba is teaching you Raja Yoga here. There isn't any other spiritual gathering where they teach Raja Yoga. The Father says: I make you into kings of kings. They would simply say: God Krishna speaks: Manmanabhav! When did he say it? They would say that he spoke it 5000 years ago, or some would say that he said it 3000 years before *Christ*. They don't talk of 2000 years, because in the 1000 years in between, those of Islam and the Buddhists came. Therefore, this proves that 3000 years before *Christ* it became the golden age. We say that 5000 years ago, God came and spoke the Gita and established the deity religion. Now, after 5000 years, He has to come again. This cycle is 5000 years. You children know that this Father is explaining through this one. There are many types of spiritual gathering where people go. Some go and live in an ashram but it would not be said of them that they went and took birth to the Mother and Father, or that they received an inheritance from them. No; they simply consider that company to be good, that there is no upheaval of their homes and families there. However, there is no *aim* or *objective* there either. Here, you say that you have come to the Mother and Father. This is your birth in which you have died alive. Those people *adopt* children who go and settle in their home. There isn't a system here to leave your parents' home or your in-laws' home and come and stay here. That would not be possible. Here, you have to become like a lotus while living at home with your family. Whether you are a kumari or anything else, you are told to live at home and come to drink the nectar of knowledge every day. Understand this *knowledge* and then explain to others. You have to fulfil your responsibility to both sides. You also have to live at home with your families. You have to fulfil your responsibility to both sides till the end. At the end, whether you live here or there, death will come to everyone. It is said: Rama went and Ravan went. Therefore, it doesn't mean that everyone has to come and stay here. These people left their homes when they were harassed for poison. Kumaris also have to live at home. You have to *serve* your friends and relatives. There are many *social workers*. The *Government* cannot look after so many people. They all live at home with their families and also do one type of service or another. Here, you have to do spiritual service. You also have to live at home with your families. Yes, when those people cause a lot of distress because of vice, you can come and take refuge with God. Daughters are beaten a lot for vice. It isn't like this anywhere else. Here, you have to remain pure. Even the *Government* wants purity. However, it is only God who has the power to enable you to stay at home and still remain pure. The time is such that even the *Government* doesn't want many children to be born because there is a lot of poverty. Therefore, they want there to be purity in Bharat so that there are fewer children. The Father says: Children, become pure and you will become the masters of the pure world. They don't have this in their intellects. Bharat was pure and it is now impure. All souls want to become pure. There is a lot of sorrow here. You children know that Bharat cannot become heaven without your purity. There is only sorrow in hell.

Hell is not something else like they show in the Garuda Purana, where human beings are choking in a river of poison. There isn't a river like that where they experience punishment. Punishment is received in the *jail* of a womb. There is no *jail* of a womb in the golden age where punishment would be received. There is the palace of a womb there. At this time, the whole world is a living hell where people are unhappy and diseased; they continue to cause sorrow for one another. None of this happens in heaven. The Father now explains to you: I am your unlimited Father. I am the Creator and I would therefore surely create the new world of heaven. I would create the original eternal deity religion for heaven. It is said: You are the Mother and Father. He teaches this Raja Yoga every cycle. He sits here and explains the secrets of all the Vedas and scriptures from the beginning, middle and end, through Brahma. He sits and explains to those who are completely uneducated. You used to say: O God, come! Impure ones cannot go there. Therefore, He definitely has to come here to purify you. He reminds you children that He taught you Raja Yoga in the previous cycle too. You are asked: Have you taken this *knowledge* previously? You say: Yes, I took this knowledge 5000 years ago. These are new things. The new age and new religion are being established once again. No one, apart from God, can establish this deity religion. Even Brahma, Vishnu and Shankar cannot establish it because those deities are a creation themselves. The Creator of heaven, the Mother and Father, Himself, is needed. You need a lot of happiness here. The Father says: I am the Creator. I also created you through the mouth of Brahma. I am the Seed of the human world. No matter how great a sage or holy man etc. someone may be, these words would not emerge through the mouth of anyone else. These are the words of the Gita. However, only the One who spoke them can speak them. No one else can say this. The only difference is that, instead of the incorporeal One, they have said that Krishna is God. The Father says: I am the Seed of the human world, the Resident of the supreme abode, the incorporeal Supreme Soul. You too can understand that no corporeal human being can call himself the Seed. Even Brahma, Vishnu and Shankar cannot say this. You know that it is Shiv Baba who creates everyone. I am establishing the deity religion. No one has the power to say this either, although they may have themselves called Shri Krishna, Brahma or Shankar. Many have even called themselves an incarnation. However, all of those things are lies. When they come and listen to this here, they understand that there truly is the one Father and the one Incarnation. The Father says: I will take you back with Me. No one else even has the power to say this. Five thousand years ago, too, the God of the Gita, Shiv Baba, said this. The One who established the original eternal deity religion is now doing that again. It is remembered that souls went back like a swarm of mosquitoes. So, the Father comes and becomes the *Guide* and *liberates* everyone. It is now the end of the iron age. The golden age has to come after this. Therefore, He will definitely come, purify you and take you to the pure world. Some of these terms are in the Gita. They believed that a scripture was needed for that (Hindu) religion. So, they sat and created the Gita scripture. It is the jewel of all scriptures, the most elevated, the number one mother, but they have changed the name. In the copper age, they are not going to write about the *acts* that the Father carried out at this time. The same Gita will emerge again; that Gita is fixed in the *drama*. Just as the Father once again changes human beings into deities, in the same way, others will later sit and write the scriptures. There won't be any scriptures in the golden age. The Father sits here and explains to you the secrets of the whole cycle. You understand that you have completed this cycle of 84 births. Only those of the original eternal deity religion take 84 births, the *maximum* number of births. It is later that the human population grows; they will not take this many births. The Father sits here and explains through the mouth of this Brahma. This Dada, whose body I have taken on *loan*, didn't know his own births. This one is corporeal (vyakt), Prajapita Brahma. That one is subtle (avyakt Brahma). Both are the same. Through this knowledge, you too are becoming angels and will be residents of the subtle region. The residents of the subtle region are called angels because they don't have flesh and bones. Even Brahma, Vishnu and Shankar don't have flesh and bones, so how are their pictures created? A picture of Shiva is also created, although He is a *star*. They create a form of that too. Brahma, Vishnu and Shankar are subtle. They cannot create the same form for

Shankar as they do for human beings because he doesn't have a body of flesh and bones. We create that physical form in order to explain. However, you can see that he too is subtle. Achcha.

13/07/68 – Night class

Human beings definitely need two things: one is peace and the other is happiness – peace in the world and peace for the self. Human beings desire happiness for the world and happiness for the self. Therefore, one has to ask: Since there is peace now, there must definitely have been peace at some time before. However, when and how that was or why there is peacelessness no one knows, because people are in complete darkness. You children know that you are showing a very good path to happiness and peace. They are happy to hear this, but when they hear that they also have to become pure, they move away a little. This vice is everyone's enemy and it is also loved by everyone. People's hearts shrink when they have to renounce it. It is called poison and yet people do not renounce it. You beat your heads so much and you are still defeated. Everything is a matter of purity. It is in this that many *fail*. When they see a kumari, they are attracted. Anger, greed and attachment do not have that attraction. Lust is the greatest enemy. To conquer it is a mahavir's job. After body consciousness, lust comes first. It is this that you have to conquer. Impure, lustful people bow down to those who are pure. They say: I am vicious and you are viceless. They do not say that they are full of anger or greed. Everything is a matter of vice. People get married for vice. The parents have this concern. When they grow old, they give money, indulge in vice. If they didn't indulge in vice, there would be quarrelling. You children have to explain that the deities were completely viceless. You have your *aim and objective* in front of you. You have to change from ordinary humans into Narayan and become the kings of kings. The picture is in front of you. This is not called a satsang (spiritual gathering). They do not have a place to study or a satsang. The true satsang (Company of the Truth) with the One who is the Truth is when He personally teaches you Raja Yoga. You need to have the company of the Truth. He is the One who teaches the Gita which is Raja Yoga. The Father does not relate the Gita. People think that because this is called a Gita Pathshala, they should come and listen to the Gita; they have that pull. This is the true Gita Pathshala where you receive salvation, *health, wealth and happiness* in a *second*. So, ask them: Why have we written, "True Gita Pathshala". It is *common* to write "Gita Pathshala". When they read "true" they can be pulled to think that perhaps there is also a false one. So, you definitely have to write the word "true". The pure world is called satyug, the golden age, and the impure world is called kaliyug, the iron age. They were pure in the golden age. You are taught how they became that. The Father teaches us through Brahma. How else would He teach us? Only those who understood these scriptures in the previous cycle will understand them. They are trapped in the bog of the path of devotion. There is a lot of splendour in devotion. That is nothing. Simply have the awareness: We now have to return home. We have to return after becoming pure. For this, you have to stay in remembrance. Can you not remember the Father who makes you into the masters of heaven? This is the main thing. Everyone says that there is effort in that. Children give good lectures, but if they were to explain while staying in yoga, it would have a good effect. You receive strength when you are in remembrance. By becoming satopradhan, you will become the masters of the satopradhan world. Would you say that remembrance is conducted meditation? It is *wrong* to say that you sat in conducted meditation for half an hour. The Father simply says: Stay in remembrance! There is no need to teach you this by sitting opposite you. You have to remember the unlimited Father with a lot of *love* because He gives you many treasures. The mercury of your happiness should increase with remembrance. You would then *feel* supersensuous happiness. The Father says: That *life* of yours is very *valuable*. You have to keep it healthy. The longer you live, the more treasures you will take. You will have received all the treasures when you have become satopradhan. You receive power through the murlī. There is also power in the sword. When you have the power of remembrance, the sword will become sharp. There isn't that much power in knowledge and this is why there isn't that much effect. Baba then has to come to benefit that person

(whoever comes in front of you). When your remembrance is filled with power, the arrow will then strike the scholars and teachers etc. This is why Baba says: Keep your *chart*. Some say that they remember Baba a lot, but that their mouths are unable to open (they are unable to speak). Stay in remembrance and your sins will be absolved. Achcha. *Good night* children!

To the sweetest, beloved, long-lost and now-found children, love, remembrance and *good morning* from the Mother, the Father, BapDada. The spiritual Father says namaste to the spiritual children.

Essence for dharna:

1. While living at home, do spiritual service. Become pure and make others pure.
2. While living in this living hell, you have to claim your inheritance of heaven from the unlimited Father. Don't cause anyone sorrow.

Blessing: May you use all your specialities and make them grow and become an embodiment of success.

The more you use your specialities to serve with your mind, words and deeds, the more these specialities will continue to grow. To use them for service means to receive a lot of fruit from one seed. Do not just keep the specialities you have received as a birthright in this elevated life as seeds but sow them in the land of service and you will experience their fruit, that is, you will experience the success of them.

Slogan: Do not look at the expansion, but look at the essence and accommodate it in yourself. This is intense effort.
