

25/01/23

Morning Murli Om Shanti

BapDada

Madhuban

**Essence:** Sweet children, make a great deal of effort to remember the Father, because you have to become real gold.

**Question:** What are the signs of good effort-makers?

**Answer:** Those who are true effort-makers follow shrimat at every step. Those who constantly follow shrimat are the ones who claim a high status. Why does Baba tell you children to follow shrimat constantly? Because He is the true Beloved and the rest are His lovers.

Om shanti. Both old and new children have understood the meaning of 'Om shanti'. You children have come to know that all of us souls are children of the Supreme Soul. The Supreme Soul is the Highest on High and the Beloved who is loved by all. The significance of knowledge and devotion has been explained to you children. Knowledge means the day, the golden and silver ages. Devotion means the night, the copper and iron ages. This applies to Bharat. You do not have that much *connection* with other religions. You are the ones who experience 84 births. It is you people of Bharat who come first. The cycle of 84 births is for you people of Bharat. No one can say that those of the Islamic or Buddhist religion take 84 births; no. It is only the people of Bharat who take 84 births. Bharat is an imperishable land. It is never destroyed, whereas all other lands are destroyed. Bharat is the highest-on-high land; it is imperishable. It is only the land of Bharat that becomes heaven; no other land becomes heaven. It has been explained to you children that only Bharat existed in the new world of heaven, the golden age. It was Bharat that was called heaven. They take 84 births. Finally, all become the residents of hell and those same people of Bharat then become residents of heaven. At this time all are residents of hell. Later, all other lands will be destroyed and only Bharat will remain. There is limitless praise of the land of Bharat. In the same way, the praise of the Supreme Father, the Supreme Soul, and the praise of the Gita are also limitless, but only that of the real Gita. The Father is now teaching you Raja Yoga. This is the most auspicious confluence age of the Gita. Bharat will then become the most elevated of all. That original deity religion doesn't exist now; that kingdom doesn't exist now and that age doesn't exist now. Baba has explained that the mistake of putting Krishna's name in the Gita is fixed in the *drama*. When the path of devotion begins, there will first be the Gita. The Gita and all the scriptures etc. are now to be destroyed. Only the deity religion will remain. It is not that the Gita, the Bhagawad etc. will remain with it; no. You receive the reward, you receive salvation and so there is no need for scriptures etc. There are no gurus or scriptures etc. in the golden age. At this time, there are innumerable gurus who teach devotion. There is only one spiritual Father, whose praise is limitless, who grants you salvation. He is called the *World Almighty Authority*. It is mostly the residents of Bharat who make the mistake of saying that He is Antaryami that He knows what is inside everyone. The Father says: Children, I don't know what is going on inside everyone. My duty is to purify the impure. I am not Antaryami. This false praise is given on the path of devotion. I am called into the impure world. I only come once, when the old world has to be made new. Human beings don't know that this world becomes old from new and that, from old, it then becomes new. Everything passes through the stages of sato, rajo to tamo. Human beings are the same: they are at first satopradhan children and then they go through the stages of adolescence and old age, that is, they go through the rajo and tamo stages. When their bodies become old, they shed them and become children. The world also changes from new to old. You children know that Bharat was very elevated in the new world. The praise of Bharat is limitless. There are no other lands that are as wealthy, happy or pure as Bharat was. The satopradhan world is now being established. Brahma, Vishnu and Shankar have been shown in the picture of the Trimurti, but no one understands the meaning of that. In fact, 'Trimurti Shiva' not 'Trimurti Brahma' should be said. Who *created* Brahma, Vishnu and Shankar? It was Shiv Baba, the Highest on High. It is said: Salutations to the Deity Brahma, salutations to the Deity Vishnu, salutations to the Deity Shankar and salutations to the Supreme Soul Shiva. Therefore, He is the highest of all. He is the Creator. It is sung that the

Supreme Father, the Supreme Soul, creates Brahmins through Brahma. They also receive their inheritance from the Supreme Father, the Supreme Soul. He Himself sits here and teaches Brahmins, because He is the Father as well as the *Supreme Teacher*. He sits here and explains how the cycle of the *history and geography* of the *world* turns. He alone is the *knowledge-full* One. It is not that He is Janijananhar. That too is a mistake. On the path of devotion, no one knows His *occupation* or His *biography*. That is like the worship of dolls. In Calcutta, there is so much worship of those dolls. They worship them, feed them and then sink them in the sea. Shiv Baba is the *most beloved*. The Father says, they also create an image of Me out of clay, worship it and then break it up. They make it in the morning and break it up in the evening. All of that is the path of devotion, the worship of blind faith. Human beings sing: You are worthy of worship and You are a worshipper. However, the Father says: I am ever worthy of worship. I simply come and make impure ones pure. I give you your fortune of a kingdom for 21 births. There is temporary happiness on the path of devotion. Sannyasis say: Happiness is like the droppings of a crow. Sannyasis renounce their homes and families. That is limited renunciation; they are hatha yogis. They don't even know God. They remember the brahm element. The brahm element is not God. There is only one incorporeal God Shiva, who is the Father of all souls. The brahm element is the place where we souls reside. Brahmand is the *sweet home*. We souls come from there to play our *parts*. The soul says: I shed a body and take another. It is the residents of Bharat who take 84 births. Those who have done the most devotion will also take the most knowledge. The Father says: Children, stay in your households, but follow shrimat. All of you souls are lovers of the one Beloved, the Supreme Soul. You have continued to remember Him since the copper age. Souls remember the Father at times of sorrow. This is the land of sorrow. Souls are originally residents of the land of peace. They then enter the land of happiness and take 84 births. The meaning of "hum so, so hum" has also been explained. They say that each soul is the Supreme Soul and that the Supreme Soul is each soul. The Father now says: How can souls be the Supreme Soul? There is only the one Supreme Soul and the rest are His children. Even sages and holy men give a *wrong* meaning for "hum so". The Father has now explained the meaning of "hum so": "We souls were deities in the golden age, we then became warriors, merchants and then shudras. We have now become Brahmins in order to become deities." This is the accurate meaning. They are totally *wrong*. The Father says: By following the dictates of Ravan, human beings have become so false! This is why it is said: Maya is false, the body is false and the world is false. You will not say this in the golden age. That is the land of truth. There is no trace or sign of anything false there, whereas, here, there is no trace of truth. If there is truth, it is like a pinch of salt in a sack of flour. Human beings with divine virtues exist in the golden age. Theirs is the deity religion. All other religions come later on. Then there is duality. The devilish kingdom of Ravan begins in the copper age. The kingdom of Ravan doesn't exist in the golden age. None of the five vices exist there and so they are completely viceless. Rama and Sita are called 14 degrees full. No one knows why Rama has been shown with a bow and arrow; it is not a question of violence. You are *Godly students*. He is the *Father* and, because you are *students*, He is also your *Teacher*. Then He grants you children salvation and sends you to heaven. Therefore, He is also your Satguru. Here, He is the Father, *Teacher* and Satguru – all three. You have become His children. Therefore, you should have so much happiness! You children know that it is now the kingdom of Ravan. Ravan is the greatest enemy of Bharat. You children receive this *knowledge* from the *knowledge-full* Father. He is the Father, the Ocean of Knowledge and the Ocean of Bliss. You clouds fill yourselves from the Ocean of Knowledge and go and shower knowledge on others. You are the Ganges of knowledge. This praise applies to you. However, no one can become pure by bathing in the water of the Ganges. They think that they will become pure by bathing in dirty water. They give a lot of importance to spring water. All of that is the path of devotion. There is no devotion in the golden and silver ages. That is the completely viceless world. The Father says: Children, I have now come to make you pure. Remember Me for this one birth, become pure, and you will become satopradhan. I am the Purifier. Increase your pilgrimage of remembrance as much as possible. You should not say "Shiv Baba, Shiv Baba" through your mouths. It should be just as a lover and beloved remember

each other: once they have seen each other, that's it; each one's intellect remembers the other. On the path of devotion, you receive visions of whomever you remember or whomever you worship. However, all of that is temporary. You have been coming down by doing devotion. Death is now standing ahead of you. Only after cries of distress will there be cries of victory. Rivers of blood will flow in Bharat. All have now become tamopradhan and everyone now has to become satopradhan. However, only those who became deities a cycle ago will become this. They will come and claim their full inheritance from the Father. If you did less devotion, you would not take the full knowledge and you will claim a status, numberwise, among the subjects. Those who are good effort makers follow shrimat at every step and claim a good status. You need good *manners* too. You also have to imbibe divine virtues which you will continue to have for 21 births. Everyone now has devilish traits because this world is impure. The *history and geography* of the world has been explained to you children. At this time, the Father says: Children, now make a lot of effort to have remembrance and you will become real gold. Satyug is the *golden age*, real gold. Then, in the silver age, silver *alloy* is added and the degrees continue to decrease. Now, no degrees remain. The Father comes when it reaches this condition. This too is fixed in the *drama*. You are *actors*. You know that we have come here to play our *parts*. If actors don't know the beginning, middle or end of their *drama*, they are called senseless! The unlimited Father says: Everyone has become so senseless. I now make you sensible and make you into diamonds. Then Ravan comes and makes you as worthless as shells. This old world is now to be destroyed. I take everyone home like swarms of mosquitoes. Your *aim and objective* is in front of you. Only when you become like them can you become residents of heaven. You *BKs* are making this effort. However, because the intellects of human beings are tamopradhan, they do not understand that all of you are Brahma Kumars and Kumaris and that there must also definitely be Brahma, the Father of People. Brahmins are the topknot. Brahmins then become deities. They have removed the Brahmins and Shiva from the variety-form image. Brahmins are now making Bharat into heaven. Achcha.

To the sweetest, beloved, long-long and now-found children, numberwise, according to your efforts, love, remembrance and *good morning* from the Mother, the Father, BapDada. The spiritual Father says namaste to the spiritual children.

### **Essence for dharna:**

1. You clouds must fill yourselves from the Ocean of Knowledge and then go and shower knowledge. Increase your pilgrimage of remembrance as much as possible. Become real gold by having remembrance.
2. Follow shrimat and imbibe good *manners* and divine virtues. In order to go to the land of truth, become very true and honest.

**Blessing:** May you wear the glasses of seeing specialities when coming into relationship and connection with one another and so become a world transformer.

While coming into relationship and connection with one another, see each one's specialities. Adopt the vision of only seeing specialities. Nowadays, the *fashion* and compulsion are of wearing glasses. So, wear glasses that only see specialities; let nothing else be visible. For instance, when you wear red lensed glasses, even something green would then appear red. So, with the glasses of seeing specialities, you will not see any rubbish but by seeing the lotus will become an instrument for the special task of world transformation.

**Slogan:** Constantly stay away from the dust of thinking of others and looking at others and you will become a valuable, flawless diamond.
