

25/10/22

Morning Murli Om Shanti

BapDada

Madhuban

**Essence:** Sweet children, you are karma yogis. While performing actions, stay in remembrance of the Father. By staying in remembrance, you won't perform sinful actions.

**Question:** What is one main reason for not being able to connect your intellect in yoga to the Father?

**Answer:** Greed. If someone has greed for perishable things or an interest in eating good food or wearing good clothes, then that person's intellect would not be connected to the Father. This is why Baba shows you a method: Children, just have greed for claiming your inheritance from the unlimited Father. Don't have greed for anything else. If you do, the thing you love the most will be remembered at the end and your status will be destroyed.

**Song:** Awaken O brides, awaken! The new age is about to dawn.

Om shanti. You children know that the whole world says, "*We are all brothers.*" So, why are those souls not able to understand that they are children of the one Father; that He is the Creator and that we are the creation? Animals wouldn't say that they are *brothers*. It is human beings who understand and say that they are all *brothers*. The Father, the Creator, is only One. He is called the Supreme Father, the Supreme Soul. It is not possible that a sister would be called a brother. When all of you consider yourselves to be souls, you say that you are all brothers. There couldn't be anything other than souls. There couldn't be so many physical children of one father. You now remember very well that you are all brothers. The Father sits here and teaches you children. God says: O children! Therefore, He is teaching many, is He not? He would not say, "O Arjuna", He would not mention the name of just one person. He is teaching everyone. In a *school*, the *master* would say: O children, study very well! They are *students*, but the *teacher* is mature and so he calls the *students* 'children'. There, no one considers himself to be a soul. They just have physical relationships. Gandhiji was given the status of Bapu (father); a *mayor* is also called *father*. Such a status is given to many. Here, you souls understand that you are brothers. Therefore, brothers definitely need the Father. All souls know that He is their Father and that He is called *God, the Father*. Souls say: He is *God, our Father*. A physical *father* would not be called *God*. You know that you are souls. Baba has come to teach you. That is, He has come to purify the impure. He will make us pure from impure and make us into the masters of the pure world. No one knows these things. You children know Him here, but you forget Him when you perform actions. Stay in remembrance and you won't perform sinful actions. You are karma yogis. Sannyasis have renunciation of karma. They simply have yoga with the brahm element. However, they are unable to have yoga throughout the whole day. They have yoga in order to go to the brahm element. They feel that by remembering the brahm element they will merge into it. However, they're unable to remember the brahm element throughout the whole day. Their sins cannot be absolved with that remembrance. The Purifier is remembered. Only the Father is that. They don't call the brahm element or other elements the Purifier. Everyone calls the Father, the Purifier. No one calls brahm, the *Father*, nor does anyone do tapasya of the brahm element; they do tapasya of Shiv. There are temples to Shiv. Could a temple be built to the elements? Souls reside in the brahm element in their egg form and this is why the name 'Brahmand' is mentioned in the scriptures. That is not really a name, for it is the home. For instance, so many corporeal human beings reside beneath the sky element and so souls reside up there in the same way. You children know that you receive the *knowledge* of the beginning, the middle and the end of the whole *drama* from Baba. You come to know all the secrets; you understand the *knowledge* of the whole tree and then become *master* seeds. The Supreme Father, the Supreme Soul, has all *knowledge* and we are His children. He sits here and explains to us how this kalpa tree is created, sustained and destroyed. When you speak of creation, it is as though He creates a new world. The word 'establishment' is better. He purifies the impure through Brahma. The word 'Purifier' is definitely needed. Everyone in the golden age is in salvation whereas everyone in the iron age is in

degradation. Why? How did degradation take place? No one knows this. They sing that the Bestower of Salvation for all is One. The soul understands that this is a game. They sing praise of the Father as 'Sada Shiva' (Constantly Benevolent). Shiva is the One who gives happiness. He is remembered as the Remover of Sorrow and the Bestower of Happiness. There used to be the kingdom of Lakshmi and Narayan in Bharat. It is no longer that. Lakshmi and Narayan are called a goddess and god. Who established their kingdom? God is incorporeal and souls receive the inheritance from Him. It is souls take 84 births and continue to descend. While descending, they become degraded. You have to explain that God is not omnipresent. That Father is the Bestower of Salvation and we are all brothers; we are not the Father. It is not said that the *Father* adopted the form of *brothers*; no. This is why you first have to ask them: What is your relationship with the Supreme Father, the Supreme Soul? They all know their physical relations. The incorporeal One is the Father of souls. He is called *Heavenly God, the Father*. The *Father* must definitely have made you into the masters of the new creation. We are no longer the masters. We were happy. So, who made us unhappy? People don't know this. Ravan's kingdom has continued for half a cycle. Therefore this has become the condition of Bharat. Bharat is the *birthplace* of the Supreme Father, the Supreme Soul. God came in Bharat. He must definitely have established heaven. The birthday of Shiva is also celebrated. You can even write: For example, we are now celebrating such and such a *birthday*. People would be amazed at what you say. Also give them greetings and tell them that you are celebrating the birthday of the Purifier, the Bestower of Salvation, the Supreme Father, the Supreme Soul, Shiva. On that day, you should have a lot of celebration and festivity. The birthday of the Bestower of Salvation for all is not a small thing. You should drop leaflets from *aeroplanes* over big cities; it would then also be printed in the newspapers. You should make very beautiful *cards*. You should write a lot of praise of the *most beloved* Father. He has come to make Bharat into heaven once again. That same Father is teaching Raja Yoga. He is the One who also gives the inheritance. You should print attractive *cards* for Shiva's birthday. You can even print them on *plastic*. However, as yet, your intellects are very small (limited). Only a handful out of multimillions will become kings and queens whereas those who are careless will surely become subjects. There is the rosary of 108, but there will be many subjects. Don't just think that you are careless, but make a lot of effort. Baba explains to you a great deal, but you scarcely put anything into practice. Here, you consider yourselves to be the children of God (Allah) but when you go outside, Maya makes you into bats (ullu). Maya is so strong. Only a few will emerge to claim the kingdom. Even the moon dynasty is considered to be of those who failed. You know everyone's study and their status. Would anyone in the world know the status of Ramachandra? Baba explains to you very well how you should print *first-class* invitation cards for Shiv Jayanti so that people are amazed by them. The churning of the ocean of knowledge has been remembered. Shiv Baba doesn't have to churn the ocean. This is the duty of you children. Baba advises you: If something enters the intellect of someone, but he doesn't put it into practice, Baba would call him a fool. You children know that the Supreme Father, the Supreme Soul, is making you into the masters of the land of Vishnu through Brahma. Destruction has to take place through Shankar. The Trimurti is up above. You are all guides who teach the spiritual pilgrimage. You can even write: Truth brings victory. Truly, the true Baba is teaching us how to gain victory, that is, He is enabling us to gain victory. If someone objects to this, you can explain to him. Baba was thinking about how Shiv Jayanti should be celebrated. The God of the Gita is Shiv, not Krishna. You have to make this widely known. That One is the Creator whereas this one is the creation. From whom would you receive the inheritance? Shri Krishna is the first creation. They have portrayed Krishna arriving on a pipal leaf floating on the ocean. This refers to the palace of a womb. In heaven, there is pleasure in the palace of a womb. Here, in hell, a child would be agitated in the *jail* of a womb. In the golden age, the womb is a palace whereas in the iron age the womb is a *jail*. The picture of Krishna is so good: he is kicking hell away. You have written about the 84 births of Krishna. God speaks: You don't know your own births. I tell you about them. Therefore, I explain to those who have taken the full 84 births. It is so easy! *Manners* are also required. There should be greed for claiming your inheritance from the unlimited Father and not for anything else.

Therefore, you mustn't keep anything that would pull your intellect. Otherwise, your status will be destroyed. Remove your intellect from everything including your body. Remember the one Father. If someone has accumulated a lot of *furniture*, he would remember that when he dies. Whatever you have a lot of love for, that will definitely be remembered at the end. The Father explains to you children: Don't keep anything hidden away due to greed. You can receive everything from the yagya. If you keep something secretly hidden away, your intellect will dangle after that. Baba's orders are: This is Shiv Baba's treasure-store. Children should receive everything from here. You shouldn't even have the thought: So-and-so has a good sari, so I too should wear one like that. Oho, have you come to the Father to claim your inheritance of the kingdom or the inheritance of a sari? Everyone has great regard for those who do good *service*. Tell them: I cannot wear anything except that which I have received from Shiva's treasure-store. I will receive everything from just the yagya. Then, there will be remembrance of Baba: I received this from Shiv Baba's treasure-store. Otherwise, the habit of stealing will be instilled. Only if you *sacrifice* yourselves here will you receive many *first-class* things there. Sometimes, Shiv Baba even tests you children to see how much body consciousness you have. You have promised: Whatever You feed me, whatever You give me to wear... You should understand in your hearts that Shiv Baba gave you those. You should have such a *first-class* stage. If you want to claim your full inheritance from Baba, then make full effort by following shrimat. Follow Baba's advice. Since you say, "Mama, Baba", *follow* them completely. Show everyone the path. We received our inheritance from Baba and we are receiving it once again. Continue to stay on the pilgrimage of remembrance. Baba explains: The more powerful you become, that much more strongly Maya will come to you. Why do you become confused? Baba writes to some children: You are going to do very good *service*. However, storms of Maya then come: Am I going to remain celibate all my life? Even in old age, your intellects will spin in this way: I want to get married; I want to do this. Maya makes even old ones become young again. She will harass you a great deal. Why are you afraid? No matter how many storms come, you will be saved by remembering Baba. Achcha.

To the sweetest, beloved, long-lost and now-found children, love, remembrance and *good morning* from the Mother, the Father, BapDada. The spiritual Father says namaste to the spiritual children.

### **Essence for dharna:**

1. Don't keep anything secretly hidden with you due to greed. Continue to follow the Father's directions.
2. Whatever Baba feeds you and whatever He gives you to wear, take everything from Shiv Baba's treasure-store. Don't become body conscious. *Follow* Mama and Baba completely.

**Blessing:** May you be a master and a child and stay constantly full by sharing and increasing all your treasures.

The Father has given all of you children treasures equally and made you into masters. All of you have received equal treasures, but if one of you is not full, the reason for that is you don't know how to look after and increase your treasures. The way to increase them is to share them and the way to look after them is to *check* them constantly. When the guards of both *attention* and *checking* are working well, your treasures will remain constantly *safe*.

**Slogan:** Perform every action with the faith and intoxication of having all rights and you will not have to work hard.

\*\*\* Om Shanti \*\*\*
