Morning Murli Om Shanti

BapDada

Madhuban

**Essence:** Sweet children, you have now found the Support to go to the land of peace and the land of happiness. By continuing to remember the Father you will become pure and karmateet and return to your land of peace.

**Question:** Which children receive the Father's love and affection? How will you *show* (reveal) the Father?

**Answer:** The children who are faithful, *serviceable*, very sweet and never cause any sorrow for anyone continue to receive the Father's love and affection. When you children have a lot of deep *love* for one another, when you don't make any mistakes, when you don't speak words that cause sorrow and when there is constantly brotherly, spiritual love among you, you will then be able to *show* the Father.

**Song:** The heart says thanks to the One who has given it support.

Om shanti. You children have heard that song many times. You children understand how much you have wandered around in the coming and going. According to the *drama* plan, you have been shedding bodies and taking others. In the land of happiness, you automatically shed your body and take another in happiness. The Father is now explaining to you how to shed your body in happiness. You children understand that you souls have come from the land of peace. I, this soul, am playing a *part* here. First of all, there has to be faith in souls, that each of us is an imperishable soul. It has been explained to you children that only the one Father is the One who gives you support. There is a lot of happiness experienced by remembering the Father. These matters have to be understood. At first, you all live in the land of peace and you then go to the land of happiness. The Father is giving you support. Children, your land of peace and your land of happiness are almost here. You souls have the faith that you shed your bodies and take others. You receive imperishable *parts* beforehand. You have to play your *parts* for 84 births. The Father only speaks to you children, because, apart from you children, no one else knows these things. It is only at the most auspicious confluence age that the Father shows you the path in order for you to become the most elevated human beings. You souls should not have any fear. We are claiming a very high status. You now know about all your births. This is the final birth. You souls understand that you have now found the Support to go to the land of peace and the land of happiness. Therefore, you should go in happiness. However, you have received the knowledge that souls are now impure; the wings of souls are broken. Maya breaks your wings and you are therefore unable to return. You definitely have to become pure. You came down from there but you cannot return there now by yourself. Everyone has to play his own *part*. You should also understand that you belong to a very high clan. We are now receiving our fortune of the kingdom of the highest *dynasty*. So, what will we do with these bodies? You are going to receive new bodies there. Talk to yourself in this way. The Father has given you His own introduction and is also explaining to you the secrets of the beginning, the middle and the end of creation: from being satopradhan, the soul goes through the stages of sato, rajo and tamo. You now have to become soul conscious once again. It is souls that have to become pure. The Father has said: Simply remember Me alone. Do not remember anyone else. If your intellects are pulled to wealth, property, children etc. you won't be able to attain your karmateet stage. Your status will then be reduced and punishment will have to be experienced. We souls are now going to return home. We have to become pure and return home. The Father has come to make us pure, so why would we not remember the Father in happiness so that our sins are absolved? If you stay in remembrance yourself, the arrow will strike the target when you tell this to others. This is called churning the ocean of knowledge. Good churning takes place in the morning because your intellects are then good and *refreshed*. Devotion is also performed at that time. There is the song: Remember Rama early in the morning, o mind. You simply used to sing that on the path of devotion. Now, the Father's

*directions* are: Wake up early in the morning and remember Me. In the golden age, they don't remember Rama. All of this *drama* is predestined. The Father comes and tells you the secrets of knowledge and devotion. Previously, you didn't know them and this is why you are called those with stone intellects. You would not say this in the golden age. It is only at this time that you say: May God make your intellect good. The memorial of here continues on the path of devotion. The Father explains to you children with a lot of love: Children, you have forgotten Me, your unlimited Father. I gave you the unlimited inheritance for half a cycle. I made you have unlimited renunciation. I have told you that the whole of this old world is going to turn into a graveyard. Why do you remember the world that is going to end? You call out to Me: O Baba, liberate us from the impure world and take us to the pure world! There are millions of people in the impure world. There are very few people in the pure world. So, people call out to the Great Death, the Death of all Deaths. You devotees called God to come and give you the fruit of your devotion. You have stumbled a lot. You have had this habit instilled in you for half the cycle. Therefore, it takes time to be liberated from it. This is also fixed in the *drama*. You children will attain your karmateet stage, numberwise, according to the efforts you make, as you did in the previous cycle. Then, destruction will take place. Now, there is no place to even live. There isn't enough grain, so what would they eat? In America too, they say that millions of people will starve. There will be these *natural calamities*. Where would food come from if war starts? The war will be very fearsome. They will bring out all the materials they have prepared and *natural calamities* will also help. You have to attain your karmateet stage before then. You have to become beautiful from ugly. You have become ugly by sitting on the pyre of lust. The Father is now making you beautiful. There is just one place for souls to live in. You come here from there and play your *parts*. You *cross* the kingdom of Rama and the kingdom of Ravan. The Father has told you that it is now the end of the old world. I come at the end when you children call Me. The old world definitely has to be destroyed. It is remembered: Death to the prey and happiness for the hunter. However, if you don't follow the Father's shrimat, there cannot be that happiness. You children now understand that you have to shed your bodies and go to the land of immortality. Your name is the Shakti Army, the Shiv Shaktis. Then, you are also Prajapita Brahma Kumars and Kumaris. You are the children of Shiva anyway and you then also become brothers and sisters. The creation is only created through Prajapita Brahma. Brahma is called the *great-great-grandfather*. So, the Father sits here and explains to you souls. It is souls that do everything through their bodies. It is a soul's body that they kill. The soul would say: With this body I killed that soul's body. Children write in their letters: I, this soul, made this mistake through this body. This requires effort. You have to churn the ocean of knowledge. It is very easy for *males*. In Bombay, so many people go for a walk early in the morning. You have to go and sit in solitude and churn the ocean of knowledge. Continue to praise Baba. Baba, it is Your wonder! You don't sing praise of bodily beings. The Bodiless One is God, the Highest on High. He never takes a body of His own. He Himself has told you: I incarnate in an ordinary body. This one didn't know his own births. You didn't know about them either. This one has now learned about them from Me and so you also came to know about them. There is also this *practice*. You will receive a lot of happiness by remembering the Father. When you have the faith that you are a soul, you will only see souls. Then, no question of vice can arise. The Father says: May you be bodiless! So, then, why are there *criminal* thoughts? You fall when you look at bodies. It is souls that you have to look at. I am a soul and I have played this *part*. The Father has now said: May you be bodiless! Remember Me and your sins will be cut away, and you will accumulate an income by staying on the pilgrimage of remembrance. The early morning time is very good. Don't even look at anyone except Baba. However, Lakshmi and Narayan are your *aim* and *objective*. Manmanabhav! Madhyajibhav! No one knows the meaning of these. You can explain that devotion is for those on the family path. What devotion would those on the path of isolation perform in a forest? At first, even they were satopradhan. Earlier, everything would have been sent to them in the forest. Now that they have become tamopradhan, those huts are empty because nothing reaches them. Devotees don't have that faith in them any more. This is why they have become engaged in doing business; they are millionaires and billionaires. All of this is now going to finish. It

isn't that buildings etc. will be built with this gold. Everything there will be new. Grains will be new. Everything of the new world will be *first class*. The land is now barren and so they don't even get enough grain. There, all the land and all the oceans belong to you. There, you eat such pure food. Here, they even cook meat. Such things do not exist there. So, you children should give a lot of thanks to Baba. You know the Father and then you also tell others that the Father said: I enter an ordinary old body. I enter him in his stage of retirement. You have to return home in the stage of retirement; this is the law. The same system continues on the path of devotion too. All of these matters have to be imbibed. Some *note* them down very well, imbibe them and then relate them to others. You enjoy listening to them a great deal because you have now found the Support. You know that each soul is sitting on the throne of the forehead. It is said of the soul: A wonderful star shines in the centre of the forehead. They do not say that the Supreme Father, the Supreme Soul, Shiva, is shining. However, it is the soul that shines. Souls are brothers and this is why they say that Hindus, Pakistanis and Buddhists are brothers, but they don't understand the meaning of 'brothers'. You should have so much *love* among yourselves. In the golden age, even animals *love* one another. You are brothers and so how much *love* you should have! However, because of being body conscious, you become fed up with one another. You then defame one another. At this time, you children have to live like milk and sugar. You make this effort at this time and you then live like milk and sugar for 21 births. If you use any wrong words, you should instantly say, "*I am sorry!*", because we have Baba's orders to remain very sweet. Those who don't obey orders are said to be disobedient to God. You must never cause anyone sorrow. However, Baba knows that in the police *service* they sometimes even have to beat someone to make him tell the truth. Those in the *military* also have to fight. Simply consider yourselves to be souls and constantly remember Me alone and your boat will go across. Why should you look at this old world? We have to look at the new world. The new world is now being established with *shrimat*. There is no question of blessings here. A *teacher* never gives blessings; a *teacher* teaches you. To the extent that someone studies and imbibes *manners*, so he receives a status accordingly. It is the same here. You have to look at your own *register* to see how you are moving along. Some move along very sweetly. They remain happy in every situation. Baba has said: Hold a court among yourselves to check that you are not making mistakes. However, those who hold court should understand: I am a soul. I am asking my brother soul whether he has made any mistakes through that body. You haven't caused anyone any sorrow, have you? The Father never causes sorrow. The Father makes you into the masters of the land of happiness. The Father is the Remover of Sorrow and the Bestower of Happiness. So, you have to give everyone happiness. You must never use wrong words. Never take the *law* into your own hands. Your duty is simply to *report* it. You have to become very sweet. The sweeter you become, the more you will *show* (reveal) the Father. Baba is the Ocean of Love. If you explain with love, you will become victorious. The Father says: My beloved children, never cause anyone sorrow. There are many who make many types of mistake: To criticise someone, to compete and to be jealous are all sins. Baba says: Those who are good, faithful and *serviceable* children will definitely be sweet. Baba also gives them love and affection. He would not give this to others. Some then say: Baba is favouring that one because he is an eminent person. They cause themselves a lot of loss in this way. They act wrongly and then blame others. Baba receives news that so-and-so hasn't stopped smoking. Baba says: Explain to him: With the power of yoga, you can purify the world, so can you not stop smoking? Remember the Father. Baba is the imperishable *Surgeon*. He will give you such medicine that all your sorrow will be removed. Achcha.

To the sweetest, beloved, long-lost and now-found children, love, remembrance and *good morning* from the Mother, the Father, BapDada. The spiritual Father says namaste to the spiritual children.

### **Essence for dharna:**

1. Don't be body conscious and upset one another. Remain happy in every situation. Never criticise anyone or be jealous of or compete with anyone. You mustn't cause anyone sorrow. Become very

sweet among yourselves. Live like milk and sugar.

2. Wake up early in the morning and remember the Father with love. Talk to yourself and give thanks to Baba while churning the ocean of knowledge.

**Blessing:** May you be a *number one* server and serve with your mind while remaining stable in your *powerful* stage.

If someone does not receive a *chance* to serve with words, he still has the *chance* to serve with his mind at every moment. The most *powerful* and greatest service of all is service with the mind. Doing service with words is easy, but, in order to serve with your mind, you first have to make yourself *powerful*. You can serve with words even if your stage is fluctuating, but service with the mind cannot be done in that way. Those who serve with their elevated stage are *number one* servers and they claim *full marks*.

**Slogan:** To experience spirituality while carrying out your lokik task (mundane work) is to surrender yourself.

**\*\*\* Om Shanti \*\*\***

**With avyakt silence, experience the double light angelic stage**

Now be double light, be stable in the stage of an highest peak with the viman of your divine intellect, and spread the wave of co-operation of good wishes and pure feelings and light and might over all the souls of the world. Let there be the refined, elevated directions of BapDada in that viman. Let there not be the slightest rubbish of the dictates of your own mind or the dictates of others in it.
