Morning Murli Om Shanti

BapDada

Madhuban

Essence: Sweet children, during the day, perform actions for the livelihood of your bodies and sit down at night and churn this knowledge. Remember the Father. Make your intellects spin the discus of self-realisation and your intoxication will rise.

Question: Which children does Maya not allow to sit in remembrance?

Answer: Maya doesn't allow those to sit in remembrance whose intellects are trapped in someone or other, whose intellects are locked and who don't study well. They are unable to remain "Manmanabhav". Then their intellects don't work for *service* either. Because of not following *shrimat*, they defame the Father's name and deceive Him and so punishment has to be experienced.

Song: My heart desires to call out to You.

Om shanti. You children heard the song. They call out to *God*, the *Father*, not to Shri Krishna. They say to the Father: Come and once again change the land of Kans into the land of Krishna. They would not call Krishna. The land of Shri Krishna is called heaven. No one knows this because they have taken Shri Krishna into the copper age. All of these mistakes have been made in the scriptures. The Father is now explaining things accurately to you. In fact, the Senior One of the whole world is *God*, the *Father*. Everyone has to remember that one *God the Father*. People remember Christ, Buddha or the deities. Those of every religion remember the one who established their religion. Remembrance of God began from the copper age. In Bharat, it is remembered that everyone remembers God at times of sorrow and that no one remembers Him at times of happiness. The system of having remembrance begins later, because there is sorrow. It was the people of Bharat who first of all began to have remembrance. Seeing them, those of other religions began to remember the founders of their religions. The Father too is someone who establishes a religion. However, people have forgotten the Father and inserted Shri Krishna's name. They don't know about the religion of Lakshmi and Narayan. You must neither remember Lakshmi and Narayan nor Shri Krishna. You have to remember the one Father who is establishing the original eternal deity religion. Later, when they begin to worship Shiva on the path of devotion, they believe that the God of the Gita is Krishna; they remember him. Seeing them, others also begin to remember the founders of their religions. They forget that it was God who established that deity religion. We can write that the *Sermoniser* of the Gita is not Shri Krishna, but Shiv Baba. He is incorporeal. So this is something *wonderful*, is it not? No one has the introduction of Shiv Baba. He is a *star*. Everywhere, there are temples to Shiva, so they think that He has a big form, that He is the constant element of light. However, He resides in the great element of light where souls reside. The form of souls is truly like a *star*. The Supreme Father, the Supreme Soul, is also a *star*, but, because He is *knowledge-full* and the Seed, He has that power. The Father of souls (the Seed) is called the Supreme Father, Supreme Soul. He is incorporeal. Human beings cannot be called the *Ocean of Knowledge* or the *Ocean of Love*. This is why the children who explain knowledge should have that *authority* in them and their intellects have to be broad and unlimited. Amongst all of you, Mama is the main one. It is remembered: Salutations to the mothers. The arrows were made to be shot by the kumaris. Nowhere else do they have the secret of the half kumaris and the kumaris. This is proved just by the temple here. There is truly also Jagadamba, but those people don't know who she is. The Father says: I tell you the secrets of the Creator and the beginning, the middle and the end of creation through the lotus-mouth of Brahma. It should enter the intellects of people what is in the *drama*. This is an unlimited *drama*. We are *actors* of this *drama* and so the secrets of the beginning, the middle and the end of the *drama* should remain in our intellects. Those who have this in their intellects have a lot of intoxication. Throughout the day, you do everything for the livelihood of your bodies, so then sit down at night and remember how this *drama* rotates. This is "Manmanabhav". However, Maya

doesn't allow you to sit at night. The secrets of the *drama* should remain in the intellects of you *actors*. However, this is very difficult; some become trapped somewhere or other and so Baba locks their intellects. The destination is very high. Those who study well ask for a good salary. This too is a study, but, as soon as you go outside, you forget and then begin to follow the dictates of your own minds. The Father says: Sweet children, only in following *shrimat* is there benefit for you. This world is impure. The vice that the *sannyasis* renounce is called *poison*. The kingdom of Ravan begins in the copper age. The Vedas and scriptures etc. are all the paraphernalia of the path of devotion. The intellects of you children should work on *service*. If you follow *shrimat*, you can also imbibe knowledge. You children know that destruction is just ahead. Everyone will be unhappy and will cry out: O God, have mercy! At the time of crying out in distress, they remember God. They used to remember God so much at the time of the *partition*: O God, have mercy! Protect us! How would He protect you? If people don't know the One who protects them, how can He protect them? The Father has now come, but this scarcely sits in anyone's intellect. The Father explains: Do *service* in such and such a way. You receive this *shrimat* from the Father. It is such a *wonder* that they are unable to recognise such a Father. These matters have to be understood. Let the remembrance of Shiv Baba be in your intellects throughout the whole day. This one is His chariot and companion. Baba sees that, today, some children's intellects have a lot of faith and that, tomorrow, their intellects develop doubts. Their stage falls when storms of *Maya* come, and so what can Baba do about that? You came into this knowledge and *surrendered* yourselves and so you are *trustees*. Why do you worry? You have *surrendered* yourselves and you also have to do *service* and you will then receive the *return* of that. If you have *surrendered* yourselves but don't do any *service*, you still have to be fed and so you use up all the money that you gave on your food. They don't do *service*. You have to do the *service* of making human beings become like diamonds. The main thing is that you have to do Baba's spiritual *service* through which human beings can become elevated. If you don't do any *service*, you will go and become maids and servants. Those who study well are given very high regard whereas those who fail will go and become maids and servants. Baba says: Children, remember Me and claim your inheritance; that's all! This term 'Manmanabhav' is *right*. The *Ocean of Knowledge* says: Remember Me and your sins will be absolved. Krishna cannot say this. Only the Father says: Constantly remember Me alone and remember your future royal status. This is Raja Yoga. The family path is proved through this. Only you can explain this. Amongst you too, those who are clever and *serviceable* are invited. It is understood when someone is a clever *hand*. You children have to be *yogyukt*. If you don't follow *shrimat*, you defame the Father's name. If you deceive Him, there has to be punishment. The *Tribunal* also sits. Achcha.

To the sweetest, beloved, long-lost and now-found children, love, remembrance and *good morning* from the Mother, the Father, BapDada. The spiritual Father says namaste to the spiritual children.

Night class:

First of all, you children have to give the explanation of the Father. Only the unlimited Father is teaching us. They call Krishna, the one who studies the Gita, God. You have to explain to them that it is the Incorporeal one who is called God. There are many bodily beings. There is only the One who is without a body. He is the Highest on High, Shiv Baba. Make this sit in their intellects very well: You receive the unlimited inheritance from the unlimited Father. He alone is the Highest on High, the incorporeal Supreme Father, the Supreme Soul. That One is the unlimited Father and this one is a limited father. No one else gives you the inheritance for 21 births. There isn't any other father from whom you receive an immortal status. The golden age is a land of immortality. This is a land of death. When you give them the Father's introduction, they will understand that they receive an inheritance, which is called deity self-sovereignty, from the Father. Only the Father gives you that. That Purifier is remembered. He says: Consider yourselves to be souls and remember Me, the Father, and your sins will be cut away. You can become pure from impure and become worthy of

going to the pure world. The Father says every cycle: Constantly remember Me alone. Only by going on this pilgrimage of remembrance will you become pure. The pure world is now coming and the impure world is to be destroyed. First of, all give the Father's introduction and make them understand this firmly. Only when they firmly understand about the Father can they receive the Father's inheritance. This is where Maya makes you forget a lot. You try to remember Baba and then you forget Him. Only by remembering Shiv Baba will your sins be cut away. That Baba tells you through this one: Children, remember Me. Nevertheless, you forget Me when you become busy in your business etc. You should not forget Him. This is the thing that requires effort. You have to reach your karmateet stage by remembering the Father. Those who have a karmateet stage are called angels. Therefore, firmly remember how you can explain to someone. There should be the firm faith that you are explaining to your brothers (souls). Give everyone the Father's message. Some say: I want to go to Baba and have a vision. However, there is no question of visions in this. God comes and teaches you and says through this mouth: Remember Me, your incorporeal Father. By remembering Me, all your sins will be cut away. While sitting anywhere and doing your business etc., you have to remember the Father again and again. The Father has given you the order: Remember Me! Only those who constantly remember Me will *win*. If you don't remember Me, your *marks* will be reduced. This is a study to change from human beings into deities. Only the one Father teaches you this. You have to become the kings who rule the globe, and so you also have to remember the cycle of 84 births. You have to make effort to reach your karmateet stage. That will happen at the end. The end can come at any time, and so you have to make continuous effort. Your efforts should continue all the time. Your physical fathers would not say: Renounce all your bodily relations and consider yourself to be a soul. Renounce the consciousness of your body and remember Me and your sins will be cut away. It is only the unlimited Father who says: Children, remain in remembrance of Me alone and all your sins will be cut away and you will become satopradhan. You should do this business in happiness. You have to remember the Father even when taking your meals. It is good if the incognito practice of you children of staying in remembrance continues all the time. There is only benefit for you in that. You have to check yourselves and see for how long you remember Baba. Achcha.

To the sweetest, beloved, long-lost and now-found children, love, remembrance and *good night*. Om shanti.

Essence for dharna:

1. Do the spiritual *service* of making human beings become like diamonds. Never let your intellect develop doubts and thereby stop studying. Remain a *trustee*.
2. While acting for the livelihood of your body, you have to remember the Father. Continue to move along while considering there to be benefit for you in following shrimat. Do not follow the dictates of your own mind.

Blessing: May you be an intense effort-maker and use the powers of thought and speech accurately and powerfully.

Intense effort-makers, that is, the children who are going to go into the *first division* use the power of thought and the power of speech accurately and powerfully; they do not become loose in this. They always remember the *slogan*: Speak less, speak softly, speak sweetly. Their every word is *yogyukt* and *yuktiyukt*. They only speak the words that are necessary and they do not waste their *energy* in speaking wasteful words or words of expansion. They constantly stay in solitude.

Slogan: A complete destroyer of attachment is one who even renounces any right to the consciousness of "mine".

***** Om Shanti *****

Sweet elevated versions of Mateshwari

The reason for peacelessness in the mind is some bondage of karma and

the basis of peace is the karmateet stage.

In fact, every human being has the desire to attain peace of mind and they make all sorts of efforts for this. However, until now, their minds have not found peace. What is the real reason for this? First of all, it is necessary to think about what the root of peacelessness is. The main reason for peacelessness of the mind is being trapped in some bondage of karma. Until human beings are liberated from all bondages of karma of the five vices, they cannot become free from peacelessness. When the bondage of karma is broken, peace of mind, that is, liberation in life can then be attained. However, you have to think about how you can break that bondage of karma and who it is that can liberate you from that. We know that no human soul can grant liberation to another human soul. It is only the one God who can break these karmic accounts of bondages of karma and He is the One who comes and liberates us from the bondages of karma with this knowledge and the power of yoga. This is why God is called the Bestower of Happiness. Until you know that you are a soul and whose child you are in reality and what your real virtues are, only when you have all of this in your intellect, can your bondage of karma be broken. We can only receive this knowledge from God, that is, it is only through God that our bondages of karma can be broken. Achcha.
