

Essence: Sweet children, you become sensible with the one great mantra of “Manmanabhav”. This is the mantra that liberates you from all sins.

Question: What is the essence of the entire knowledge? What are the signs of those who remain “Manmanabhav”?

Answer: The essence of the entire knowledge is that we now have to return home. This world is dirty; we have to renounce it and return to our home. Simply to remember this much is also to be “Manmanabhav”. The children who remain in the stage of “Manmanabhav” constantly churn the ocean of knowledge. They have sweet, spiritual conversations with Baba.

Question: By coming under the influence of which habit is a soul not able to stay in remembrance of the Father?

Answer: If a soul has the habit of looking at dirty pictures or reading dirty stories, he is unable to stay in remembrance of the Father. The *cinema* is a gateway to hell and it spoils your attitude.

Om shanti. The spiritual Father sits here and explains to you spiritual children. Explanations are given to those who have little understanding. You have now become very sensible and you understand that that One is your unlimited Father and that He also gives you unlimited teachings. He explains the secrets of the beginning, the middle and the end of the world. This *knowledge* has to be in the intellects of you *students*. The Father will definitely take you back with Him because He knows that this is a dirty old world. I have come into this old world to take the children home. Baba explains: While sitting here, you children must be feeling inside that that One really is your unlimited Father and that He gives you very elevated teachings. He has also explained the secrets of the beginning, the middle and the end of creation. To remember all of this is also to be “Manmanabhav”; it can be included in your *chart*. It is very easy! Even if you don’t do anything else, let your intellects remember this while you are sitting, walking and moving around. Something that is *wonderful* is always remembered. You understand that by remembering Baba and studying this education you are once again becoming the masters of the world. This should continue to turn around in your intellects. Whether you are sitting on a bus or a *train* etc., let your intellects remain in remembrance. First of all, you children need the Father. You know that the spiritual Father of us souls is unlimited. In order for you to have remembrance easily, Baba gives you this method: Constantly remember Me alone and your sinful actions of half the cycle will be burnt away in this fire of yoga. For birth after birth, you have been doing a great deal of penance and having sacrificial fires etc. Those on the path of devotion do not even know why they do all of that. What benefit would they receive from that? They go to temples and do so much devotion! They believe that all of that has been going on since time immemorial. They even say of the scriptures that they have been continuing since time immemorial. However, human beings don’t realize that there are no scriptures in heaven. They believe that all of that has been in existence since the beginning of the world. None of them can tell you who the unlimited Father is. Here, there isn’t a limited father or *teacher*. You have all been educated by limited *teachers*, with whom you studied to get a job and earn an income. You children know that this is your unlimited Father and that He doesn’t have a father. He is the unlimited *Teacher* and He doesn’t have a *teacher*. Who educated those deities? You should definitely remember this. This too is to be “Manmanabhav”. This knowledge has not been taught anywhere else. The Father Himself is *knowledge-full*. Did someone educate Him? He is the Sentient Seed of the human world tree. He is the Ocean of Knowledge. Because he is the Sentient Being, He tells you all the secrets of the human world tree from the beginning to the end. He comes at the end and gives you the knowledge of the beginning. He says: O children, I have incarnated in this one and I tell you through him the secrets from the beginning to the present moment. I will tell you about the end later on. As you progress, you will understand when it is the end because, by that time,

you will have reached your karmateet stage. You will also see the signs of that. This dirty old world has to be destroyed. This is nothing new. You have seen this many times and you will continue to see it. You claimed the kingdom a cycle ago, you lost it and are now claiming it once again. Baba is teaching us. You understand that you were the masters of the world and that you then took 84 births. In order to make you into the masters of the world again, Baba is giving you that same knowledge. You understand inside that Baba is also the *Teacher*. Achcha, if you cannot remember the Father, then remember the *Teacher*. Can one ever forget one's *teacher*? You continue to study with the *Teacher*. Yes, Maya makes you make mistakes and you are not aware of them. Maya blows dust in your eyes so that you forget that it is God who is teaching you. The Father explains everything to you. This explanation is unlimited whereas that is limited. Baba gives you children this unlimited *knowledge* every cycle. Achcha, if you cannot study a great deal, then remember Baba in the form of the Father. He does not have a father; He is the Father of all and all of you are His children. Can anyone say whose Child Shiv Baba is? He is the unlimited Father. You children understand that you now belong to the unlimited Father. Our study is *wonderful*! It is only we Brahmins who study these teachings. Deities, warriors, merchants and shudras do not study this. The *knowledge* that the Father gives is unique. No one except you can understand it. The mercury of happiness of you children rises because you know that you are becoming satopradhan from tamopradhan. You now have to make a great deal of effort in order to claim a high status. It is not that everyone will go to heaven anyway. If you do not imbibe knowledge and yoga, you will not be able to claim a high status. Baba says: In order to become 16 celestial degrees full, you have to make a lot of effort to have remembrance. Check that you are not causing anyone sorrow. You are the children of the Bestower of Happiness, and so you have to give happiness to everyone. Never cause anyone sorrow through your thoughts, words or deeds. At this present time, all of you are now studying and becoming like flowers. Only this study will go with you. There is no need to study books etc. In other types of education, you have to study so many books etc. This *knowledge* of Baba's is unique and it is also very easy. However, it is incognito. No one except you can understand what you are studying. It is a *wonderful* study. The Father says: Never be *absent*; never leave this study. Baba receives everyone's *register*. Baba can understand from that, when someone stays *absent* for ten months and when someone else stays *absent* for six months. While moving along, some leave this study. This is so *wonderful*; there is nothing as *wonderful* as this! Such a Father comes and meets you children every cycle. You children understand that this corporeal father takes rebirth. He goes around the cycle of 84 births and the same applies to you. This is a play. A play can never be forgotten; a play is always remembered. Baba explains that this world in general is extreme hell and that the *cinema* in particular is like extreme hell. By going there, your attitude becomes completely spoilt. Even when they look at nice pictures in the newspapers, their intellects are then pulled by them. Thoughts arise, such as that a particular one is very beautiful, that she should get a *prize*. Why do you look at such pictures? Your intellects understand that the whole world is to end. Simply continue to remember Me. Do not think about or look at such things. All of those dirty bodies belong to the old world. What is there to see in them? Only see the Father. Baba says: Sweetest children, the destination is very high. Maya is no less. Just look how much pomp of Maya there is! On that side, there is *science* and on this side there is your *silence*. Those people just want liberation whereas, here, you have the *aim and objective* of attaining liberation-in-life. No one else can show you the path to liberation-in-life. Sannyasis etc. cannot give you this *knowledge*. They cannot tell anyone to continue to live at home with his family and become pure. Only the one Father says this. The path of devotion has been nothing but a *waste of time*. There have been so many mistakes! While making mistakes, they have become completely ignorant. This *last* birth is one of *one hundred per cent* mistakes. The intellect does not function at all. It is only because Baba explains to you that you now understand. Now that you have understood everything, you are able to explain to others. Your mercury of happiness rises. It is a *wonder* that that Father does not have a father or a teacher. So, from where did He learn? Human beings will be amazed at this. Many think that this one must definitely have learnt this from a guru. If he had learnt it from a guru, then that guru would have had many other disciples; there

wouldn't be just this one disciple. A guru has many disciples. Just look how many disciples the Aga Khan has! Just look how much *regard* they give to their guru! They weigh him against diamonds. What would you weigh that One against? He is the *Supreme*. How much would He weigh? What would you do? How much would He weigh if you were to weigh Him? Is there anything you could use to weigh Him with? Shiv Baba is a dot. Nowadays, many people are weighed against something. Some are weighed with gold, some with silver and some are even weighed with *platinum* which is even more expensive than gold. The Father now explains: Those worldly gurus do not grant you salvation. Only the one Father leads you to salvation. What would you weigh Him with? Human beings simply say: Oh God! Oh God! They do not know that He is the Father as well as the *Teacher*. He is sitting in an ordinary way. He sits a little higher in order to see the faces of you children. How could I bring about establishment without you helpful children? Baba definitely *loves* those who help Him a lot. In worldly life, if one child earns 2000 rupees and the other one earns 1000 rupees, which one would the father *love* more? However, nowadays, children aren't even concerned about their parents. The unlimited Father also sees that such-and-such a child is a very good helper. On seeing you children, Baba becomes very pleased. The soul becomes pleased. I come every cycle and I am very pleased to see My children, because I know that they become My helpers every cycle. This love from the Father remains for every cycle. Wherever you may be sitting, keep it in your intellects that Baba is your Father, *Teacher* and Satguru; He is everything, which is why everyone remembers Him. None of you will remember Him in the golden age because, by that time, your boats will have gone across for 21 births. You children should remain cheerful by remembering in this way. You should be happy that you are doing *service* for such a Father. Give everyone the Father's introduction. That is the unlimited Father. Only the Father establishes heaven. The Father also takes us all back with Him. When you give such explanations, they can no longer say that God is omnipresent. The Father has said: At the time of destruction, those whose intellects have no love will be destroyed. All of them will be destroyed and only you will remain to claim victory. You are establishing a kingdom. The Father of souls is explaining to souls. Therefore, tell everyone these *wonderful* things. Achcha.
