

31/10/24      **Morning Murli Om Shanti**      **BapDada**      **Madhuban**

**Essence:** Sweet children, give this *order* to the evil spirits: O evil spirits, you must not come to me. Make them afraid and they will run away.

**Question:** What is the beauty of the lives of you children who have Godly intoxication?

**Answer:** *Service* is the beauty of your lives. When you have the intoxication of having won this Godly *lottery*, you will be interested in doing *service*. However, the arrow will only strike the target when there are no evil spirits inside you.

**Question:** Who have a right to be called Shiv Baba's children?

**Answer:** Those who have the faith that God is their Father and that they are the children of the highest-on-high Father. Those who have such intoxication and are worthy are the ones who have a right to be called Shiv Baba's children. If their *characters* are not good and their activity is not *royal*, they cannot be called Shiv Baba's children.

Om shanti. Are you remembering Shiv Baba? Are you remembering the sovereignty of heaven? When you are sitting here, it should enter your intellects: We are the children of the unlimited Father and we are remembering the Father daily. We cannot claim our inheritance without remembering Him. The inheritance of what? Of purity! So you have to make the right effort for that. Nothing vicious can come in front of us. It is not just a question of lust, not just one evil spirit, but none of the evil spirits can come to us. You have to have such pure pride. We are the children of God, the very Highest on High, and so we children are also the highest on high. Our behaviour and interaction with others have to be *royal*. The Father can understand from someone's behaviour that he is completely *not worth a penny*. He doesn't have the right to be called a child of His. A physical father also feels like that when he sees that a child of his is not worthy. That One is also the Father. You children know that the Father is teaching us, but there are some who don't understand anything at all. They don't have the faith or intoxication that the unlimited Father is explaining to us. The intellects of you children should be so elevated. We are the children of such an elevated Father! The Father explains so much to you. Internally, just think: We are the children of such a Father, who is the Highest on High. Therefore, our *characters* have to be so elevated. The praise of the deities should also be our praise. There isn't any praise of the subjects. Only Lakshmi and Narayan have been shown. So, you children should do such good *service*. Both Lakshmi and Narayan did that *service*. Such an elevated intellect is needed. There is no change at all in some children. When they are defeated by Maya, they become even more spoilt. Otherwise, there should be so much intoxication within: We are the children of the unlimited Father. The Father says: Continue to give everyone My introduction. It is only by doing *service* that you will become beautiful. Only then will you be able to climb into the Father's heart. A child should be such that he is seated in the Father's heart. A father has so much *love* for his children. He sits them on his head. He has such attachment to his children, but that is the limited attachment of Maya. This is unlimited. Would there be a father who would not be happy to see his children? The mother and father would have a lot of happiness. When you are sitting here, you should understand that Baba is teaching you. Baba is our *obedient Teacher*. The unlimited Father must definitely have done some *service*, for that is why He is remembered. These are such *wonderful* matters. He is praised so much. Whilst sitting here, you have to have that intoxication in your intellects. Sannyasis belong to the path of isolation. Their religion is separate. The Father explains this too at this time. You didn't know about the path of renunciation. You used to live on the family path and perform devotion etc. You now receive this knowledge, but those people are not going to receive this knowledge. You are studying such an elevated study and you are sitting here on the floor in such an ordinary way. In the Dilwala Temple, you are also sitting down doing tapasya and Paradise has been portrayed up above. Seeing Paradise on the ceiling, people think that heaven must be up above. So, you children should understand

internally that this is a *school*; you are studying here. Whenever you go for a walk or tour anywhere, if you have these thoughts in your intellects, you will enjoy yourselves very much. No one in the world knows the unlimited Father. Have you ever seen such a fool who doesn't know the *biography* of his father after becoming his child? Because of not knowing Him, they say that God is omnipresent. They say of God: He is worthy of worship and a worshipper. You children should have so much happiness inside you: We were so elevated and worthy of worship. Then, we became the worshippers of ourselves. Shiv Baba makes you so elevated and then, according to the *drama*, you are the ones who begin to worship Him. The world doesn't know when devotion began. The Father continues to explain to you children every day: Whilst you are sitting here, you should have the happiness inside you of knowing who is teaching you. God Himself comes and teaches you. You would never even have heard this. Those people think that Shri Krishna is the God of the Gita and that Shri Krishna must therefore be teaching you. Achcha, even if you think it is Shri Krishna, even then, your stage should be so elevated. There is a book written about the directions of human beings and the directions of God. The deities don't need to take directions. People want God's directions. The deities had already received the directions in their previous birth through which they attained a high status. You children are now receiving *shrimat* in order to become elevated. There is so much difference between God's directions and the directions of human beings. What do the directions of human beings say and what do God's directions say? So, you definitely have to follow God's directions. When you go to meet anyone, you don't take anything with you. You don't even remember to take a gift you should give someone. This *contrast* between human directions and God's directions is very necessary. As human beings, you followed devilish dictates, whereas you are now receiving God's directions. There is so much difference in those. All of those scriptures etc. are written by human beings. Does the Father come here after reading some scriptures? The Father says: Am I a child of some father? Am I a disciple of a guru with whom I have studied? So, all of these things also have to be explained. Although He knows that you have monkey intellects, you are also those who are going to become worthy of being in a temple. There are many who follow the dictates of human beings, but you tell them what you are becoming by following God's directions and that He is teaching you. It is God who speaks. We go to study with Him. We go to Him every day for an hour or three-quarters of an hour. You don't need to spend too much *time* in *class*. You can be on the pilgrimage of remembrance whilst walking and moving around. Both this knowledge and yoga are very easy. Alpha is just the one letter. On the path of devotion, there are many scriptures. If you were to collect them all, the whole house would be filled with scriptures. There must have been so much expenditure on those. The Father now shows you a very easy thing: Simply remember the Father. You will then definitely have the Father's inheritance of the sovereignty of heaven. You were the masters of the world. Bharat was *heaven*. Have you forgotten that? That would also be said to be destined in the *drama*. The Father has now come. He comes to teach you every 5000 years. The inheritance from the unlimited Father would surely be the heaven of the new world. This is a very *simple* thing. Because it has been said that it is hundreds of thousands of years, it is as though their intellects have become locked, and that the locks won't open at all. They are locked to such an extent that people are unable to understand such an easy thing. The Father explains: Only the one matter is enough. You mustn't teach a great deal. Here, you can make anyone into a resident of heaven in just a *second*. However, this is a *school* and this is why your study continues all the time. The Father, the Ocean of Knowledge, is giving you so much of this knowledge that, even if you were to make the ocean into ink and all the forests into pens, there would be no end to this knowledge. How long has it been since you started imbibing this knowledge? It has been half the cycle since you began doing devotion. You receive this knowledge in only one birth. The Father is teaching you for the new world. In a worldly *school*, you study for so long. You study continually from the age of five to about 20 or 22 years old. If you earn very little and spend a lot, there would be a loss. The Father makes you so *solvent*. You then become *insolvent*. Look what the condition of Bharat is now! You should explain with intoxication. You mothers should become very alert. It is remembered of you: Salutations to the mothers. It is not said, "Salutations to Mother Earth." Salutations

are given to human beings. Only the children who are free from bondage are able to do this *service*. Just as they became free from bondage in the previous cycle, so they continue to become free now. Innocent ones are assaulted so much. You know that you have found the Father, and so you understand that you now have to do the Father's *service*. Those who say that they have bondages are like sheep. The *Government* cannot tell you not to do Godly *service*. You need courage to speak. Those who have this knowledge can easily become free from bondage. You can even explain to the *judges*: I want to do spiritual service. The spiritual Father is teaching us. *Christians* at least say: *Liberate* us! Become our *Guide*! Their understanding is still better than that of the people of Bharat. Amongst you children, those who are very sensible have a keen interest in doing *service*. They understand that they will win a huge *lottery* by doing Godly *service*. Some don't even understand the *lottery* etc. They will then go there and become maids and servants. They feel in their hearts: It is fine if I become a maid or a cremator, because at least I will be in heaven. Their activity is also seen to be like that. You understand that the unlimited Father is explaining to you. This Dada also explains. The Father teaches you children through this one. Some don't even understand this much. As soon as they depart from here, everything is finished. Whilst sitting here, it is as though they don't understand anything. Their intellects wander outside and they keep stumbling. Not a single evil spirit is removed. Who is teaching you and what do you become? Some will become maids and servants of the wealthy people too. Even now, wealthy ones have many maids and servants. You should completely fly on *service*. You children have become instruments to establish peace. You are establishing peace and happiness in the world. You know that you are establishing this in a *practical* way by following *shrimat*. There mustn't be any peacelessness in this at all. Baba has seen many such good homes here too. In one home, there would be six or seven daughters-in-law living together with so much love. There would be total peace there. They would say that they have heaven there. There are no conflicts of any type. All are obedient. At that time, Baba also used to have thoughts of renunciation. He used to have disinterest in the world. This now is unlimited disinterest. Nothing should be remembered. Baba would forget all the names. Children say: Baba, do you remember me? Baba says: I have to forget everyone. Do not forget and do not remember. There is unlimited disinterest. Everyone has to be forgotten. We are not residents of this place. The Father has come to give you the inheritance of His heaven. The unlimited Father says: Remember Me and you will become the masters of the world. It is very good to explain this *badge* to others. If someone asks for one, tell him: First of all, understand it and then take it. By understanding this *badge*, you can receive the sovereignty of the world. Shiv Baba is giving *directions* through this Brahma: Remember Me and this is what you will become. Those who study the Gita and who belong to the deity religion will understand this very well. Some even ask the question: Why do the deities fall? Oh! but this cycle continues to turn. They all continue to take rebirth, and so they would come down, would they not? The cycle has to turn. It definitely enters each one's heart: Why am I unable to do *service*? Definitely, there is something lacking in me. The evil spirits of Maya have caught hold of you by the nose. You children understand that you now have to go home and that you will then go to the new world and rule there. You are travelers. You come here from that faraway land to play your *parts*. It is now in your intellects that you have to go to the land of immortality. This land of death is to end. The Father explains a great deal; you have to imbibe this very well. You should continue to digest this. The Father has also explained: The illnesses of the suffering of karma will emerge. Maya will harass you, but you mustn't become confused. If even a small thing happens, people become very troubled. During an illness, people remember God even more. In Bengal, when a person falls ill, he is told to chant the name of Rama. When they see that someone is about to die, they take him to the Ganges and make him chant the name of "Hari". So, why do they then need to bring him back and cremate him? Just put him in the Ganges! He will become food for the alligators and fish. That body would at least be useful. Parsis keep the body over a well, and those bones are also useful. The Father says: You have to forget everything else and remember Me. Achcha.

To the sweetest, beloved, long-lost and now-found children, love, remembrance and *good morning* from the Mother, the Father, BapDada. The spiritual Father says namaste to the spiritual children.

**Essence for dharna:**

1. Become free from bondage and do true service of Bharat. Explain with intoxication: The spiritual Father is teaching us. We are now on spiritual service. Let there be the enthusiasm to do Godly service.
2. Do not be confused or troubled by any illness of the suffering of karma or by any storms of Maya. Continue to digest the knowledge that the Father has given you and remain cheerful while having remembrance of the Father.

**Blessing:** May you be an elevated soul and celebrate the memorial of both your incorporeal and corporeal forms according to the discipline.

Deepmala (Festival of the garland of lights) is a memorial of you many imperishable ignited lamps. You sparkling souls are seen as lamp flames, and so the memorial of the divine lights of you sparkling souls is shown in the form of physical lamp flames. Therefore, on the one hand, there is the memorial of you incorporeal souls, and on the other hand, there is the memorial of your future corporeal, divine forms as Lakshmi. This Deepmala enables each of you to attain a deity status. So, you elevated souls celebrate your own memorial.

**Slogan:** In order to *change* anything *negative* to *positive*, let your feelings be pure and unlimited.
