Morning Murli Om Shanti

BapDada

Madhuban

Essence: Sweet children, *race* in donating the imperishable jewels of knowledge that you receive from the Father, the Ocean of Knowledge.

Question: What is the main reason for your going ahead or staying behind in the rosary?

Answer: Your following shrimat. Those who follow shrimat very well claim a *number* ahead, whereas those who follow shrimat well today but who, tomorrow, *mix* the dictates of their own minds with shrimat because of the influence of body consciousness claim a *number* towards the end. Even though they may have come *last*, those who follow shrimat accurately can claim a *number* ahead.

Song: O traveller of the night, do not become weary! The destination of the dawn is not far off.

Om shanti. Both Bap and Dada say: Om shanti. The original religion of the self of both of them is peace. It should emerge from us children that Om, that is, the original religion of ourselves, the souls, is peace. We are now going to the land of peace. Baba will first of all take us to the land of peace. Who will go first? It is as though the more you stay in remembrance, the more you race ahead. You are now becoming soul conscious. This takes a lot of effort. Ravan made you body conscious for half the cycle. The unlimited Father, the Supreme Father, the Supreme Soul, is now making you soul conscious and showing you the way to your home. Only the One who is the Master of the home can show you the way home. No human being can show you the way home; it isn't the law. Only the one Father comes and shows you the way. His name is the Remover of Sorrow, the One who *liberates* you from sorrow. They have been singing His praise on the path of devotion. It isn't that souls in the golden age say that the Father liberated them from sorrow and sent them to the land of happiness. No, only at this time do I explain this knowledge to you. Only at this time does knowledge continue in this *part*. This *part* then comes to an end and the reward begins. Only the one Father plays the *part* of making impure ones pure and He plays that *part* every cycle. You know that you were pure for half a cycle. You then went into the kingdom of Ravan and continued to come down; the degrees continued to decrease. It is only in Bharat that there were deities who were 16 celestial degrees full, full of all virtues. They then had to take rebirth and definitely had to come down; the degrees have to decrease. However, they are not aware of this there. Your intellects have all of this knowledge at this time. How do the pure deities become impure? Come and we will tell you the story of 84 births. This is the true story of the cycle of 84 births. Those people relate false stories. They show the duration of the cycle to be very long. By listening to this story of the cycle of 84 births, you claim the status of kings and queens who rule the globe. Sannyasis etc. do not know these deep secrets. Their religion is separate. They first take birth to their parents and so they also go to temples etc. and worship there. Then, when they have disinterest, they leave their homes and families and go away. The Father says: 'Worthy-of-worship souls becoming worshippers' only applies to you. It is remembered that Brahmins emerged from the mouth of Brahma and so they must surely have been *adopted*. This Baba was also impure at first and he then became pure. You become Brahmins and then make effort to become pure deities. The kingdom of Lakshmi and Narayan is called heaven. There, there is the undivided religion where deities live in unity. There cannot be any conflict there; Maya doesn't exist there. The praise of this deity religion is sung: Full of all virtues.... When you go to a Lakshmi and Narayan Temple, tell them: This one is the true Narayan, is he not? Why is he called the truth? Because there is a lot of falsehood nowadays. Many people have the name Lakshmi-Narayan or Radhe-Krishna etc.; they have *double* names. In Madras, many people have very good names: Bhagat Vatsalam (Protector of the Devotees) etc. That would only be God. How could that be a human being? It is in the intellects of you children that the Supreme Father of souls, the Supreme Soul, is now sitting in front of you. If you continue to look at Baba you can understand how Baba, the Purifier, is the *most Beloved*. The soul says: Incorporal

Baba is speaking to us souls. The incorporeal Supreme Father, the Supreme Soul, comes and teaches us souls. This is not mentioned in any of the scriptures. Some people say that the Supreme Father, the Supreme Soul, enters the body of Krishna. However, that form of Krishna only exists in the golden age. Krishna cannot exist here with that name or form. The picture of Krishna that you see is not *accurate* either. A *photograph* cannot be taken of what children see in a divine vision. However, yes, it is very well known that the beautiful Shri Krishna was the first *prince* of the golden age. Then he became the world emperor. The kingdom begins with Lakshmi and Narayan. The era begins with their kingdom. The first era of the golden age is that of the conqueror of sin (Vikramajeet). When Shri Krishna takes birth, there are still some people remaining who have to return home. This is the confluence age to become pure from impure. The new era, the kingdom of Lakshmi and Narayan, starts when everyone has become completely pure and that is then called the land of Vishnu. Sustenance takes place through the dual form of Vishnu - Lakshmi and Narayan. You are now making effort to become that. You say that you make effort to claim your inheritance from the Father every 5000 years. You have to make effort very well. A *teacher* would understand to what extent a *student* can *pass*. You children also know to what extent you continue to have a constant and stable stage, to what extent you take the imperishable jewels of knowledge from the Father and then donate them to others. No one else can donate these imperishable jewels of knowledge. You receive these jewels of knowledge from the Father, the Ocean of Knowledge. These are not physical diamonds or pearls. You children have to become donors of the imperishable jewels of knowledge. Check yourself to see how much you are donating. Look how much Mama and Baba donate! The best sisters of you all also donate very well. A *race* is going on. As yet, no one has *passed* the *final* test. It would be said: At *present*, so-and-so is clever. If a rosary had to be created now, it would be very different from the earlier rosary. Those who were the fourth and fifth *number* beads have died. Those who were also placed in a *number* ahead have now gone to the back and new ones have gone ahead. Baba knows everything. That is why it is said: Only the jaggery (unrefined sugar made from the sap of palm trees) and the bag containing the jaggery know how sweet the jaggery is. Baba continues to tell you everything. Earlier, your stage was good whereas your position has now gone down because you do not follow shrimat accurately. You follow the dictates of your own minds. Anyone can ask: Baba, if I were to leave my body at this time, what would my state be? Some of these things are mentioned in the Gita; they are like a pinch of salt in a sackful of flour. Everyone continues to call out: Baba, liberate us from Ravan's kingdom! Remove our sorrow! This is the true Haridwar (Gateway to God) where your sorrow is removed. Only the Supreme Father, the Supreme Soul, the Remover of Sorrow, is called Hari (One who removes sorrow). Shri Krishna is not that. Only the Supreme Father, the Supreme Soul, is called the Remover of Sorrow and the Bestower of Happiness. You become the masters of the land of happiness. You become the masters of the world through the power of yoga. Theirs is physical power, physical strength, and this is why they continue to use their intellects to invent *bombs*. There is no question of an army here. No one in the world knows how you receive world sovereignty through the power of yoga. Only the Father comes and teaches you this yoga. The Father says: Constantly remember Me alone! I am the Ocean of Knowledge. They sing praise of Him: The Ocean of Knowledge, the Ocean of Happiness and Purity. They would never say: The Ocean of Yoga. No, it would be *wrong* to call Him the Ocean of Yoga. The Father is the Ocean of Knowledge, the Purifier. He must definitely be raining knowledge. The first thing the Father says is: Constantly remember Me alone. To remember anyone else is ignorance. Only the Father gives you the knowledge of the beginning, the middle and the end of the world. He also gives you teachings for yoga. All others would give you wrong instructions for yoga. That is called physical yoga to keep the body fit. This is spiritual yoga. This Raja Yoga is not mentioned anywhere else. No one, other than, the Father can teach you Raja Yoga. They don't even know it. You will study this Raja Yoga and then go and rule there. There are no images of Raja Yoga. You create these pictures just to explain to others. No one can understand them just by looking at them. It has to be explained to people that this Brahma studies Raja Yoga and becomes Narayan. There is his picture beside it. To imbibe all of these things is a matter for the intellect. What would the

Teacher do in this? The *Teacher* cannot do anything to your intellect. Some say: Open the lock on my intellect! What can Baba do? Just continue to remember Baba and study well and your intellect will open fully. Children are taught everything fully: Say Baba! Say Mama! Only when a child says this will he learn. How could he learn it without saying it? Therefore, the mouths of you children are made to open so that you can speak. You have to make effort. You have to give the Father's introduction. He is God, the Highest on High, the Creator of everyone. You all receive the inheritance of heaven from Him. Then, by your losing your inheritance in the kingdom of Ravan, it becomes hell. Deities were pure and then they became impure. Then, the Purifier Father came and said: Constantly remember Me and your sins will be absolved. There is no other way. The alloy of vices can only be removed with the fire of yoga. By having remembrance, you will become pure and become a garland around the neck. Continue to *practise* speaking again and again. You mustn't just say: Baba, I am unable to speak. The more you follow *shrimat* and remember Baba, the higher the status you will claim. If you don't follow *shrimat*, your intellects will become locked and the arrow will not strike the target. The mercury of happiness will not rise. If you follow the dictates of your own minds, Baba would say that you are following Ravan's dictates. Many children are body conscious and don't study the *murli*. What knowledge would those who don't even study the *murli* give? Such a variety of new *points* continue to emerge. You have to make effort to become soul conscious. You also have to renounce your old bodies. This costume is also dead. Continue to talk to yourself in this way. No one's *service* can remain hidden. No weakness can remain hidden either. Maya is very devilish. She continues to make you perform many types of wrong action. If you make a mistake, instantly ask the Father for forgiveness. Remain very clean inside and out. Many have a lot of body consciousness. Baba has explained: Don't take any personal *service* from anyone. Prepare food for yourself. Do both spiritual and physical *service*. If you give someone *drishti* while in remembrance of Baba you receive a lot of help. Baba Himself sometimes enters and gives a lot of help to some doing *service*. Those people think that they did something and they quickly become arrogant. They don't understand that Baba made them do it. Baba can enter someone and make *service* happen; there is then a *double force* there. If someone received a *lift* and begins to do good *service*, you should be happy. What is there to be jealous about in this? You must never engage yourself in thinking about others. Some people spread rumours. Even if someone says something, why should you cause more damage by relating that to others? There are many who make up lies: So-and-so is like this and like that. Never listen to such false things. If someone tells you wrong things, then hear, but don't hear. Never spoil anyone's heart. Achcha.

To the sweetest, beloved, long-lost and now-found children, love, remembrance and *good morning* from the Mother, the Father, BapDada. The spiritual Father says namaste to the spiritual children.

Essence for dharna:

1. Remain clean and honest with the Father inside and out. If you make a mistake, instantly ask for forgiveness. Do both types of service: physical and spiritual.
2. Don't engage yourself in thinking about others because of jealousy. If anyone tells you wrong things about others, then hear but don't hear. Don't speak about such things and spoil the hearts of others.

Blessing: May you be *master* merciful and donate happiness to unhappy and peaceless souls by being generous hearted.

At present, people can have everything, but they cannot have real happiness. So, at such a time, give unhappy and peaceless souls the experience of happiness and they will bless you from their hearts. You are the children of the Bestower and so let the virtue of being merciful *emerge* and share the treasure of happiness generously. Never think that someone is

never going to listen. Even if someone *opposes* you, you must not let go of your feelings of mercy. Feelings of mercy and good wishes definitely bring you fruit.

Slogan:

The sustenance of knowledge and yoga is spiritual sustenance. Become powerful and make others powerful with this sustenance.
