

06/01/23

Morning Murli Om Shanti

BapDada

Madhuban

Essence: Sweet children, anger causes a lot of sorrow. It causes pain to yourself and to others too. Therefore, conquer this evil spirit by following shrimat.

Question: Which children have a flaw in them every cycle and what will be their destination?

Answer: Those who consider themselves to be very clever and do not follow shrimat completely. One vice or another remains in them in either an incognito way or in a visible form. They do not remove it. Maya continues to surround such souls. There is a flaw in such children every cycle. They will have to repent a great deal at the end. They make a great loss.

Song: Human beings of today are in darkness.

Om shanti. You children understand that the unlimited Father, who is called *Heavenly God*, the *Father*, is the Father of all. He sits here and explains to you children face to face. The Father sees all you children through these eyes. He doesn't need divine vision in order to see you children. The Father understands: I have come from the supreme abode to the children. The children have also become bodily beings and are playing their *parts*; I teach these children face to face. You children understand that the unlimited Father, who establishes heaven, is once again liberating us from stumbling around on the path of devotion and is igniting our lights. You children at all the *centres* understand that you belong to God's clan and that this is also the Brahmin clan. The Supreme Father, the Supreme Soul, is called the Creator of the world. The Father sits here and explains how the world is created. You children understand that the human world can never be created without the Mother and Father. It cannot be said that the world is created through the Father; no. It is said: You are the Mother and Father. This Mother and Father creates the new world and makes the children worthy of it. This is His great speciality. It is not that deities come here from up above to establish their religion in the way that *Christ* established the *Christian* religion. *Christians* also call *Christ* their *father*. If there is a *father*, surely a *mother* is also needed. They say that *Mary* is the *mother*, but who was *Mary*? The new soul of *Christ* came and entered another's body, and so *Christians* were created through the mouth of the one he entered. It has also been explained that that soul had not performed any such action that he would have had to experience sorrow; it is a pure soul that comes. The Supreme Father, the Supreme Soul, cannot experience sorrow; it is this corporeal one who experiences sorrow and is insulted. Therefore, when *Christ* was crucified on a *cross*, it was the one whose body the *Christ* soul entered who had to endure that suffering. The *pure Christ soul* would not have had to endure pain. *Christ* was the *father*, and so where could the *mother* have come from? They made *Mary* the *mother*. They have shown that the virgin *Mary* gave birth to *Christ*. All of that was taken from the scriptures. They have portrayed Kunti, a virgin, and Karna being born through her. Now, this was a matter of divine vision, but they *copied* it. Similarly, this Brahma is the *mother* through whose mouth you children have been born. Then Mama was made responsible for looking after you all. The same happens with *Christ*. *Christ* enters someone and establishes that religion. His followers would be called the mouth-born creation of *Christ*, brothers and sisters. *Christ* is the father of the *Christians* and the one whose body he enters and creates children with is the mother. Then, *Mary* was made responsible for looking after them, and so they have considered *Mary* to be the *mother*. Here, the Father says: I enter this one and create you children through his mouth; so this Mama is also a child born through the mouth. These are matters to be understood in *detail*. Secondly, the Father says that a group of people are coming to Abu today to preach *vegetarianism*. Therefore, explain to them that the unlimited Father is establishing the deity religion of those who were pure *vegetarians*. People of no other religion are such firm *vegetarians*. They are to speak about the benefits of becoming a Vaishnav. However, not everyone is able to become that, because they are used to their own diet and find it difficult to leave it. So, you have to explain that all are Vaishnavs in the *heaven* that the unlimited Father creates; they are part of the dynasty of Vishnu. Deities are completely

viceless, whereas *vegetarians* of today are *vicious*. Three thousand years before *Christ*, Bharat became *heaven*. Explain in this way. No human beings except you children understand what heaven was, when it was established or who used to rule there. They go to the Lakshmi and Narayan Temple and Baba also used to go there, but none of them knows that the kingdom of Lakshmi and Narayan existed in heaven. They simply sing their praise, but who gave them the kingdom? They don't know anything at all. Even now, they continue to build many temples because they think that Lakshmi gave them wealth. This is why business people worship Lakshmi at the time of Deepmala. You have to explain to those who built those temples. Similarly, you should also explain to the *foreigners* the praise of Bharat: Three thousand years before *Christ* Bharat was *vegetarian*. There can be nowhere else like that. At that time, there was a great deal of power; it was the kingdom of *gods* and *goddesses*. Now, once again, that same kingdom is being established. It is now that same period of time. Destruction through Shankar has also been remembered. It will then be the kingdom of Vishnu again. If you want to claim your inheritance of heaven from the Father, you can come and do so. Both Ramesh and Usha are very interested in *servicing*. They are a *wonderful* couple; they are very *serviceable*. Just see how new ones come and go ahead of the old ones. Baba shows you many methods but, if you have the arrogance of any of the vices, Maya does not allow you to rise. A few have a little trace of lust, whereas many have anger. No one has as yet become totally complete. You are becoming that. Maya continues to bite you internally. It was when Ravan's kingdom began that these mice began to bite. Bharat has now become completely poverty-stricken. Maya has made everyone's intellect like stone. Maya surrounds even good children in such a way that they don't realise that every step they take is taking them backwards. However, they are given the life-giving herb and made conscious again. Anger too causes a great deal of sorrow. As well as making oneself unhappy, it also makes others unhappy. Some have this in an incognito way, whereas it is more visible in others. No matter how much you explain to them, they don't understand. They now consider themselves to be very clever. Later, they will have to repent, and that flaw will be in them every cycle. There is a lot of benefit in following shrimat. Otherwise, there will be a great deal of loss. The directions of both shrimat and of Brahma are very famous. They say about someone that even if Brahma were to come down from up above, that one would not listen to him. Krishna's name is not mentioned in this way. The Supreme Father, the Supreme Soul Himself is now giving directions and Brahma, too, is receiving directions from Him. The Father has a lot of love for you children and He makes you children sit on his shoulders and then on his head. The Father has the *aim* that His children should climb high and glorify the name of the clan. However, if you children don't listen to the Father or to Dada, it means that you don't even listen to the senior Mother. Just think what the condition of some will be; don't even ask! However, *serviceable* children claim BapDada's heart-throne. Baba Himself praises them, and so they must explain to others that this same Bharat used to be the kingdom of the Vishnu clan, and that it is being established once again. Baba is now once again making this same Bharat into the land of Vishnu, and so you should have a lot of intoxication. Those people beat their heads to glorify their names for nothing. Their expenses are paid by the *Government*. Sannyasis also receive a lot of money. Even now, when they say that they teach the ancient yoga of Bharat, people very quickly give them money. Baba doesn't need anyone's money. He Himself is the One who gives aid to the whole world. He is the One who is the innocent Master of the treasure-store and He takes help from the children. When the children have courage, the Father gives help. People from outside who come here are very used to giving something to an ashram. However, you should ask them: Why do you give here? You have not heard any knowledge. You don't know anything. We are planting a seed to receive the fruit of heaven. However, they will only know this when they listen to this knowledge. Millions will come in this way. It is good that Baba has come in an incognito form. If He were to come in the form of Krishna, they would all pile up like sand and would very quickly cling to Him. No one would be able to sit at home. You are the children of God. Don't forget this! It remains in the Father's heart that you children should take the full inheritance. Many will come to heaven, but only a few out of multimillions, and only a handful of the few, have the courage to claim a high status in heaven. Achcha.

To the sweetest, beloved, long-lost and now-found children, love, remembrance and *good morning* from the Mother, the Father, BapDada. The spiritual Father says namaste to the spiritual children.

Night Class: 15/06/1968

If whatever has happened in the *past* is *revised*, the weakness in the hearts of those who have weak hearts also gets *revised*. This is why you children are made to stabilise yourselves on the rails of the *drama*. The main benefit is received by having remembrance. It is only by having remembrance that your lifespan will increase. If some children were to understand the *drama*, they would never have any thoughts about anything. This part of the *drama* is for studying and teaching knowledge. This *part* will then finish. Neither the Father's *part* nor our *parts* will remain. Neither His *part* of giving nor our *parts* of receiving will remain. So, everything will become one. Our *parts* will then be in the new world. Baba's *part* will be in the land of silence. The *reel* of the *parts* is recorded: our *parts* of our reward and Baba's *part* of the land of silence. The *parts* of giving and receiving are complete; the drama has ended. These *parts* will then *change* to those of our coming to rule. Knowledge will *stop*. We will have become that. When that *part* has finished, no difference will remain. The *parts* of the children and the Father will not remain. This one will also have taken the full knowledge. Nothing remains with Him either. Nothing remains with the One who is giving and nothing is missing in those who are receiving, and so both become the same as one another. For this, you need intellects that will churn. The main effort is of the pilgrimage of remembrance. The Father sits here and explains. When it is spoken about, it becomes a gross thing, but it is otherwise something subtle in the intellect. You yourself understand what Shiv Baba's form is. When it is explained, it takes a gross form. They have created a huge lingam image on the path of devotion. A soul is just a tiny point. This is the wonder of nature. Till when would you go into the depths of this? So, finally, they say it is infinite. Baba has explained that a whole *part* is recorded in each soul. This is the wonder of nature. No one can reach its end. You can reach the end of the world cycle. Only you know the Creator and the beginning, middle and end of creation. Baba is *knowledge-full*. Even so, we will also become *full*. Nothing more will be left to attain. The Father enters this one and teaches us. He is just a dot. There cannot be happiness in having a vision of a soul or the Supreme Soul. You have to make effort to remember the Father and your sins will then be absolved. The Father says: Knowledge will stop in Me and it will also stop in you. You take the *knowledge* and will become elevated. You will take everything but, nevertheless, the Father is the Father. You souls will remain souls; you will not become the Father. This is knowledge. The Father is the Father and the children will be remain the children. These are matters into which you have to go *deep* and churn. You also know that everyone has to go back. Everyone is going to return. Only souls will remain. The whole world will finish. You have to remain fearless in this. You have to make effort to remain fearless. No awareness of your bodies should remain. You have to return home in that stage. The Father makes you the same as Himself. You children also continue to make others the same as yourselves. You have to make effort to have remembrance of the Father alone. You still have *time* for this. You have to hold intense *rehearsals*. If you don't *practise* this, you will come to a standstill. Your legs will tremble and you will suddenly have *heart failure*. It does not take long for a tamopradhan body to have *heart failure*. The more you become bodiless and have remembrance of the Father, the closer you will continue to come. Only those who have yoga will remain fearless. You receive power through yoga and wealth through knowledge. Children need power. In order to receive power, continue to remember the Father. Baba is the eternal *Surgeon*. He can never become a *patient*. The Father now says: Continue to take your imperishable medicine. We are giving you the life-giving herb so that no one ever falls ill. Simply continue to remember the Purifier Father and you will become pure. Deities are constantly free from disease and pure. You children have the faith that you claim this inheritance every cycle. The Father has come now as He has come countless times. Everything that Baba teaches you and explains to you is Raja Yoga. The Gita, etc. all belong to the path of devotion. Only the Father shows you the path of

knowledge. The Father comes and raises you up from the bottom. Those whose intellects have firm faith become beads of the rosary. You children understand that you have been coming down while performing devotion. The Father has now come and inspires you to earn a true income. Physical fathers do not inspire you to earn as much as the Father from beyond does. Achcha. *Good night* and namaste to the children.

Essence for dharna:

1. In order to become *serviceable*, remove any trace of vice. Have a lot of enthusiasm for doing *service*.
2. We are the children of God. On the basis of shrimat, we are changing Bharat into the land of Vishnu, where everyone will be firm Vaishnavs (pure vegetarians). Maintain this intoxication.

Blessing: May you be a spinner of the discus of self-realisation and remain constantly free from any spinning of sorrow (being caught in sorrow) and free others too.
When some children are influenced by their physical senses and say, “Today, my eyes, my mouth or my vision deceived me”, then to be deceived in this way means to experience sorrow. People of the world say: I didn’t want it to happen, but I got caught in that spin. The children who are spinners of the discus of self-realisation can never be caught in a spin (web) of deception. They are the ones who remain free from any spinning of sorrow and they free others too. They are the masters who make all their physical senses work under them.

Slogan: Remain seated on your immortal throne and maintain your elevated honour and you will never be upset.

***** Om Shanti *****
