Morning Murli Om Shanti

BapDada

Madhuban

Essence: Sweet children, the Father is giving you the musk of knowledge. Therefore, you should surrender yourself to such a Father. *Follow* the mother and Father and serve to make everyone pure.

Question: What are the signs of fortunate children?

Answer: Fortunate children study and teach others very well. Their intellects have firm faith; they never let go of the Father's hand. While doing their business etc., they also follow this *course*. They stay very happy. Whereas, even if those who don't have it in their fortune were to win a *lottery*, they would lose everything.

Song: No one is unique like the Innocent Lord.

Om shanti. Those who don't know anything are said to be innocent. You children now know that you human beings were truly so innocent! Maya makes you so innocent. You don't even know who the Father is. You call out to the Father, but you don't know Him. You don't even know what *property* you receive from the Father. So, that would be called innocence, would it not? Whether you call someone innocent or a buddhu (senseless), it is the same thing. At this time, everyone has become senseless and they are even proud of their lack of sense. Children, you know the Father and you are listening to Him. However, you souls have to make effort to become soul conscious. Baba Himself sits here and teaches you souls to become soul conscious. Have the faith that you are the children of the Father from beyond. You know your worldly father, and yet you are so innocent that you don't know your Father from beyond this world. It is now in the intellects of you children that the Supreme Father, the Supreme Soul, explains these things. You are not little children; your *organs* are large. The Father explains: If you consider yourself to be a body, you won't be able to remember the Father. Consider yourself to be soul conscious. The Father doesn't say "Child, child" to a body but to a soul, and all of you children, souls, call Shiva "the Supreme Soul, Baba." You don't call any other soul or Brahma this. This one (Brahma) is also His child. You know that your unlimited Father has now entered this one. Therefore, you have to remember the Father. You also have to remember the cycle of 84 births. This is an unlimited play of 5000 years and you are *actors*. You now know the beginning, the middle and the end of the *drama*. Therefore, the whole cycle should turn around in your intellects. Your name is very well known. You are spinners of the discus of self-realisation and then you become rulers of the globe in the future. The story of 84 births can be proven by the picture of the cycle. You now belong to the Father. Keep this in your awareness. The more you become sticks for the blind, the more the Father will consider you to be merciful. People say: Have mercy! Have compassion! You know what compassion the Father has. You have found the Father and so you should have so much happiness. You now have to stand on your own two feet. It is also said that each *centre* is self-sufficient. Therefore, you also have to stand on your own two feet. You have to make the highest effort of all. *Follow* the *Father* and *mother*. In the world, children *follow* their father and become impure. When it is said, "Follow His shrimat", it relates to the Father from beyond. Look what business Baba and Mama are doing: they are making impure ones pure. After the founders of other religions come, the souls of their religions also come down from up above. It is not a question of *converting* souls there. It is here that they are *converted*. Shudras have to be converted to Brahmins. You have to make effort for this. You give away so much *literature*. People just look at it and then tear it up. You children are rup and basant. As is the Father, so are you children: you have to shower knowledge. These pictures are very good. The picture of the Trimurti is essential. Both the Father and the inheritance are included in that. How would you receive the Grandfather's inheritance without the father? Everyone loves the picture of Krishna, but they don't like the writing about 84 births. They like the picture, the image, whereas you like the One without an image because the Father has told you: May you be soul conscious! You consider yourselves to be without an

image and you also remember the Supreme Soul who is without an image. He is the Creator and He therefore definitely creates the new world. There used to be the kingdom of Lakshmi and Narayan there. The picture of Lakshmi and Narayan has been created and written on it is also: Full of all virtues, 16 celestial degrees full. Lakshmi and Narayan are the empress and emperor. They have the intoxication that they are becoming that by remembering the Father. So, constantly continue to say, "Baba, Baba" and also remember your future status and you will go to the golden age. There is the example of how someone kept repeating to himself, "I am a buffalo, I am a buffalo", and so he began to think that he was a buffalo, but no one becomes something just by saying it. However, you souls know that you are changing from ordinary humans into Narayan. It is a *wonder* that you are now *beggars*. It isn't just one person who rules the kingdom; his *dynasty* continues. There would also be his children. In 1250 years, it wouldn't be just one Lakshmi and Narayan who rule there. They say that the duration of the golden age is very long, but there still have to be subjects there. Your intellects should have the enlightenment of knowledge. You can place the picture in front of anyone and explain to him that Bharat was heaven. It is now the old world of hell. Therefore, understand firmly that you were the residents of heaven and that you are now the residents of hell and that you are once again becoming the residents of heaven. In the golden age it is the kingdom of Lakshmi and Narayan and in the silver age it is the kingdom of Rama and Sita. All were residents of heaven. The cycle of 84 births is proven with the picture of this cycle. The picture of the tree shows how you were worthy of worship and how you then came down and became worshippers. You say that all are atheists at this time because they don't know the Father. You now know that everyone is in a graveyard. You children are incognito. In English, they say 'underground'. There, no one is *underground*. You are *underground*; no one knows you. Here, you personally sit in front of the Father and so you enjoy yourself. The unlimited Father comes from the supreme abode, enters this one and teaches you. He explains to you the secrets of the cycle, but He doesn't stay in this one throughout the whole day. The Father says: I do *service*. In order to glorify the name of the children, I enter. The Father says: Children, may you become spinners of the discus of self-realisation! May you be the ones who blow the conch shell! You have to blow the conch shell of knowledge. Whether you call it a conch shell or a flute (murli), it is the same thing. They have shown Krishna with a flute. Krishna plays a diamond-studded flute for pleasure. There is no murli of knowledge there. You children now have to keep it in your intellects that you will play your *parts* in the golden age as you played them in the previous cycle. At least claim your inheritance from Baba! However, some children forget when they go back home. The Father says: Become firm and strong here. You may do your business, but also continue to remember the Father. Take the *course* of one *second*. Many people study even after they marry. You can also do your business and study at the same time. It is very easy for kumars and kumaris. Let it remain in your intellects: Mine is one Shiv Baba and none other. This is not said of Brahma. Baba asks: Since when have you had faith? If you have faith, you must not leave such a Father for as long as Father tells you to study and go and teach others. You children should have a lot of happiness. When poor people win a *lottery*, they sometimes go crazy. However, here, children go to their businesses and forget Baba. Baba then understands that you were given such a big *lottery* but you went crazy. It was not in your fortune and that is why it is said: If you want to see the most fortunate ones, see them here! Baba says that you have found Baba after a cycle. Continue to say, "Baba, Baba!" Wake up early in the morning and remember Him. You surrender yourself to someone you love. We too surrender ourselves to Baba. This is the musk of knowledge. We are those who take the boat of Bharat across. We are the true Brahmin children of the true Father who tells the story of the true Narayan, the story of the Lord of Immortality and the story of the third eye. So, there shouldn't be any defect inside. If there is a defect, you won't be able to claim a high status. Achcha.

To the sweetest, beloved, long-lost and now-found children, love, remembrance and *good morning* from the Mother, the Father, BapDada. The spiritual Father says namaste to the spiritual children.

The Father has explained: Have such a *practice* that, while seeing everything here and playing your *parts*, your intellects remains connected to the Father. You know that this old world is going to finish. We have to leave this world and go to our home. This thought cannot enter anyone else's intellect. No one else understands this. They believe that this world is going to continue a lot longer. You children know that you are now going to your new world and that you are studying Raja Yoga. In just a short while we will go to the golden-aged new world, that is, to the land of immortality. You are now changing; you are changing from devilish beings into divine human beings. The Father is changing you into deities from human beings. Deities have divine virtues. They too are human beings, but they have divine virtues, whereas the human beings here have devilish traits. You know that this devilish kingdom of Ravan is not going to remain. We are now imbibing divine virtues. We are also having our sins of many births burnt away with the power of yoga. Whether we have actually that done or not – each one of you knows your own state. Each of you has to take yourself from degradation to salvation, that is, you have to make effort to go to the golden age. You have the sovereignty of the world in the golden age. There is just one kingdom there. Lakshmi and Narayan were the emperors of the world. The world does not know about these things. Their kingdom begins from 1.1.1. You know that you are becoming that. The Father makes you children even higher than Himself and this is why Baba says “Namaste”. There are the Sun of Knowledge, the moon of knowledge and the *lucky* stars of knowledge. You are *lucky*. You understand that Baba says “Namaste” accurately and meaningfully. The Father comes and gives you lots of happiness. This knowledge is so *wonderful*. Your kingdom too is *wonderful*. Your souls are also *wonderful*. You have all the *knowledge* of the Creator and the beginning, middle and end of the creation in your intellects. You children have to make so much effort to make others the same as yourselves. Each one's fortune is the same as in the previous cycle but, nevertheless the Father inspires you to make effort. He cannot tell you which ones are going to be the eight jewels. It is not in His *part* to tell you. As you progress further, each of you will come to know your *part*. Whatever effort each one of you makes, so you will make your fortune. The Father is the One who shows you the way and it depends on how much each one follows that. You see that one (Vishnu) in the subtle region; Prajapita Brahma is sitting with Him. It is a matter of a *second* to become Vishnu from Brahma and it takes 5000 years to become Brahma from Vishnu. Your intellects feel that that is right. Although people create the Trimurti of Brahma, Vishnu and Shankar, no one understands this. You now understand it. You are such multimillion times fortunate children. They portray multimillions at the feet of the deities. The names of multimillionaires are remembered. It is the poor and ordinary ones who become multimillionaires. None of the millionaires come here. Those who have five to seven hundred thousand are said to be ordinary. At present, 20, 40 thousand is nothing. If some are millionaires, that would only be for one birth. Perhaps they may take a little knowledge; they would not surrender everything after understanding this knowledge. Those who came at the beginning were the ones who surrendered everything. Everyone's wealth was immediately put to use. The wealth of the poor is definitely used. The wealthy ones are told to do *service*. If you want to do Godly *service*, then open a *centre*. Make effort too. Imbibe divine virtues. The Father is also called the Lord of the Poor. At this time, Bharat is the poorest of all. Bharat has the largest population because it has existed from the beginning. Those who were in the *golden age* are now in the *iron age*. They have become completely poor; they have spent their wealth and they have finished everything. The Father explains: You are now once again becoming deities. Incorporeal God is only One. The greatness is only of the One. You make so much effort to explain to others. You make so many pictures. As you progress further, people will understand very well. The *drama* continues to *tick* away. You know the tick, tick of this *drama*. The *act* of the whole world repeats *accurately* and identically every cycle; it continues *second* by *second*. The Father explains all these things and then says, “Manmanabhav”! Remember the Father! What is the benefit of someone walking across water or fire? His lifespan cannot increase by doing that. Achcha.

Love, remembrance and *good night* to the sweetest, beloved, long-lost and now-found, spiritual children.

Essence for dharna:

1. Become true Brahmins. Don't have any defect inside you. Become a spinner of the discus of self-realisation and blow the conch shell. While doing your business, also do this *course*.
2. Become as merciful as the Father and become a stick for the blind. Make the elevated effort of *following* the mother and Father. Stand on your own two feet and don't make anyone your support.

Blessing: May you become a *combined* form and, by considering the Lord to be ever-present, experience His company.

Whenever children remember the Father with love, they experience His company and Him to be close. When you say “Baba” from your heart, the Comforter of Hearts becomes present and this is why it is said: The Lord is present, the Lord is ever present. With the method of love, the Lord becomes present at every place in front of each one. Only those who have experienced this can know this experience. It is remembered: Karankaravanhar is karanhar (one who does) and Karavanhar (One who inspires others) *combined*. Those who are in a *combined* form constantly experience His company.

Slogan: To keep your mind constantly in spiritual pleasure is the art of living.

***** Om Shanti *****
