

**May you have an intellect filled with faith! May you be immortal!**

(Accepting the love-filled invitation from all the senior brothers and sisters who had come for the celebration of their Silver Jubilee, Avyakt BapDada came into the gathering of the children for half-an-hour, and, after giving sweet drishti to everyone, spoke a few elevated versions. At the end, Baba waved good-bye and took leave from everyone.)

Today, BapDada has come to celebrate a meeting with all the extremely loving souls, those who have been co-operative in the establishment of the yagya from the beginning, those who have been victorious on the basis of their intellects having faith and who have passed the *papers* of the many different types of problems and those souls who have been loving, co-operative, unshakeable and immovable from the beginning. Baba has come to those children who are moving along having *passed* in the *subject* of faith. This faith will constantly continue to give you the experience of victory in this life and in your future lives. The blessing of faith and immortality is constantly with you. Today, Baba has especially come because of the remembrance and bond of love of the experienced, mature souls (elderly Brahmins) over a long period of time. Congratulations for your faith!

On the one side, there are the *foundation* souls of the yagya, that is, those of the fort of the Pandavas, in front of Baba, and on the other side, are all of you experienced souls of the very beginning, the first bricks of the wall of the fort of the Pandavas. The *foundation* is in front of Baba, and the first bricks, on the basis of which the fort has become strong and a canopy of protection for the world, are also in front of Baba. So just as Baba, out of love for the children has demonstrated the part of "Ji Hazoor, hajir", (Yes, My lord, I am present) and become present in front of the children, in the same way, constantly continue to say, "Ji hazir" (Present, my Lord) to the shrimat and *directions* of BapDada and the instrument souls. Do not ever mix wasteful manmat or parmat with this. Knowing the Lord to be present, on the basis of following shrimat, continue to fly. Samja! (Understand)? Achcha.

**BapDada speaking to Madhuban residents while giving them congratulations for their service:**

Achcha, Many, many congratulations, especially to the Madhuban residents. Throughout the whole *season*, you have been instruments to serve everyone with your sweetness and tireless service. So, many, many congratulations to the Madhuban residents in particular, as they are the first ones who are the instrument servers for the whole *season*. Madhuban is honey, that is, sweetness. Sweetness makes everyone love the Father and this is why whether they are sitting in the *hall* or have gone away, BapDada is giving each *department* special congratulations for their service with the blessing, "May you be tireless and sweet", and continue to move forward and fly.

**Personal meetings with Avyakt BapDada**

**1) Carelessness brings weakness and therefore always remain alert.**

All of you are the elevated souls of the confluence age, are you not? What is the speciality of the confluence age, which no other age has? The speciality of the confluence age is that you receive instant fruit and you also experience multimillionfold return of one in this birth itself. You receive instant fruit, do you not? If you have courage for even a *second*, for how much longer do you continue to receive help? When you serve even one person, you receive so much happiness. So multimillionfold attainment from one means you receive the

instant *fruit* at the confluence age itself. So, you enjoy eating fresh fruit, do you not? So, all of you are those who eat instant fruit, that is, fresh fruit, and this is why you are powerful. You are not weak, are you? All of you are *powerful*. Do not allow any weakness to come. When you are healthy, weakness automatically finishes. You constantly continue to receive power from the Almighty Authority Father, so how can you be weak? Can weakness come? Does it come by mistake? When you go to sleep as Kumbhkarna while being careless, it can come, otherwise it cannot come. All of you are *alert*, are you not? Are you careless? Are all of you *alert*? Are you always *alert*? At the confluence age, when you found the Father, you found everything. So you would remain *alert*, would you not? Those who continually receive so many attainments remain so *alert*! When *businessmen* profit in their *business*, would they be careless or be *alert*? So, how much do you receive in a *second*? So, how can you be careless? The Father has given you all attainments. Since all powers are with you, carelessness cannot come. Always remain clever, always remain cautious!

BapDada always says “UK is OK”. So those who are OK are OK because they are *alert*. The *foundation* is *powerful* and this is why all the twigs and branches that have emerged are also powerful. Baba and Father Brahma have especially laid the first *foundation* with their heart in London. It is especially loved by Father Brahma. So, your souls always have a right to the instant fruit. Even before you perform any action, its fruit is ready for you. It feels like that, doesn't it? Or does it feel like hard work? While singing and dancing, you continue to eat the fruit. In any case, you *double* foreigners like fruit, do you not? BapDada too is pleased to see the children who are in the UK and so OK. Always remember this *title* of yours. It is the best *title*. All of you are those who remain constantly OK and also make others OK with your faces, your words and attitudes. This is the service you have to do, is it not? It is good and you have a good interest in serving. Whoever has come from wherever, all of you are intense effort-makers and those in the flying stage. Who remains the happiest? Say with intoxication, “I do”. Apart from happiness, what else is there? Happiness is the nourishment for Brahmin life. How can you move along without your nourishment? You are moving along, but it is because you are receiving nourishment that you are moving along. The places are also increasing. Look, earlier, it used to be a big deal to get three feet of land, and what does it feel like now? It feels easy, does it not? So, London has performed wonders. (We have now received 50 acres of land – purchase of the Global Retreat Centre). Those who give courage to others are good and those who remain courageous are also good. Look, how could it have happened if it weren't for each one's finger? So, every one of you from the UK is *lucky* and is courageous in giving your finger.

## **2) Hand over all your responsibilities to the Father and become carefree emperors.**

Do you constantly experience yourselves to be carefree emperors? Or are there a few worries? Since the Father has taken your responsibility, why would you worry about responsibility? The only *responsibility* you have now is to move along with the Father. That, too, is to move along with the Father, not alone. So what worry do you have? Do you worry about what is going to happen tomorrow? Do you worry about your *job*? Do you have any worries about what is going to happen in the world? It is because you know that whatever is going to happen, it will be good for you. You have this faith, do you not? Is it firm faith, or does it sometimes shake? Where there is firm faith, victory is guaranteed with that faith. You also have the faith that victory is guaranteed, do you not? Or, do you sometimes think about whether you will have victory or not? You are victorious every cycle and will always be. You are once again seeing your memorial of the previous cycle are you not? You have this much faith, do you not, that you are victorious every cycle? Do you have this much faith? It was you in the previous cycle too, was it not? Or was it someone else? So, always remember that you are the victorious jewels whose intellects have faith. You are such jewels that even BapDada remembers you. You have this happiness, do you not? You stay in a lot of pleasure, do you not? Congratulations for this alokik, divine elevated birth and of arriving at your home, Madhuban.

### 3) The Father and I – remain *combined* in such a way that no one can ever separate you.

Do all of you experience yourselves to be constantly *combined* with the Father? No one can ever separate those who remain *combined*. You have been *combined* many times, you are now and will always be in the future too. Is this firm? So, constantly remain very strongly *combined*. So, always be aware: We were *combined*, we are *combined* and we will constantly be *combined*. No one has the power to separate those who have remained *combined* countless times. What is the sign of love? (To remain combined.) Physically, even out of compulsion, you sometimes have to stay apart. There may be love, but in certain circumstances you have to stay apart. However here, it is not a question of the body (physical). You can go somewhere far away in a *second*. There is the company of souls with God. God fulfils the responsibility of His company anywhere and He fulfils the responsibility of love with each one in the *combined* form. What would each one say? “My Baba”. Or, would they say, “Your Baba”? Each one would say, “My Baba”. So, why do you say, “mine”? It is because you have a right that you say this. You have love and you also have a right. Where there is love, there is also a right. You have the intoxication of having this right, do you not? You have received such a huge right. You will not receive such a huge right even in the golden age. You don’t have Godly rights in any other age. You have this attainment here. The reward is in the golden age, but the time of attaining is now. So, there is so much happiness when you attain something. Once you have attained something, it becomes *common*, but while you are attaining something, the intoxication and happiness of that time is *alokik*. So, you have so much happiness and intoxication because the One who is giving is also unlimited. So, the Bestower is unlimited and what you receive is unlimited. So, what are you a master of? The limited or the unlimited? You made all the three worlds belong to you. The incorporeal world and the subtle regions are your home. Your kingdom is going to come in the physical world. So, you have a right to all three worlds. So, who are you? Souls who have a right. Do you lack anything? What song do you sing? (I have attained that which I wanted to attain.) I have attained what I wanted, now nothing remains to be attained. So, do you sing this song? Or are you lacking something? “I want money, I want a house. I want a politician’s seat.” You want nothing because even if you have a seat of some position, there is no *guarantee* for even one birth, whereas how much *guarantee* do you have? You have a *guarantee* of 21 births. Maya hasn’t stolen your *guarantee card*, has she, just as when you lose your *passport*, everything becomes so difficult? So, Maya hasn’t taken your *guarantee card*, has she? She plays hide and seek. So what do you do then? Become so powerful that Maya does not have any courage.

### 4) Perform every action as a *trikaldarshi*.

Do all of you experience yourselves to be souls seated on your throne? What would you say: have you received your throne now or will you receive it in the future? Will everyone sit on a throne? (The heart throne is very big.) The heart throne is big, but how many will sit on the golden-aged throne at one time? Anyone can be seated on the throne, but you will be part of the *royal family* of those who have a right to the throne, will you not? You will not all be able to sit on the throne together, will you? At this time, all of you are seated on a throne and this is why there is the importance of this birth. However many and whoever wants to, can be seated on the heart throne. Is there any other throne at this time? Which one? (Akaal takth – the immortal throne). The throne of you imperishable souls is the forehead. So, you are seated on the throne of the forehead and also on the heart throne. You have *double* thrones, do you not? Do you have the intoxication of being a soul seated on the immortal throne of the forehead? A soul who is seated on the throne has sovereignty over the self and this is why such a soul is a master of the self. Having the awareness of self-sovereignty, easily gives you the experience of all attainments from the Father. So, you have the *knowledge* of all three thrones. You are *knowledge-full*, are you not? Are you also *powerful* or are you just *knowledge-full*? Are you just as *powerful* as you are *knowledge-full*, or are you more *knowledge-full* and less

*powerful*? You are cleverer in *knowledge*. You are *knowledge-full* and also *powerful* - both. So, stay constantly aware of all three thrones.

In knowledge, there is the importance of threes. You know about the three aspects of time. Or do you simply know about the present time? Whenever you perform any action, do you perform it as a trikaldarshi or do you act while only knowing one aspect of it? Who are you – knowers of one aspect of time or three aspects of time? Do you know what is going to happen tomorrow? You say: We know that whatever is going to happen tomorrow will be very good. You know this much, do you not? So, that makes you trikaldarshi, does it not? Whatever has already happened was good, what is happening is even better, and whatever is going to happen will be very good. You have the faith, do you not, that whatever will happen will be the best, nothing bad can happen? Why? You have found the best of all Fathers, you have become the best of all and, you are performing the best of all actions. So, everything is good, is it not? Or, is it a little bad and a little good? Since you know that you are elevated souls, then the thoughts, words and actions of elevated souls would be the best of all, would they not? So, stay constantly aware that, since you have found the benevolent Father, there is always benefit and more benefit. The Father is called the World Benefactor and you are *master* world benefactors. Since you are those who benefit the world, there cannot be anything that is not beneficial for you. This is why you must have the faith that every moment, every task and every thought is beneficial. The confluence age is also called the beneficial age. So, there cannot be anything where there is no attainment. So, what will you remember? Whatever is happening and whatever is going to happen will be the best of all. This awareness will constantly continue to make you move forward. Achcha. You are hoisting the Father's flag everywhere in the world. All of you are moving forward with courage and intense effort and you will continue to move forward. You can see the *future*, can you not? When anyone asks you what your future is, tell them: We know it is the best of all.

**Blessing:** May you become a carefree emperor and free from all worries by seeing the elevated line of your fortune on your forehead.

The sovereignty of being carefree is the highest sovereignty of all. If someone puts on a crown and sits on a throne but continues to worry, then is that being seated on a throne or is that worry? God, the Bestower of Fortune, has drawn the line of your elevated fortune on your foreheads and so you have become carefree emperors. So, always continue to see your elevated line of fortune on your forehead. Wah my elevated Godly fortune! Maintain this spiritual intoxication and all worries will finish.

**Slogan:** Invoking souls with the power of concentration and by doing spiritual service is real service.
